WIN FIRST TRACK CHAMPIONSHIP IN YEARS

President Not Formally Offered

Dr. J. C. Baker Being Considered by University

Although undoubtedly showing that our formal offer of the presidency of the University should have been made before the board of trustees adjourned last week but a special committee had been appointed to consider the measure to the late Dr. Plantz. It was definitely stated that no formal action will be taken until June 5, when the board will hear from three men.

The report printed in Milwaukee papers over the weekend was not new, that Dr. Baker is being considered by the board of trustees, according to the Milwaukee Journal.

Dr. Baker is head of the Wiscosnia Institute at the university, and is now on the list of the most outstanding men in educational and religious circles in the country. He has served as the last president of the University of Michigan, having served as president of the University of Michigan.

The service of the several others offered as part of the package, one of the post-adjournment committee on the Baker question, was about to be completed by the last meeting in the Wisconsin Capitol building on Tuesday.

After June 3, any negotiations with Dr. Baker or any other one on the matter will continue in the same session, and the teachers and students of the Wiscosnia Institute will be consulted and their views taken into consideration.

Baker's Record

The word has been received by President J. C. Baker that a special committee has been appointed to consider the measure to the late Dr. Plantz. It was definitely stated that no formal action will be taken until June 5, when the board will hear from three men.

Baker's Record
Tell Us of Expectations  
At "Y" Conferences  
Camp life at the Y.M.C.A. and Y.W. C.A. conferences of Lake Geneva is very much worth while—so much worth while that it is "a wise use of time and to go," according to Florence Turner, '28, Y.W. C.A., who spoke in chapel Monday morning from their camp meeting.

The Lake Geneva conferences may be considered the last official activities of senior businessmen and one of Mr. Macfie's clients, Mr. Miss Turner, who said that the conference is time divided up so that one can have the variety of interests and personnel interested and associate themselves with.

Ring Queen, '28, North China, hopes to attend summer sessions at Northwestern University, waterfall and Barrett Biblical Institute. Thomas Myhrkow, '26, of University, is to study at the University of Chicago, and a master of the oboe, revealing this interpretation, Mr. Mullenix showed himself American. The right hand of the camp, its "final life," and the letters of its friends will always be remembered in the camp of the old and the new life.

Class Day Program  
Part of May Fete  
Under the auspices of Calhoun, the traditional Class Day exercises of the Seniors were held May Day morning. According to the story arrived by Reginald L. Collinge, Calhoun had made the Magic Book from Prospero and was spreading its secrets abroad. The class poems written by Laurence Rogers, '27, and the grand old story of the class of 1927, William Klinek read the poems.

First All-College Big Success  
The First All-College does not only served as a successful culmination and a "wise" light of May Day, but also the students looking forward to next year's new social program, and anus the faculty that they made so much in rating it to them. Charles March, '33, president of the All-College club, said the program was student-oriented only title, "New Stents To the Wind." He stated that it is worthwhile to go.

New Stents To the Wind  
President: Harold Scott, '26, President of the All-College club.

Juniors Direct "Three Sheets To the Wind"  
Harold Scott, '26, President of the All-College club, declared Miss Torrey. She stated that it is a place where it is worthwhile to go. She stated that it is a place where it is worthwhile to go.

day, Tuesday, May 28, of dividend stocks, and Service Burden, '25, of Novus de Lee.

**THE LAWRENTIAN**
In view of the article in the last Lawrentian by P. B. involving serious informers against some student who presumably had interfered with private affairs of other students. The Disciplinary Committee spent an afternoon of taking testimony from the writer of the article and others whom the Committee intended might know something about the incident. The Committee very carefully selected all facts and finally concluded that while there is not a single incompetent fact that will enable the Committee to bring about a change against any individual.

The Committee wishes it distinctly understood that the case is still open for any testimony that will help to bring about the responsibility for this instance of interference with the proper delivery of the funds. For the testimony given on this subject was not enough to make me just as readily as a guilty one.

Does it not appeal to both students and faculty that it would be far better, where such serious misconduct are not too serious to be thought through the spreading of rumors, which are the foundations of the fabric created. If the father of any such proposed student would feel free to open the file of the family who are definitely advanced to look after the discipline of the college and report the circulation of such stories, generally speaking, from the beginning through investigation will follow and there will be no chance of injury in the least from then by spreading broad- cast rumors sooner or later.

Therefore, there is no need of our delaying the sealed files of the college to other institutions and the public at large until guilt is confirmed present. The Disciplinary Committee.

Composes, Conducts, Torments Music

Most of the musical items of "Three Sheets to the Wind" is due to the work of La Vale Morsh, '25, of Appleton. "Blondy," wrote a number of the songs and is the controller of the music for the next two years. He played two of his compositions in stand. Thursday, May 28, 1925.

"The Inquiring Reporter Asks a Few Names"

"Why" is sung by Sherman and a fellow of the same name. "Why" is sung by Sherman and a chorus of orphans.

An orchestra of seventeen pieces will accompany the dances and songs in the form of Peter, Meade, Herbert, '26, Webster, Owen, '26, in a most fascinating character. Mrs. Mai has been granted a pension by the Carnegie Foundation. Although financially Mrs. Mai was not entitled to it as it provides that the widows must have been the wife of the deceased for ten years, in view of the long service of Mr. Mai as the Board's secretary since its organization, the board made Mrs. Mai the pension.

208 E. College Avenue
Wisconsin U. Has Many Sororities
Wisconsin has 36 sororities on its campus.
This includes both national and local social sororities, national and local honor societies, and fraternities. There are five national honor societies.
Out of the total there are 19 national and four local. Of the profession there are four national and four local. There are five national honor societies.
Of the 36 only one has been established 50 years. That chapter is Kappa Sigma, founded in 1875, and which recently celebrated its 100th anniversary.
Six others have been established here from 1921 to 1925. The last national social sorority was established here in 1921.
Two other organizations, Myrtie club and the Intellectual club, have grown out of sororities. Myrtie club is made up of a group of representatives from a group of sororities, and the Intellectual club is composed of the latter of sororities of other colleges and sororities.
Out of the 2,985 under graduates women on the campus, 770 are affiliated with sororities.

Student at Ohio State
Refuses Phi Beta Kappa
Columbus, Ohio, by C.P.—The campus of Ohio State University recently was shaken over a refusal of another member of the Phi Beta Kappa, one of the highest scholastic honors granted by an undergraduate.
"I have no use for a Phi Beta Kappa key. Membership in the organization means nothing whatsoever to me," Miss Minna Seip, sophomore, said.
Asked whether she considered her refusal the fruit of an incipient type of snobbery, Miss Seip has been possessed with "a deep yearning" for distinction.
In 1921 she won the Vanderzwaag poetry contest.

Eleet Negro To Head Hill Big New York School Students
The student body of Newton High School, which is composed of 97 boys and girls of whom only thirteen are not provided for to continue their studies as president of their body a young negro, John B. Walker, covering your old age son of the Rev. Douglas Haley Walker, preacher of the African Methodist Episcopal Church in Ferguson, Long Is-

Opposing Walker were two white students, one of whom was a member of the fraternity which is now in control of the school. Walker's election was then defeated, but in the end the two students were elected to office. The other two candidates 399 and 400 votes respectively. The election was witnessed by the principal, who announced it as a victory of the election and that Walker deserts the issue.

Lawmakers Attempt Teacher Regulation
Governor A. D. Doak of Oklahoma has vetoed the bill passed by the State Legislature requiring the compulsory reading of the Bible in public schools. A survey of restrictions on teaching in public schools and colleges has been made by the Civil Liberties Union. On the basis of this survey the Union finds that "most restrictive laws have been passed during the last six months than at any other time in American history."

The survey shows that Congregational Union may well be a case in point the 1935 appropriation bill for the District of Columbia, providing that "no part of this sum shall be available for the payment of the salaries of any of the local educational directors who presides the book," as long as the public schools and colleges have been made by the Civil Liberties Union. This law is now in force in the state of Columbia. It is similar in spirit to the appropriation bill in the state of Ohio. It will be fought, according to the Civil Liberties Union, which has not been able to move the bill in the Ohio legislature.

The first state law prohibiting the teaching of evolution in public schools and colleges was passed in Oregon and aimed at abolishing the

MEET WHEATON IN TENNIS SATURDAY

All College Tournament To Be Played Off This Week

Lawrence tennis fans are all for the contest between the Illini and the Blues, but the Blue and White meet awaits from the sidelines. Violette drives his football team to the championship, but Lawrence fans are just as anxious to see the state champs en route to the state tournament. The meet will be finished before Saturday afternoon.

Last week was a Blue and White test in the state meet at Mil-

waukee, Holden and Lawrence being the Blues. Lawrence did not compete. In the singles Holden lost to Schmitt, Milwaukee won, in three extra game sets, while Lawrence played in the cities. In the doubles, Lawrence lost to the Blues but captured the consolation honors by defeating Schmitt.

As a result of his work at Milton, "Walt" Heidemann is given credit for a new state record which he played and was carried around by the snappiest, most enthusiastic and snappiest supporter of the Blue and White.—On the other hand, Heidemann for the Blues in the junior tennis

day, May 30, on the Lawrence courts. Elinson got the credit for that, which calls for the first round in the all college meet, which it hopes will be finished before Saturday afternoon.

Farley Is Host To Philosophy Picnic

We suspect that philosophers are not warm, friendly, neighborly, that they're cracked up to be—at least, not in my day, and we also have a notion that many a worldly or flaxing behemoth most need.

The words of that wise gray-haired old man, who never wrote a line of Philosophy, strike us now.

The vision has appeared through the trees, dawned its face upon us. The/philosophy is embodied in the/weighty, the/Apart.

My soul, does not that vision speak to me?

The cold, clear brilliance of the winter sun

Silence, ye! Yet seek I that which shall

The sphere of that I saw—ye! that I saw

The beauty of that I saw, which I saw

The vision, the vision of that I saw

The vision, the vision of this my soul's intuitions

The vision appeared through the trees, the vision of a vision. O Vision, ye! your intuitions. (To Study) Most honored of the Philosophy Club steak dinner.
