**Reproducations of Old Masters Received Here**

By E. H. Miller

The art treasures that are not infrequently found in the collections of old masters have been received here today by E. H. Miller, the owner of the Art Treasures Gallery.

**MILLER WINS AUDIENCE WITH VOCAL RECITAL**

**Collegiate Harwood Student Choral Wednesday Night**

**Student Senate To Consider**

*The Story of Dynamite* was shown at a joint meeting of the physics and chemistry groups at the Y.M.C.A.

**Dr. O'Neill To Speak Here**

**Epicopal Bishop is Chapel Speaker**

**Plan 'College Hour' For Local Theatre**

**Future Of Chile Depends On Dr. Bagg's Work'"—Sentinel**

Dr. Bagg's paper, published in the *Chilean Journal of Education*, was a detailed study of the methodology of the *Chilean Journal of Education*. The paper was reviewed by the editorial board of the *Chilean Journal of Education* and was found to be highly significant. The paper was then published in the *Chilean Journal of Education* and was widely cited in subsequent papers.

**MEN'S DEPARTMENT OF THE COLLEGE GLEE CLUB SELECTED**

**Dr. Stovall Talks Over Phi Sigma**

Dr. Stovall, in his talk, emphasized the importance of education and the role of the Glee Club in promoting the cause of education. He also discussed the history of the Glee Club and its future prospects. The talk was well received by the students and was highly praised by the faculty.

**teams Debate At Randolph Meeting**

The debate at Randolph was a fierce contest, with both teams displaying their intelligence and debating skills. The judges were impressed by the arguments presented by both teams and declared the winner. The debate was a great success and was highly praised by the audience.

**Bookroom Sells Old Texts**

The bookroom is selling old texts for $15 each. The texts are in good condition and are highly prized by students. The bookroom is open daily from 9 a.m. to 5 p.m.

**College Glee Club Members Are Selected**

Dean Waterman announced last night that Forty-Five Men Are Retained. The selection process was highly competitive and only the best were selected. The selected members are highly praised by the faculty and are expected to do well in the upcoming season.

**Teams Debate At Randolph Meeting**

The debate at Randolph was a fierce contest, with both teams displaying their intelligence and debating skills. The judges were impressed by the arguments presented by both teams and declared the winner. The debate was a great success and was highly praised by the audience.
THE LOWER LEVELS

Lawrence scholastic balance has been maintained following faculty decision to lower requirements for graduation from 128 to 124 hours in 1931, and to 124 hours the year following. Primarily, the move is to be commended because of the new intercollegiate equality in graduation requirements which it creates, and secondly, because of the change is to be carried out.

Practically all colleges with which Lawrence comes into contact require 124 hours for graduation. Some demand 120, but in change is to be carried out.

Although seasons are crowding other things into the background, one fact which seems to be borne out is that the hot weather is making the officials of the games they play thin out that number.

The officials, who are usually the ones to suffer in brushing up on the rules, it will take little money (which means nothing to them) to bring them up to speed.

The idea of having all the games referred to by various rules will be a big help all the way around. It is one way to alleviate the pressure on the officials.

Bowling is picking up as more practice is being gained, and it looks like a big year. Up to Thursday no teams had won three straight games, which left a good many tied for first honors.

DR. WRISTON TO ATTEND MEET AT WASHINGTON

President To Address Methodist Church Meeting This Evening

Dr. Henry M. Wriston left Sunday for Washington, D. C., where he will attend a meeting of the educational association of the M. E. church. This evening he will address the gathering on "Student Self government in Educational Institutions."

From January 15 to 17 Dr. Wriston will meet with the association of American colleges and universities in his official capacity as chairman of the committee on faculty and scholarship. He will also address the first meeting of the recently organized Washington Lawrence alumni club which will be held on the evening of January 14 at the Cairo hotel.

Dr. Wriston will also meet with and address other eastern alumni organizations. He will meet the New York alumni club on Saturday, January 16 and the Boston alumni club at the Boston university club on Monday, January 18.

Miss Lorenz Sends Letter To Spanish Club

A letter from Miss Charlotte Lorenz, associate professor of Spanish, who is now in Spain during her leave, was read by Miss Elizabeth McConkey at a Spanish club meeting held Tuesday evening in Hammond Ji, electric clock

Gladys Ives Brainard, professor of piano, is conducting a series of unusual classes in teaching children the true fundamentals of musical piano performance. These classes are now in an experimental state and if they prove successful, will be used for teaching normal training classes, composed of conservatory students, methods of class instruction which may be applied to any group of children.

Each Saturday afternoon, Miss Brainard conducts three classes, with students ranging from six to ten years of age. The students are arranged into classes according to mind-age. The purpose is to teach the children the basic principles of musical intelligence from the beginning of their pianistic training. Since true musical expression comes from within oneself, the actual musical processes must come from an inner experience, it is claimed. Miss Brainard teaches this actual muscular reaction to rhythm in these classes, where they march, clap their hands, and sing to a set rhythmic pulse.

Then, having set up a feeling of pulse within themselves, they are able to carry out rhythmic patterns in their playing.

Exercises are taught by note. By this means, they are able to more freely express their own felt emotions, being unencumbered by the difficulty of reading exact notes and in learning time signatures.

When the exercise has been mastered successfully, the child is taught to read the notes from the staff.

This Coupon Is Worth $2.00

on the purchase price of a Hammond Electric clock

Mother and child will appreciate this coupon.

Don't delay. Special offer expires Jan. 17.

Lonesome?

Lonesomeness is even noticed in the active life of the most popular college man.

There is no one who does not frequently experience a desire to join the family circle at home. It isn't difficult, - and it isn't expensive, - by telephone.
