Holds Supper

Delta Omicron sorority held a dinner at the sorority rooms, 316 East Lawrence-st., on Thursday. The response came alike from every class, indicating that students are interested in having counsel on the vocations they are considering. Only ten days was allowed.

Leaders in the fields which received the greatest consideration will be invited to come here to confer with students on the qualifications and possibilities of the various phases of the work. This ought to prove not only of interest to the undergraduate in determining one of his greatest problems, the choice of a vocation, but it might also insure better employees for the industries involved.

The response came alike from every class, indicating that students are interested not only as they draw near graduation and need employment, but also because our students are eager to find their place and shape their work toward a definite goal.

The women of the college will be given a like opportunity soon, according to plans now under way.

VOCATIONAL GUIDANCE

The men of the college are actively interested in finding their right vocation, and are eager to have aid in the problem. This is the conclusion reached when the return of vocational questionnaires sent out from the college office the blanks, sent to all men students, asked them to indicate their interest in having counsel on the vocations they are considering. Only ten days was allowed.

Tomorrow night we start out on the last leg of the basketball season when Knox steps out against the boys. Just how far they’ll go is a problem for consideration, but they are going to face obstacles in the way. Denney has adopted the role of above driver during the past week, stating that he would either put the squad in condition or kill them in the attempt. So far there have been no deaths, so it looks bad for Knox.

This will be next to the last home game, so it won’t be much longer that you’ll have a chance to see basketball. Of course the franchises will be playing every Saturday afternoon for some time yet, but there is some doubt as to whether games really count until the classification of basketball. If you haven’t seen them play wherever they do play, however, don’t fail to do so.

Another thing in the line of novelties, although it may become an important factor in these athletic programs, will be the wrestling meet Monday night. "Rex" has spent the last few weeks in picking out prospective wrestlers, drawing them bodily out to the gym, locking them in the wrestling room with him, and teaching them the fundamentals. If they are able to walk home they have the constitution necessary to good wrestlers and continue to come out. If they don’t retain their health after the first lesson, it’s too bad, but it’s all for the glory of the old Allen Mate.

It’s time that the fresh basketball team was given a hand for the way they have been performing this year. Knox has turned out a good outfit, as St. Norbert’s and Menominee will testify, and they are going to sweep through Knox. No, here is the near future. That will be another attraction worth seeing so, there.

Which all makes several attractions being offered during the next few weeks. Wonderful is included in all the price of an All-College Club ticket—everything from Arties in to wrestling matches. All those who would rather have more wrestling matches are few locals, as if that’s the way you feel keep talking about it. If there’s anything that fascinates us, we’re, all the way about that, too. Those who all you have a fear.

The gym will be open all day tomorrow, in the afternoon for fraternity ball and at night for the big game. For those who would like to spend the day, there will be dinner served on the main floor with music by Coon-Sanders. Cover charge will be two tacks subtracted from the privileges of the towel.
