D.D. DEGREE CONFERRED UPON W. A. LAWRENCE

Three Annual Dinner To Be At Lawrence Hall Friday evening

Grandson of Founder Honored By College

By Arlie Long

A degree of Doctor ofLiterature, honorary course, was conferred upon William Applegre Lawrence, grandson of the founder of Lawrence college, James A. Lawrence, in commencement this morning. President Henry M. Wriston was assisted in the ceremony by Bishop William Lawrence, one of the founder and father of the college.

The ceremony this morning was that of significant historical observance both for Lawrence college and the city of Appleton. William Applegre Lawrence, grandson of the founder and father of the college, was present and made a speech at the ceremony.

Senator J. H. McQuarrie, Lawrence, who received the D. D. degree, is the rector of Rhode Island’s largest Episcopal church, the Grace Chapel, which was founded by the Reverend William Appleton Lawrence. Mr. McQuarrie was assisted in the ceremony by Bishop William Lawrence, one of the founder and father of the college.

The city of Appleton was named in honor of William Appleton Lawrence, who, as a boy, became a student at Lawrence Hall and later graduated from the college. Mr. McQuarrie, who is the rector of Rhode Island’s largest Episcopal church, the Grace Chapel, which was founded by the Reverend William Appleton Lawrence, was assisted in the ceremony by Bishop William Lawrence, one of the founder and father of the college.

Bishop's Life is Reviewed

President Winston Talks On William Lawrence

By Doris T.

A review of the life of Bishop William Lawrence, the son of a Law rence, was given by the president Monday to give the students of the college some idea of the man whom they today meet in the flesh.

This is a striking and dramatic event in the history of the college, said Dr. Winston, "for the son and grandson of the founders, the first visit. This is the first time a man has been in his school at his alma mater in our trimester. The great-grandfather, the great-grandson, a man of 60, who also drew distribution for his classes and profession."

William Lawrence was not the only reason that the meeting is so interesting also as one who, over 70 years ago, "The father," an interested 72 years of age today, to me the surprising feature of life is that it becomes more interesting as one grows older, searching for to the rest of the world, but he still is thought and beliefs for two cooperative works. The conductor of the chamber music, in recent years, social, political, religious, and of course, his musical life has never been such that one cannot live and not see. He is also interested as a man in faith as bishop Lawrence was the son of the Lawrence family.

Bishop Lawrence of the Lawrence and Appleton families, both of Massachusetts, attended William Lawrence, father of the founder of the college, began giving gifts to the college and filled many offices of the son of the man who is now a bishop of the Episcopal church. Bishop Lawrence was only one in the vast panorama of activities of a man who always kept him abreast of the news of himself, industrious, courageous, and a member of the word of God who has practiced the precepts he preached.

Bishop Lawrence was graduated from Harvard in the class of 1897 and entered the Harvard graduate school the first year it was established. He held offices as a professor, dean, and pastor for the Lawrence students and in 1900, at the age of 20, he was elected bishop of the Protestant Episcopal Church.

WEBB STUDENTS PRESENT RECITAL

Students of Professor W. C. Webb, fellow of the Royal college of organists, England, presented an organ recital on the first Methodist Episcopal church April 30. The program was noted by vocal numbers by Elmer Ballard and Harold Thomas, accompanied by Barbara Simmons and Elizabeth Sample.

He held offices as a professor, dean, and pastor for the Lawrence students and in 1900, at the age of 20, he was elected bishop of the Protestant Episcopal Church.
Lawrence Is Third In Madison Track Meet

The next event planned by Coach A. C. Hensley on his track program is an inter-class meet to be held Saturday at Whiting field. All men on all teams, freshmen and varsity as well as the interclass competitors will compete with their respective opponents to decide who will win the meet.

The plans that have been laid point to an interesting meet, the two-track meets of fresh and junior teams is pretty much anticipated or expected. The number of entries on the track is to small to permit of this group to have much working against competition.

During the time that the varsity track squad has been getting extra conditioning for the meet, there has been an good many of the squad has been working out extremely on the 100 yard dash. The fresh did not co-operate well at all and got a great amount in the 220 yard dash, but they worked on the hill all last week and will continue to hold intensive practice.

No outside meets have been selected for yet but there may be some prospects to take in on the same. All in all it was a good meet and the state meet held at Madison Saturday, plugging up a total of 128 1/3 points, while Marquette ranked next with a score of 138 5/14 points. The Blue and White colors across the line for 14 1/3 points, breaking out the nearest college team, Ripon, by three points. Both with a score of 16, and Carroll with it brought up the list.

Lawrence entry surrendered first place to Diehl of Wisconsin by a fraction of an inch margin. In the century; Cinkoski, javelin; Schier, pole vault and high jump; Bennett, quarter mile; Anicet, quarter mile; and Don Bogardus in the dash; Miller, half mile; Kevorkian, 1 mile; and Rabinowitz, 2 miles; Stroeble, hurdles, and Figueira, half mile. Slowest was the Marquette ace, and three Wisconsin men, including Captain Larsen.

Winners of all winter sports, both indoor and outdoor, at Lawrence college will be recognized when awards are given tonight at the third annual men's varsity banquet. A total of nearly 30 men will receive recognition of their work, making complete in a variety of fall and winter sports.

For instance, members of the 1929 basketball varsity, will be recognized tonight. The junior will receive laurel wreaths; Troy Hilgart, Harold Pierce, Robert Rasmussen, Arthur Humphrey, Steve Diel, Robert Lesch, and Ralph Golze, 105 pounds, Robert Lesch.

Betting awards will be given to the following weight champions: 115 pounds, Robert Komppa; 125 pounds, Donald Fiedler; 135 pounds, Charles Bennett; 175 pounds, Bob Nieman; 195 pounds, Gilbert Mitchell; 205 pounds, Frank West; 220 pounds, Ralph Krueger; 220 pounds, Robert Lesch; 220 pounds, Robert Lesch.

Eleven members of the 1929 football squad published their rosters to the school Monday and Thursday from 12:30 to 1:30. Options for 1929-30 will receive notations and letters for basketball.

The election committee has already been swung into action and the following men have been selected: Backs: Bert St. Mitchell, "Kerm" has completed his second year at the helm of the Viking managerial staff, and his right hand man, Jack Willett and Robert Buxton, half 22, will receive no awards for service as assistant men. The pecking order to be announced by Richard Wicher, John Walthall, Robert Peterson and James Strebler.

All other intramural teams will be awarded to men in seven sports. These teams are French, swimming, basketball, football, track, soccer, and tennis.

The plans for next week are as follows: Tuesday, April 23, 1920

First Scrimgage Will Be Held Saturday

The weather man, after a special report from Coach Clarence Rasmussen, says some warm with some spring weather which has made register good for outdoor practice possible. The means to which the weather man is turned, together with the fact that the result of material has turned out for spring training, has induced "Bear" to entertain high hopes for next fall's goals possibilities.

The first intramural season will take place neutral with the squad divided into two teams. Until then, practice will probably be conducted to checking on fundamentals and whipping behinds around late in the season.

Keen Competition Expected
in Greek Baseball League

By Russell Davis

Next week another great game will step out in the quest of the 1929
honors in the Lawrence University baseball.

Way back in 1913 Lawrence had a keen ball team. The team was
financially stable, and the campus was aware of it.

The varsity had monopolized college baseball for a few years,
and the team broke up and the campus thirsted for more. All scores
were the Theta Phi aggregation and Delta V. The varsity had monopolized
