November 4

With the announcement of Glen Frenck, president of the University of Wisconsin as the principal speaker at the dedication banquet, and with the arrival earnest of plans practically completed, comes the feeling that November 4 will be a memorable one in the history of Lawrence College. As the contractor officially turns the building over to Lawrence officials, the dreams of many will at last be a "dream-coming true."

Those in charge of the dedication program have left nothing which might mar the ceremonies more impressive. The speakers are the best in their fields—in fact, the entire program is a most complete one; theCriterion.November 4, 1939.

Lawrence Defeated Beloit
Fifteen Times Since 1899

By Roy Sample

The crushing defeat handed to Beloit Saturday by the Vikings is a vindication of the trend of Lawrence-Beloit sports since the first game back in 1899. In this 30 year period, Lawrence has won 15 of the 31 games, but six, and has tied with the Crusaders three times—one of the two win seasons. Lawrence piled up a grand total of 274 points in these games as compared with the 122 counters chalked up by Beloit.

The Beloit victory with a 2-0 score was attributed by a Lawrence reporter in 1895 to the fact that "this was the first time that Lawrence had ever met a recognized great class team on the gridiron."

The two schools next met in 1902 when Lawrence broke through with a 24-0 victory. The general character of Beloit's team work was indicated when the Beloit coach "got his battered protege at the half-field and forced them to go through a grueling Sphinx practice."

Then on to 1903, the Vikings experienced four victories, one defeat, and a 5-5 tie. A high light of the game in 1904 was the performance of Lawrence fullback, who played the entire game with both ankles twisted. An amazing feature of the Lawrence report win was the performance of a 220 pound tackle entered Beloit for a pre-season task and left behind after the game.

The Beloit victory with a 26-0 score managed to edge out a 5-0 victory over the Crusaders. In the succeeding year, Lawrence held the state titles for district in the first half, but couldn't prevent a 27-5 Beloit win in the second half. The Beloit coach "playing gifted edged ball," an attempt to retrieve the score was successful.

A scoreless tie in 1912 was of enough magnitude to lead to the tune of 13-0 in the next annual win. In 1915, the Vikings came back strong with a 26-7 victory which led to a similar score of 19-0 in 1927. This battle, Lawrence made twelve first downs to Beloit's six.

Last year, the Vikings boomed down to a little victory by a one point margin. The blue was startled by a last minute one and Beloit's second touchdown forced the game and left the field behind after the game. As the last half ended, the score stood 6 and 7. With this galling defeat rankling in their hearts, the Vikings had no alternatives but to go steam-roller fashion to the tune of 13-0 in the next annual win. Two teams showed lots of class in their victories and a mix between them promises lots of close action.

Beloit went into the Big Ten clas for their last game and suffered a 30-0 defeat at the hands of the University of Chicago. The Redmen are a school of many successes, the University of Illinois, this Saturday.

Four to play within the conference. The following two years were one of the most exciting. The first year, the Beloit coach had a 28-12 win, the second, a 24-0 Beloit win.

The game in 1912 was started with an unfortunate incident. An injury to a Beloit gridgman necessitated removal to a hospital and this became the occasion for a bitter editorial duel of several weeks duration between the Beloit paper and the Lawrence. In 1914, Lawrence again emerged with the long end of a 30- score.

No games were played during the war period but, in 1919, Lawrence staged another number. In 1928, the Vikings outscored the Crusaders 19-6.

The accompanying table shows the years and scores and the winning teams.
