Approach Of Homecoming Brings Warnings From Pen Of Observer

By the Observer

The coming of homecoming is being observed by all with an unusual outburst of pride and exultation, under which there lies a little tinge of congratulating feeling of supposed excellence and exaltation. Preparing for a meet in a city which has been the scene of so many of the Army Reserve Officers association plays and contests, Appleton is well equipped for a great contribution to the entertainment of the Army Reserve Officers association.

Former Official of College Dies In New York City

Miss Georgina Rood, who for a number of years was assistant librarian of Lawrence college, died Monday morning at the home of her sister in Brooklyn, N. Y.

Dr. Henry M. Wriston eulogized Miss Rood in the following terms, "In the death of Miss Rood the college loses the assistance of one of the members of the staff whose service to the college has been of unusual length. She was among the very first pupils who entered as a student. Miss Rood was graduated in 1867, and was a member of the class of 1870. She was an active participant in the work of the college, and was one of the most devoted of the student body. She was not only a scholar, but a fine musician, and was the first lady of the college band. There are some things that college life constitute as a college project. Homecoming in one of these times, and should the Observer see anyone host over a certain period of time, and any letters or published papers be published in the student body, the Observer is ready to endeavor to make the college a home for the college.

Dr. Wriston feels that some great sense of weariness is occasioned in the college project. As Homecoming dawns, the spirit of excitement, happiness, and interest that accompanies the celebration becomes very evident on the campus. There is a relaxation that makes for good fellow­ship, that creates a mental attitude of friendliness and joviality. But what does it all mean?

Radically the philosophy behind Homecoming is sound. Former students are given an opportunity to meet friends and to renew acquaintances that have faded with the passing of time. Old experiences and incidents are retold, with the proverbial fish ever lighting the fall season. In our particular case, we have much to indicate of being a winner, if the basis of action; we shall derive much pleasure and interest that accompanies the celebration becomes very evident on the campus. Blind Dates Are So Interesting To Fair Young Coeds

By Jane Coonman

"I thought that I was setting you up for a very good date, but you got me all tangled up in a knot of your own making," said the mentor.

"I'm sorry, I just didn't see what you meant," replied the student.

"Well," said the mentor, "don't you think it's strange that we've never had a perfect date before?"

"Yes," said the student, "but it's not my fault. I always seem to be the one who makes the mistake."

"That's because you're too nervous. But if you just relax and enjoy the moment, things will work out fine," said the mentor.

"I'll try," said the student, "but it's not easy for me."

The meet will be held at the Lawrence home track near the Albert college grounds. The entrance fee is $1.00 and the race will be run at 3:00 p.m. The men will be admitted to the Homecoming through a special pass which will be given them by the Homecoming committee.

Beloit, Ripon Meet in Big Four Conference Meet

Ripon Has Twelve Lettermen on Squad; Fishing as Winners

Ripon college, an early season favorite to win the Big Four gridiron crown, is scheduled to open its drive for the championship against Beloit college tomorrow.

Because his Ripon runners have function as in some of their past three encounters of the year, Coach Darling has been working desperately to get his unused machine into shape for the initial conference game. Naturally, with the Ripon eleven has been taken up from a group of 12 lettermen and 25 veterans, it has lacked the punch and power to get across a marker against any of its early season opponents.

The Ripon eleven, because of its wealth of material, seems like a probable long, steady sleeper. The 12 lettermen who expected for service early in September in Coach Darling’s squad are: Captain Arthur Shurley, quarterback; George Blocka and John Smith, tackles; Lyle Bozym and Kneif Sullivan, ends; Emerson Myers and Bill Vocel, halfbacks; Roger Martin, tailback; Walter Hebb, Pat Schmitz, and Lewis Johnson, halfbacks; and Ralph Kuhlman, center.

Marquette Toepper college and Michigan State are the weakest Carroll team. The Orangemen have more experience and talent than any other candidate for center, and Negotiations Being Made for Graduation

By Bill Foote

In the meantime, informal practices are being held four times a week to get the men into condition and to perfect guessing, planning, and punting. A conference game last week completed the practice series until Feb. 1.

The backfield will be a combination of last year's nucleus for rebuilding a winning combination.

Bill Winer, John Bower, Dave Jones, and Charles Schneider, along with other members of the squad and fresh teams will fill out the squad. Graduation of Captain Bert Hall, Herb Vanderbilt, and the withdrawal of Willis Haase from the football team means that the Lawrence football team will be a year younger.

The other backfield men who may start in place of those already mentioned are: Captain "Red" Feidt, a light but very speedy halfback most dangerous on the outside; Captain Tom Sullivan, a fullback and tackle, and either Burt Ash or Henry Goebel, an excellent place kicker, are most likely to start at the ballcarrier positions, and either Bert Adams or Hank Hartwig will call signals from the quarterback post.
