Five Seniors Are Elected to Honor Society

Dr. Henry Winton Named an Honorary Member of Mace

The election of Dr. Henry W. Winton to honorary membership in Mace, one of the oldest and most respected honor societies in the country, was announced at a meeting of the society on Wednesday evening.

Dr. Winton, who is known for his contributions to the field of education, was selected by the society because of his dedication to the advancement of knowledge and his commitment to the welfare of students. He has served as a professor at Lawrence College for many years and has been a leader in the academic community.

The announcement of Dr. Winton's election was met with enthusiasm by the members of Mace, who believe that he has made significant contributions to the university and its students.

Dr. Winton's election to Mace brings the total number of honorary members to 12, and it is expected that the society will continue to honor outstanding individuals who have made significant contributions to the field of education and the community.

Astronomy

The observatory at Lawrence College continues to attract students and faculty interested in the study of the universe. The observatory is equipped with state-of-the-art equipment and provides a unique opportunity to study the cosmos.

Astronomy classes are also offered at the college, and students have the opportunity to conduct their own research projects. The college's astronomy program is recognized as one of the best in the nation, and students have the opportunity to work with leading researchers in the field.

No Smoking in Chapter Houses, is Demand of National Panhellenic

The passing of an ordinance by the National Panhellenic Congress means that chapters are now required to have no smoking areas in their chapter houses.

The ordinance was enacted to address concerns about the impact of smoking on the health and well-being of students. The National Panhellenic Congress believes that a smoke-free environment will promote a healthier and more supportive living environment for its members.

The new ordinance applies to all chapter houses, regardless of their size or location. The National Panhellenic Congress hopes that this move will encourage other organizations to follow suit.

Blue Key Key to Hand Track Meet, Banquet

The Blue Key key ceremony marks the beginning of the track season at Lawrence College.

Blue Key members are selected based on their leadership and academic achievements. The ceremony is an opportunity for these students to be recognized for their contributions to the college community.

The Blue Key key ceremony is an important event for the college, and it is one of the highlights of the track season. The ceremony is expected to draw a large crowd, and it is a great way for students to come together and support their peers.

Varsity Banquet

The varsity banquet is an annual event that celebrates the achievements of the varsity teams.

The banquet includes a formal dinner, awards presentations, and a speech from the head coach. The event is a great way for the college to recognize the hard work and dedication of the varsity teams.

The varsity banquet is also an opportunity for the college to generate revenue, as tickets are sold to students, faculty, and alumni.

Campus Service Organizations to Take Over Two Hops

The campus service organizations are taking over the operation of two hops.

The hops are a popular gathering place for students, and the organizations believe that they can do a better job of managing them. The organizations are committed to providing a safe and enjoyable environment for students.

AUAE Audience Witnesses Artistry of Fritz Kreisler

The AUAE audience was treated to an evening of music when Fritz Kreisler performed at the college.

Kreisler is a renowned violinist who is known for his virtuoso performances. The audience was thrilled with his playing, which was characterized by its beauty and clarity.

The concert was a great success, and the audience was eager to hear more from this talented musician.

The Comeback
The reawakening of a campus service organization, was the decision of Blue Key Fraternity, a large student organization on one of which it will work in co-operation with the Y.M.C.A., during the present year. The organization has been known by the name of Blue Key for some time, but it is specifically

A Good Start
Twenty freshmen who received honors in last semester's ratings may now congratulate themselves upon a good start in their college course. Several members of this group will receive the reward for their efforts four years hence, by election to Phi Beta Kappa. Others will complete a highly satisfactory college course with a clean slate of grades, while a few may fail by the wayside, scholastically. The fact that four less honor marks represent the class of 1938 than appeared in the class of 1936, is not important. The salient point is that a large percentage of the freshman class have started with a clear record.

One of the highest honors which may be obtained at Lawrence college is election to Iota Sigma. Senior men's honorary leadership.

The New York Life Insurance Co.

The New York Life Insurance Co. is one of the leading life insurance companies in the United States. It offers a wide range of insurance products, including term life, whole life, universal life, and long-term care insurance. The company is headquartered in New York City and has branches across the country.

The New York Life Insurance Co. recently launched a new campaign called "The Meaning of Life". The campaign aims to help people think about what is truly important in life and how insurance can play a role in protecting their loved ones. The campaign features a series of ads and social media content that highlight the importance of having life insurance.

The campaign includes a tagline, "The Meaning of Life: Protect What Matters Most". The goal is to encourage people to think about what is truly important in life and to ensure that their loved ones are protected in case of unexpected events.

The New York Life Insurance Co. has been in operation since 1845 and is one of the oldest life insurance companies in the United States. The company has a strong financial rating and is considered a reliable provider of life insurance products.

The campaign features a series of ads that aim to resonate with people on a personal level. The ads show different scenarios where having life insurance can make a significant difference, such as a family facing financial hardship after the death of a breadwinner or a child with medical needs.

The campaign also includes social media content, such as videos and infographics, that provide tips and advice on how to plan for the future. The content is designed to educate people on the importance of life insurance and how to choose the right policy for their needs.

The Meaning of Life campaign is a significant step for The New York Life Insurance Co. in its effort to connect with consumers on a deeper level. The company hopes that the campaign will help people see the value of life insurance and make informed decisions about their coverage.

The campaign is part of a broader strategy for The New York Life Insurance Co. to improve its brand positioning and customer experience. The company is focused on providing high-quality products and services that meet the needs of its customers.

The Meaning of Life campaign is a testament to The New York Life Insurance Co.'s commitment to its customers. The company is dedicated to helping people plan for the future and protect what matters most to them.

The New York Life Insurance Co. is proud to be part of the insurance industry and to offer products that make a real difference in people's lives. The Meaning of Life campaign is just one example of the company's commitment to providing value and protection for its customers.

**OPINIONS**

" Bei West"—Continued

"A simple method of "sell-week" with its excessive paddlings, hazing, and public humiliations so long ago or now with approval from the fraternity and sorority on Lawrence campus. The following opinions are from the members of representatives of Greek organizations.

Alpha Phi, 29: "My chief objection to this so-called "sell-home" is that it changes the most important part of the "sell" the thought of the initiates, not the genuine spirit of sell-home.

Paddling. They say the purpose of paddling is to make the initiates realize that the character of the prospective fraternity or sorority, and we consider for the few who are actually, the man who does not go through his initiation with flying colors is received with as much censure as for so few are, are of a serious nature and cannot stand up for the humiliations.

Last week, 28: "I realize that "under-orders" is an old tradition which many factions have fostered faithfully for years. In some cases there is a great deal of fun in pleasant manners. However, it consists this period to a week, and continuing this period to a week in including paddling and house we bow at the sight of the same spirit of the past in the present, which is to train the men to live the true creed of the fraternity. I would suggest replacing the traditional sell-home with a longer period of training, which would eliminate all the unfavorable features of the present system.

Alex Rutter, 29: "I am opposed to extremes. However, it is most cases "under-orders" serves a useful purpose. It teaches men to accept certain things and new again for 15c
