President Calls For New Lawrence Song

With a tip of the hat, bringing Lawrence-ites that can be set to search mark and to be a service for your school, the Lawrence song book was presented for amusing purposes as a part of your college song collection. A song, a mesh of Lawrence, something with student spirit and dash is needed on the campus. In Henry W. Wriston, realizing this need, has offered a prize in order to get immediate results. Our "Amick Mote" is a local, real song, and can be used for impressive purposes, and not just as a song with a purpose of robbing the campus of its steady source of music, the neutral music, probably selling for something with martial strains.

Grafts With Chapel Adjunction

Because of the tremendous offered current week of events of the university, there is a need for a well organized, self supporting group to grow through the winter weeks. Mr. Dr. W. MacIver, is conducting a big project meeting to act as an nucleus for several American anthropologists who have places and standing within which Dr. MacIver was interesting in the field of sociology, Kislak, secretary and treasurer of the American Anthropological Association, who presented Dr. MacIver these weeks.

Belahe College is also interested in anthropology. In this regard, a committee was appointed to act as the forerunners of the college, for research in the spring weeks.

Returns to America

After Long Absence

James Henry Nolan, assistant of the class of 1895, and at present a missionary in Brazil, will start a short trip to chapel last Tuesday in order to have his annual visitation. Mr. Nolan has spent the summer in the mission work of "Christian" institutes in Brazil, Brazil. He has also been editor of a religious weekly which he operates in Brazil. Mr. Nolan intends to spend the rest of the summer in Brazil, Brazil, Brazil, Brazil.

Dr. R. C. Mollen, professor of music, gave an address as "The School of Music in the University," Sunday evening, September 22.

Youngest College President
Inaugurated At Lawrence

Representatives From All Leading Educational Institutions In State Present At Inauguration

"Lawrence is a college, not a professional school or a commercial school," said Dr. Harry W. Wriston, in his inaugural address in Lawrence. That the college is an institution to teach the student how to learn and how to live in a churchman's view and not as a source under his presidency.

Dr. Wriston also stressed the fact that teaching was completely a personal process. It comes to a student rather would seek to be to seek the student's school that he was seeking, and if that student was to seek the student's school and not his own.

The speaker urged the necessity for the college to be a churchman's view and not as a source under his presidency. The student, the teacher, must be sought, not the student's school that he was seeking, and if that student was to seek the student's school and not his own.

The speaker urged the necessity for the college to be a churchman's view and not as a source under his presidency. The student, the teacher, must be sought, not the student's school that he was seeking, and if that student was to seek the student's school and not his own.

What the Clubs Are Doing

**TEASERS**
The Teasers will present a musical comedy skit in student chapel on Fri., December 5th. Two of the Teasers will present the Charleston, two will sing in a Spanish show, and Gladys Thompson, '27, will play some poppy jazz songs. There will also be a chorus of all the Teasers which will present some new songs.

**BIOLGY CLUB**
The Biology Club was organized for this past week. Votes on various committees were taken, and club officers were elected: President, B. M. Hobbs, '27; Vice President, James Moore, '27; Secretary, Karl Bayer, '27. The program will consist of a movie showing the methods and results of marine collecting as carried out by the "Amelia Earhart" of the Pacific waters off Southern California. This boat is owned and operated by the Department of Biology of the University of California, with which department Dr. R. E. Muller has been connected for the past three summers.

**SPAMCLUB**
Mary Snyder, '27, gave an illustrated talk on life in Paris, which will be held some time during the month of January, in Science Hall on December 8th, at 7 P.M. Mr. Bennett will discuss "The Measurement of Crystals by X-ray Interference."
SOCIETY

**Pre-Thanksgiving Functions**

The pledges of Phi Mu gave a quiet dinner for the active Thursday evening, November 18, at the North- ern Hotel. The table was Artistically decorated with the novitiate flowers, rose and white carnations. The president of the novitiate gave a toast to which the president of the pledges replied.

**Delta Delta Phi**

The members of Gamma Delta Phi entertained the pledge for a dinner in the French Room of the University Hotel, Tuesday, November 15. Thanksgiving decorations were used.

**Zeta Tau Alpha**

The members of Zeta Tau Alpha entertained the pledge for a dinner in the French Room of the University Hotel, Tuesday, November 15. Thanksgiving decorations were used.

The pledges of Zeta Tau Alpha gave a bridge party for the pledge for other members at the chapter room on North Street Saturday afternoon, November 21.

**Delta Phi Delta**

The pledges of Alpha Delta Phi served him for the pledge for other members at a supper in the French Room of the University Hotel, Tuesday, November 15. Thanksgiving decorations were used.

On Saturday, November 21, the chapter gave a tea to honor Miss A. T. Ewing, the faculty woman, the members and guests of the chapter rooms on E. Lawrence Street.

**Delta Gamma**

The pledges of Delta Gamma entertained the pledge for other members at a supper at the chapter room on E. College Avenue Saturday afternoon, November 31.

**Kappa Delta**

The banquet of Kappa Delta was held in the Crystal Room of the University Hotel Thursday evening, November 17, at which time the mem- bers entertained the pledge for a banquet. Miss Bertha Min- niger of Normal, was the chief speaker.

In honor of Miss T. Ewing, Miss Mary Ewing, Miss E. H. Bertrand, and Miss E. H. Brown, the members of Alpha Delta Phi entertained the pledge for a banquet Thursday evening, November 17, in the French Room of the University Hotel, at which time the pledge was entertained. Mr. C. L. Brown was the chief speaker.

**Adelpheis**

The annual formal dance of Delta Gamma was held Saturday evening, November 20, at the home of Mrs. Fred Heath on Broad Street. Cards were played after dinner.

**Fraternity Parties**

Delta Sigma Tau fraternal held a home luncheon Saturday evening, November 20, at which Miss Francie Werner and Miss H. R. Aikens spoke. The pledge entertained the pledge for a banquet in the fraternity house on N. Lawrence Street Thursday evening, November 26, in honor of the pledge who were attending Miss Delta Sigma Tau.

 Theta Phi Alpha gave a home party Saturday evening, November 22, at the chapter house on E. Lawrence Street. Cards were played after dinner.

N otice to the Faculty: In the interest of correct procedure, the names of students recorded as absent this week have been corrected in the official rolls. This action has been taken to prevent any unnecessary repetition of the same mistake.

Famous Last Words

"You thought I was slow, but I fooled you; let's go on a bust!" said Luke.

"I wanted to ask if you really loved me. I don't think you do," said Bertha. "Of course I did," said Michael. "Then why are you here?" asked Luke.

"And just when this began to look intriguing, we found out that "it" was a mouse."

"I wished to ask if you really loved me. I don't think you do," said Bertha.

"And just when this began to look intriguing, we found out that "it" was a mouse."

"I wanted to ask if you really loved me. I don't think you do," said Bertha.

"And just when this began to look intriguing, we found out that "it" was a mouse."

"I wished to ask if you really loved me. I don't think you do," said Bertha.

"And just when this began to look intriguing, we found out that "it" was a mouse."

Muriel Kelly Is Promoted at Banta's

Muriel Kelly, 39, former editor and news editor of the Lawrence, has been promoted to the position of managing editor for the George Banta Publishing Company. Miss Kelly became a member of the proofreading department in 1921, and immediately after her return from the Pacific Northwest and California, she was given the promotion. Her present job she has had with the company for about six years.

Banta Publishing Company is best known to college people as the house of "Banta's Check Exchanges," and in the publisher of a large number of class-handle magazines.

Review by Frampton Appears in Magazine

A review of John A. Frampton, of the Lawrence Conservatory, of the book "Piano in Excess," by C. E. Hazard, appeared in the January number of "School Music." Professor Frampton says that in the author's preparation for his work, his years of successful teaching, his study of piano literature and his practice, fr.6d from a few minor criticisms, the book is computed for its interesting qualities and for the sympathetic statements of the composer, in which the book "die no." Professor Frampton, "should find a place in every piano teacher's library for the convenience of his students who desire to be thoroughly equipped to become piano teachers and to teach the piano as a business." Mr. Frampton also writes that his book is characterized by cooperation with the author of the "School Music." Relief of War Given

To History Department

Through the generosity of Professor Joseph B. Giffith, the department of history has secured a new and invaluable addition to its collection of rolls.

While working with the American Expeditionary Forces in France, Professor Giffith gathered a very interesting piece of scrap. This roll of the great war was found in the vaults of a Parisian church. It is an old roll, probably dating from the 19th century, and it contains the names of all the workers who were employed during the war on the construction of the building." The roll has been given to the department of history by Professor Giffith. Books being an interesting addition to the department's collection, it is a valuable example of the way the dead in the past were remembered. It is said to be, since it is a relic of the past.

Carte du Jour

AND it's practical as well as keen-looking, the black-tipped lacquered barrel will be found no matter where you Park!

At Aantic College

We act the football situation at Aantic some time ago by establishing all intramural football. To-day all of our students are involved, and the dissipation of football has made possible a normal distribution of interest in athletic sports.

Our student body represents every section of the United States, and about ten foreign countries. Each year, the athletics have received several times as many as can be accepted. What has been the effect of the elimination of football to the number of applications?

Applications have increased about 25 per cent in quantity, and the average quality shows marked improvement. This is for face of the fact that we have increased tuition and added a thorough-going physical examination as a requisite with such applications.

The elimination of football has certainly not been a serious handicap, able students who left college because of the lack of interest in athletic sports were a fraction of one per cent of our total.

We have found that our action was well received everywhere.

—President Arthur E. Morgan, Aantic College.

Whiteman Concert Cordially Received

A taste of reality—just that—has supported the dignity worthy or essential classification and not retained its stilted, pantomiming qualities—was the program of Paul Whiteman and his British orchestra at Lawrence Memorial Chapel, Thursday, 24. Without doubt, the concert was merely an enlarged expression of the personality of the great director whose life has been devoted to preserving the interpretation of the American jazz spirit of years. Throughout the whole course the American humor and the American music were highlighted.

In the great war was found in the vaults of a Parisian church. It is an old roll, probably dating from the 19th century, and it contains the names of all the workers who were employed during the war on the construction of the building. "The roll has been given to the department of history by Professor Giffith. Books being an interesting addition to the department's collection, it is a valuable example of the way the dead in the past were remembered. It is said to be, since it is a relic of the past.

Machinery works: Man thinks

According to college tests, man develops one-eighth horsepower for short periods and one-twentieth in steady work. As a craftsman—a worker who uses brains—he is well worth his daily wage. But as a common laborer, matching brain against motorized power, he is an expensive luxury.

With a fifty-horsepower motor, for instance, one man can do the work of 400 common laborers. He is paid far more for his brains than his brawn. The great need of this and future generations is for men who can plan and direct. There is ample motorized machinery, no matter how ingenious, can never plan for itself. And that is precisely where the college man comes in. Highly trained brains are needed more and more to think, plan, and direct tasks for the never-ending application of brain-saving electricity.

Loss Of Stars Weakens '26 Cage Team

Season Opens With Odds Against 
Rice and Winne-Fresh Faces With Monmouth

Basketball prospects for the coming season are not as bright as they might be. At the close of last year, the first five members of the team and the team with the last name's Mid-West championship, were back in school, and no other team of Mid-West championship caliber were on the floor in the school. The first blow was the resignation of Eddie Keith, who has already lost three years of competition and who is ready for the fourth and last year of play. Edger was placed in guard at the abdominal conference team at the close of the last season, and the key will be hardly hit. The second blow came when Rozanne turned his knee in the Caroll football game and in all probability will not be able for the entire season. Rozanne was captain of the team last year, and is one of the surest guards ever seen in a Lawrence uniform. Then too, the Democrats are looking to meet some of their hardest foes early in the season. Monmouth has one of the strongest teams in the conference, and the Blue will be favored to meet them early in the season before Coach Denny has a chance to develop men for the two vacant positions.

Nevertheless, things have not been idle, and Coach Denny has been holding practice since the beginning of November, for all men who were not out for football, Grevy, Johnson, Clark, and Grant of the last year's squad have been out, along with Wilder, a new man from River Falls Normal, and Roscoe an operator who made his letter in the 1924-25 season forward. Rozanne was captain of the Norfolk high school team under Coach Denny in 1924-25, and so it seems to this system. Grevy and Johnson are being groomed to take Keith's place at guard, and Roscoe is the man to which one of the boys will shift in the first game. In all probability, the two men will alternate as the positive unit one of them in the backfield and the other at the full back. With the new facer college experience, he will be able to shift as many guards in the game as needed, and can draw a guard. Grevy is a strong, feisty player in easy practice than ever before, and is working a solid bid for the forward position of Raymond. Wilder, who had a year's break from the game, is slowly getting back into form, and will make a strong bid for a forward or center position.

Coach Denny begins practice in easy practice and has possibilities of coming through.

Prospects Bright For '26 Football Team

With only three men of this year's football squad to be lost through graduation, the football prospects for next year are very bright. Those who played last year of college football this season were Rosanne, Barthelemy, and Froese. This leaves the following players available for the 28 team: Britten, Nason, Rozanne, Grant, Wilder, Winne, Boemer, Hey, Astine, Henderson, and Lester Boyer of the latter men. All of the above earned their emblems in the season just passed.

Others who have had varsity experience are, Rosanne, Hunter, Nosal, Marshon, of the backfield, and Carl Bryan, Bent, Fellows, and Kooler, Henderson.

The main bond to the enrollment of the team promised comes from the hands of training excellent material from the freshman team. The line, through the additions of Barthelemy, Gans, Hey, Astine, and Wulf, will have it very weak tomorrow morrow. The end positions with Rozanne and Wilder out, wholesome, will be very well taken care of. If Barthelemy, Hey, Johnson, besides being capable of fine play, are also posters of team ability. Both are consistent. It good for 40 yards or more in their passing, and together with Nason and Rosanne will give the team an array of kickers hard to compare. Of the out standing backfield men from the fresh crop, Boettcher, Dillig, Dorsett, and Weekes might be expected by as many others as is the case. The only way equal quality will be not in conflict with any varsity positions.

The whole array of talent, from sufficient Doctor Denny's requirements, makes the outlook for the coming season one that will unusually bright, as any season, and Coach Denny has hopes for the Little Five Championship.

Harry Burrichter, Ed, and Ralph Bishop, co-capt. of Chicago spent the last holiday with their Theta Phi fraternity. Mr. Burrichter is now with the Mayrose Furniture Company of Chicago.

Marvin Conwell was elected captain of the football team for next year at a meeting of the letter men in the team. Coach Denny's seventeen-year man has been one of the outstanding men in the team for two years, and without a doubt the beta freshman in the conference this year. Conwell was selected on the all conference team at guard at the close of last season, and undoubtedly made the team against every other team, and was a lock at tackle, he was shifted by

Denny Announces Basketball Schedule

Athletic director A. C. Denny announced the basketball schedule last week. Fourteen games have been arranged for the present season against the seventeen game schedule of last year. The Rivers open the new season on January 5th when they meet Milton here. The season closes March 5th when Conwell comes here for the last game of the season. The schedule is as follows:

Jan. 5—Milton, here.
Jan. 8—Northwestern, here.
Jan. 15—Muncie, here.
Jan. 16—Knox, here.
Jan. 22—Belhi, here.
Jan. 28—Eips, here.
Feb. 4—Marquette, here.
Feb. 12—Carroll, here.
Feb. 15—Milton, here.
Feb. 19—Marquette, here.
Feb. 28—Muncie, here.
March 5—Carroll, here.

Coach Conwell started from his old place at guard to tackle; he was found to be as good at tackle as he had been at guard. Conwell is a hard working, solid, steady leader, and commands the respect of his team mates.

"HOW TO STUDY"

The Student's Handbook of Practical Hints on the Technique of Effective Study

EXTRAORDINARY SERIES

A series of books, written by Prof. A. Inglis, Harvard. Prof. G. M. Whipple, University of Michigan. Prof. R. M. Goddard, Massachusetts Institute of Technology. Prof. N. S. Noyes, Massachusetts Institute of Technology.

"HOW TO STUDY" will show you how to avoid all misdirected effort. It is safe to say that failure to guide and direct atudy is the weak point in the whole educational machine. To students who have never learned "How to Study," work is very often a hostile menace, a flagellation, and an insuperable obstacle to contentment.

A mong the most important things for the student to learn is how to study.

"How to Study;" the basic fundamentals of study. Scientific Shortcuts in Effective Study.

"How to Study;" the basic fundamentals of study.

"How to Study;" the basic fundamentals of study.

"HOW TO 8TUDY" will show you how to avoid all misdirected effort. It is safe to say that failure to guide and direct atudy is the weak point in the whole educational machine. To students who have never learned "How to Study," work is very often a hostile menace, a flagellation, and an insuperable obstacle to contentment.

"How to Study;" the basic fundamentals of study. Scientific Shortcuts in Effective Study.

Some of the Topics Covered

- Why Need This Guide

"Why Need This Guide"

To help students understand how to study and direct study in the most effective manner possible.

"Why Need This Guide"

To help students understand how to study and direct study in the most effective manner possible.

"Why Need This Guide"

"Why Need This Guide"

To help students understand how to study and direct study in the most effective manner possible.
The Lawrence athletic board will vote to adopt the one-year instead of the three-year rule as it now stands, according to Attorney A. A. Dorsey.

The one-year rule at Lawrence has already been adopted to cover all the sports of the Methodist institution. This rule, passed by an emergency vote of the board of control of athletics, brings about a new policy of Lawrence which will put them football, basketball, and track teams on the same basis with larger college and university teams of the midwest.

Starting next September every junior and senior at Appleton High School, who are interested, are urged to be keen competitors this year. All girls there next Monday.

Other teams in the city. A tournament close of the season. Interest in Central.

Gives $200,000 For New Gym

(Continued from Page 1)

A new administration building as a memorial to the late Dr. Samuel F. M. Thiede.

The play that broke the roof on $10,000.

The most difficult problem is in the type.

The things that count are the things you DO, not what you are GOING to do.

For Your Roommate

For Christmas—a

Vest Pocket Kodak

Just What I Wanted—a Kodak

That’s the nicest part about giving a Kodak—you know it’s just what was wanted.

For your roommate there is the Vest Pocket Kodak. Model B, the first folding Kodak to sell for $8. It is hardly 5½ inches long by half a little giant, photographically.

For Dad or Mother there is the No. 1A Pocket Kodak, Series H, a sharp-shooting, sure-fire camera that makes pictures superior to 2½ x 4½. Price $26 with Kodak Anamorphic f.7.7, and Domatic shutter.

For him or friends there are the Bross—good picture-makers that cost as little as $24.

You'll find shopping at our Kodak counter time-saving, convenient. Camera gifts are here to stop the gaps in your Christmas list and we have here to show you.

Hairdressing a Specialty

Two doors east of the Five Star Hotel.

Exceptional Values in Overcoats

$35 to $60

The exceptional values in overcoats is in the superior tailoring, fabrics and findings, rather than in "harmful prices." They're economical, rather than cheap. On a basis of actual cost, they cost less to wear than "cheap" overcoats. And you're better dressed, too.
Lawrence Girl Wins Fame As Opera Star

Lucile Melion, a native of Appleton, Wis., and a former Lawrence student, was named as an outstanding dramatic artist at the famous Paris Grand Opera House in Paris, France, recently. She has been a member of the Sunset Players and Capilson-Ohman. In these tours she in concert and vaudeville as Luella Chilson. She is a daughter of Dr. W. H. Chilson, the wife of Dr. W. H. Chilson, and her husband is a New York broker.

Dr. H. N. Delbridge, 70, principal of Lawrence College and Collegiate, visited with the students on the campus of an operation for tubal ligation at the campus on the campus.

Glover that he will appreciate: tassel, wool or fur-lined. STUDDS and LINKS—Keystone sets, jewel of at $1.79.

Choose Now—Xmas Vacation is Near

The University of Delphoe has discontinued the undergraduate athletic activities because they prove more of a liability than of value. Students are permitted to compete only among themselves.
