Shattuck Critiques

Con Pianists Today

Mr. Arthur Shattuck, noted American composer and performer, will visit Lawrence Conservatory of Music on Monday afternoon to give a recital. The concert will feature a number of American composers, including Copland, Gershwin, and Markevich. The concert is free and open to the public.

Mombmouth and Wabash Win Contests

The Lawrence Debating team has won two important contests in recent months.

Actual Rating: 23rd Place

In the first contest, at the University of Illinois, the Lawrence team faced off against the University of Indiana. The Lawrence team won the first round, but lost the second to Indiana. In the third round, they faced off against the University of Wisconsin-Madison. Despite a strong performance, they lost to Wisconsin.

In the second contest, at the University of Michigan, the Lawrence team faced off against the University of Illinois once again. This time, they won both rounds, effectively securing their victory.

Violin Soloist

Wesley Alfred

Wesley Alfred, '27, is violin soloist for the May Queen contest. Alfred has been a member of the Lawrence Symphony Orchestra for several years and has won several competitions in his field.

Registration of all students for next year will be required in May. A registration card will be sent to each student in early May, and will be ready by that time.

May 14—New Curricular Requirements and Changes To Be Outlined in Commencement Address

A large crowd filled the Auditorium of Memorial Chapel. Several faculty members spoke on the importance of higher education and the new curricular requirements. The students were given an opportunity to ask questions and express their concerns.

Registration will Re-Open in For Coming Year

The registration office will be open for the registration of students for the upcoming academic year. Students are encouraged to register early to ensure their place in their desired courses.

Several times this year I have had to answer, "Well I'd like to, but I have someone to hike with." And the next sentence is, "Ethel Blake, Professor Reader, Appleton, Wis., under the Act of March 3, 1879, ber 20, 1910, at the postoffice at Appleton. Wisconsin, under the Act of March 3, 1879, and couldn't find anyone who wanted to know, I wanted to hike the other day and couldn't find anyone who wanted to go there, so I went alone." We and everyone knows it's a "no-no" and it is only by forcing our opinions and beliefs upon others. It is well known that activities for girls should be superfluous. If we have equal rights and equal opportunities, then we must have equal responsibilities. The same finer touches that have for five years charmed the college world are cast on our own responsibility here in our own lives; be it in mind or body. We sit in picture shows and breathe stagnant air, and we like picture shows and novels, yet the fresh air of outdoor life is healthful. Exercise of this kind will keep in good condition and smooth the body organs, and the latter it is so necessary for health. Don't let that lead to pre-ruled strenuously. Don't let that lead to pre-rules. It is irresistible, and the extra exercise is necessary for economy. We must exert our muscles and give our brains a chance to relax and refresh themselves in the work of study. There are healthful activities, and although we may feel a sense of responsibility in the presence of leadership, leadership is an important factor in every career; especially now when we are at or on our own responsibility line and we must be our own "pavilion angels." Second, many girls would rather be in a picture show or stay at home (cabinets) and read rather than exercise themselves in the fresh air of outdoor life, or get a "bouquet of the fresh air." Thirdly, the sense of responsibility between them and ourselves everyday is the sense of discipline. We all sit in picture shows and breathe stagnant air, yet the fresh air of outdoor life is healthful. Exercise of this kind will keep in good condition and smooth the body organs, and the latter it is so necessary for health. Don't let that lead to pre-rules. Valley High School
Tennis Stars To
Compete May 15

High school and junior stars of the Fox River Valley are to have a chance to show their wares and to determine who is the valley champion May 15, if arrangements now being made by the Lawrence Athletic Association are completed. May 15 will be a big day for Valley children, for the second annual Conference Tennis and Field Meet will be run off this date.

Coach A. C. Denney has been sounding opinion among the Fox River schools during the past week, and he feels confident that there is enough sentiment in favor of such a tournament to make it a success. Favorable replies have already been received from three of the schools and indications are that most of the rest will drop into line. It is hoped that at least eight schools will enter, with every school sending at least one boy and one girl. The tournament is to be run off on the dates upon which Maik Catlin, football captain, declared to the presidency, to help them cope with the inter-class meet scheduled in two weeks, so there may be a little crowding.

Café To Speak At
V.M.C.A. Meeting

The spirit that wins is the subject upon which Harry Snyder will speak at the V.M.C.A. Thursday evening. This will be the first regular meeting since the recent election of Harry Snyder to the presidency, and Muskie Snyder will be in charge.

Café is not in first class shape. Counsel, to help them feel beneath their feet the soft safety must put the ball in play on its own twenty yard line by a punt, drop kick, or on-side kick, as the first down with the opposing team fixed up on the thirty yard line. But this rule was in practice last season, Michigan's great team would have been undefeated. Coach Ten's machine suffered only one set-back, and that at the hands of Northwestern, Michigan scored their only points on a safety, and when the ball was put back into play on their own twenty yard line Northwestern accosted the ball on a fumble and stopped a now dropped kick back by the win-

Denney's Track Meet
Step Outdoor Monday

Monday Coach A. C. Denney turned the track men out-doors, and let them knock around their feet the winds of spring. In two weeks, the class houses will clash for supremacy. The season and juniors, with a few seniors, are favored as outsiders for top honors.

It is rumored that the juniors have called out their football captains, to help them in the task, but much is known of the fresh crop. They came through in great style in the other major sports, therefore they may show a few surprises in this sport.

The opeo the Hyles will carry the heart of the season. The track and field meet will be the first class shape for the inter-class meet scheduled in two weeks, so there may be a little crowding. Coach Denney shows his track material from this meet.

**New Grid Rules Will Speed Up The Game—Catlin**

"The change in the football rules for the nineteen twenty-six season will set in in any way interfere with the performance of Lawrence "Grid" teams," declared Coach Mark S. Catlin.

"The forward pass, so much by small colleges and high school teams, has really never been a success, and the playing of a penalty on interrupted forward passes will tend to discourage its use. The play is a good one from the spectators' standpoint, but in real football it is a failure. Its principle is as in a last resort play, after all others have failed, and is meant to gain lost ground, but below the team is operating away in a situation it usually fails. I am of the opinion that the rule will speed up the game and, in time, I believe that the use of the forward pass will drop down," is Coach Catlin's opinion.

Another important rule is that which provides that a team making a safety must put the ball in play on its own twenty yard line by a punt, drop kick, or on-side kick, as the first down with the opposing team fixed up on the thirty yard line.

We are offering Comet Keds, as worn by the Original Colleen, champion professional basketball team of the world, at $3.75. Reverse History basketball shoes in brown with crepe sole at $5.25.

We are headquarters for sporting goods in this vicinity.

To the Editors:
As the printing of this film neared the end, Lloyd was determined to do something unusual. He decided to direct his own performance, which meant taping his every move. Lloyd was used to being the center of attention, but this time he was the one being watched. He was nervous, but he knew it was necessary to keep his acting natural.
