Enrollment for Third Quarter Reaches 800

Dr. W. H. Soll, Chicago, who is now at Lawrence conducting a series of religious articles, has made this week-end to attend the convening of the Wisconsin State Art and Lettermen to be held in the capitol city of Wisconsin. Dr. Soll is professor of religion in the University of Chicago, and assistant professor in the music department. A party of students under the leadership of the Rev. F. S. Bushman, the president of the organization, was everywhere prominent during the course.

Dr. D. O. Kinnison, professor of Romance languages at the University of Liverpool, England, has been appointed an associate at the Athlete Hotel, Dushanbe, and Mr. Kinnison is expected to precede Dr. Kinnison's reception.
Here's Why of Delinquent Students, According to Northwestern Mentor

Breslau, Ill.—Too little sleep, too much work, not enough study, too much leisure, fast eating and divided thinking are factors that develop an attitude and lead to delinquency, according to both the general public and Professor Thomas Brandes, dean of Northwestern University.

At Northwestern, out of 5,651 students in the college of liberal arts, Professor Brandes has found a delinquent group of 285 composed of 106 men and 109 women. In other words, delinquency does not necessarily imply lack of intelligence, the professor found.

Intelligence Plus in High

"No result of our study," the Northwestern professor writes, "is more significant and interesting than the discovery that the average intelligence of the so-called delinquent group is just as high as that of the greatest students at Northwestern."

Students found to be delinquent are put on probation at Northwestern and have to make good or be dropped from the roster.

Professor Brandes further states: "The prohibition against delinquency is put on probation at Northwestern and have to make good or be dropped from the roster."

The professions of the students are allowed if it is found that they are in good standing and making the highest combined score is given in their grade.

The field in which the Jesuits are best known is the law and it is a fact that the Jesuits have a wide range of influence in this field. The Jesuits have been instrumental in setting up the first law schools in the United States, and they have played an important role in the development of legal education. They have also been involved in legal reforms and have been active in legal aid programs. The Jesuits have been known for their commitment to social justice and their work in helping the poor and marginalized populations. The Jesuits have also been involved in legal education and have been instrumental in the development of legal education in the United States. They have been involved in legal aid programs and have been active in legal reforms. The Jesuits have been known for their commitment to social justice and their work in helping the poor and marginalized populations.
SOCIETY

Women-Marshall

Miss Freda Weerts of Wauwatosa was married to Mr. Karl H. Marshall of St. Paul, Minn., in Milwaukee on March 15, according to announcement. The bride is the daughter of the Rev. and Mrs. F. Weerts of Wauwatosa, while the groom, who now attends Lawrence, is the son of Mr. and Mrs. Lawry Marshall of Wauwatosa. The couple will live at White Bear Lake during the summer.

Lawrentians at Dance

A number of Lawrentians were present Tuesday evening when Wisconsin Alumni association canvassed members of the student Dramatic club of the University of Wisconsin with a dance in 6th club, after the showing of "Twinkle, Twinkle," at Appleton theatre. Dancing was enjoyed from 11 to 2 a.m., with music furnished by a band on stage.

Bliss Brainard Hosts

To Her Pupils

Miss Bliss Brainard, Lawrence Conservatory of Music faculty member, entertained her students Friday, April 11. Entertainment consisted of a short program by Miss Blissard at Lawrence Memorial chapel. After the program a supper was served to the dance’s ladies at Peabody hall, and a social hour was then enjoyed.

K. D. Will Serve Supper

Members of Kappa Delta sorority will have a supper in the chapter room as a part of this evening. Mrs. Bliss Brainard, ’21, will be the hostess.

PACIFISM

(Previous reading this, read the communication from "A Lawrence Coed," under "See It" on page 8.)

No one who knows the Lawrentian needs to be told of this organization. It is not increased by numbers, that it does not consider the extremist anormal agent of civilization, and that it would naturally regard as a menace any individual who advocates either extreme militarism or pacifism.

However, the trying arise over pacifism on Northwestern university campus a week or so ago has served as such a material opposition, that The Lawrentian cannot afford not to make itself clear on the issue, especially in the light of the communication it carries this week, from an important council to the Lawrentian campus, a communication which shows that Lawrence is abreast of the times and has its pacifists.

The communication says, "in all this adverse criticism it seems that no one has tried to ascertain just what the pacifist does stand for." We do not hear the stand of the Northwestern pacifists who took an oath never to bear arms in any war can be doubted. He has never seen to bear arms in defense of his country for any cause whatsoever — and this in the light of the present international situation wherein several of the leading nations of the world have under arms and ready for battle as many and more men and other military resources today than Germany before the late World War, this when it is considered that there is still in the world the Sublime council of Germany, France, England, and, if we will be true, the Kingdom of the Holy Ghost, or the Vatican.

If it is possible we do not know what these pacifists "stand for?"

We would like very much to see a world without arms, where every man is his "brother's keeper," and where the Leader Grid governs the activities of all men and all nations. Unfortunately we are not there, and there seems little hope that we shall be in the future, living in such a Utopia. While it may be true that the "United States is not the only country in which there are pacifists," as the coed writes, there are none in the ruling circles of any country in the world today, and we believe the United States cannot afford to tolerate a policy which would advocate laying down of all arms, laying the nation upon the ravages of the small exiled nation in the world, to say nothing of the dangers from the larger.

We are not militarists! We do not believe that either the Van Helsingburgs or the Northwestern pacifists are right. Neither are the Jane Adams or Dr. Sherwood Eddy's, if, as we believe, the Act of March 3, 1879.

We would like very much to see a world

Faculty Scores Win In Mixer With Students

Perhaps it's not quite fair to call it the triumph of book over blame, but at any rate, the faculty administered a body blow to Eddie Saitta's "pro" days in yesterday's "pro against youngsters" who challenged them at valley ball at Alexander gym Friday night. The hitter team must have been surprised, since they formerly boasted the title of "Slater Lane." We've heard of how we had just finished three firsts against opposing faculty members, defeating Saitta's men by scores of 15-10 and 15-7. The score was all for faculty. Fairley, Fairley, Madison, Logan, Logg, Logg, Applegate, Jourdan, Jourdan, Bower, Cook, Zeeman, Hall.

The first faculty camper was small, with the only game being played to determine the final result. The scores of these games were low, double digits. Evidently only the weather kept them there, and they didn't realize how long enough to impress them to the Lawrentian reporter. The top score followed: Fellows, Loper, Bower, Hugg, Madison, Jourdan, Yaw, Hunter, Kinman, Cole, Cook, Griffin, Davvy, Weston.

Gold Hope to Win Fourth Track Title

Prospects for replacing the midwest conference hopes and the state title in track for the fourth consecutive year heightened at Beulah when Coach J. J. Carroll gave his other letter men their first outdoor workout here on Monday, according to reports from the southern school. Although the Beulah squad was considerably weakened when several of its star performers graduated last year, its incoming freshmen material, according to present indications, will nullify the loss.

Speakers, hurdlesmen, weightlifters and high jumpers are all plentiful at Beulah this year. Carroll though has ten letter men in college this spring around which he is building back up the rest of the aggregation. These men include Capt. Thompson, hurdles and javelin, Addie, dancer and jump; Jemset, distance man; More, half and quarter milly, Michaele, mile, volt, pole and hurdle, and hill jump. Drewfried, dancer, Polich, milly, Loven, weight.

Lot of New Men

Besides the old men providing "fresh" material in return to O'town for the dashes and weights; Beulah dancer, Reed and Jourdan in the high jump; Stegger, Stegger and Bolte in the hurdles; Stegger, Stegger in the mile; Van Dole in the hurdles; Thompson in the pole vault; Doyle and Seeker in the sprints. Beulah will enter two relay teams in the Produce setup, plugged upon as the classic of midwest track crews.

Captains of last year's team, Beulah and Alley will also be their leaders in these events and Coach Davvy has many untried freshmen who will try for these awards.

"Red"" Knaup Seriously Injured on Grid Field

Forest Knaup, who was injured in scrimmage the week before the Beloit game, during the football season, has been confined to his bed for several months as a result of the "Red," as he was familiarly known among the squad members, give promise of developing into a fairly solid back when the injury mended his chances.

Shortly after the lining up he was forced to leave the field, and in spite of special care his injured side has re-tied to heal and his weight will not be placed on it. He has been treated since with a Chicago specialist who ordered him to bed, but a cast on the jug, and "Red" has since been practically unable to move. At present he is at liberty to get around as endures with difficulty. According to reports the cast may be removed by May 1.

College Xmas

Because of possible interference with the Blue's strenuous track schedule and the late arrival of spring weather, Lawrentian will not have a college football from this year, Coach A. C. Davvy has announced.

Prospect Elects

Election of a baseball captain for next year is indefinitely postponed by the athletic board which set last Thursday as day of action for this motion.

Value of Beans

Beans are rich in iron which makes good red blood and puts color in the cheeks; they are also rich in lime which gives solidity to the bones and preserves the teeth; and, best of all, they are rich in vitamins which are absolutely essential to life and health.

**“I can’t insure until I get out of debt.”**

Sometimes a debt is for an education. The honest man wants to pay it as soon as possible. If he continues to live he will pay it. But maybe the end will come too soon and then the creditor is never paid. Debt means obligation—the obligation to carry insurance until the debt is paid.

Research Fund to Grant Scholarships

Offer Aid to Residents in Electricity, Petroleum, Physical Chemistry

Applications for Charles A. Coffin Foundation scholarships are now being accepted. Any resident of the United States who has been accepted into a college, university, or other educational institution and who is within the age range of 18 to 25 years is eligible to apply. The scholarships are awarded on the basis of academic merit and financial need. Each scholarship is valued at $1,000 per year.

Grant scholarships have been made available by the Pettibone-Peabody firm to students in these fields, and are available in grants of $1,000 each. These scholarships are awarded to students who have demonstrated excellence in their academic pursuits and who are in need of financial assistance.

These fellowships are given in electric-art, petroleum, physical chemistry, and are available in grants of $100 each. The fellowships are awarded to students who have demonstrated excellence in their academic pursuits and who are in need of financial assistance.

The committee has decided to extend the fellowships to women as well as men. Six were awarded last year. Applications from women as well as men will be equally considered, and any applicant will be considered upon his being graduated.

FELLOWSHIP FOR GIRDERS

Five thousand dollars have been made available by the Pettibone-Peabody firm for this purpose. This fellowship is open to all students in the schools of the United States who have shown by their work in college or university that they could, with advantage, undertake scientific or technical work.

Grant Scholarships

Applications are invited from all qualified students in the United States who have shown by their work in college or university that they could, with advantage, undertake scientific or technical work.

The Fellowships are awarded to students who have demonstrated excellence in their academic pursuits and who are in need of financial assistance.

The committee has decided to extend the fellowships to women as well as men. Six were awarded last year. Applications from women as well as men will be equally considered, and any applicant will be considered upon his being graduated.

"CONSTRUCTIVE" CRITICISM

Recently there came to the editorial office of The Lawrentian a communication, unsigned, of deepest moment, rehearsing the special needs of applicants to whom they are granted.

"I am writing to you in order to express my gratitude for the scholarship I have been allowed to receive this year. I am grateful for the opportunity to study and work in a university setting."

"THE LAWRENTIAN

Thursday, April 10, 1924.

For Fashionable College Girls Emphasize the
Girls Lovely Hats at
$5. and $10.

SPRING HATS especially favor the small brimmed, the cloche, and—more recently—the turned-up trim. These hats are the newest ideas of the moment. Many of them were designed and ex­ ecuted in that city only last week. Here they are at Pettibone's for your selection:

The new colors, the new strawes and trimmings are shown. Here is just the scanty little hat that you can wear with the capes and suits that you will need in the spring. Pettibone's Second Floor is making a special feature of the very expensive proveness. These are the Pettibone's Moderately Priced Dresses at $24.50, $25.50, $34.50, $39.75, and $40. Now come the new Hatry hats and suits. They are extraordinary good values—smart and clever, yet only $5 and $10.

See our bulletin showing all.
