Platforms for Student Senate Vice President

Sue Zimmerman

As the candidate for vice president of Student Senate, I, Sue Zimmermann hereby submit in writing my qualifications, attitudes, and objectives for the office.

Past positions and offices have given me insight not only into the functioning of Student Senate and its committees, of which the vice-president is in charge, but also into the operation of many other campus organizations and programs and their relationship to the welfare of the student body. This experience includes:

1. Student Senate Representative for two years.
2. Polling Committee co-chairman.
3. President’s Committee.
4. Travel committee.
5. Dorns office.
6. Counselor.
7. WLPFM announcer.
8. Delta Gamma 1st Vice President and other activities, such as Lantern, LWA, Akin, Encampment.

The vice-president of Student Senate has several duties which offer great opportunity for improvement of the work and government of this body. These duties are primarily in the lines of communication and publicity, committee work, and executive functions.

1. As supervisor and coordinator of the Student Senate committees, the vice-president can use his discretion in meeting with the committee chairman to assure that they are fulfilling their responsibilities to the student body.
2. As a member of the Student Senate executive committee, the vice-president shares responsibility for consideration of goals, examination of programs and means of action, discussion of the work done by student organizations and committees, in selection of the members of several important appointed committees and boards, and for attendance at "all matters pertaining to the interest of the student body . . . and matters of mutual concern with the university administration."
3. As the coordinator of the spring meeting, the vice-president must insure that all details for parties, plays, and special events are as well planned as possible.
4. As the officer in charge of publicity of Student Senate meetings and activities, the vice-president has the opportunity and obligation to employ appropriate means of communication.
5. Finally, the vice-president has the option of representing the student body on the LWA and WLPFM boards.

In short, the vice-president has a responsibility to the student and to the school to see that his duties and the work of the senate, are carried out as smoothly and beneficially as possible. Considering the extent of the work and in light of the objectives outlined by the president, the vice-president must be active, informed, and capable of initiating action by making it my particular responsibility to be aware of those relatively minor objections concerning the Lawrence community.

I believe I fulfill these requirements by my experience as:

1) A Student Senate representative.
2) Last year’s chairman of the Steering Rule committee in Student Senate.
3) An active participant on three of the standing committees of Student Senate.
4) A freshman men’s counselor.
5) Chairman of the Lantern Fund Drive.
6) Chairman of the Homecoming Dance Decorations committee.
7) Treasurer of the Lantern Club.
8) A participant in athletics and fraternity activities.

Publicity also requires holding the Choral Union for the freshmen in the fall. This is a responsibility of communication. There is communication with the freshmen through the Choral Union and communication with those interested in working with the administration.

For example, when people are annoyed with the price of records in the jhox box in the Union, it should be brought to my attention in order that I may refer it to the Union committee and head and I would see to it that the complaint is acted upon.

The second obligation of the vice-president is to be responsible for public relations regarding the Student Senate. This involves publishing all school calendars which will make definite dates of such school activities as pledge formals, Encampment, and the planned Conference on Graduate Education.

The ensemble has recorded extensively in Europe, its recent recording of Bach's "Art of Fugue" enjoyed praise on both sides of the Atlantic.

In Saltzburg, where von Karajan studied and now lives, the three organists have scored great successes in performances of Handel's organ concerti with members of the Camerata Académica of the Mozarteum, a renowned string group in that city.

The Appleton concert is one of the major events in the United States over an eight-week period.

Zuehlke To Lecture On Magnetic Fields

"Magnet, Topsy & Teddy" is the science colloquium lecture to be given by Richard W. Zuehlke, assistant professor of physics at 4:30 p.m. Tuesday, Feb. 22 in room 314, YGI.

Zuehlke has been engaged in an extensive research program dealing with magnetic phenomena. His work concerns magnetic susceptibility measurements of electronic properties of metallic surfaces in ultra-high vacuum and the effect of abraded gases on those properties.

Tuesday’s talk will consider fundamental concepts of magnetic fields and their uses in scientific research.
What does the Chicago Tribune want from Lawrence University? YOU if you're good enough.

Are you good enough to handle up to $600,000 in advertising billings next year? As an advertising representative for the Chicago Tribune, you're actually an advertising advisor to newspapers. You start out handling one account for the Tribune. If you're really good, you may boost your volume as high as a half million dollars by the year's end.

Sure, that's lot of money. But look at the product you're selling: the Chicago Tribune. Largest full-size daily paper in the nation, it carried a total of $85,000,000 worth of advertising last year.

It may look like a fraternity "bull session," but these Tribune salesmen are looking around a new selling idea. Still in their 20's, already decision-makers.

To maintain its leadership, the Tribune needs young go-getters who are poised and self-confident, quick-thinking, imaginative, eager to earn, learn and win one promotion after another. There's a lot more to it than you can guess. And you have a magnificent organization backing you up. There's the mercurial genius of the financial as well as the advertising department. There's the "U.S. News" research and marketing experts... plus writers and artists to create ads for the space you sell.

At the Tribune, the pay, generous fringe benefits and the management opportunities quickly bring out the best in you.

Does a career in advertising sound good to you? The Chicago Tribune offers the best.

Are you good enough to make the news staff of the nation's largest full-size daily paper? To join the Tribune staff, you must be good, and have the grades to prove it. You must be a good writer and be able to demonstrate it. That is necessary, for news, quick reactions and the ability to work under pressure. Most of all, you should be dedicated to journalistic excellence and have some ideas of your own about how to achieve it.

Your very first assignment at the Chicago Tribune probably will be a writing job for one of the regular newspaper news sections. You'll learn your way around and get to know the people and the stories of the area.

Your rewards will reflect your performance. You can move on to copy-editing, makeup, feature writing. You may even make it into top management.

And the pay was never so good as it is today for bright young journalists.

If you have good scholastic record and with writing talent to match, try for the Chicago Tribune's famed news staff.

Are you good enough to win one of the Tribune's other specialized job openings for college graduates? Big city newspapers are big business today. With the large national circulation of any standard-size newspaper in the U.S., the Tribune grows space with Chicago and the Midwest.

As one of Chicago's largest businesses, the Tribune now employs more than 4,500 men and women with a multitude of skills. Constant promotions from within create new openings for such people as research analysts and marketing experts, advertising artists and support personnel, public relations men, engineers and administrative specialists.

With such a wide variety of openings, your studies in any field—accounting, art, economics, English—will help you in your career with the Chicago Tribune.

Are you good enough to win a trip to Europe? And the pay was never so good as it is today for bright young journalists.

If you have good scholastic record and with writing talent to match, try for the Chicago Tribune's famed news staff.

Are you good enough to win a trip to Europe? And the pay was never so good as it is today for bright young journalists.

If you have good scholastic record and with writing talent to match, try for the Chicago Tribune's famed news staff.

A Tribune representative will be on campus March 1, 1966. See your placement officer to arrange an interview.

"From the Old English: "Narrative Poetry—Part II" - 9:45 p.m. Tuesday.

"Three Centuries of Italian Theaters: "The Fascist Theatre" - 7:00 p.m. Thursday.
are both feasible and constructive, and, I feel, are the best candidate for this office.

The proposals I have set forth did not only arise from the student committees, I had to initiate and expand its benefits to a greater number of people. I thought that such an office would work well with such a conference and expand its benefits to a greater number of people. I thought that this sort of speaker would work well with such a conference and expand its benefits to a greater number of people. I thought that such an office would work well in the elementary and high school curriculum. Therefore, I believe that this office would work well in the elementary and high school curriculum. Therefore, I believe that such an office would work well in the elementary and high school curriculum.

The proposals I have set forth did not only arise from the student committees, I had to initiate and expand its benefits to a greater number of people. I thought that such an office would work well with such a conference and expand its benefits to a greater number of people.
Platforms for the Offices of Student Senate Treasurer

Martin Akor

1. Martin Akor, do hereby announce my candidacy for the office of Student Senate Treasurer. My decision to run for this office is based on my belief that the study of the Student Senate budget, a practical application of the knowledge I have acquired in economics, may be a valuable service to the students.

My qualifications are:

1. Experience as Student Senate treasurer.
2. Member of People-to-People. My passion for treasury is what makes me a good candidate for the position.
3. Member of last year's Tags, a group of treasurer's aides.
4. Member of Newman Club.
5. Member of Junior Beirut Club.
6. Member of last year's Tags, a group of treasurer's aides.
7. Member of Political Science club.
8. Two term course of accounting.
9. One term course of Finance.
10. Economics major.

The office of Student Senate Treasurer requires more than keeping the books. Among the duties of the treasurer is that of controlling excepting greatest revenue from students. The amount of revenue is influenced by the following factors:

1. With an expected larger enrollment, next year, the activities of the Senate will increase, and it will be necessary to acquire a higher allotment for its operation.
2. With an increase in the comprehensive fee next year, the possibility of the Senate acquiring a larger amount of funds is a certainty. This increase is a must for the Senate to operate.

Another duty just as important and no less complex is that of an organizing a legislative process, and in turn with each committee supported by funds from the Senate. In the past year, there were twenty-two committees as supported. As treasurer, I will endeavor to make sure efficiency is encouraged by providing each committee with all the necessary funds needed to run the committees. Redundant funds should be made only where they are necessary, and efforts should be made not where workable projects are undertaken.

It is also the duty of the treasurer to examine the existing system of bookkeeping, and are interested in introducing improvements. Here some creativity is required. The treasurer must present and committee which gets funds from the senate as a treasurer. One must be ready to commit the books up-to-date as soon as any economic transaction is executed.

The indispensable job of the treasurer is to avoid overspending. To prevent overspending, the treasurer must be ready to supplement a budget with any amount of funds. To keep the books up-to-date, the treasurer must be ready to give an account of the status of the financial management of the student body. The treasurer must be able to clarify each group's responsibilities, that of assigning funds to the budget. The treasurer must allocate funds to the student Senate's budget and keep the books up-to-date, and make sure the activities of the Senate are executed.

MARTIN AKOR

Marica Greenwell

1. Marica Greenwell, do hereby submit my platform for Student Senate Treasurer. My participation in student activities at Lawrence has included one and a half terms as a member of the Student Senate. I have started a construction program to collect the funds for this year, and it is up to his successor to continue and expand the program.

I believe that the Student Senate Treasurer can be a vital important member of the student government. Not only can he perform the functions of the office, but also in his general operations, I pledge that, as treasurer, I would do my utmost to use these powers to make all organizations under my jurisdiction as effective as possible.

MUFFY GREENWELL

John Hein

1. John Hein, do hereby submit my platform for this office of Student Senate Treasurer. My participation in student activities at Lawrence has included one and a half terms as a member of the Student Senate. Let us then briefly look at each of these organizations.

The treasurer must allocate funds to the student Senate's budget and keep the books up-to-date, and make sure the activities of the Senate are executed.

With this year's budget at around $23,000, and a projected revenue of about $25,000, I base my candidacy upon a capable and efficient budget for the next school year. During my tenure, I will be working on the new framework initiated by the present treasurer and will be working on increasing the efficiency of the budget for the next school year. I am free to make all organizations under my jurisdiction as effective as possible.

MARTIN AKOR

Mark Wilterding

1. Mark Wilterding, do hereby submit my platform for the office of treasurer of Student Senate during the academic year 1966-1967. I base my candidacy upon a sincere desire to represent the interests of the student body, to plan an economically accountable budget, and work fluidly with the officers and committees of Student Senate. I shall fulfill duties of the position during the realization of the following platform:

To create a system by which there will be direct and frequent contact between the treasurer and the students. To adopt a uniform bookkeeping system for the treasurer of the different committees.

C. To take active supervision of all monetary decisions and procedures which confront the Senate and the various committees.

D. To continue to evaluate each Student Senate committees budget request in order to provide funds.
Byrds, Solberg Will Give Performances In Chapel

On Monday, March 7, the Byrds will come to the Lawrence Memorial chapel. Featured along with the Byrds will be folk singer Dave Solberg in two shows, the first at 7:30 and the second at 9:30. Each will feature 45 minutes by Solberg.

Tickets for both shows are $2.50, $2.25, and $2.00 and are now available at the university's ten offices.

The Byrds, a folk-rock group, are the first major rock group to come to Lawrence. They got their start in Los Angeles in the summer of 1964, but didn't attain national prominence until the release of their recording of Bob Dylan's "Mr. Tambourine Man" in the spring of the following year.

They followed that hit up with "Turn, Turn, Turn," a song with lyrics drawn from the book of Ecclesiastes from the Bible. Their current hit is "It Won't Be Wrong," a record now working its way up the charts.

The five members of the group are Jim McGuinn, David Crosby, Chris Hillman, Mike Clarke, andGene Clark.

McGuinn, the leader of the group, is lead guitarist and had worked with Bobby Darin and the Chad Mitchell Trio before the formation of the Byrds.

Cowboy plays the rhythm guitar but played folk music clubs as a solo singer-guitarist before becoming a Byrd.

The drummer for the group is Clark is an ex-New Christy Minstrel. Hillman, the bass guitarist, is, at a glance, unassuming while Charley plays harmonica and tambourine in addition to being lead vocalist for the group.

Besides being one of the major rock groups in the United States, the Byrds have achieved remarkable popularity outside this country.

"Mr. Tambourine Man" was in the Australian-Canadian top five and was number one in Great Britain until pushed out of the top spot by the release of "Help" by the Beatles.

The masters of ceremonies for the concerts will be the disc jockeys of the WLFM-AM broadcast staff.

MARK A. WILPERTING

Book Collection Now on Display

Seventy-five volumes of the 250 "Fictionalization copies" once owned by eminent persons, and "presentation copies" carrying inscriptions by the author.

In conclusion, I will strive to develop the Lawrence campus in 1953 to Lawrence when the merger that the treasurer may work better to the interests of the student body.

MARK A. WILPERTING

Byrds, Solberg Will Give Performances In Chapel

PUBLIC HEALTH NOTICE

Turn in your Encampment passes up to midnight Sunday, or C. J. Eckert will beat you into a bloody pulp.
Letters to the Editor must be typed double-spaced, kept as short as possible, and submitted to the Lawrencean office no later than 7 p.m. Wednesday evenings. All letters thus submitted and with those already on file will receive publication. The Lawrencean reserves the right to make stylistic changes and to excerpt in order to facilitate printing. All letters must be signed but names may be withheld from publication for sufficient cause.

To the Editor:

It has come to my attention that Martin Akor is a candidate for treasurer of Student Senate. Having been acquainted with Martin for several years both in and out of our economics class, I have decided to recommend to my fellow students that he would be a most qualified and effective treasurer.

We need someone who has both a technical knowledge of accounting and economics necessary to handle the job, yet who has also been active in student affairs and has made promising suggestions for the improvement of Lawrence.

DAVID C. ELLIOTT

VOTE

The Student Senate elections for the offices of vice-president and treasurer will be held this Monday, Feb. 21. The polls will be open from 8-12 a.m. in Main hall, Science hall and the Conservatory and from 12-4:30 p.m. in the Union.

Swimmers Defeat Grinnell, Lose To Cornell, Oshkosh

THE LAWRENCE swimming team saw action twice last weekend, Friday against Grinnell and Sunday against Cornell. The Vikes beat Grinnell by a score of 58-37. Lawrence also got a glimpse of some of the swimmers that they have to beat in the Midwest Conference meet, since Cornell and Grinnell have some of the strongest swimmers in the conference.

AGAINST Grinnell on Friday, the Vikes took 5 of 11 events to win. They were the 40 yard medley relay team of John Saunders, Ken Melnick, Fred Nordren, and Dave Zitek; the 300 yard individual medley and 100 and 500 yard freestyle by Peter House; the diving by Larry Wilson; and the 200 yard breaststroke by Ken Melnick. House’s time of 1:54.4 seconds in the 200 yard freestyle set a new pool and varsity record. Grinnell’s Adamson swam the 100 backstoke in a time of 1:41.4 for a new Lawrence pool record.

Against Cornell, the Vikes were able to capture five first places. Lawrence winners were Pete House in the 100, 200, and 500 yard freestyle. His time of 56.32 sec. stopped his 21 year old varsity and pool record in the 100 yard freestyle, and his time of 1:28.6 set a new Lawrence varsity record in the 200 yard freestyle. HOUSE also beat the defending Midwest Conference champions in the 100 yard freestyle. Other Viking firsts were cached by Larry Wilson in diving to remain undefeated in his event and also Ken Melnick in the 100 yard breaststroke.

Cornell’s time of 4:03.5 in the medley relay set a new pool record, and 4:30.5 in the medley relay also set a new pool record with a time of 2:52.5 sec.

Hockey Team Plays Twice; Defeats Carls, Loses to Oles

THE LAWRENCE hockey team split its pair of games last weekend at Northfield, Minn. On Friday the Vikes scored a hard-fought 4-2 win over a fast-skating Carleton team. On Saturday, Lawrence looked a little weary as St. Olaf’s big skaters downed them 7-2.

Lawrence jumped out to a quick two goal lead in the first period of the Carleton game when captains Dave Gray scored with only 0:30 left with an assist by Jeff Riley. Then at 8:40 Carlson scored his second of the game on a penalty shot on a Carleton goalie. Pete Nash, Mark McNeil, and Steve Blair were all sit­ting out penalties. The Lawrence defensemen Jeff Bartol, Lee Sternal, and Loomis were sent off the ice for three minutes. At 10:01 Porter passed to Newman, who popped a backhand shot on the Carleton goalie. Pete Nash was right there to poke in the rebound.

At 11:20 Porter passed to Newman, who popped a backhand shot on the Carleton goalie. Pete Nash was right there to poke in the rebound.

THE VIKES then gained the momentum to stand off the Carleton power play for the rest of the game while Nash, Riley, Porter, Blair, and Whiton were all sitting on the bench with Bartol, Sternal, and Loomis sent off the ice for three minutes. At 11:20 Porter passed to Newman, who popped a backhand shot on the Carleton goalie. Pete Nash was right there to poke in the rebound.

At 12:26 Bartol took a feed from Bartol and hit the empty net for a goal of his own to give the Vikes a 4-2 lead into the third period. Bartol, Sternal, and Loomis were sent off the ice for three minutes. At 12:26 Bartol took a feed from Bartol and hit the empty net for a goal of his own to give the Vikes a 4-2 lead into the third period.

As they take on arch-rival Ripon this weekend, the Vikes in the game against Beloit as he hit for 24 points, most of them coming in the second half. The Vikes in the game against Beloit as he hit for 24 points, most of them coming in the second half.

The Vikes will try to continue their winning ways this weekend as they take on arch-rival Ripon. On Wednesday in the conference game. Ripon is 7-4 in conference play but barely beat the Vikes in their varsity game. The varsity game at 5:45 will precede the varsity contest.

Matmen Take Four Meets For Undefeated Record

THE VIKE WRESTLERS rolled to their ninth, tenth, eleventh and twelfth victories of the season as they defeated Ripon 55-11, Thursday, Feb. 5; the Milwaukee Institute of Technology, 28-3, on Thursday, Feb. 12; and Beloit next Friday, this year's wrestling team has a good chance to become the first Lawrence wrestling team to finish the season undefeated.

The Viking matmen swept an easy victory over the Redmen, 55-11.

This highlights of the Ripon meet was the battle between Lawrence captain and heavyweight, Dick Todd. The match was hard fought, down to the very end. Blumgoren getting a take down in the last seconds to win by a single point, 8-7. Another excellent performance by Jerry Nighthall (136) brought his season record to 9-1.

**Pitt Head Basketball Race; Delts Take Bowling Lead**

THE INTERFRATERNITY basketball race seems pretty well decided now, with only two games remaining on the schedule. The Phi Delta first place and Betas second place teams were top scorers in the basketball race, with 13 and 12 points, respectively. The second place Fijis took two of three from the Betas and the Phi Delts with 13 and Scales topped 13.

JAY SLOBOY, in his first match of the year was able to manage a 5-5 tie from his 187 lb. opponent. The following night, Rich Agness (177) and Bill Mittlefehldt (181) undefeated and scored in their respective weights, as the pair received two of the five Ripon forfeits.

Other forfeits went to Steve Fischer (159), Harvey Takemoto (161) and John Bemsten (heavyweight).

Winners in last Thursday's meet were Harvey Takemoto (130), Jerry Nightingale (137), Jerry Cliffe (144), Earl Tryson (132), Roger Quindel (181), Jay Slobey (187), Rich Agness (177) and Jeff Brosenbeck (heavyweight).

In SATURDAY'S action, which left the Vikings with an 8-6 conference mark, the star was captain Al Blumgoren, who led Bill Taylor 11-1 in their 185-pound heat. This was the best shooting of his career for the undefeated Blumgoren who had the last twist to Taylor in pre-view years.

Agness ran his season record to 15-6 as he notched a pin and a decision in his two matches. Jeff Russell added two important victories in his 115-pound class as did Nightingale and Cliffe at 127 and 147, respectively.

Takemoto gained a tie for first place and a forfeit victory against Ron. Steve Fischer (120) also had a forfeit against Monmouth.

This Saturday the Vike grapplers travel to Wisconsin to meet Carroll in a dual meet at 3 p.m. Although Carroll has several individual standouts, the Vikings have a shot of yet another top freshman skier, Glen Blohner, who injured his knee in a wrestling meet. Individual times were:

- Neil Kleinhans 9.8
- Bob McDonald 9.9
- Todl Nishizaki 9.8
- Steve Rarrak .... 10.7
- John Whipple .... (fog)
- Bob Nicholson ....
- Sarah Hautik .... 10.1
- IF it is interesting to note that if Kleinhans and McDonald could have been racing in class "B" instead of class "C" which is far tougher, with no previous points they would have won higher places. "B" is usually the much harder class, but due to all the racers who have just moved up from the Junior Nationals but have not yet acquired any points, "C" was the more appealing class.

The women were not divided into classes, and Sarah Hautik's second place was won against "C", "B", and "A" class skiers. Inspired by this initial success and the amount of freshman potential, plans are already being made to compete with several Wisconsin State colleges and the powerful St. Olaf and Carleton teams.

**Skting Team Places Fourth In Intercollegiate Meeting**

UNDER the leadership of Pete Kline the Lawrence Viking ski team has gone from rumor to reality. On Sunday, Feb. 6, the racers competed at an intercollegiate ski meet at Brule Mts., Mich., which was attended by regular varsity ski teams from the University of Wisconsin and Michigan Tech., the Vangogh Ski club of Milwaukee and the Chicago Ski club.

MANY OF these racers had previously been in the Junior Nationals and had lost twice to Taylor in pre-view years.

One of the most impressive performances was that of Jerry Nightingale who lost only once to a junior in his 167 lb. weight class. This was the best shooting of his career for the undefeated Blumgoren who had the last twist to Taylor in pre-view years.

Agness ran his season record to 15-6 as he notched a pin and a decision in his two matches. Jeff Russell added two important victories in his 115-pound class as did Nightingale and Cliffe at 127 and 147, respectively.

Takemoto gained a tie for first place and a forfeit victory against Ron. Steve Fischer (120) also had a forfeit against Monmouth.
