Six Elected To Forensic Honor Group

Two Women and Four Men Named Members of Lawrentian Chapter

Two Lawrence men and four Lawrence women, all members of this year's varsity debate team, have achieved the highest honor attainable in the intercollegiate debate field by being elected to the Lawrentian Forensic Honor Group. The elections were made public Tuesday morning by Dr. George Krupka, 39, president of the debate chapter.

The students were elected to the Lawrentian Alpha Delta Pi, which is the intercollegiate forensic debate honor society. The society, known as Theta Sigma Phi, has a national chapter at the University of Michigan.

The four women selected are Mildred Christman, 29, who has been elected to the honor group for her outstanding performance as the girl's leader; Ruth Ann Linn, 29, Miss Meusel, who is a graduate of the College of Education, and Evalyn Lockwood, 31, who was named as a member of the honor group for her outstanding performance as the boy's leader.

The four men selected are Burton Behling and Leonard Zingler, who are both members of Phi Kappa Alpha. The other two men are Elbert Smith, a former chapel organist, and Burton Behling and Leonard Zingler. The four men were elected to the honor group for their outstanding performance as the boy's leader.

The date for the presentation of the certificates of membership in the Alpha Delta Phi is fixed for this year's fall meeting. The certificate of membership is to be presented at the fall meeting of the society, which will be held on November 2.

Viking Track Squad Meets Oshkosh Team

First Intercollegiate Foo of Season to Be Met Tomorrow

Following one postponement, and weeks of unsettled weather, making prayer condition for the imminent commencement, Coach A. C. Denney's Viking track team will engage in its first intercollegiate race of the season tomorrow morning, when the Blue and White rivals meet Oshkosh State Teachers' College. The meet will be held at Whiting Field. Denney has been driving his men at top speed all week, and expects them to be in good shape for the season's opener.

In conjunction with this meet, an added feature will be the second intramural relay race, in which teams representing four of the campus societies will take part. Seventy-two to be represented are Alpha Gamma, Kappa Delta, Zeta Tau Alpha, and Zeta Phi Alpha. The meet will be presented to the winning "society." We Grind Our Own Lenses
