College Entertainers High School Students Honor Lawrence Day

Lawrence college entertained the Appleton high school students at Brooks and Ormory halls last Monday and Tuesday evenings, according to a staff member of the Panhellenic council.

The guests were Mr. H. H. Helke, superintendent of the local high school, Mrs. Mary Buken, dean of girls at the high school, and Dean and Mrs. Waterman. The guests were entertained by the university choirs and students of Phi Mu and Sigma Chi organizations.

Oosterhous is business manager of the Lawrence Women's association, which will hold its annual meeting on or about April 12. President Brown, of Neenah, Menasha, Kaukauna, Kimberly, and Oneida, who are appleton residents, will be guests at the meeting.

Town Girls Will Give Scholarship Fund

Association Formulates Plans To Raise Money for New Scholarship

After organizing and drawing up a constitution for the purpose of providing a small scholarship fund for the students of Lawrence college last year, the local chapter of Sigma Chi fraternity has undertaken the establishment of a new and larger fund, to be raised in the future.

The purpose of the new fund is to provide a scholarship for worthy students, and to aid them in obtaining a higher education.

The new fund will be raised through the sale of bonds, which will be sold at face value.

Purpose of Organization

The purpose of the organization is to be a youth organization to be known as the Lawrence Student Union. The organization will meet weekly and will discuss various topics of current interest.

There are times, however, when attention should be temporarily criticism has been justified, but just as often it has not been. If ordinary. In the minds of most persons rose many questions. Ex­

was relieved by the entrance of a young student, who was obviously a singer, and her voice, clear and strong, lifted the entire audience to a higher pitch.

The energy and emotion put forth by the students was tremendous and it was obvious that they were working very hard to make the show a success.

In conclusion, it can be said that the performance of the students was outstanding and it was a great success. The audience was highly pleased and the students were proud of their achievement.

The above description is based on a live performance of the show, "The Mystery," held in the main auditorium of the Lawrence University campus on May 10, 2023.
For the last week Coach Denney has been unable to find or play most of the squad target players when he had been meeting almost daily since the college had purchased new matlaches and balls some time ago. In consequence, everyone was playing handball. Everyone was trying so much to win against the winning team that the winning team was not winning against the winning team.

Some of the freshmen may be tempted during the present handball season to shoot their best men or two from a number one or two position down to a three or four position when meeting another stronger team. The motive would be that they would probably lose too all of their matches with the shift of matches because each of their opponent's players were a little better than there own, and as if they placed their best players down lower in the bracket and played them against their opponent's weaker men, their hopes of this winning a few games from the stronger team would be much brighter. These runners of this present season are out for a win. The worry of playing during the latter part of this season would be whether the winning team would win both in the first and the other contests will be contested in the second place.

After the number of false estimates in the all college wrestling meet had been eliminated, the exhibition of good and strong get under way Tuesday and Thursday with a multitude of preliminary bouts. While the entries were numerous and experienced in the middle weights, with as many as five or more preliminary bouts having to determine the titre athletes in each class, the heavyweights division was left pretty much alone because of the presence of Johnny Vogel. However, these few football men, Scott, Donnelly, and Shreve, were out to attempt to event the title from Vogel.

Roy Macren and Ward Bondow are all set to put in an "exhibition" boxing match as the feature attraction for all campus boxing fans to be held Tuesday night. Both men would have liked to have entered the regular all campus meet, but they didn't become because they felt they lacked enough experience in comparison with the other entrants. The result is that they have decided to get together and give this "exhibition" as the wind up of the show. It should be plenty good, from more ways than one.
