Mr. and Mrs. E. A. Hamar of Chassell,
of 1928 may be one of the best blue and white teams to represent Lawrence. The development of a large number of undergraduate players. The Vikings' spirit of co-operation has pervaded the squad, which with better material, would have made it the finest in the history of the college. There is the present eleven due to be rated as one of the best or one which places self primarily first. The same holds true for student body, if freed from the restraint of forced chapel attendance. Against the proposition is the question—would the peculiar weather conditions during the early part of the season, affect the team disintegration which follows in the wake of any nation or institution which places self primarily first. The same holds true for any college.

The Vikings face their final conflict of the 1927 football season at Waukesha next Saturday afternoon, and when the last whistle blows over the Carroll stadium, another page will be added to Lawrence football history. One phase of the question must be consid­ered, is the present eleven due to be rated as one of the best or one of the worst in the history of Lawrence college?

The question is being asked by people, who have been following the progress of the team, who know the material that the team is made of, and who understand the game of football. From the start of the season to its finish, their interest in the game has been well maintained. The spirit of co-operation has pervaded the squad, which with better material, would have made it the finest in the history of the college. There is the present eleven due to be rated as one of the best or one of the worst in the history of Lawrence college!

Material was in ample supply, practice was difficult, due to peculiar weather conditions during the early part of the season, and the schedule was unseasonably difficult. Whether or not the competitive scores of the games show the strength of a powerful team, the 1927 Vikings will always be rated as a splendid example of team and group spirit. From the start of the season to its finish, their interest in the game has been well maintained. The spirit of co-operation has pervaded the squad, which with better material, would have made it the finest in the history of the college. There is the present eleven due to be rated as one of the best or one of the worst in the history of Lawrence college!

The spirit may be continued next year, with the further development of the number of undergraduates playing. The Vikings of 1927 may be one of the best blue and white teams to represent Lawrence.

There is still one game on the present schedule.

Wolf and Mooming Pounce First and Second As Rice Wins, 19-27

The Blue and White cross country meet at Oshkosh was won by Rice with a spectacular victory of the season Saturday when the Terriers defeated the team of Northwestern, 19 to 27. The win was the first decisive victory of the season, and the time for the season, 8:10.4, was the best of the season.

Wolf and Mooming in the first place, the former out-punting his teammate to touch the tape first. Mooming was second and Sullens of North Central was third. Captain Murchie, John, and his running back followed in third place.

**Ripon Victorious**

plunged ever for the margin of victory.

Lawrence's backhander came late in the third period when one of the spectators pulled him in many ways. With the ball at the twenty-eight yard line, W. -A dropped back to pass. The ball was dropped, and Lawrence in for the win. In the last two minutes to play, Lawrence dropped twenty yards to Fett, who caught the ball on the twenty-four yard line, and sprinted fifty more, dodging several tackles before being brought down from behind on the ten yard line. In two plays, Barfell dropped for the score, and B. Mitchell's attempt from the one yard was wide.

**Final Seconds**

Nothing new or unusual happened after that, and the final scores were the same as in the first. The big boys were out in the last. A. Lawrence started the play on the forty-yard line and Hurley on the twenty-five yard line, and Hurley in for the score. In the last two minutes to play, Lawrence dropped twenty yards to Barfell, who caught the ball on the twenty-three yard line, and Barfell in for the score on the ten yard line, and Barfell in to score on the one yard. Lawrence was not touched, and in the last two minutes the game ended with the final score, Lawrence, 7, Ripon, 6.

Ripon's victory was more than anything else, a victory of the season. The team showed a strong performance throughout the game, and the defense was the best of the season. With Smith himself at quarterback, the team played a fine game, and the defense was the best of the season.
