Lawrentians Get Help of Fund

Student Loan Foundation Proving Succes-
free Business Proposals

Lawrence College was chosen for the second time in one of the colleges in the state to receive a student loan by the Student Loan Foundation, which makes loans to needy college students of the country on the re-

commendation of the school officials in its general practice of recommending to the 
ele-

sity in the junior year or above, or the family bursar. The ultimate objective of this test of 
debtibility is financial eligibility for the student who desires to place it upon a plane of equality with 
the organ proper in the adjoining room.

The college administration is considering the installation of a new organ as soon as funds can be raised. The present organ, which is 50 years old, has reached the end of its useful life. A new organ would be an asset to the college and would provide much needed practise opportunities for the students.

The Towns Girls Launch Win Latin Contests

A successful launching campaign is to be inaugurated on Lawrence campus as a result of a new activity in the music department, which is in charge of the organ. The purpose of this activity is to encourage students to become more interested in music and to develop the musical talents of those who are already interested.

Bucky Suits Latest, Male Fashions, Tell Us

Here is something new for the "ad" part of men's suits. To be fashionable this spring, Lawrence men will wear a straight-front cut and a loose, baggy suit. This style of suit, introduced by the Prince of Wales, is said to be produced at his instigation by American tailors.

Apparel makers are already showing the smart, straight-front cut, short and loose. No vest or button is apparent in the back. The trousers are very wide, almost 10 inches around the bottom. Several pleats at the belt gather in the front, while the vest is short and boutonniere.

Materials used are embroidered velvets of every color. Light colors will again be popular in young men's suits this spring.

W. S. G. A. Will Raise Funds for Delegates

Every season, from popo-sals to sales to publicity, will be important to the expense of two Lawrence delegates to the national W. S. G. A. convention to be held at Columbia, Missouri, this spring, according to plans made in the meeting of the local group last week.

"How can W. S. G. A. be made a stronger force on the campus?" was the real subject of the meeting. Twenty girls were present, representing the town, dormitories, and every social, religious, athletic, honorary, and professional group for women on the campus. They met with Frances Menmee, W. S. G. A. president, and Miss Brown, dean of women.

"The primary object of W. S. G. A., that of self-government, is being met by the execution of the organization, but the organization should be a more positive influence among the girls that it is."

Births

Mr. and Mrs. Harry Sylvester announce the birth of a son, Jan. 22. Mr. and Mrs. Francis Meserole of Appleton on Jan. 15.

"Philomela" was held Tuesday evening in the recital room of Peabody hall. Prof. Frank Tabor spoke on "The Requirements of a Good Organist."

At Brown twenty-four men have been allowed unlimited cuts as a reward for good scholarship. The only days on which they must attend classes are those just preceding and following vacations.

"The primary object of W. S. G. A., that of self-government, is being met by the execution of the organization, but the organization should be a more positive influence among the girls that it is."

Sometimes a debt is for an education. The honest man wants to pay it as soon as possible. If he continues to live as he will pay it. But maybe the end will come too soon and then the creditor is never paid. Debt means obligation—the obligation to carry insurance until the debt is paid.

nen, Grover and Ashman, who were put

so far this season, will have to

act as possible from members of T. T. K.

Kappa, are proceeding nicely, accord-

ing to Richard Nelson, '27, who is gen-

eral chairman of the affair. Elaborate

preparations for the all-college roller-

skating program including the various lines of

activity. This, according to Miss Miller, will furnish a work-

entry for Girls' Cage Quint.

Three new lines of work have been

opened this year; one on the group this week, will have to ex-

tend the project, an orchestra will be secured.
