Thirty Five Work Out In Spring Drill; Coaches Gives Fundamentals

The curtain will ring down on spring football activities for this year tomorrow afternoon at Whiting field when the prospective gridironistas, divided into two squads, will run to determine the spring gridiron championship.

A group of approximately 35 men have been working out under coaches Kotal and Rasmussen for the last three weeks. Practice in blocking, tackling, and punting, and other fundamentals has been stressed. Because of the mild weather, the coaches have held practice indoors during the last few days, and the men have been given a line of the plays which are to be used next fall.

Blue vs. Grays

Some of Kotal's charges, including Paul Field, co-captain elect, have been busy with drill, and they will be given the plays. Only a week and a half will be available next fall to get the men in trim for the fall season.

As has been the custom in the past, the men have been divided into the traditional "Blues" and the "Grays." Co-captain elect Laird will be at the helm of the "Blues" and will have the following men to support him: Van Ron, Broski, Plocher, Warren, Reiner, Rottman, Pletcher, Masters, LaBosh, Hill and Hall.

Kickett veteran tackle, will captain the "Grays" and will attempt to thwart the opposing attack along with the aid of Miller, Peters, Coffey, Clarkson, Bickel, veteran tackle, will captain the "Blues" and will have the following men to support him: Van Ron, Broski, Plocher, Warren, Reiner, Rottman, Pletcher, Masters, LaBosh, Hill and Hall.

\[ \text{Only four points separated the first four places. The Phi Tau's closely followed the winners when the Union Street bees took 11 out of a hundred. The DUs and the Beta's tied for fourth place with an even 100 throw square.} \]

\[ \text{The Theta Phi, who seem to have no need for any first place in sports, but the cup after two play-offs.} \]

\[ \text{In winning first place the Sig Ego's garnered about 15 points on the DUs in the supereup cup race. The DUs were led by 60 some points and if the Sig Ego's can take the relays as expected, there will be some real rivalry in the league for the current supereup cup.} \]

\[ \text{Girls' Tennis Tournay} \]

\[ \text{To Begin Next Week} \]

\[ \text{Today is the last day to sign up for the annual tennis meet, which will be held next week.} \]

\[ \text{Class elimination matches will be played first, the winners meeting in the all college finals, Esther Schaefer, 71, has charge of the tournament.} \]

\[ \text{Girls' Swimming Meet} \]

\[ Set For Next Wednesday} \]

\[ \text{The girls' class swimming meet will be held next Wednesday, 25 at 8 o'clock. Last year the class of 72 won the meet, and good chances of repeating the victory.} \]

\[ \text{Frosh Tracksthe Take Field Against Shavano Saturday} \]

\[ \text{The froshmen track squad, under the direction of Coach A. C. Denney, will get its first taste of competition in a track meet this week. They will take the Shavano school track team at the George A. Whiting field Saturday afternoon. The meet is scheduled to start at 2 p.m.} \]

\[ \text{Coach Denney announced today that all of the men who have been reporting regularly for the frosh track workouts will be given an opportunity to show his calibre Saturday afternoon. He says that close to 40 men have been practicing daily at the new Alexander gymnasium and on the outdoor track since the first week was issued early this month.} \]

\[ \text{Squad is Named} \]

\[ \text{The following men will compete Saturday, according to the athletic director, track men, Kistemeyer, Bush, Johnson, Atwood, Manston, Kallman, Bowman, Keith, and Madison; sprints, distances, Kistemeyer, Raglin, and Blocks, Johnson, Porter, Porter, and Kistemeyer; long jump, Fkompey, Bush, Johnson, Raglin, and Blocks; hurdles, Miller, Kistemeyer, and Atwood; high jump, Blocks, Atwood, Bowman, and Johnson; and Porter: weight men, Manston, Van Ron, Bird, Bush, and Matthews; pole vault, Watters.} \]

\[ \text{The track men Saturday, in the words of the coach, will be more for the purpose of giving the handlers of the squad an opportunity to see which men do in competition, and to give them a foundation for the work of the high school boys' team, than for any other reason.} \]

\[ \text{Coach Denney is now arranging an active season for the fresh. He has scheduled a dual meet with the Ripon fresh, dates of which are to be announced later. The dual matches will also be held with the fresh teams of all the schools in the conference, and it is the hope of the coach to engage in meets with several of the high schools in this section of the state. Date for these will be announced in the future.} \]

\[ \text{To Show Swanky Outfits} \]

\[ \text{Held in hand with the first appearance of the track men will be the first chance of the squading's new sweat clothes. The clothes are not the traditional green and white of the freshmen class, but are red and white. This, however, is no fault of the athletic officials, but was because green and white suits were not in stock at the sporting goods house and rather than have the freshmen train go without, red and white sweat clothes were ordered.} \]

\[ \text{Vocational Guidance Talk} \]

\[ \text{Richard White, vice-president of the First Investment company of Onancock, addressed a large group of Lawrence men last night in the first of a series of vocational guidance talks. "Investments and Bonds" was the subject of the discussion held at Brokaw Hall.} \]

\[ \text{By Henry Connor} \]

\[ A big spring outing has blessed Kotal's charges and Rasmussen in the daily football grind, but the grunts and grunts of the 35 linemen doing the grinding rivals one that watchmen, a bit large during the winter months, are tapering off with alarming rapidity—alarming to the owners, servicing to the coaches. The boys get a lot of body to body contact the first night out, but nobody get too rough and the drills still go on—the drills first, some also blocking next, and now the hinky thaws and crashes of that flying tackle that has been the thorn in the sides of Lawrence opposition for years.} \]

\[ \text{Thrapy bars of the coaches, Rasmussen's wonderfully balanced chapeau on his head, Kotal's snappy} \]

\[ \text{sharp barks of the coaches, Rasmussen seem to be happy enough over prospects to smile for the photographer when he snapped this picture.} \]

\[ \text{Kotal and Rasmussen have been sending about 30 men through their grueling parade nightly for the last two weeks. The spring training will be brought to a close Saturday with a game between two picked squads.} \]
