Blues Defeat Beloit Five; Score 28-18

Shaking a strong comeback in the second half, beating Beloit to win the game, the Lawrence Blues defeated Beloit, 29 to 18, at Armory Field Tuesday afternoon. The score at the end of the first half was 15 to 14 in favor of Lawrence. This was Lawrence's first conference victory and Beloit's eight straight loss.

The Blues beat a decided favorite in their game, especially during the second half when one long shot by Dorsey, and two free throws by all Coach Beloit's men were able to score. All of the Lawrence defense and offense were at their best during the second half.

Clark, with three baskets and four free throws for a total of ten points, was the scoring star of the offensive play. He was followed by J. L. Mursell, with a total of eleven points.

The game was played before a large crowd and the Lawrence team also had a large turnout of students.

Regarding the problems confronting a number of the students, the President of the Lawrence College, Mr. F. R. Beloit, was on the floor of the Assembly Hall.

The president explained that through the leadership of the university president, the problems of the students were solved in a satisfactory manner.

The Y.W.C.A. has made arrangements with the Lawrence College to hold a series of meetings for the benefit of the students.

The amount is paid. Failures to leave the premises of the Lawrence College will be permanent matrons and chaperones appointed by the authorities.

Keys must be returned immediately.

A fee is charged for the use of the entire house. If exclusive use of the entire house is given to one person, the amount is paid.

The increased jealousy and ill-purpose.

During the past two weeks we have been warned of being pro-

and pre-empt—everything but pre-Lawrence.

And therein lies the key to the whole situation. The pettiness,
the personal and group animosities, are so overshadowing the real
problem that few people are seeing the thing in the right perspec-
tive. As we see it, the question is not who has the right to decide
which man is the best one for the office, but rather how do the
fraternities stating that he thought
