Wine Audience At Once
Before Wednesday night it was impossible for one who has never seen the adventurer to realize the difference of his personality, from the Wednesday of last year that he was at a hotel in a town that cannot help but charm. The meal of Commander Otis Skinner and the marvelous gifts that supplant a meal, is an unforgettable evening event.

To those who have not seen Commander Skinner and her marvelous idea that the visit will bring visions of a de-lightful evening of entertainment, a waiting party in its equality and without a peer.

Rare Engravings Are
Presented To College
Two rare old engravings have been donated to the art collection of Lin- nean College by Mrs. W. B. Storey, of Chicago. President Henry M. Westman announced following his return from Chicago Wednesday that Mrs. Storey is the wife of the president of the Santa Fe University.

The engravings are scenes from the Bible and were done in France in the 1400s. They were done in 1560 by George Puce. These two were unconditionally donated.

BECKLEY ACADEMIC PROGRAM OFFERS ACTION; EDWIN WEST ACQUERING BUSINESS
George Beckley, Professor of Dramatic Art at Lawrence, has resigned business management of the Lawrentian, and Edwin West, Business Manager, has been chosen acting business manager of the Lawrentian board of control, in meeting Wednesday morning.

Beckley's resignation was accepted by the board following his explana tion that a heavy academic program, including that of a charm ing daughter of Otis Skinner, has added lustre to a great name to the measure of her personality. Cornell Game Ends 10 Gridders' Careers

VIKINGS HIT CORNELL TEAM, LOOP LEADERS

Mount Vernon Team Is Tied With Luis For First in Midwest

By Austin Stathen

The half for the last time against the opposing teams must swell. Heading the list is Paul Finch, the well known "Flying Dutchman." The Viking eleven has started in every game he has played this year, living up to his reputation as one of the most feared and daring players in the league. His beautiful long reach, his long speckled punts, accurate passing and brilliant open field running will live long in the hearts of all Lawrence sport followers. Along with Finch will go the brawling ram of the Lawrence backs, Lynn Trinkle.

No Blocking Backs

Because of the lack of blocking backs, Coach Eddie Kotal was forced to make the toughest decision in his career this fall that any Lawrence coach has been forced to face.

Injuries in these two games took two of his stars, Laird and Borcee, and left him a completely changed outfit. Borcee is still out, using a cane to get around. Laird has returned to the squad and will probably be able to go to the lines for the first time.

Sometimes rumors have cropped up out of internal difficulties, but these have been speedily disposed of, and are only rumors. But there has been evident to every man who has seen the Vikings play, that the old "sparks" are missing this fall. We're blaming no one and we think that the team really can be blamed. Every year many of the college and university football teams have to deal with a similar situation. It is the fact that they had an abundance of veterans meant nothing and still doesn't mean anything. It is possible for a coach to do more with men than men veterans.

A SQUAD OF WILING AND KARMENT MEN AND A SCHEDULE SUITABLE FOR A COLLEGE TEAM AND WE PREDICT COMMEMORABLE SHOWING BY THE VIKINGS OF 1936.

No rumors are as yet concerning a new grid coach at Wisconsin, but it probably won't be long. Thielke hasn't been done as well, as seems, or other coaches that have starred Badger eleven. This year, face looked for a Big Ten title, but unless the Cards come through with a win over the Governors, they are definitely going to be facing the second division. It seems rather vague just as right now why the Cardinal coach placed his starting backfield for the second half of the Northeastern game. Wisconsin had the most abundant backfield material of any Big Ten squad, but the interest return to date has been very small.

"STEG"
Knox Monmouth Conflict Is Only Other Midwest Game

By Henry Cooper

With the first place Cornell eleven coming to Appleton for the headline in the midwest conference, the rest of the teams will want the results of this all-important struggle.

Transplied on by Mary K. Tuten, Wisconsin, Cornell, Ripon, and Carlson leading and boasting victories over ball and backfield, Coach Edward Keck, Cornell, is about to reach the form that brought praise for them after their commendable first-half showing against the powerful U. of W. aggregations. Exhibiting a pass defense that forced Wisconsin to yield a touchdown in the second quarter, which ended with the Badgers ahead 14 to 6, the Vikes met with a series of mishaps that practically wrecked any championship aspirations they might have entertained.

Cornell, on the other hand, boasts an almost spotless record for the season and stands at the top of the heap in the scramble for Midwest honors. A powerful running attack, featuring Brandau, and a forward wall that has worked to perfection all season, are the two big Cornell weapons. If the Vikes can cope with them successfully, anything is liable to happen.

Knox and Monmouth are going through some of the stiffest training grids other team has experienced all year in preparation for theirScranton Thanksgiving Day. This Turkey-day fall looks as the inauguration of Knox's road to a tie for Midwest honors. Fought to a 7 to 7 deadlock by Car hot weather, Knox is in no mood to see a repetition of this situation enacted for their especial benefit, and are spurting no efforts to shelve their attack to pit Monmouth.

Cornell engages a non-conference opponent in Lake Forest, and if pre-game dope means anything, it should be a comparatively easy Insight. The Pioneers to take the measure of the two-Dwellers.

Philatelic Society Plans Exhibit At Conway Hotel

Buckley will supervise Wen's work during the next several weeks and will withdraw completely from the activity until he is assured the new player is in charge of the operation. Buckley, who is on the program committee, will assist in the organization of the new show.

When Small Machines Were Big

MORE than a quarter century ago, the Commonwealth Edison Company, prophetically alive to the immense possibilities of the future, ordered from General Electric a 5000-kilowatt steam turbine—in those days a giant of electric power.

Today, a General Electric turbogenerator of 208,000-kilowatt capacity sends out its vast energy to the Chicago Metropolitan District.

College-trained men played a responsible part in the engineering and manufacture of both machines—just as they serve in important capacities in the engineering, production, and distribution of all General Electric equipment, large or small.

SOPHIE, SENIORS PLAY FOR TITLE

Women's Hockey Team Concludes Season With Junior-Frosh Tilt

By Vera Lauritzon

Sophomores and junior hockey teams, each having won their games from the freshmen and juniors, played for the championship yesterday. The sophomores defeated the freshmen Monday afternoon 3 to 2, in a game that was even closer than the score indicates. Winifred Lockard played well in the forward line, and Esther Schauer, senior goalie, was the backfield star for the seniors. Alice Maier, forward, did outstanding work for the freshmen. A lousy played game on Tuesday resulted in another victory for the sophomores team over the juniors, 7 to 2. Dorothy Calvin, 32, scored all the goals for the seniors, while Helen Snyder, 33, scored four for hers, with the help of some good passes on the part of Winifred Lockard. Mildred Hess, a junior, did some fine work at the goal in the second half.

The seniors managed to tour out the freshmen by a 2 to 0 score on Wednesday. Though the seniors held a slight edge in the first half, the match was hard-fought throughout, and it was only some quick work by Esther Schauer, senior goalie, that kept the freshmen from scoring twice near the end of the last period. Dorothy Calvin and Helen Wilson, wings, and Alice Maier, fullback, did the best playing for the seniors, while Dorothy Krause, junior goalie, was not only good defensive game for the seniors.

This afternoon the freshmen and juniors will fight it out to decide between third and last places.

Lawrentian Staff

There will be a meeting of all members of the business office staff of the Lawrentian in Main hall today at 2 p.m. It is imperative that all members be present, according to Edwin West.

Women's Volleyball

Beginning next Monday, women's volleyball practice will be held at old Alexander gymnasium, daily at 4 o'clock. Ernest Kug斋, 32, manager, will announce class managers next week.
