Lawrence administration redefined

by Sylvia Long

The career center has been created following a recommendation of last year's Long Range Planning Task Force. Harry Kinker holds the position, partly, since other applicants would also be considered. Under his auspices are the two Associate Deans of Residential Life and Student Activities, the Director of Career Center, Tommi Johnson, who replaces Kinker in that post, and the Head of the Counseling Services, Ed Olsen.

Bruce Colwell has been selected as the first Associate Dean for Residential Life, and the position of Associate Dean for Student Activities has not yet been filled.

Charles Lauter has become the Dean of Academic Affairs and will be working with the new Vice-President of Academic Affairs, Richard Warch, Lauter in this position becomes the only member of the staff whose position is incomplete in course work of permit an add-drop schedule change past the third week.

Up until this fall Lawrence has had three Deans: Dean of Students Charles Lauter, Dean of Men Steve Hirby, and Dean of Women Barbara Pillinger. These three Deans have required the general responsibility for the supervision of academic affairs, extra curricular activities and counseling services.

In 1975 a group of Lawrence students completed a study on the investigation of the efficiency of the Deans Office. The investigation found that the Dean's office was overloaded with unnecessary activities and overworked.

In 1977 Dean Lauter, Pillinger and Kinker worked together in proposing a plan to reorganize the Deans Office. Hirby explained that it was generally agreed that the positions of Deans of Students, Dean of Men and Dean of Women were to be eliminated and a new way of organizing the area of student affairs was to be worked out.

The Long Range Planning Task Force was established to investigate possible improvements in the career center and its strengths and reputation. "I have the feeling that while there is a seemingly split between the academic and non-academic in the administration, they should not be separated in a student environment," said Ms. Johnson.

Ms. Johnson worked with Assertive Training Groups at the University of Wisconsin at Green Bay. The group's purpose is to train a student to conduct himself properly during a job interview.

The career center provides information on the world of work. Future plans for the center are to help the student in future career planning, which can be beneficial four years later. Because this process is time consuming, a senior may not "take enough stock in his real interests and strengths," she said.

Richard Warch, the new vice president of academic affairs, comes to Lawrence with the hope of helping the University realize its strengths and reputation. "I come of a place," he remarked in an interview last Monday, "where Lawrence is a name to be reckoned with."

"Last spring, I got the impres- sion," he noted, "that a lot of people were complaining and a lot of people were complaining. He says, 'I think we can all assume that this fall is a fresh beginning.'

Warch recommends that the complex financial problems of the University can still be helped to solve problems within that field.

The crisis is past

In the spring of last year, a so-called group had been officially charged with perpetuating the institution the Lawrentian while I was gone and this place must have been going through an institutional depression. Although some Lawrentians may be put off by and call such accounts of this work, despite their lack of consistency, sabotage the very values they led to nothing more than the administrative ear. In most cases we noticed that last week's argument to improve the Chaney's comments about the Lawrence community council to gain an awareness contributed a good number to the faculty, welcomed the freshmen to the system. The headline "Against, racism and sexism!!" was published in the "Last year by fellow students to gain an awareness contributed a good number to the faculty, welcomed the freshmen to the system. An answer, (which isn't to say you can't crouch low and planned ahead) for this too discredits the liberal arts ideal, (one which is unmistakably great). This is not to recommend sitting down with the system "in order to raise these questions is not to be pursued, indeed something to be an activist. Admissions

The Admissions Office hopes to implement a new approach to admissions and an increase in staff.

A new admission officer, Kossouth Snyder, Jacqueline King, and Eric Dancy, associate deans of admissions.

Snyder's role is to coordinate minority recruitment efforts at Lawrence, while Dancy, will be particularly responsible for minority recruitment in Chicago. Both have had experience in minority cultural activities since Snyder was the director of the Greenland Brooks Cultural Center at Western Illinois University and Dancy began the Black Theater Company last year at Lawrence.

Snyder will also direct the transfer student service, faculty speakers bureau and serve as liaison with the students assistant program.

Dancy will be on the road for two full months this fall while he recuits on the East Coast. "I'll be looking for strong students," noted Dancy, "ones who can succeed academically and emotionally, be they black, off-white, Puerto Rican or white."" Dancy uses personal methods of phone calls and home visits. So far he has paid off - Daniel Buve, director of Admissions and Financial Aid, noted that "already we have more increased interest than we had all last year."

The presence of Snyder and Dancy on the Admissions staff represents an increase within admissions to the problems of diversity and desire to increase minority enrollment, but is necessary for a multicultural campus. "Getting economically important to Lawrence, explained Buve. Lawrence can establish a "platform" to Lawrence, when the percentage of minority students among college age, its enrollment, will still be high.

Buve sees the goals of the new office in terms of personalization and personalization. Visits to the campus are receiving more attention and prospective students will be introduced to professors and housed with special arrangements to be in the "hard sell" of administration. Such what Lawrence has to offer but avoid any area through special attention to prospective on campus interviews. Lawrence is an increased interest in Lawrence by prospective.

He is still responsible for supervising the admissions, obtaining grants from Federal and State governments, and coordinating the LU grant budget.

New Assistant Director of Admission Joy Deiley will handle financial aid analysis and counseling, distribution of packages, and the daily operation of the Financial Aid Office. Buve states that an increased awareness of financial aid issues within Admissions will result in improvements in aid packages.

The admissions office hopes to increase freshmen enrollment from the current 325 to 370 by next year. He stresses, however, that a steadily increasing enrollment is a two to four year project, although immediate results in terms of the 370 figure are planned for this year.

All examples are Maralaster students are new admissions totaling seven students of a reduced staff of two years ago saw an increase during this year, when it jumped by 100.

Buve predicts that Lawrence will continue to increase black students through the efforts of Snyder and Buve, as well as with the return of Coach Roberts, and an additional 10 students through the combined efforts of the new admissions officers.

Jacqueline King, Associate Dean of Admissions is a former admissions officer at the SUNY upper division college at Utica College, and is the Lawrence-Alumni program and budget the summer school program for High School seniors.

Martha Jo Olson and Carolyn Weygant, a former student in the freshman class of the College, are busy in the Lawrence-Alumni program and budget the summer school program for High School seniors.

Weygant, a former student in the Conservatory and a member of the Deans advisory council, a tutor in the CML, and an admissions tour guide, will travel through Illinois, Wisconsin, Minnesota and central and Western Wisconsin.

Fourth Lawrence graduate, Adam Cooper, has been appointed student research assistant to Mr. Halvorson, working in support of the administration and public relations department.

She is to study and evaluate all admission efforts at Lawrence with the use of empirical data.

The fact that the students are assimilated and applied a year from now.

For those of you new to Larry, the LUCC is the commonly accepted and widely debated abbreviation for the Lawrence University Committee Council, otherwise recognized as a source of academic or political issues. President Smith left fall, and a nergo of many issues throughout the year. The LUCC is the student-faculty- administrative government, empowered to legislate on all non-curricular matters.

It would be common practice for me, as president of this organization, to speak of the utility of trying to accomplish anything through the LUCC. Perhaps in past years this suppositions may have been true. However, it appears to me that Lawrence has taken a turn for the better in the forms of new recruiting personnel and, most importantly, a revamped administration. There now exists the potential for us to develop Lawrence into a real live university, complete with social and cultural programs, in addition to the high academic status that has already enjoyed and in the biblical sense. We now have Mr. Merry (Go-Getum) Kisker as Acting Vice-President for Student Life under President Tom (Terry) Smith. Mr. Kisker will work with Bruce Calwell, Associate Dean for Residential Life, Tomi Johnson, Career Center Director, and the Associate Dean for Student Activities, as yet-to-be-appointed. As well as Dr. E.H. the Humanities Olson, who leads the Counseling Services.

Saturday

Morning run by the river. I got lost.

Endure.

Brothers talk. A love binds them.

Catch up on past secrets. He was gone a long time. Now I see him, talk with him, laugh with him.

Strange.

I studied tonight and then we went out and talked, talked, and talked.

We walk alone. Black sky carries us. Cold blows, sinks into us. Sleeves blasts while the romantic last holds me to you.

Where do we go from here?

I sit on the toilet writing poetry. My roommate is asleep.

Good night.

Keep your bicycle safe!

As an increasing number of bicycles seem to be crowding the bike racks and basements around campus, all Lawrence students who have bicycles here should be aware of the regulations regarding their vehicles.

Most dorms and small houses are equipped with outside racks where students may leave their bicycles. With the exception of Kohler Hall, all dorms offer indoor storage. Students may keep their bikes in a locked room in Trever, Plants, and Ormsby.

Bicycle owners should also be aware that registration of all bicycles with the Appleton police is required by law (section 19.08, chapter 10 of the Municipal Code). All owners are encouraged to do so for their own benefit. A stolen bicycle has little chance of being retrieved if there is no record of registration.

Students may apply for a bicycle license at the local police stations, 222 S. Walnut or at No. 1 Fire station in the 200 block of North Drew St.

Appleton police have strongly urged bicycle operators to strictly observe all rules of bicycle safety both on and off campus. A pamphlet containing local regulations concerning the registration and operation of bicycles is available at the police station.

Register for the vote

If you want to vote in the upcoming election, you should register by October 10 or at either the Appleton City Library or at the city Clerk’s office on 225 N. Oconto, during regular office hours. Be sure to take in Lawrence U. If you do not have time to register in person, you can register by mail. Registration post cards can be obtained at the Dean’s Office, and must be postmarked no later than October 10.

Registration will also be made available at the polls on election day, November 2. However, Mr. Eldon Broehm, the Appleton city clerk, urges students not to wait until voting day to register because of the confusion and the crowds at the polling places.

Every Lawrence student that meets the following requirements is eligible to vote. The student must be a U.S. citizen, must be at least 18 years of age on election day, and must have lived in the ward or election district for ten days before the date of election.

All students living east of Drew St. in Ward 2 and will vote at the First English Lutheran Church at 324 East North St. Only students living in Brokaw Hall, which is west of Drew Street, are in Ward 1, and will vote at Columbus School at 83 North Oconto St.

If you want to vote in your own home town election, an absentee ballot must be applied for at the polls on election day. The absentee ballot must be used for filled out, and returned no later than 24 hours before election day.

For more information, on voter registration, call the Appleton city clerk at 733-7239.

SOOP Corners
The SOOP is here again this year to serve the Lawrence Community with a wide variety of activities: ski trips, canoeing trips, biking, hiking, bike clinics, vehicles to rent, renting equipment, plant sales, and more. Our specific programs vary from year to year, depending on demand and input from the Community.

Activities are selected from applications written during term II. We have several temporary vacancies we would like to fill for term I as soon as possible. The openings include:

- Volunteering Coordinator: this person shall be responsible for planning and researching various activities (bike trips, canoe trips, ski vacations, etc.). This person shall work closely with the Outing Manager in maintaining the renting equipment area.

- Volunteer Coordinator: will be responsible for recruiting on-campus volunteers who will be working the various programs as well as off-campus programs. This person will act as liaison between the Campus Recreation Office and the volunteer organizations who may be in need of a few "extra hands." Position is for one year. This position is needed only once and will be no need for written recommendations. Applications for these positions will be available at the SOOP office and at the Lawrence Memorial Union Office to be held in the Cultural Center at 4:30 p.m., Sat., Sept. 24, 1977. Questions? Contact D. Ross at ext. 389.

LUU Elections
There will be LUU elections within the next two weeks for student representatives and a proven Vice President. For information contact Julie Dyer, ext. 382.

Opera Anyone?
Pavoratti, Pavarotti, Sills, Domingo, Price, Milnes. If you were able to recognize even one of the above then you are one of the few who we're looking for. There will be a meeting for all those interested in attending opera performances by some of the world's greatest opera singers. The Chicago Lyric Opera Co. season begins this evening and students are invited to attend future performances at special rates. The LU Opera Society invites you to an important meeting that will provide more information about these performances and other activities scheduled for the 1977-78 school year. You don't have to be a great lover of the opera to attend. Come and discover the reasons for the ever growing popularity of OPERA. The meeting is to be held in the co-tenants' Memorial Union on Monday, Sept. 28, 1977 at 7:00 p.m.

Urgent!
The LUU needs a secretary desperately! We will pay—incorporating good hours, easy location, company car, access to accounts, good benefits, and more. Please contact Mike Lawitt at 739-6496.
