Freshman Reports On Arts And Results of Work of First Year

At a study of the high school records of freshmen, and a program submitted to prevent delinquency in their college work, some of the trends of the work of the freshman revealed the fact that 22 had an average of 93 or more, 72 had an average of 81-84, and 42 of 7.1-80. Of these 7 have been lifted, and 15 are still under probation. Of the 85 students who entered as freshmen in the fall, 25 were admitted at the beginning of the year, some have been admitted after that time, and there are a number who entered in the middle of 1922-23, who did not gain Sophomore standing. In a special study of the high school records of 100 of those who entered at the beginning of the year, it was found that 22 had an average of 85 or more, 72 had an average of 74, and 12 had an average of 7.1. In one of the college records of those freshmen, it was found that those who have done well in high school usually do well in college, and that those who have done poorly in high school may be expected to do about the same in college. Mr. George W. Chancellor has been promoted to the position of head of the English department.

The student council has been discussing the possibility of establishing a debate team at the university. It was suggested that the team could participate in regional and national competitions, thereby enhancing the school's reputation.

Several students have expressed interest in joining the debate team, and the council is currently working on developing a recruitment plan.

In other news, the university's annual sports day is scheduled for next month. Various teams, including the track and field, softball, and volleyball teams, are preparing for the event.

The university also plans to host a conference on environmental sustainability, aiming to raise awareness and promote sustainable practices among students and faculty.

The student union has initiated a campaign to encourage recycling on campus, with the goal of reducing waste and environmental impact.

The university is currently seeking donations for its library, aiming to expand its collection of academic and research materials.

The university's student newspaper has launched a new section dedicated to student life, featuring articles on campus events, student organizations, and interviews with faculty and staff.

In conclusion, the university is actively engaged in various initiatives aimed at improving the educational experience and fostering a vibrant campus community.
St. Olaf’s Band To Play in Appleton

Many people who heard the St. Olaf college choir of Northfield, Minn., when they sang here last year, will be glad to know that another musical organization from the Minnesota college will come to Appleton on Friday evening. May 8. The St. Olaf Concert Band is completing its thirty-third season, and will play in concert here on that night. Several years ago they toured Norway and Sweden, and last year they made a coast-to-coast trip, and were everywhere enthusiastically received.

The band is composed of forty-one men and three women, all of whom are students at St. Olaf. Gertrude Boe, soloist with the band, has had much to do with the success of its programs in the past.

Under Lutheran Auspices

The concert will be held in Lawrence Memorial chapel and is under the auspices of Lutheran churches of Appleton and surrounding valley cities.

Johanna Rozевич, ’24, entertained her parents from Milwaukee over the week-end.

Frances Ingersoll, ’24, went to her home in Green Bay.

Florence Knuth, ’24, visited at her home in Manawa for the week-end.

Kathlyn Swanson, student at St. Olaf’s, spent the week-end at her home in Fond du Lac over the week-end.

Margaret Wallies, ’25, visited at her home in Sturgeon Bay Easter Sunday.

Inter-Class Track Stars to Compete
In Annual Classic Saturday Afternoon

Denny Will Pick
First Squad On
Results of Meet

A crew of competent officials have been selected by Coach Denny to head the Blue inter-class track and field meet, and this should mean the long list of events being outlined. The meet will begin promptly at 5 o'clock in the afternoon. According to advance indications the meet should be well worth noting, for the team receives nothing but encouragement from the majority of the students, and results of the track meet will be entered in the inter-class meet, so various track teams, particularly the long distance runners, will be also on hand to see what the general order of events should be. It is understood from the head officials that all will look to watch the efforts of the newercomers, who have been working hard the past few weeks, when they are run in their individual events.

According to the following schedule, the Blue will run off in the following order: 120-100-yd. dash. At 3:05 the finals for the 120-yd. high hurdles. At 3:20 the finals for the 220-yd. low hurdles. At 3:45 the four mile relay. At 4:30 the 800-yd. run. At 4:50 the relay race, the closing event of the meet.

The freshmen class particularly seems to have been a little more fortunate, and have been less sore and then.

Because of this inability to train out of doors, the Blue and White will go on to the season's meets with a decided handicap, for a majority of the events of the Blue, living in more southern climates, are very fortunate in this respect and have been working out of doors.

Several important changes have been made in the track meet this past week. Carroll college cancelled their meet on May 3, leaving us in a quandary somewhat during the remaining weather conditions. Therefore they could not put a strong competitive team in the field again.

Lawrence, Milton, or the Chippewa Valley high schools, are being considered as possible opponents on the open date.

The Chippewa Valley is rated as one of the strongest in the middle west, and should Lawrence take them on, it would be by the greatest margin in years. If Milton is accepted, the meet will be with the West Allis gymnasium. May 17, although a small college, is much stronger in track, a little bit faster, and perhaps slightly faster, than they are in football.

"Youngest Mayor," Laurence Grad, to Try Housecleaning

Paul Papi, 23, who is anxious to the secretary office at Waukesha in the new Wisconsin election, has for himself the title of "Wisconsin's youngest mayor," will take the lead, according to reports from the southern city, of his newly elected council in a city housecleaning. Initially the force of Lawrence social center comes will be put to the test, for it will be reconstituted by James of Cagney, while at Lawrence he was a major in reserve and political science, and in his last year was assistant to Dr. O. H. Thomas. Head of the department of dynamics.

Though Cagney has apparently made no pre-campaign promise, several of his council candidates, it is said, have announced their candidates are contemplated in all of the appointive offices, including city clerk, health officer, school council, chief of police and school board members.

Oust Board Members

Electoral night, after the returns had been counted, the old council held a special meeting and appointed a new board to hold over into the next administration. All of these appointments were to be made by the new administration, it was expected.

Waukesha's 15-year-old mayor was shot by a 15-year-old man. Ed Brinton, a candidate running on a stand pat platform, and who is the retiring city sheriff.
