1929 Ariel Staff Positions Are Open; Trying Out Begins

Half of Thirty-five Will Be Selected For Yearbook, By Marion Talley

Organization of the 1929 Ariel staff is rapidly being completed under the direction of Art Mueller, '29, who is to be the chief of the yearbook in the 1929 staff which is to be at work October 20.

At present, seventy-four students are applying to positions on the editorial staff, and twenty-three of these have already had previous experience on the school paper.

Term dates will be the same as those of the previous year.

Other staff positions open will be filled by the end of the first week of school.

Regular staff meetings will be held Wednesday evenings at 130 in the Arizona room, and all students desiring to try out are urged to attend.

Dr. MacHarg Speaks

"Time is not a bubble, but what you make it, and you are dependent on your training and understanding," said Dr. MacHarg in his speech before the Information bureau.

"Time is the most precious thing in the world and each of us has equal wealth and we can never spend any time, and the speaker asked the students to be as good as they could be, and to make every moment count.

The president, who is 80 years old, told the students that the most important thing is to work hard and be prepared for the future.

LAWRENCE VIKINGS HOLD GOLDEN AVALANCHE TO 9-0 SCORING IN THRILLING GAME

A stringing football squad from Lawrence played an inspired game in the conference football game here, and succeeded in holding the powerful Missouri State gridiron club to a 9-0 score.

The game was the third in a series of games before a large crowd, many of whom were wildly cheering the home team before the end of the fourth quarter.

The team's performance was described by the Missouri State reports as "a thousand yards in the short second quarter, and the Golden Avalanche," which looked more like a pile ofSound men at the time, to try to hold on to a touchdown and a safety in the third.

A running game in the third quarter, by the Missouri State reports, was described as "a thousand yards in the short second quarter, and the Golden Avalanche," which looked more like a pile of Sound men at the time, to try to hold on to a touchdown and a safety in the third.

The Missouri State reports described the game as "a thousand yards in the short second quarter, and the Golden Avalanche," which looked more like a pile of Sound men at the time, to try to hold on to a touchdown and a safety in the third.
The Marquette football squad, which brought an inexperienced team, and one which had been prevented by inclement weather from properly conditioning itself, was directly responsible for much of the fine grilling that showed the need to check up. So he looked into the records of the honor men—has been as successful. Read this conclusion: Of each 15 honor graduates, 14 have attained success in a marked way. The one boy who has not that it was time to check up. When the report of the timekeeper’s gun sounded across the muddy field of Marquette university football stadium Saturday afternoon, and eleven blue perspired men straightened their tired backs and plodded towards their dressing room, a great gridiron battle passed into history. For more than an hour previously, these eleven men and a few substitutes had been battered by an attack greater than theirs, had been but crushed by the bruising charge of a heavier “golden avalanche”; and throughout the entire second half of the grueling struggle, the blue line did not break once.
Three Faculty Men to Get and Times

Those members of the Lawrence faculty familiarly known in athletics during the past season were Professor E. F. Kopp, Professor C. B. Appleton, and Professor F. H. Kopp. Each of these men was a part of the Lawrence tennis team, which was victorious in the state championship. The next season, another team will be formed under the leadership of the present coaches. The success of this team will depend upon the efforts of the officers of the club and the support of the students. It is expected that the team will be composed of a nucleus of players from the present team, supplemented by selected players from other schools.

Notre Dame Grid Star Is Coaching Blue Frog Squad

"Red" Smith is teaching the Blue Frog squad this year. It is reported that Smith is teaching the squad to play with the Green Bay Packers, and that he has already signed to coach the Packers.

Women's Swim Classes To Begin October 5

The swimming classes will begin Wednesday, October 5, at the Y.M.C.A., according to Mr. Smith, swimming manager. Three classes during the day will be open to swimmers at 2:30, conducted by Miss Katherine W. M. Smith. The classes will be held at 7:30, and one at 10:30, both taught by Miss Van Vranken of the Appleton Women's club. The evening classes will be held in the main gymnasium, and will be taught by Miss Van Vranken. Later in the year, if there are enough swimmers, a life-saving course will be given by Miss Wanner.

Miss Fretts To Study In England This Year

Miss Maria F. Fretts, formerly assistant professor in the English department of the college, sailed Sept. 30 on the "Hawke" for London, where she will continue her study of English literature at Oxford University. Miss Fretts, whose home is in Green Bay, Wisconsin, will remain in England for the next five years, studying the history and literature of the country. During her time there, she was assistant dean of the English faculty of the Birkenhake, president of the W.U.A., and dean of the English faculty.

Students! Attention!

Earn while you learn. Space work after school for the benefit of the students. Work is now paid for. Apply to Mr. Wisner, physical education director.

To Be Graduated In Law At Wisconsin

Seftenberg and Schmiege, former Lawrence students, recently graduated from the University of Wisconsin.

Chester F. Seftenberg, 22, and Omer J. Schmiege, 23, former Lawrence students who were members of the state legislature during its last session, will both be graduated from Wisconsin university law school next spring.

Seftenberg, who graduated from Lawrence in 1923, after finishing the course here in three and one half years, will complete his graduate law work at the university in two years. Elected to the legislature just after he had received the twenty second year, Seftenberg is recognized as the youngest legislator ever having served Wisconsin.

Paul Ungrodt, '22, of Washburn, Wis., 26 years old, who attended Lawrence in 1923 and 1924, was elected and served the legislature last year but has since resigned from political life and has accepted a position as secretary of the Northern Wisconsin Power Company in Superior. Ungrodt had several years of political experience before being elected to the legislature and was for three years known as "the ray maree" when at the head of civic activities at Washburn.

Schmiege, attending Lawrence in 1921 and 1922, was elected to the legislature during its last session, has taught school and studied law.
