Lawrence Loses Four Men

Through Death In Summer

Lawrence Loses Four Men

For the second time in the history of Lawrence the campus was ≥...
Janesville, September 9 to 14. Both sorority '26, Sheboygan, and Daniel Debraal, former Y.W.C.A. Leader, graduate theological work.

Three Lawrence Men Enter M. E. Clergy

Three Lawrence men, Everett W. Bell, 25, Ford de Lau, E. Wesley Per- ry, 26, Sheboygan, and Daniel Debraal, former Y.W.C.A. Leader, have just completed the year's work and are to graduate this year in preparation for graduate theological work.

Lawrence Students Thrown From Auto

Betty Kendall, '24, and a prospective Lawrence freshman, Joa Schelters, '24, together with the former's parents and sister, were quite severely injured Monday evening, September 22, when their automobile in which they were riding tipped over near Michigan City, Michigan. There is a wide representation of states of the union on Lawrence campuses, and several foreign students are enrolled.

Mu Phi Convention Restricts Pledging

Mu Phi Epsilon national will be re-
stricted in the future regarding the
pledging of members, according to
laws which was made at the convention held
in Minneapolis last June. Student who is not instilled as a Junior, or who
will not receive a Junior certificate
at June, is not eligible for membership. Honored guests and speakers
were eligible. This new ruling was
made with the view to keeping the or-
sity strictly honorary. Rose Ryan was
the delegate.

Delta Gamma and Kappa Alpha Theta also held conventions last June. Delta Gamma sorority held its con-
vention at Kalamazoo, Ohio, and was rep-
resented by Helen Bookholt, Ellen Kins-
mans, Madeline Willis and Gladys Jor-
neli also attended.

Kappa Alpha Theta sorority met at West Baden, Ind., Mrs. Elmer Jen-
sings, Janet Smith, Mary Thomas, Katherine Pratt, Mary Thom and Del-
othy Murphy attended.

Two Men To Teach Conservatory Band

Goring to an increasing demand for private institutions and public
instruments, Lawrence Conservatory of Music has been extended in head instruments for this year.
Mr., A. L. Gmeiner, the new instructor
in clarinet and saxophone, has had several years experience playing in
concert bands in Milwaukee. He has
been engaged as instructor in clarinet
and saxophone for the past two years
at Gilmore Conservatory at Saginaw.

**COME ON, LAWRENCE, LET’S GO**

This is the time of the year that every Lawrentian treasures above all others, because it brings with it that greatest of all sports, football, with all its happy associations and memories. The mere mention of such terms as, “Rue—the Hundred,” and “Gray Taus,” conjures up in the mind of every Lawrentian a picture that is tinged with anticipation of football days to come. Who does not remember her girl girl ring on the steps of old Main Hall; the march to the field amidst the din of a noisy crowd, augmented somewhat by the soul-stirring strains of the Lawrence band. Then that moment of hushed suspense as the two teams stand lined up, ready for the fray. Finally, the shrill whistle, sending them into the battle, which pierces the spectators to the very marrow.

“Come on, Lawrence, let’s go!”—this challenge of the football team is addressed to the whole student body as well as to the team. Will the student body make this challenge as a team this year? We have the team—the best that Lawrence has ever had. We have the player—Coach Catlin, at the head, we may rest assured that the team will be developed to its greatest possible potentialities.

We have the team—the best that Lawrence has ever had. Will the student body answer? Will the student body give its strongest support. It is a well-known fact that the success of any team is measured directly by the support. It is a well-known fact that the success of any team is measured directly by the support. For Lawrence, there is only one support, the student body itself.

**GREEK GROUPS’ RUSHING RULES**

Formal rushing of Greek letter groups on Lawrence campus will close on Friday evening at 10:30, eliminating a week of teas, theater parties, stags and tea-dances.

Bids must be in the hands of the intermediary on Saturday at 9:00 a.m. and accepted not later than 9:00 p.m. on Thursday.

Young Theologians Study

In Ormsby During Summer

Onsley Hall housed a summer school in Theology, held under the auspices of the Methodist Church, during the last week in July and the first ten days in August this year.

All young Methodist preachers must take a four-year course of study in connection with their regular work, and this school was held in the way of a review. At the close of the period no examination was given.

A series of interesting lectures were given by Professor Loder, of Yassar, of the Theology Department of Boston University, on the Old Testament. Dr. Lyster Platts also discussed the relation of the preacher to the problems of the times.

EXAMINATIONS FOR REMOVAL OF CONDITIONS

Examinations for the removal of conditions in French, German, or Spanish will be held on the second Saturday of the month in July, August, and September.

Each exam will be held at one of these schools: University of Iowa, here; Northwestern, here; and University of Wisconsin, in Madison.

All conditions in work of the third quarter will become Failures and will be so recorded.

**Carleton College Has Fine Radio Station**

Professor Charles A. Culver, in charge of radio station KPMX, announce several changes in Carleton's radio equipment.

One of the most important of these is the installation of a new organ in the studio of the main hall. This organ is smaller than the one in the chapel, it is very well equipped, and has a particular painting done.

The sound chamber, located immediately below the studio, contains the sound feed from the floor into the room thru a wooden passage.

Open Grid Year Against Catholics at Lawrence Field

St. Norbert's College Will Bring Line-Up of Real Strength

Football relation between St. Norbert's college of DePere and Lawrence will be resumed again this fall. Formerly known as the Blue and White games, this year will be played in the opening game of the season for Oshkosh Catholic. The list of players for both sides will be long enough to make the game a contest.

St. Norbert's will probably make use of the famous Blue and White teams that have been so successful in the past. Lawrence's team will probably consist of the same men that won the game last year.

Brendon's and Nobles as a mid-fielder, with Stoll for the guard and tackle positions; and Capt. Stoll, Cooke, Boettcher, Holdridge, Council, Dunham, Stark, and Packard, Kiessling, Treece, will fill up gaps which were noticeable in last year's line-up. This year's team is stronger than ever in the line, and will be a credit to the school this year.

Return of Catlin Points To Success

Coach Prone Work Of Men; Promises Impartial Treatment To All

In an interview with Coach Prone Catlin relative to the coming football season, the ex-student of the Blue and White scenes expressed a desire to cooperate with others in the efforts to make Lawrence a success.

The Mental Side of the Game Is Alone, However, the Plan of Coaching

The plan of coaching is that the game is alone in teaching football that the game is alone in teaching football.

High School Stars Try Frosh Football

With thirty men in uniform, most of them with one or more years of high school to their credit, the prospects for a successful season of Frosh football are very good. Nothing definite can be said yet, but from the showings made in the last game, it is pointed out that the Frosh team this year will be a credit to the school.

Credit Given For Golf and Riding

High School Coach, E. W. A. Code, The Many Awards

The credit given for golf and riding is not the same as the credit given for football. The credit given for golf and riding is based on the individual merit of the person.

Football Rooters Cheer Return of Catlin as Coach

Lawrence's Most Successful Coach Hired on Buck's Resignation

Mark S. Catlin has returned to Law­rence as coach of the Blue and White football team. Negotiations for the return of Mr. Catlin were completed last summer, when he resigned from the University of Michigan to sign a contract to coach the famous Lawrence team.

Mr. Catlin is one of the best known football coaches in the United States. He has spent many years at the University of Wisconsin, where he directed football in 1907 and 1908. At Lawrence he was head coach from 1909 to 1912, when he resigned to sign a contract to coach the famous Lawrence team.

Mr. Catlin returned to Lawrence in 1912 to coach the team. He has been head coach ever since, and has led the team to many victories over its opponents.

"All professors got books during their vacations," announces Prof. Syl vestor Whitman to a Lawrence student. "This is because they are well acquainted with the libraries of New York City. Particular was Columbia University." The task was a huge one and required invaluable assistance. What information the professors got was postmarked "New York City." Dean Ingler, as soon as his duties in connection with the college for 1922-1923 lessened, betook himself to the libraries of Columbia University to work on artesian wells and state. As for beauty he was engaged in "entertaining and being entertained," which is exactly what he was. In his report he states that his wife was "fed the bears' share" or w ealthy in a variety of ways. On the southern route they went through the "Golden Belt" or Maryland, New Jersey, New Hampshire, and to Wisconsin through Northern Michigan. Arriving on the stream of water, he returned from the historical past to modernity via "all the doors to be seen in New York." An automobile trip to the Adirondacks, to the White Mountains, and to Yellowstone National parks filled the latter part of the summer for Herbert Mundhenke of the Economics department. The text will be published in the "American Journal of Economics."5

### Pros and Cons of Traveling

#### Summer Vacations

- **John Macaulay** of the history department spent the summer in a year of vacation planning in England and the French chateau country. Lawrence in his party were Malo Garnier, '23, Robert Bonakam, '23, and Mary Norsen, '23. Miss Macaulay conducted her group through northern and western France, Italy, and Switzerland.
- **Miss Margaret Sherman of Appleton,** who was a member of the Lawrence faculty last year, was in this party.

#### Several Travel

Among those who traveled to places of interest in America was Miss Charlotte Lorenz, who spent six weeks studying at the National University in Washington City. She left in June with a party of fifty-six, mostly teachers, from New England, Texas. Various short trips during the summer included a visit to the "American Museum of Natural History" in New York.

#### Miss Maud Sechrist

"The Margaret was facetiously put it, they "fed the bears' share" or w ealthy in a variety of ways. On the northern route they went through the "Golden Belt" or Maryland, New Jersey, New Hampshire, and to Wisconsin through Northern Michigan. The New Fall Frocks

Would-Be-Soldiers Form Campus Group

A new club is to form on the Lawrence campus this year as one of the outgrowths of the Citizens’ Military Training Camp which the War Department maintains every summer throughout the United States. This club, known as the Lawrence Post of the C.M.T.C. Association, was formed during the summer of Camp Wisconsin, as a Lawrence Post may be offered as soon as possible. It is placed that this group may be estimated as comprising approximately 10 percent of the total attendance of the New Fall Frocks.
