Paul R. Anderson, dean of Lawrence College from 1934 to 1943, will become the new president of Temple University in Philadelphia, Pa., next month. Anderson, who came to Lawrence as an associate professor of philosophy in 1940, was nominated by the presidential search committee last week, and he will be formally elected by the board of trustees of Temple University on June 16.

One year after his arrival at Lawrence, Anderson was made both full professor and dean of the college. He held those dual positions until 1949 when he left to become the president of Chatham College in Pittsburgh, Pennsylvania.

Philosophy Professor

He served as Chatham's president for 15 years, until joining Temple University in 1963 as vice president for academic affairs and professor of philosophy. He currently holds the positions he currently holds.

Anderson is a native of Akron, Ohio, and received his B.A. degree in 1938 from Ohio Wesleyan University and his Doctor of Philosophy degree in 1943 from Columbia University. He did postgraduate work at the Union Theological Seminary and the New School for Social Research from 1940 to 1941. He began his teaching career in 1938 at the American University of Beirut, Syria.

He received his doctorate from Columbia, he joined the faculty of MacMurray College for a year.

Taught at Oberlin

Taught at Lake Erie College from 1934 to 1949, with the year 1938-39 on leave at Oberlin.

A past president of both the Pennsylvania Association of Colleges and Universities, and the Pennsylvania Foundation of Independent Colleges, Inc.

Former Dean of Lawrence College

To Be Temple University President

Paul R. Anderson, war-time dean of Lawrence College, was recently appointed the fourth president of Temple University in Philadelphia. Anderson, a philosophy professor while at Lawrence, had been president of Pittsburgh's Chatham College and most recently vice president for academic affairs at Temple.

**Budget Additions To Come Monday**

**Holding Two Grueling Sessions, Senate Reviews Budget Requests**

In two long and exhausting meetings this week, Student Senate unanimously defeated its proposed budget for next year.

Monday night's meeting adjourned around midnight, with a provision that another meeting be held sometime during the week. The second meeting, which lasted approximately two and one-half hours, was held on Wednesday night.

**Budget Cuts**

The Senate proposed and approved a number of budget cuts. The amounts derived from these cuts are tentatively added to the general fund, to be reallocated as Senate desires.

The subject of reallocation will be one of the prime considerations at the Senate's next meeting.

Two of the larger allocations in which cuts were proposed are those assigned to Speakers Forum and The Lawrentian.

Acting behind a motion by Dusty Rhoads, Senate voted to reduce Speakers Forum from a budget of $500 to one of $300.

Rhoads explained that while he felt Speakers Forum was worthy of the $500, he believed it was within the spirit of the budget to request the cut.

After considerable debate, and the failure of two motions which contained even larger reductions, the Senate approved the $300 cut.

At Wednesday's meeting, a group of Senators led by Jody Smith, attacked the proposed budget for The Lawrentian.

Smith submitted that the paper could not increase its advertising rates and the amount of space available without making extensive changes in the budget.

Reduce Burden

By doing so, Smith felt The Lawrentian could considerably reduce the financial burden it places on the student body.

In reply to Smith, Mark Catron, business manager of The Lawrentian, maintained that the newspaper would have considerable difficulty in convincing local merchants to accept the rate increases.

Furthermore, Catron felt an increased number of advertisements would sacrifice the quality of the newspaper.

After lengthy debate, the Senate voted to send the entire issue to the Budget Committee for study.

The committee will make its report at next Monday's meeting.

At the request of Chambers, the Senate delayed consideration of the budget for The Ariel and "Tropos" pending the request for a control meeting, and detailed breakdowns of both budgets.

**Position Elsewhere**

Also, Chambers announced that Jerry Schwartz, the first student in residence, has accepted a position elsewhere, thus making his allotment in the budget unnecessary.

These organizations which did not receive budget relief included: "Ida" whose entire budget of $300 was cut; "Lia," which lost $20 to be used for Mother's Day, and RFI for a senior packet.

Pop Committee lost $40 planned to sponsor a tea for alumni and friends. Speakers Forum lost $40.

These cuts may be ephemeral, pending the additions made at next Monday's meeting.

**Blotted Fund**

Senate treasurer Steve Fenz reported that the blotted general fund which began with $500 stands, with additions, at $455.

The Senate had agreed earlier to hold off letting the general fund slide below the $500 level. This means that Senate does have $500 to reallocate if it wishes to distribute the entire surplus.

**Bourgeois Pig Stops Printing**

The Bourgeois Pig, a campus weekly newspaper edited and published by Zay Smith, has suspended operations.

In a recent telephone interview with the freshmen editor-publisher, The Lawrentian has learned that the Bourgeois Pig has folded temporarily because it was unable to carry enough advertising to meet its offset printing costs.

Smith attributed his inability to raise advertising revenue to the special publication and unique nature of the newsletter.

"Being an unclassified campus newspaper with a name like the Bourgeois Pig, lacking backing," were prime reasons for the wariness of prospective advertisers, thus suggested.

He further stated that "It is the Bourgeois Pig's feeling that the paper should be self-sustaining."

Smith disclosed that in three instances he has lost approximately $136.

dollar.

---

**Honor's Dorm Men May Be In Brokaw**

Kenneth R. Vonderheide, dean of men, informed prospective men's residence hall on Friday that they may be living on fourth floor Brokaw next year.

Because the freshmen men's quota has not yet been filled, the budget may not allow for the upkeep of both East House and a partially empty freshman dorm.

Whether or not East House men in Brokaw will depend on the number of late acceptances.

---

**Final Examination Schedule Term III**

Monday, June 5-

8:00 a.m. Classes meeting at 9:00 M F

1:30 p.m. Classes meeting at 1:30 M F

6:00 p.m. Classes meeting at 8:00 M F

Tuesday, June 6-

8:00 a.m. Classes meeting at 1:30 M F

1:30 p.m. Classes meeting at 6:00 M F

Wednesday, June 7-

8:30 a.m. Classes meeting at 8:00 T T

7:00 a.m. Classes meeting at 8:00 W W

4:00 p.m. Classes meeting at 9:00 W W

11:00 a.m. Classes meeting at 10:30 T T

Thursday, June 8-

8:30 a.m. Classes meeting at 8:00 T T

9:00 a.m. Classes meeting at 9:00 T T

11:00 a.m. Classes meeting at 10:30 T T

Students in those courses who have conflicts with the examination schedule for 8:30 a.m. are requested to take the special examination arranged for the afternoon, or to consult personally other students who wish to take the special examination may do so with permission of the instructor.
Lawrence Places Second; Carleton Cops Tennis Title

By STEVE ROBKE

The Midwest Conference tennis meet, held at Lawrence last week-end, finished predictably as Carleton again won all matches to cap their season. The Carleton men were the ultimate victors by 14 points to 9, defeating St. Olaf and Beloit.

Carleton Machine

The Vikey netters, directed by Coach Bill Roberts, proved to be the strongest opposition to the Carleton machine, as three of the first singles players were runners-up. Pat Kenney finished second to Kit Young, the last year's conference champion. The Lawrence second man, Dave Holzworth, severely limited Kenney's attack and easily won that event. John Biolo also finished fourth in the discus, followed by Ken Porter and Ron Messman. In the broad jump, triple jump, and high jump, a third in the triple jump, a first in the broad jump, and a second in the high jump, Carleton scored 20 points in the cluster of events, while Lawrence managed only two.

Carleton's overall depth, especially in the distances, was the deciding factor in the final standings. Where Lawrence got their points in the cluster of events, Carleton scored evenly and well in most events throughout the season. In the wide open meet, Lawrence scored 156 points, Carleton scored 153, and St. Olaf was far behind with 27 points. The rest of the schools scored as follows: Cornell 19, Grinnell 15, Ripon 15, Oshkosh 9, Knox 6, and Beloit 2.

The Vikings led most of the way, until Carleton finished 1-2 in the last three events to meet out of reach. This did not stop the Lawrence men's team of Dick Schultz, Rick Miller, Chuck Waterman, and Dave Holzworth, from finishing first and setting a new school and WIAA field record of 3:23.8 in the last event of the day.

Chuck McKenzie captured the individual point championship with 10 points on three firsts, in the long jump, triple jump, and high jump, and a second in the high hurdles. Paul Henningsen added to his other multiple winner was Carleton's Mike Steinberg with firsts in the 50 yard and 50 meter.

In the last event of the conference meet, held at Lawrence last week-end, the meet was a comprehensive victory for Carleton. The team, with consistent but unpretentious play, jockeyed in from the fourth position after the first day. Coach Bernie Heseloh, hoping for fifth and expecting a place in the top two, played excellent golf the last day.

Larry Newman, a senior political science major, led the Lawrence golf team to a surprising third-place finish in the conference meet at Ripon. Refusing to buckle under pressure, he finished the last nine holes in this 85-hole tournament with a 1-under par 35 for the close. The team, with consistent but unpretentious play, jockeyed in from the fourth position after the first day. Coach Bernie Heseloh, hoping for fifth and expecting a place in the top two, played excellent golf the last day. VIEW FROM THE BENCH
By BILL GODFREY and DAVE FRASCH

With the completion of the most successful baseball season in Lawrence history and the second and third place finishes by the track and golf teams respectively in last week's conference meets, the spring sports have run the gamut. The fine records posted by these teams earned praise for both the athletes and coaches. However, we would like to take this opportunity to gaze into the crystal ball and see what Coach Roberts has in store for Lawrentians next fall.

Although most of us can hardly wait to take our leave of Lawrence and Appleton, Coach Roberts and hopefully his team, can hardly wait until next fall when they will defend their conference crown. Next season has all the earmarks of another conference championship and very possibly an undefeated year.

Accomplishing a conference championship will not be an easy task for any team next year. The league will be more evenly balanced, and each of about five other teams could thwart the Viking's bid. The immediate rivals will once more be St. Olaf and Ripon, who had strong teams this year and cannot be discounted. In addition to these ballclubs, Beloit, Carleton, and Cornell will enter the race with much improved teams.

The Viking's strength revolves around an upperclass nucleus which includes four first-term all-conference players. The team will also be helped by this year's freshman talent.

Next year the team will have some weaknesses though. The most apparent one seems to be the interior line, which will lose several of its members to graduation. Another problem which Coach Roberts anticipates is how to give his underclassmen the necessary experience to carry on where next year's seniors will leave off. The solution which he is now kicking around is a platoon system, which includes many of this year's able but untried sophomores.

These weaknesses will hopefully be overcome by the running and passing of Chuck McKee, the blocking and running of Steve Figi and Dick Witte, and the fine defensive play of Bill Middlefelt and Bob McKee in the line. With consistency and better defense, the team will be a more even-balanced, and each of about five other teams could challenge the Viking's bid next fall.

LITTLE MAN ON CAMPUS

A few weeks ago all men on the Lawrence campus received a memorandum which they were asked to complete and sign if they wanted to have Form 109, either with or without a standard class statement, sent to their draft boards at the end of the present academic year. Selective service numbers and local board addresses were to be given as well. The signed memos were selected because it is a university policy to submit rank-in-class, enrollment, and withdrawal statements to local boards only at the request of the student concerned.

The Registrar has just received the following letter from Lt. Colonel Warren R. Bredahl (USAF), Administrative Officer, Selective Service System, Wisconsin State Headquarters, Selective Service System, Madison:

"Local Boards will review student files with knowledge of the skills of most students, except by recording.

"After the obvious biases of the records should be filed for students and teachers at Encampment. As a result those who did attend get a false picture of the general atmosphere in both student dorms and faculty lounges.

"The reason for the micro conscience would be lack of interest by certain sectors of the faculty and student body. It is certainly partly the result of the present system.

"Encampment, to be successful, must maintain a microconscience Lawrence, not a factional cause. Here then are some very general complaints of the day by day, trying to draw crowds mostly from the town as well. There are too obvious comments on this..."

"Lawrence concerts should be based on filling the available sources and resources of Lawrence, not Appleton. I, personally would rather see us spend a little less, and more so on the students. The blame resides with us not because of what we've tried, but because we haven't tried. To make this point more clear, I have no way of understanding this situation, as well as the minority opinion. Granted the theme this year has been an investigation of the extreme minority. We must never, but it must be treated as a very serious minority issue.

"Talent, Not Names"

"This brings me to my next point. The Student Senate has thrown away thousands of dollars this year by trying to draw crowds mostly from the town, and it is obvious that many people, including the Senate, have no idea of what Lawrence is all about. Lawrence concerts should be based on filling the available resources and sources of Lawrence, not Appleton. I, personally would rather see us spend a little less, and more so on the students. The blame resides with us not because of what we've tried, but because we haven't tried. To make this point more clear, I have no way of understanding this situation, as well as the minority opinion. Granted the theme this year has been an investigation of the extreme minority. We must never, but it must be treated as a very serious minority issue.

"Talent, Not Names"

Secondly I seriously question the current method of selecting a group. It is unfair to let the student pull to have a determinant point. We have no knowledge of the skills of most students, except by recording.

"After the obvious biases of the records should be filed for students and teachers at Encampment. As a result those who did attend get a false picture of the general atmosphere in both student dorms and faculty lounges.
