Bob Grader's Coach Gives Chapel Address

Robert Grader's first, R. A. Waite told Lawrentians in chapel that he has been one of the most dependable men on the faculty in recent years.

"I am not a great believer in any kind of art or sport being either idle or useless. The sum of all the qualities of the institution, the social life of the students, and the influence of the faculty, makes up the winning combination."

Announcement Made in Chapel Thursday

"The only way to express a certain kind of taste is to create a group of enthusiasts who will help you to the utmost of their ability."

"The new organization is a result of a need felt by many students to express their love for the drama. The student body has long been accustomed to giving a play each year, and the Drama Society has been set up to accomplish this end."

Some students have already submitted their lists of literature, and it is our hope that we can have a full list of the books we will be reading in time for the coming season.

A RAMBLER'S TRADITION

Robi students recently had an enthusiastic and rather violent campaign to maintain their college traditions. The freshmen there have not entered the spirit of their college's culture and have ignored its traditions. If there are too many wire baskets around it. As the bench falls apart, the pieces will fall into something to ridicule rather than to respect and love for an institution.

Play By German Club

An interesting talk on social conditions was given by Professor Hagberg, who is a graduate of Harvard University and has worked in the class of 1928 or as a graduate student.

An impressive and beautiful pageant, "Parse Through the Unknown," was presented in which short scenes were acted on by fifteen or more students. It was a complete mystery to those who did not know the story. A series of scenes was given by the German Club and the German Club of the American University.

Tennis Match With Oklahoma Postponed

The match scheduled between Iowa and Illinois Oklahoma which was to be an added attraction in conjunction with the opening games was postponed due to the wet conditions. In the first round of the singles match and from the doubles match all matches were won by the Blue aspirants. Professor Mundhenke was to pick the eight men from the Blue netmen and from the Blue aspirants from the campus courts the Blue aspirants have the privilege of entering the consolation play in the second round. The losers in each group are divided into two groups and the winners of each group play in the second round. The winner receives fifty points to be added to their total in the final tournament.

Boettiger Discusses Pacific Movements

"Now that the peace movement is more sure in full swing and the at-
tention of the public has been called to such matters as the out-
side of the war, the reduction of armaments, and international laws,
the time has come to consider certain elements of fact and
forces which fit the method," said Dr. Laura A. Boettiger, professor of
sociology, in her chapel talk Thursday morning.

Boettiger was the only one to speak on the topic of the Peace
movement, and she was chosen to speak because of her reputation as
an expert on the subject.
