Drama Group In Play, Sponsors Engagement Of Reader

Organized Shows Maturity Ability In Grad Recital

By Helen Mudder

A delightful and interesting organ-
ized was presented by President
F. R. Ellett and the music depart-
to the assembly of the Lawrence
College, May 1, and 2.

Two outstanding qualities in Mr.
Proctor's program were his scholas-
tic interpretation of the role of
the speaker and the student of
the performance. His style of play-
ing it is deeply mature and shows
not only the student of the pro-
er but also a sympathy and warmth
which is often lacking in recitals.

The first ball of the season was
played in the French-English
Church and Godfrey Lane, and J.
E. F. Ellett and the music depart-
to the assembly of the Lawrence
College, May 1, and 2.

Cornell Quint Takes Revenge Last Saturday

Demersan Drop First Game Of Road Trip, 22 To 36.

By Jack Wilen

ST. PAUL, Minn., March 2—Outraged by Cornell College's shrewd defensive strategy last Saturday night for the first time in the season, the Vikings played their worst basketball of the fall. The 36-22 score was the lowest margin of victory in the history of the basketball team. Cornell College was in the lead all the way.

Three interior track records were shattered last week in the first event of the season. Among them were the records of four men who have been trying for the last several weeks to improve their times. The new record of 11.3 seconds for the 100-yard dash was set by a Cornell College athlete. The 220-yard dash record of 23.0 seconds was set by the same athlete. The 440-yard dash record of 51.3 seconds was set by a third athlete. The 880-yard dash record of 2:05.6 seconds was set by a fourth athlete.

John Conway died at 81. He was a noted journalist and publisher. His death was a severe blow to the newspaper industry. The Conway is a weekly newspaper in Appleton, Wisconsin.
enriment of Life Through Religion and Beauty Emphasized by President

The most significant enterprise for any individual is the enrichment of life, according to Dr. Henry Wriston, president of Lawrence College, in an address given in the chapel at Knox College, Galesburg, Illinois, Sunday. "Religion and Beauty" was the subject of President Wriston's address. "Enrichment of life should be achieved by an attitude of mental and spiritual hospitalism—by friendly compatibility with the thoughts and emotions which are inspired by beauty," he said.

Talks On Music

Speaking of music, he explained that the fact that for most people beauty lay in the familiar things, and that if we are to appreciate and understand and make an effective part of our lives the beauty of great music, it is necessary to familiarize ourselves with it. To this end he discussed the repetition day by day of the work of art that evokes its true beauty.

Arousal of Interest

In presenting the importance of finding beauty in nature, Dr. Wriston spoke of the necessity of familiarity with birds and flowers and trees, and urged the organization of life about the principle of an awareness of all beauty everywhere.

Relating these things to religion, he reminded us that in dealing with beauty one is dealing with an intangible, that the deepest values are emotional, that only the form of expression is intellectual, that the values are more significant than the materials, and that not the things themselves but their value for life is the significant element.

Continuing, the speaker said, "When life becomes significant in terms of spiritual values inevitably you enter upon a religious experience. Only the waters of life run deeply through our conscious, and make no barriers to all prophets and mystics, as music and art make us kin to all poets and painters. Thus all the wisdom and all the spiritual enrichment inheres in beauty, in imagination, and in experience may be divided by reflection into a religious life which correlates and interprets the whole of life's experience."

Russell Kuehmstead, Ray Fink, Albert Hoffman, John O'Leary, and Ernest Clark, all residents in the Fox river valley, were visitors at the Theta Phi house over the weekend.

GEBHART, BARNES HANDBALL STARS

Five matches of the all campus handball singles tournament were played off during the past week, and the tournament is now well on its way toward completion. To date only six of the forty entrants remain undefeated.

Last week Calhoun and Warden came victorious in the two remaining second round matches, and Gebhart, Calhoun, and Barnes compose their team to win the first third round set.

As the tournament stands at present, Gebhart, last year's runner-up, is a slight favorite to win. Charlie Barnes, however, becomes better known for his skill on the gridiron and tennis courts, and is sure to cause any opponent no little trouble. Both men play a hard, driving game, and it is highly probable that they will meet in the final match to decide the championship.

Eisler Score of New York city, upset Sunday at the Phi Kappa Tau fraternity house with his son, Carl Schneider.

The Interfraternity floor throwing championship, won last year by the Sig Fis, will be at stake tomorrow night at Alexander Gymnasium when the Greeks gather round the free throw circle to engage in this rather gentle, but never weakening business of converting free throw points into triumphs.

The Sig Fis again have been designated as contenders for the title, but the Betas and Phi Taus have strong fronts that will make the going anything but easy for last year's champs.
