LAWRENCE COLLEGE, APPLETON, WISCONSIN

Thursday, Oct. 11, 1923

## ORATORS TO COMPETE ON NOVEMBER 27

**Forensic Board Sets Date for Annual  
Competition at Initial Meeting  
of School Year**

President—Dan A. Hardt  
Vice President and Corresponding  
Secretary—Dwight Hunting  
Financial Secretary and Treasurer—  
Willard Henoch

With the above organization of officers effected, the Forensic Board got its 1923-1924 program under way at a meeting Monday afternoon. The board, in addition to the officers named, the president of which is elected by the All-College club at the regular spring elections, is composed of Prof. A. L. Franzke of the Public Speaking department, George Skewes, Junior class representative, and Raymond Hintz, temporary Freshman representative. One other member appointed by the board president from the student-body at large is still to be chosen.

The annual inter-class oratorical contest, by which Lawrence's orator in the state contest is each year chosen, will this year be held on November 27, in the conservatory auditorium, but will be known as the All-College Oratorical Contest. Because of the elimination of the old chapel from Main Hall, it will be impossible in the future to secure an auditorium for the contest appropriate to the carrying out of a program of inter-class rivalry that has in other years been featured, and on this account it was decided by the board to make this change.

### Debating Try-Outs

The try-outs for members of the debating squad have been set for December 4 and 5, according to a decision reached by the Forensic Board.

At the meeting it was decided that the four class representatives should go before their classes and encourage students to try out in the oratorical contest. The customary prize of \$50 for first place and \$25 for second place, in addition to the winner of the contest representing Lawrence in the state meet, which will this year be held at Lawrence, will again be continued.

## Ohio College Opens New Hall for Women

A feature of the opening of the new school year at Ohio Wesleyan university was the dedication of Austin Hall, the new \$400,000 dormitory for women. The new hall will house 243 girls while its dining room has a maximum seating capacity of 272.

This building is the first completed unit in the \$8,000,000 development program started by the university. It has been named in the honor of Dr. Cyrus Brooks Austin, vice-president of the University and dean of the conservatory of music. Dean Austin has been a member of the faculty for forty-five years.

A new power plant which will furnish light and heat for Austin Hall and the remainder of the buildings on Monnett campus has also just been completed at a cost of \$50,000.

## Reed Havens Treasurer of All-College Club

Reed Havens, '26, was elected to the office of All-College Club treasurer, on October 3, succeeding Norton Master-son, recently elected president. He defeated John Wilcox, '26, by a vote of 313 to 237.

Havens and Wilcox won in the primary held on October 2, on the following results of votes cast:

Havens—235.  
Wilcox—222.  
Emans—126.

## Former Graduate Will Sing Opera in Europe

Luella Melius, former Appleton resident and graduate of Lawrence College, has sailed for Europe where she will sing in opera. Miss Melius has had an extensive career in this country as a concert artist. She was recently initiated as a chapter honorary member of Beta of Sigma Alpha Iota, national professional musical sorority, at Northwestern University.

## College To Frolic At Walk Around

Tomorrow evening Lawrence "Y" organizations will sponsor the annual college Walk-Around. Students will assemble at Main Hall at 7 o'clock for the first get-together of the year.

This mixer, which amounts almost to a tradition at Lawrence, is arranged annually by the two organizations and is this year under the direction of Dorothy Lymer and Willard Henoch, Y. W. C. A. and Y. M. C. A. heads. Every Lawrentian is expected to attend.

### Add College "Sing"

This year there will be in addition to the usual features, a college "sing" led by a pep orchestra composed entirely of freshmen. The grand march, led by members of the faculty, will proceed through Main Hall, down the north walk to the avenue, and back to the gymnasium where refreshments will be served.

## Course In Campus Guidance Lessens Delinquent Group

That delinquency in the Freshman class of last year was less than in former years, with a falling-off of close to sixty percent, due in large degree to the fundamental work of the course in Campus Fundamentals, required to be taken by all first year students and last year for the first time given with fixed program for guidance, is the opinion of Dean W. S. Naylor.

"The Campus Fundamentals course is decreasing freshman delinquency," said Dean Naylor. "In my opinion the marked falling-off in last year's delinquent list was related to the fact that serious work in Campus Fundamentals began then. Another proof of the value of the course," he added, "is that Doctor Plants volunteered to teach some of the sections himself this year, in order that the course might not be discontinued."

### Object to Help

"The object of the Campus Fundamentals course," continued Dr. Naylor, "is to help the student get the most out of college. To this end, we begin by teaching him to study, instead of letting him take a year to find out. Then we take up certain credentials of campus attitudes, campus life, as differing from other types of life, and the spiritual side of college life."

We attack the problem seriously," Dr. Naylor said in conclusion, "guided by the best educators of the country, and I fail to see how such a course could result other than beneficially for the students."

## Initiate Hundred at "Y. W." Service

"Light" was the keynote of the vesper service Sunday evening when one hundred new members were initiated into Lawrence Y. W. C. A. In the candle-lighted auditorium of the conservatory Marjorie Nichol, president of the organization, welcomed the initiates. "Every woman's life should be a light which derives its flame from the Source above," she said.

The hymns and scriptures were in keeping with the subject, and each girl was presented with a white carnation as she lighted her taper at the candle on the platform desk.

## Offer New Course for Supervisors of Music

A new course in orchestration has been organized, the purpose of which is to train music supervisors to teach instrumental as well as vocal music at Lawrence Conservatory of Music, it is announced. The class is studying violin this year under the instruction of Prof. Percy Fullinwider.

## Hackworthy Appointed Chairman of Homecoming

Because of his successful management of the homecoming two years ago, Tau Tau Kappa has again appointed Alan Hackworthy as chairman of the homecoming committee this year. Homecoming will take place the week-end of November 3 with the Ripon-Lawrence game as the central attraction.

## "Y" MEMBER DRIVE WILL BE SUCCESS

**Over One Hundred Enrolled With Week  
Yet to Go; Committee  
Working Hard**

Cooperation with the Appleton city Young Men's Christian association is largely responsible for the success of the Lawrence Y. M. C. A. in its annual drive for members, now in progress, according to announcement of William Farnum, '25, treasurer of the college organization, who is in charge of the drive.

With a week yet to go, the membership total in the Lawrence group has already passed the hundred mark, and there is every indication that the organization will enroll its greatest list of men students in history.

A majority of the members of the college "Y" are also members of the Appleton city organization, and come under the provision in the city-college relations' agreement which makes it possible for a student to become a member of both organizations at but the cost of joining the city association. The Lawrence organization receives the fees from such members from the Appleton city association.

### Canvass School

A membership committee, composed of William Farnum, chairman, Willard Henoch, Ellsworth Stiles, George Skewes, Grant Verhulst, Wesley Pahl, Lawrence Howle, Hanford Johnson, Clayton Taylor, Otto Paulson, and Frank Heck is at present engaged in canvassing every man in college, and will make its final report on Sunday evening.

## Rogers' Ice Storm Pictures Prominent In Badger Magazine

Appleton trees which were objects of local interest during the ice-storm of 1922 are pictured in the August issue of The Wisconsin Magazine.

They are reproductions of photographs made by Prof. Rogers of the department of Botany and are used to illustrate his article, "Trees in Storm," recently printed in that magazine.

A scientific article on "Ice Storms and Trees" by Prof. Rogers was printed in Torreyia for July-August, 1922, and one is now being printed for the next issue of Torreyia, on "Resistance of Trees to Ice-Storm Injury." In the preparation of the latter article Prof. Rogers made a study of more than 2000 individual trees. In three articles published in the Appleton Post-Crescent soon after the storm, on "Care of Ice-Storm Injury," he made practical applications of his investigations during that period.

### Effects Far-Reaching

"Trees in Storm" is written in popular style, explaining the conditions accompanying the storm, and telling at length of the damage which was done. "In conclusion," says Prof. Rogers, "the effects of the storm which were immediately apparent were very considerable. But great as they were, more serious results may follow in later years. Every wound provides an entrance for the organisms of decay into the heart of the tree and only time will tell whether in the life history of the individual the greater damage is yet to come."

The Wisconsin Magazine is available at the college library for those who are interested in reading the essay.

### ATTEND CONVENTION

Dr. Francis Foster and Miss Mary Louise Brown attended the state convention of the American Association of University Women in Fond du Lac on Saturday, October 6.

## Ariel Seeks Workers

The 1925 Ariel Board wants staff workers, particularly Freshmen and Sophomores. This is a good chance for ambitious students to become identified with one of the most worthwhile and interesting activities on the campus. Those desiring to try out for the staff should apply at the Ariel office on the third floor of Science Hall between 2:30 and 3:30 o'clock any afternoon.

## Campus Dates

Oct. 12—All-college Walk-Around.  
Oct. 13—Lawrence vs. LaCrosse at LaCrosse.  
Nov. 27—All-College Oratorical Contest.  
Dec. 4-5—All-College Debate Try-outs.

## Lawrence 'Grad' In 'Quake Area; Toppings Escape

No word, since the Japanese quakes, has been received in Appleton as to the safety of Bessie Dunning Ziemann, '10, missionary in Tokio, Japan. Genevieve Paville Topping, '85, missionary in Yokohama, is reported safe in a letter recently received by Zelia Smith from Mrs. Toppings brother-in-law. According to the letter, Mrs. Topping and her family were attending a conference twenty-five miles from Tokio when the earthquake occurred, and escaped injury entirely.

Of twenty-four Lawrence graduates and old students who are now in Orient missionary fields only one other, Sotaro Tokuyama, is located in Japan. Mr. Tokuyama is at Shidzooka-Shi, away from the districts visited by the holocaust.

Fifteen of the missionaries are in China, according to the Alumnae Record of 1922. Then include Eddy Ford, '05, and his wife, Effie Collier Ford, '03, at the Anglo Chinese college, Foochow; Chung-Shu Kwei, '20, Kai Hsien City; Osborn Hooley, Tien-Tsin; Ovidia Hansing, '20, Union Normal School for Young Women, Chen Tu Sze; Shu-Jen Chen, '20, Peking; Laura M. Wheeler, '06, Tientsin; Reverend E. J. Aeschlieman, '14, Higher Normal College, M. E. Mission, Peking; Wei-Ming Hsu, '20, Peking; Yu-Sheng Huang, '20, Peking; Ying Pu Young, '21, Peking; Jesse Ford Newman, '03, Shanghai; Elva Sawyer Richards, Shantung; Elinor Tracy Arnold, Shansi; and Muriel Webb Treman, Nanking.

### Many in India

Five Lawrence people are working in India. Rev. Judson Perkins, '11, Jagdalpur, Bastar State; Dean E. Smith, Burma; Edna Mae Hutchens, '19, Isabelle Thoburn College, Lucknow; Evelyn Toll, Madras; and Elizabeth Wilson, '20, Calcutta. The latter is an Appleton woman.

The list of Lawrence's present active Orient missionaries is completed by Earl Starkey, who is in Batavia, Java.

## Noted Artists to Appear at Chapel

Music lovers of Lawrence will be given a rare treat in the appearance of Guy Maier and Lee Pattison in their program of two piano recitals, January 29, in Lawrence Memorial chapel. Although each of them is an artist of individuality, they have blended their art and personality to such a degree that their ensemble work is the height of perfection. They recently toured Australia with most wonderful success.

Mr. Maier did not begin the study of music until he was seventeen. He was then about to enter college, but being handicapped by near-sightedness, he decided in favor of a musical career. Early in his student days he formed a partnership with Lee Pattison. This partnership has proved a popular and artistic success.

### For the Children

They are appearing a number of times this season in the Bach triple concerto with the noted Arthur Shattuch as the third pianist. Guy Maier gives most interesting piano recitals for children, and the two have a delightful repertoire of unpublished works written especially for them.

## Club Plans Study of Contemporary Drama

Contemporary drama will be the subject of study by the English Club during the first quarter of the school year. Only a general outline of the work was discussed at the Club's initial meeting, held Monday afternoon. The next gathering will be at the home of Dr. W. E. McPheeters, on October 22. New members will be elected at this time.

Home is where you can scratch any place that itches.

## CONFERENCE TO DEBATE HUBER BILL

**Act on Prof. Franzke's Suggestion To  
Fight Same Question As High  
School League**

"Resolved: That Congress should enact a law embodying the essential provisions of the Huber Unemployment Bill, constitutionality conceded."

That Lawrence college debaters, with the rest of the college squads of the Mid-West Debate Coaches' Conference, will debate the Huber Unemployment Bill, according to the wording of the statement above, during the present school year, was the decision reached at the annual gathering of coaches of the schools making up the conference at Madison last Saturday.

Prof. A. L. Franzke, as head of the department of Public Speaking, represented Lawrence at the gathering, and it will be interesting to Lawrence students to know that the question chosen as the one to be debated by the conference this year is the identical question that schools of the Wisconsin Inter-Scholastic Debating league, fostered by Lawrence's department of Public Speaking among high schools of the state, will this year debate, and was adopted on suggestion of Prof. Franzke.

At the gathering, Prof. Franzke was chosen president of the organization for the ensuing year. Other officers elected were: vice president, Prof. J. V. Searle, Olivette college, Olivette, Mich.; secretary-treasurer, Mr. Tuissant, Ripon college.

### Other Questions

Other questions considered as possible subjects of this year's debating program by the conference included Railroad Consolidation, Inted-Allied Debt Cancellation, the Norris Farm Relief Bill, Immigration, and the Philippine problem.

The conference went on record as opposed to an extended debate schedule for member schools, urging the limitation of schedules to a maximum of three triangles. The conference also discussed the proposed abolition of the judging system, but took no new action. It was decided to continue the three-judge system, paying each judge a stipulated fee of \$15 for each debate judged.

### Two Triangles Arranged

Tentative plans for Lawrence's debate season find two triangles already arranged. The old triangles with Ripon and Carroll, as well as the one with Al-

(Continued on Page 8)

## Financial Campaign for Iowa Colleges

Cedar Rapids, Iowa—The survey of the Iowa synod completed, and the first \$400,000 already raised, trained campaign workers are beginning this month of the \$2,000,000 financial campaign for Presbyterian colleges of Iowa. Solicitation in the smaller churches of the state already has commenced, that campaign workers may take advantage of good road conditions.

The \$2,000,000 drive, authorized by the state Presbyterian synod last fall to provide \$1,000,000 for Coe College and another \$1,000,000 for Parsons and Buena Vista colleges and for Presbyterian work at the state colleges, is under the direction of the financial department of the Board of Christian Education of the Presbyterian church. C. W. Buschgen, D. D., is financial secretary of the department.

## "Integrity" is Keynote of Prexy's Chapel Talk

"Integrity is worth more than your grades," said President Plantz in Chapel Monday morning.

The mission of the college, he said, is "to produce men and women who will assume leadership" and "unless their lives are based upon the principle of honor and truth, the institutions for which they are responsible will crumble."

### BID TO CHURCH

Rev. E. W. Wright of First Presbyterian church of Appleton addressed the student body and faculty of Lawrence, Thursday morning at chapel and, in behalf of the churches of the city, invited each to select a church and become a regular attendant during the school year.

## APPLETON'S QUOTA SET AT \$6,600 FOR NORTHWESTERN "U"

Will Seek Funds Here for Evanston  
School; To Begin Local  
End Oct. 22

Appleton's quota in the nation-wide funds' campaign of Northwestern university at Evanston, Ill., has been set at \$6,000, according to announcement of Dr. William H. Moore, 623 Appleton street, chairman of the local campaign committee. The drive which will be conducted throughout the United States is for a fund to be used as endowment and for new buildings on Northwestern campus.

Dr. Moore has been instructed from the Chicago headquarters that the quota is based upon the number of known alumni now living in this district. It is estimated that each alumnus will be able to contribute an average of \$275 and that each alumna can give approximately \$250 toward an endowment and a fund for the New North western university in Chicago.

Beginning Oct. 22 the campaign committees will conduct an intensive canvass for funds. A part of the fund is to be used for endowment and the plans call for the erection of a huge campus on Lake Shore drive for the use of the medical, law, dental and commerce schools. A hospital to be one of the best equipped in the country, also will be built.

### Women's Buildings

To bring the status of the women students on a par with men, a portion of the funds will be expended for the construction of women's buildings. These will include dormitories, sorority houses and a central building for social activities. Other extensions to the Evanston campus also are planned.

## Mrs. Eric Lindberg Wins Audience at N' Richmond

Mrs. Eric Lindberg, popular Appleton pianist and former Lawrence Conservatory student, a member of Sigma Alpha Iota, national professional musical sorority, gave a delightful program at New Richmond, September 20. Her program was varied and interesting in its selection, and was received warmly by an enthusiastic audience.

Mrs. Lindberg was assisted by Elizabeth Rockwood Engel.

## Alice Lyons Editor- in-Chief of Latinist

Alice Lyons was elected Editor-in-chief of the "Latinist," a bulletin prepared by the Latin department and sent throughout the country for advertising purposes for Lawrence at the first meeting of the Latin club Thursday. Hazel Weber and Theodora Teras are associate editors of the publication.

The officers of the Latin club are: Martha Brose, president; Margaret Lees, vice-president; and Hazel Weber, secretary-treasurer.

## W. S. G. A. Elects Heads for Peabody and Smith

Ruby Alton was elected president of Peabody and Ruth Hermsberger head proctor; and Mary Hambly was elected president and Esther Chrislaw head proctor of Smith House at a meeting of W.S.G.A. held last week. Elections for Sage and Ormsby Halls were held last spring.

## BRIEFS Mostly Personals

The faculty of Lawrence Conservatory of Music have organized into a club, and plan a program of intellectual discussions and social gatherings.

Prof. F. M. Ingler of the Commerce department spoke before the Rotary club at Manitowoc recently on the subject of "Mail-Order Houses."

Delta Sigma Tau announces the pledging of the following Freshmen: Howard Dawley and Reginald Medway, Wauwatosa, Franklin Thuss, Marshfield, and Kenneth Simmons, Rhinelander.

Kappa Alpha Theta announces the initiation of Henrietta Abrams, '26. Gertrude Kaiser, '24, spent the week-end in Fond du Lac.

Charles Luce, ex-'24, now engaged in the insurance business in Stevens Point, visited in Appleton last week-end.

Isabel Stevenson, '27, spent the week-end at her home in Janesville.

Merritt Palmer, ex-'25, visited with Sigma Phi Epsilon brothers last week-end.

Phi Kappa Alpha announces the pledging of Palmer McConnell, '27, of Darlington; Boyd Sweger, '27, of Appleton, and Harry Vine, '27, of Westfield. Ethel Hooper spent the week-end at her home in Palmyra.

Ellen Kinsman, '24, was at Stoughton last week-end.

Hazel Card, '24, visited at her home in Markesan several days last week.

Leon McLaughlin, '25, visited his home in Beaver Dam over the week-end.

Phi Kappa Tau announces the pledging of Corliss Sweet, '27, of Merrill, and Jack Kanous, '27, of Appleton.

Wilma Thiede, '27, spent the week-end with her parents at Three Lakes.

Dorothy Rohrer, '25, spent the week-end at her home in Clintonville.

William McDonald, '26, and George Landon, '25, spent the week-end in Chicago.

Paul Bishop, ex-'24, who is teaching this year in Omro, visited several days with Phi Kappa Tau.

## Song Written by Lawrence Alumnus Wins Competition

### WHERE MONONA'S WATERS PLAY

There's a rustling in the cornfields of my old Wisconsin home,  
There's a robin's lilting melody where wayside roses bloom,  
When the starlight wows the ripples at the dreamy close of day,  
I would meet the lass who's waiting where Monona's waters play.

### Refrain

Take me back to old Wisconsin, with her silver lakes a-gleam,  
For a lazy, hazy summer, by a crystal winding stream.

In sweet days of golden glory under skies of tender blue

On Monona's smiling waters, we will drift the long day through.

Far away, far away,  
Where the ripples dance all day,  
And the lass I love is waiting, where Monona's waters play.

I will roam through fragrant clover blooms, and wander through the corn,  
With the meadow lark at daybreak, I will sing to early morn.

When with tender touch the twilight shades shall kiss the evening dew,

I will kiss the tears of waiting from my lassie's eyes of blue.

For the second time, Miss H. Elizabeth Mott of Neenah, an alumnus of Lawrence with the class of 1901, has won fame by her ability as a composer of songs.

In 1921 Miss Mott won a state competition for the best song written by a Wisconsin teacher, with her composition entitled "Wisconsin Evermore."

Now comes the announcement that the above lyric, "Where Monona's Waters Play," another product from the pen of Miss Mott, has won a second state competition, this time conducted by a Madison newspaper. It is possible that the song, the melody for which has been written by a Madison man, may be adopted as the official Wisconsin state song.

"Where Monona's Waters Play" is now being published by Remick and Company, widely-known music house, and is receiving wide distribution, particularly in Wisconsin. Part of the proceeds are being donated by Miss Mott to caring for ex-service men of the late World War.

Miss Mott, who was graduated from Neenah high school in the spring of

## Edna Becker Elected Head of Town Girls'

At the reorganization meeting of the Town Girls' club last Friday, Edna Becker was elected president, Helen Henbest, vice president, and Helen Diederick, secretary-treasurer. The purpose of the organization is to increase co-operation with the dormitory girls and other organized groups on the campus.

## Schotter, Cellist, Scores in Recital

Josef Schotter, cellist, appeared in the first recital of the season given by the Lawrence Conservatory of Music, in Peabody Hall, Tuesday evening, October 9, scoring a decided success. He was assisted by Percy Fullinwider, violinist, and Nettie Steninger Fullinwider, pianist. The program consisted of cello solos and trios on the cello, violin, and piano.

Mr. Schotter has recently returned from Europe where he made concert tours of Sweden, Germany, and Austria and played in the great European orchestras under such noted conductors as Dr. Karl Muck and Arthur Nickish. The Minneapolis orchestra, a famous musical organization, has engaged Mr. Schotter as one of its members for this season.

1897, went to Lawrence from 1897 to 1901, and at graduation was awarded an A. B. degree.

She was a member of Phi Beta Kappa, honorary scholastic fraternity.

## LAWRENCE CO-EDS ATTEND NATIONAL "FRAT" MEETINGS

Four Sororities Hold Annual Conventions in Four Corners of United States

The four sororities at Lawrence that held national conventions this year met in practically the four corners of the United States. Theta chapter of Alpha Delta Pi sent her delegate to Marblehead, Mass. on June 24; the Phi Mu representative went to Beverly Hills, Calif., June 29; Zeta Tau Alpha met at Estes Park, Colo., June 28; and the Kappa Delta convention was held in Bristol, Vir., June 25.

Reports from the different conventions show that sororities are taking a more active interest in philanthropic work than ever before. Phi Mu voted a thousand dollar graduate fund scholarship to be given to any sorority or non-sorority girl in a college where Phi Mu has a chapter. Zeta Tau Alpha voted a five-thousand dollar endowment for a children's clinic and both Alpha Delta Pi and Kappa Delta increased their altruistic work.

### Take Side Trips

A feature of all conventions were the side-trips taken by the girls. Olive Hamar, the Phi Mu representative, told of her trips to Catalina Island, Riverside, and Universal City, where they were all photographed for the Pathe Weekly, and a visit to the Grand Canyon of Arizona.

Dorothy Rohrer, Bessie Clausen, and Betty Barton, K. D. representatives, visited Washington, New York, and took several trips into the Blue Ridge mountains. Francis Emerson and Gladys Brew, Alpha Deltas, went to Boston, New York, and Washington, and Genevieve Geiger and Olga Smith who represented Zeta Tau Alpha, enjoyed several mountain trips.

Kappa Alpha Theta announces the pledging of Agnes Norham, '27, of Antigo.

# SOCIETY

## Weddings

THE marriage of Miss Margaret Bellis, ex-'25, to Mr. Herbert Voss, ex-'24, took place Wednesday afternoon, October 3, at the Episcopal church at Wausau. The church was beautifully decorated with ferns and chrysanthemums.

The bride wore a brown lace dress, a tan duvetya hat, and carried a bouquet of Ophelia roses. The maid of honor was Miss Dorothy Tipler, '25, and the best man was Mr. Carl Streissguth, '24. A wedding dinner was served at the Bellis Hotel following the ceremony after which Mr. and Mrs. Voss left immediately on a honeymoon trip into the southern part of the state, by motor. They will make their home in Racine where the groom is engaged in business. Mrs. Voss is a member of Kappa Alpha Theta and Mr. Voss of Theta Phi.

Among those present at the wedding was Harry Vincent, '25, of Lawrence.

## Raymaker-Worthington

Adelphs announces the marriage of Myrtle Raymaker, '21, to W. W. Worthington of Chicago, which took place at Chicago on September 29. Mr. and Mrs. Worthington will make their home in Chicago, where Mr. Worthington holds a position with the Western Electric company. Mrs. Worthington is the examining psychologist in Juvenile court at Chicago.

## BIRTHS

Mr. and Mrs. Eugene Wright of Chicago announce the birth of a son, Eugene McGregor. Mr. Wright, ex-'21, was a member of Sigma Phi Epsilon and Mrs. Wright, Nee Jamison, ex-'22, was a member of Kappa Delta sorority.

Mr. and Mrs. W. F. Waterpool, Kaukauna, announce the birth of a son, William Frederick Jr., September 30.

Ruby Johnson, '24, spent the week-end at her home in Fair water.

## Parties

ACTIVES and pledges of Phi Mu sorority were entertained at dinner at the home of Mrs. A. L. Wolfe, College avenue, Friday evening. The party served the double purpose of a farwell for Miss Dorothy Wolfe, ex-'25, who left Sunday to accept a position on the editorial staff of the Racine Journal, and as a house warming for the sorority, which has just recently established rooms at the Wolfe home.

## Entertains Journalists

Laura Sievert, '24, entertained Theta Sigma Phi, honorary and professional journalistic fraternity, at her home, Thursday, October 4. Miss Hazel Moren of Minnesota state university, an instructor in the department of English at Lawrence, was the guest of honor. Miss Moren was a member of Chi Omega, Theta Sigma Phi and Mortar Board at Minnesota.

## Entertain at Waupaca

Several members of the Sigma Phi Epsilon fraternity entertained informally over the week-end at Waupaca. Among the out of town guests were Walter Eiler, Clinton McCree, and Walter Hunting.

## Get-Acquainted Party

A "get-acquainted party" for music students was held at the conservatory October 3. A grand march followed by a program of stunts and novel dances featured the program. Refreshments were served.

## Adelphs Entertains

Adelphs entertained a number of the new girls at the Woman's Club cottage on Lake Winnebago, September 27.

## A. D. P. Supper

Alpha Delta Pi sorority had a supper at their rooms, Tuesday evening, October 9.

*"Stand with anybody that stands right.  
Stand with him while he is right and part  
with him when he goes wrong."*

—ABRAHAM LINCOLN.

### The Lawrentian's Platform for Lawrence

#### Lawrence Be Served

- 1—Push the Building Program.
- 2—Abolish Compulsory Church Attendance.
- 3—Increased Facilities for Research Work by Professors.
- 4—Empower the Student Senate.
- 5—Adopt Ariel Re-Organization Plans.

#### BETTER ARIELS

When you want a suit tailored you do not go to a man who has never held a scissors in his hands before and say, "I want a suit tailored. Practise on mine." When you want a chest made you do not go to a man who has never handled a carpenter's tool and say, "I want a beautiful cedar-chest. Practise on mine." If you did, you would have an article in the end that only half suited you and at an expense many times greater than expert, efficient workmanship would have cost, due to the ignorance and inexperience of the workman in buying the best materials obtainable at the least possible cost, in cutting the article out of the least amount of material, and, in putting the material together in the shortest possible time.

The same principles apply to the editing of the Ariel. Under the old system it is impossible for a group of executives to take over their tasks at the beginning of their Junior year and put out the very best annual possible at the lowest cost. Inexperience, they are entirely at the mercy of engravers and printers, two of the largest cost items of the book, acquiring sufficient knowledge along these lines only after it is too late to benefit by it.

Under the proposed "Ariel Re-organization" system, to be presented and voted on at a future meeting of the All-College club, the Ariel would be taken from the Junior class and put under the jurisdiction of the All-College club and an Ariel editorial board with nominations for editor and business manager being made from the Sophomore class but being voted on by the All-College club at the end of the first year. This would enable the editor-elect to work as assistant to the editor already in office and thus become thoroughly familiar with his duties before taking them over in his Junior year. Such a system would eliminate a great amount of unnecessary waste, would insure more efficient workmanship at the least expenditure of time, money and energy, and would result in a BETTER ARIEL. Vote for the new system!

#### STUDENT CHAPELS

The old chapel is gone. Gone forever, except for memories, are the rousing pep meetings in the west end of Main Hall that have sent many a gridiron team to do battle with its opponents.

Yet the loss of the old chapel should be just another stepping-stone towards holding student chapels in the Lawrence Memorial building. It is only just that one day's chapel exercises a week be turned over to the students themselves. Student chapel offers the best avenue for expressing campus pep and cooperation. It offers the best method for acquainting the students and the faculty with the numerous campus organizations and their work. The stunts themselves are one of the most convenient and emphatic ways of advertising campus activities.

It may be true that a few student organizations last year abused the student chapel privilege by converting the period into destructive and demoralizing criticism rather than constructive criticism. But such difficulties could easily be abolished through a supervision system, perhaps by a committee composed of three Tau Tau Kappa members and a faculty man.

With the attendance compulsory, with the same seating arrangement as for other chapel exercises, and with all student chapel stunts arranged for by a committee of Tau Tau Kappa, under the supervision of a faculty member, there is no reason why student chapel on Friday morning in the Lawrence Memorial building should not prove one of the most delightful and inspiring chapel exercises of the week.

When the Memorial chapel was first opened to use, student chapels were held in it every Friday. Let's hold them there again!

### Murmuring of The Elms By AMOS

#### Repentance

He kissed me, and I knew 'twas wrong,  
For he was neither kith nor kin;  
Need one do penance very long  
For such a tiny little sin!

He pressed my hand; that wasn't right;  
Why will men have such wicked ways?

It wasn't for a minute—quite—  
But in it there were days and days.

There's mischief in the moon, I know;  
I'm positive I saw her wink,  
When I requested him to go;  
I meant it too—I almost think.

But, after all, I'm not to blame;  
He took the kiss. I do think men  
Are quite without a sense of shame.  
I wonder when he'll come again?

No, the above was NOT written as a poetry assignment under Dr. Foster. It was sent anonymously to the perpetrator of this column. Our only objection to it is that the author forgot to sign her name. Yes, Oscar we only wanted her name so we could give her credit for the poem. It is a good one!

Unlucky motorist (having killed the lady's puppy)—"Madam, I will replace the animal."

Indignant owner—"Sir, you flatter yourself."

#### Our League of Notions

1—A Spring and Fall platform of open hugs, openly arrived at.

2—As a consequence of the above, absolute freedom of the squeeze.

3—We favor the disarmament of down-river policemen and bench censors.

4—There ought to be neutral zones in the vicinity of all shady lanes.

5—There should be no forced annexations of kisses without a vote of the entire student-body.

6—Complete reparations for jilted feelings, together with fulfillment of all movie and bon-bon obligations.

7—No down-river engagements to last longer than one month.

8—No class flirtation to last more than twenty-four hours (this latter at the request of Dr. McHarg, who likes variety.)

A headline on a contemporary's fashion page says that the long-skirt vogue for Milady in Paris is on the wane. In this land of the free it is most generally on the bow-legged.

#### Notin' But Tut

Tut here—Tut there!

Wild Tut dresses, stringy Tut hair!

Bummy old jug—Tut vase;

Homely old mug—Tut face.

Tut this—Tut that!

Tut candy—King Tut hat!

Tut for breakfast—Tut for tea—

The Saints help the next one who says Tut to me! —Octopus.

He: "It wouldn't be such trouble for us to marry, my father is a minister."  
She: "Well let's have a fling at it anyway—my dad's a lawyer."

#### Examinations in seven more weeks!

—Your welcome!

### Orr's Enjoying Motor Trip Through the West

According to a letter received by Prof. A. L. Franske, of the public speaking department, Prof. and Mrs. F. W. Orr are experiencing a fine vacation, at present being at Gerhardt, Ore. Prof. Orr, who is on a year's leave of absence, as public speaking head at Lawrence, left Appleton shortly after Commencement last spring and has been touring and camping in the western states since that time. The Orrs spent some time in Yellowstone Park, and then turned up into Oregon, arriving in Gerhardt three days ahead of schedule.

During the winter Prof. Orr will work on his planned text in extempore speaking. He plans to continue camping however, gradually moving down into Southern California as colder weather sets in.

David Johnson, '23, is working at the Milwaukee Y. M. C. A., according to work received at the Beta house.

### Authorities Plan Regulation of Students' Extra-Curricular Activities; Limit Work

In an effort to prevent students at Lawrence from "over-loading" on extra-curricular activities, authorities of the college are planning again this year extra-curricular control and have again adopted a program which limits the amount of extra-curricular activity a student may undertake, and announce a basis of regulation.

The announcement verbatim, from the office of Dean W. S. Naylor, follows: "Extra-Curricular activities refer to any activities that are not involved in studies for credit. These extra-curricular activities have multiplied to such an extent at Lawrence that regulations touching them are necessary so as to protect some students against an overload of interests other than their studies, and to secure a wider distribution of the benefits of leadership in student organizations.

"The system of regulation is based upon the number of 'units' of three hours per week required for extra-curricular activities. It is evident that these units are only approximations. In some cases the importance of the office is credited rather than the hours required to perform the duties involved.

1. Students whose Lawrence grades average 90 or above for 16 hours in one semester may assume a maximum of six units of extra-curricular campus activities or a maximum of ten units of self-supporting work in the following semester; those whose average is 85-89 for 16 hours are limited to five units of campus activities, or nine units of self-supporting work; those whose average is 80-84, in 16 hours are limited to four units of campus activities or eight of self-support; those whose average is 75-79 in 16 hours are limited to three and seven units respectively. No campus units of extra-curricular activities are permitted to those who fall below 75 in their average for 16 hours. For all new students the first month's record in college is the basis of the determination.

2. Those who carry both self-support and campus extra-curricular activities are permitted a maximum of eight units of the combination if their mark averages 90 in sixteen hours, decreasing one unit for each step downward in grades as in paragraph 1. But in no case shall anyone carry more than six campus units.

3. For each additional hour of college work taken beyond 16, one unit is deducted from the extra-curricular campus activities assumed beyond those perquisites activities permitted.

4. The Secretary of each student organization shall file a list of officers elect with the Dean within seven days after election.

5. Each student shall file with the Dean a statement of his extra-curricular units, both campus and self-support, within seven days after assuming the same, together with his average standing in all registered hours.

6. The following table is suggestive rather than complete. Other activities not herein listed may be estimated on similar and approximate basis.

## BRIEFS

Mostly Personals

Dr. and Mrs. D. O. Kinsman and daughter Ellen, and Idele Hulsether motored to Stoughton for the week-end. The Kinsmans visited their daughter, Mrs. Alvin Loverude, formerly Miss Georgia Kinsman, an alumnus of Lawrence and a member of Delta Gamma sorority. Miss Hulsether visited her parents, Mr. and Mrs. H. A. Hulsether.

Walter Hunting, '23, has charge of athletics in the high school at Stevens Point. The first conference game which Coach Hunting's football eleven played was against Rhinelander high school and resulted in a 24 to 0 victory for Stevens Point. Clyde Hunting, '16, is also teaching in Stevens Point high school, as head of the science department.

Karl Windesheim, '23, debate coach at Appleton High School, is working out plans for the high school debate season. Windesheim, who led the Lawrence affirmative team last year, is a member of Beta Sigma Phi, Tau Kappa Alpha, honorary forensic fraternity, and wears the Honor 'L' in forensics. Vera Alhert, ex-'22, is teaching at Thorp.

Viola James, ex-'22, is teaching at Marion.

### Lawrence Museum to Exchange Specimens

Through an exchange with the Milwaukee Public Museum, Lawrence geological department has acquired an exhaustive collection of the Cambrian fossils of Wisconsin. According to Dr. Rufus Bagg, these fossils are hard to get, and the college is fortunate in obtaining such an exhibit.

In exchange, Dr. Bagg is sending to the Milwaukee museum a collection of Silurian fossils from Door county peninsula, which he collected this summer.

### Engineers to Relate Summer Experiences

"Field Experience" will be the subject of the open meeting of the Geological Engineers' Club October 18, at 7:30 P. M., in Science Hall. Homer Hunt, '24, will tell of his experiences while working in the seventh level of the Anaconda copper mine, Butte, this summer. Carl Swartzlow, '24, will describe artesian well drilling in eastern Wisconsin, as he saw it this vacation. John Ockerman, '23, will tell about his work in the oil well region of Salt Creek, Wyo.

Prof. J. C. Lymer opened a series of discussion meetings at Y. M. C. A. on Sunday evening on the topic, "The College Man's Religion and Education." While merely having one's name on a church directory will not open the way to heaven, it may be of great benefit to the person who joins and to those who are already members, Dr. Lymer said.

### Chemistry Club Elects New Officers for Year

Hanford Johnson, '25, was elected president of the Chemistry club at the first meeting of the club this year, held in the chemistry room of Science Hall, Tuesday evening, October 2. Hazel Schuette, '25, was chosen vice-president, and Lawrence Houle, '25, secretary-treasurer.

### Through SCHOOL~ Through COLLEGE~ In BUSINESS

Eversharp and Wahl Pen are America's finest-working and best-liked pencil and pen. When you buy these two you acquire writing companions for life.

Eversharp was the first successful mechanical pencil—and its features can't be copied. Eversharp lead never wobbles—the exclusive rifled tip holds it absolutely firm. The automatic index always tells how much lead is in the barrel. And Eversharp craftsmanship gives a balance to the pencil that suits your hand perfectly.

Wahl Pen in all-metal is the outstanding fountain pen achievement. The all-metal barrel cannot crack or split. You fill it less often because it holds more ink. And it will last a lifetime.

Eversharp and Wahl Pen are essential in school, in college and in business. Buy both, in gold or silver. Eversharp, \$1 to \$10; Wahl Pen, \$4 to \$10. Solid gold at higher prices.

The New Wahl Pen, engine-turned in jet-black rubber, is the best looking and most practical rubber fountain pen you have ever seen. Price \$2.50 up.

Made in U. S. A. by THE WAHL CO., Chicago

## EVERSHARP matched by WAHL PEN

IMPORTANT. A pencil is no better than its lead. Don't use a poor quality lead in your Eversharp. Use Eversharp leads, which are recognized as the finest that can be made—a fact proved by over 200,000,000 which are sold every year. They are made to fit the pencil. Get them. Seven grades, from very soft to very hard. Ask for the new small-diameter colored leads, too! In the red top box.

BUCKMEN TO TACKLE  
LACROSSE NORMAL IN  
HOMECOMING CONTEST

Teachers Have Strong Line-up; Buck  
Shifting Men to Get Strong-  
est Combination

After a week's lay-off from official inter-scholastic contest, Coaches Howard "Cub" Buck and A. C. Denny settled their Lawrence college Blue and White grid hopefuls down to a week of intensive offensive and defensive drill Monday afternoon, in preparation for their encounter on Saturday with the strong LaCrosse Normal school aggregation, in that school's Homecoming attraction at LaCrosse.

Though not a great deal is known of LaCrosse's strength, Buck is taking no chances in the game he has lined up with Denny's Alma Mater. LaCrosse always turns out a strong team, and has probably won a majority of normal school conference championships since the normal conference race has become an annual event of Wisconsin football-dom.

The attraction is moreover LaCrosse's Homecoming Day feature, and the up-starters, according to word from their headquarters, are determined to give the Blue and White all they can handle, and then some. Two weeks ago LaCrosse opened her 1923 season by saucily taking Winona State Teachers' College of Minnesota to task, 20 to 0.

## None Too Hopeful

Moreover Buck and Denny are none too hopeful of Lawrence prospects. A veritable ditch-digger's slump has apparently hit the line up of the Blue and White, which played raggedly in the practice tilt against the Freshman squad Saturday morning. In that game the regulars failed consistently to make telling blows at the first year line up, while Smith's lads went through the varsity several times for a number of goodly gains, and completed 8 forward passes, several for distances as long as 25 yards.

In the game against the "Frosh" Saturday, Goan, who has been playing "regular" at half, pulled a tendon in one of his legs and has been unable to practice since. He is expected, however, to be able to go back into the game by Saturday.

## Holdridge Going Strong

Holdridge, former Virginia, Minn., high school star, has been showing up to excellent advantage in the practices Saturday, playing equally well at guard or tackle, and it is probable that he will be started in the game against LaCrosse.

Another shift that is apparently working to good advantage has been that of Olsson, all-state guard of last

Noted Danish Exponent of Physical  
Culture Brings Exhibit Team To U. S.

New York City.—Neils Bukh, noted Danish exponent of physical culture, arrived in New York on September 21 accompanied by an athletic team which he will exhibit on a two months' tour of the country. The first demonstration took place in Town Hall, New York City, on September 25th.

Neil Bukh is known on the continent as the man who revolutionized gymnastic training in Denmark. His teachings have led to the abandonment of old militaristic methods on physical drill. The British Admiralty has recognized his work by asking the Danish navy to lend them naval officers trained under Bukh to instruct British naval officers in his art. The decoration of which Bukh is most proud, however, is a medal bestowed on him by the King of Denmark.

Perfect coordination of mind and

body can only be attained when the body has resumed its natural state of suppleness, according to Bukh. Inability to run, jump, climb or do other physical feats leads to the "I can't do" habit which in time rules the mind as well as the body. He demands first of all that his pupils develop control over their bodies. Only when they have achieved this feat can they hope to attain the strength which comes from having supple limbs he says.

## Is Himself 42

Although forty-two years old, Bukh could pass for a man of thirty. The twenty-seven years he spent on a farm have left no trace on his face. His complexion is ruddy and his eyes blue and clear. There is not a wrinkle on his face, and he declares he is not anxious of a single nerve, so perfectly are they tuned.

season, from guard to center. "Ole" has been working like a demon and with perfect adaptability to the pivot place since his installment there, and, if Buck's pleasure is any criterion of future line ups, we're betting Olsson will hold the mid-wall stake.

## Otherwise the Same

Beyond that, it is expected that the same line up which opened against Stevens Point a week or so ago, will start against LaCrosse this Saturday. Physically the entire squad, outside of Goan, is again in the best of shape, and with a week's stiff drill to bolster them up should bump LaCrosse hitting on all eleven, and all primed to set the Normalites for the proverbial "row."

## Are "U" Buddies

An additional item of interest in the game Saturday is that the LaCrosse Normal school coach is none other than Keeler, famed running-mate of Lawrence's mentor, "Cub" Buck, during his university days at Wisconsin.

A large number of Lawrence fans are expected to make the trip to LaCrosse Saturday.

Ellsworth Stiles, '25, spent the weekend at his home in Marinette.

Lawrence Sponsors  
Fall Court Tourney

With an entry list of sixteen men, Lawrence's first fall tennis tournament, now playing men's singles, is running off in best of shape, under the supervision of Director of athletics, A. C. Denny. This is the first year that such a tournament has been held at Lawrence but with the great interest that has been shown thus far it is expected the event will become an annual one in Lawrence athletic life.

All of the matches in the first round have already been played off. The results are: Gordon Clapp defeated Glenn Markin 6-2, 6-2; Donald Lee defeated Howard Aderhold 6-2, 9-7; Harold Hollis defeated Albert Miller 6-2, 5-7, 6-0; Russell Hunting defeated Albert Neuman 6-8, 6-2, 6-4; Bob Nesbit defeated Dwight Hunting 8-6, 8-6; Ray Gault defeated C. Y. Yee 6-3, 1-6, 6-0; Walter Heideman defeated C. Lacke 6-2, 6-0. The only match to be played in the second round was that between Russell Hunting and Harold Hollis in which Hunting defeated Hollis 10-8, 6-1.

## Prepare for Spring

The purpose of the fall tournament is to prepare Lawrence tennis talent for next spring when Lawrence will compete in several intercollegiate meets. The winner of the fall tournament will hold the men's singles title until next spring when another tournament will be held.

## Stars With Packers

Myrtle Basing

"Myrt" Basing, '23, for four years a star back on Lawrence college varsity gridiron line-ups, member of Lawrence's three consecutive state championship squads, and in each of those three years selected an all-state man, is adding new honors to his already long list on the gridiron, this time in the circles of professional football. Basing has joined the line up of the Green Bay Packers and is rapidly developing into one of the mainstays of the Bay backfield.

In his first game with the Packers, Basing was without doubt the star of the attraction. Playing at half, he made both touchdowns in the game with the Minneapolis Marines and was thus the prime factor in the Bay's 12 to 0 victory.

Lawrence's head gridiron coach, Howard "Cub" Buck, is also a star in the Packer's line, again holding down tackle, the berth he has filled so ably the past few years.

Eddie Johnson Winning  
Place on Army Eleven

"Eddie" Johnson, ex-'23, Lawrence quarterback for the two years just after the world war, is the Army's second choice for quarter this year at West Point Military academy, where he is a student. According to the Chicago Tribune, "Eddie" ranks right behind the veteran Smythe in this year's competition. Johnson spent the first week of his annual summer furlough this year at the Beta Sigma Phi camp at the Chain o' Lakes.

Donald McGrew, ex-'24, is head coach at St. John's Military Academy, Salina, Kan., this year. He spent six weeks at the University of Illinois Coaching School last summer.

FRESHMAN ELEVEN  
HOLDS REGULARS  
TO 22 TO 3 TALLY

Absence of Number of Veterans Rags  
Varsity Display; "Frosh"  
Complete 8 Passes

"Bill" Smith's "Frosh" team took considerable conceit out of the Lawrence varsity, when they held them 22 to 3 in a regular tilt, Saturday morning, at Lawrence Field. Only one "earned" touchdown was credited to the regulars, two being due to miscues on the part of the Freshmen.

The absence of Kotal, Grignon, Boettcher, and Berry no doubt had considerable to do with the ragged display by the first-string men. There seemed to be no force to the backfield in their charges through the "Frosh" line, while the Lawrence front wall failed consistently to open holes for their team-mates of the backfield.

## Complete Passes

Eight passes were completed by the first year men, several of which were for gains of more than twenty-five yards. Mills, at quarter, although making a few bad guesses, handled the yearlings in veteran shape. Nobles and Nason, Wisconsin Rapids high school products, looked like veterans in their positions at half-back for the "Frosh." The entire front wall gave a good account of itself, particularly Stark, of last year's Appleton high school team. He broke up play after pay coming through his side of the line. Monsted, at centre, put up a fine game, breaking for frequent tackles.

## How They Scored

The varsity scored its markers in the first quarter when Goan circled the end for a beautiful run, on a place kick by Stoll from the ten-yard line, in the second quarter, on a touchdown by Stoll, who recovered the ball after a Freshman fumble in the second quarter, and on a touchdown by Kinney in the fourth frame. The Freshman scored their three points on a kick from the fifteen-yard line by Nason, just a few moments before the close of the game.

for You

## Syracuse Registers Student of Persia

Syracuse, N. Y. — The Cosmopolitan student body of Syracuse University claims its most picturesque member in Abol Ghaseh Bakhtiar, late of the Persian Royal Army, who hiked from Bismarek, South Dakota, to Syracuse to be on hand for the opening of school. Bakhtiar won a scholarship in medicine from the University of South Dakota, and enters Syracuse University this year as a sophomore in the college of Medicine.

"Americans do not seem to appreciate the wonderful advantages this country affords," is Bakhtiar's chief complaint against us. "I hiked from Bismarek because I wanted to see how Americans live and because I like to hike." On the road, Bakhtiar had his first meal with an American farmer. The morning repast of ham and eggs, coffee with fresh cream and biscuits and jam overwhelmed him. "If I should tell my folks back home what farmers here ate every day they would think America was a fairyland," he said.

Bakhtiar is a Christian. Since his conversion has been outlawed by his people, but he is not discouraged. When he receives his medical diploma he expects to go back and convert his people by teaching them how to live clean, healthy lives.

## Gander Chosen Junior Class Senate Member

Alton Gander was elected junior class representative to the Student Senate at a meeting of the class Tuesday afternoon.

Because neither the freshman nor the sophomore class has the right to paint its colors on the Junior rock, on account of the tie resulting from the inter-class contests on All-College day, it was decided at this meeting that the green and white decorations of the first year men should be replaced by red and white, the junior class colors. The work of redecoration was to be done by men from the freshman class.

"I can't insure until I  
get out of debt."

Sometimes a debt is for an education. The honest man wants to pay it as soon as possible. If he continues to live he will pay it. But maybe the end will come too soon and then the creditor is never paid. Debt means obligation—the obligation to carry insurance until the debt is paid.

## First Pen made for Students only

Designed by Geo. S. Parker  
for their special needs

and made by Duofold craftsmen—  
yet offered at only \$3

JUST as the Parker Duofold and Lady Duofold are recognized as the aristocrats of pens priced at \$5 and higher, so this new Parker D. Q. is the blue-blood of pens in the medium-priced class. Indeed the same crafts-guild that produces Parker Duofold makes this Parker D. Q. that we announce at only \$3.

Parker designed this pen based on a study of the students' requirements and desires. Hence it's a pen that is practically made to the students' order. We know of no other with this special ring to link to note-book, and no other this size under \$5 with a special metal girdle to reinforce the cap. Yet no extra charge is made for these features, or for the super-smooth point of 14k gold tipped with Native Iridium.

Insist on seeing this new creation. Any good pen counter can supply you, but look carefully for the stamp of the genuine, "Geo. S. Parker—Lucky Curve."

## CONFERENCE WILL DEBATE HUBER BILL

(Continued from Page 1)

bion and Illinois Wesleyan have again been continued. A number of other colleges of the Middle West, prominent forensically, have asked to assume debating relations with Lawrence and these are being considered by the Forensic Board, which is in final control of the Lawrence program.

### Others at Meeting

Other schools which sent representatives to the conference in addition to Lawrence, were Ripon and Carroll in Wisconsin, Olivette, Western State Normal and Albion in Michigan, St. Olaf's and Hamline in Minnesota, and Illinois Wesleyan and Northwestern College of Naperville in Illinois.

According to announcement of Prof. Franzke, Lawrence debate preparations will begin at once. At a meeting of the Forensic Board Monday afternoon the try-outs for positions on the college squad were set for December 4 and 5.

### Wealth of Material

A wealth of material is in forecast for the Blue and White again this season, according to Mr. Franzke. In addition to a number of regulars of last year's squad, including Dan Hardt and Willard Henoch, members of Lawrence's 1923 negative, which won its entire program of five debates against the strongest colleges forensically in Minnesota, Wisconsin, Michigan, Illinois and Oregon, are George Christensen, Joseph Heinzkill and George Skewes, substitutes on last year's teams. It is also reported that the new Freshman class has brought a number of delaters of real promise to add to Lawrence hopes.

## U. of Mexico Will Combat Illiteracy

Mexico City, Mex.—In an attempt to bring about a radical reduction in the number of illiterates in Mexico, the University of Mexico is calling on its educated citizens to give part of their time each day as voluntary teachers. There are already thousands of such teachers, and the results have been so gratifying that the experiment promises to become permanent.

When one of these citizen-teachers has presented for examination by the official teachers and inspectors 100 pupils whom he has taught to read and write, the National University of Mexico will issue diplomas to these students, and will give them preference in selecting government employees. The office of the director-general of the National Lines of Mexico has agreed to allow such certificates or diplomas to decide the question of appointment or promotion where other conditions are equal. The National University furnishes free all the reading charts, black-boards, and other materials required by the citizen-teachers.

### Ask Ladies' Help

Special requests have been made to the ladies of the leisure class to give one of their time to the cause of education. University officials are also trying to secure the use of classrooms on Saturdays, Sundays and holidays for these voluntary teachers.

## Hunting Elected to Forensic Board Seat

Dwight Hunting was elected senior representative to the forensic board at a meeting of the senior class held October 3. He succeeds Oscar Schmeige, elected to that position last spring, who has not returned to school.
