Society Events Crowd Past Week at College

Well, after last week's football game we're ready for anything! Now we can settle down to a long cold winter and be happy—especially after such a fun winter vacation spent Socially long or hard. The Billboard is rapidly filling up—what with all those parties, elections, dances, and plays! And we'll let the new professors and also all the old ones have a chance to get acquainted. PSi Chis.

The Alpha Delta Pi New Pledge: Kappa Delta announces that Miss Thomas Keppeler is a chapter pledges to join the Delta Sigma Tau chapter this Friday, November 2. She was initiated into Kappa Alpha Psi last Thursday evening. The D. C.'s entertain at dinner in honor of Miss Keppeler on Saturday evening.

The Phi Tau boys sponsored a very successful Western party this Friday. They are going to have a Phi Tau Fraternity party next Friday evening in order to show the world that the Phi Tau boys are also making strides. A couple of the Phi Tau boys seem to be quite generous about it. Kenneth Schelling and Larry Steen have promised to come, and we think they are going to have a swell time. Dances of the Newkirk College Chapter Rooms last Saturday were well attended.

The D. L. announces the initiation of Mr. Douglas Bocalini, Mr. William E. O'Connell, and Mr. Warren G. Rogers. Bama A's.

Emie Saltz from Oklahoma was a guest at the Phi Delta party last Saturday evening, and she was greatly pleased.

The Peabody Dance Party took place on Friday evening, and the Peabody Club had a more than a fair number of people there. A great time was had by all.

Sage Smokers Are Annoyed by Match Shortage

We, on Fourth Floor Sage, do not keep a taxable supply of matches for smokers who inhabit the residences all round hours of the day. North. The invaders swoop from the east. They are of a species various, which is, as it were, their home on people's ceilings. This type of match has been identified in the vicinity of the occupants of Fourth Floor Sage. While we are studying Fourth Floor Sage, they come in like a bus at the door. We naturally anticipate visitors. Also, the guests would stand in the doorway saying: "Hey, there, you guys!" and the general practice was to shout back: "Hi!" although this was done at a distance only.

Campus Clubs

The Spanish Club: The group is organized somewhat differently this year. Four groups have been formed. There is a conversation division, which is in an attempt to extend the vocabulary. To this division are added foreign films, which are shown in Spanish and English. The second group is the music group, which will concentrate on musical activities. The third group meets to sing songs; a fourth reads and reports on current literature. The group has a regularly scheduled meeting each week. The group has planned for the year. We are looking forward to this new organization.

Employment for Graduates Shows Brighter Aspect

Industry Recognizes Value of Men with College Training

Employment prospects for the school year which opens on Monday, September 4th, for American industry is beginning to brighten under the influences of improved business conditions and the increased importance and use of trained personnel.

At the end of a few weeks this trend was indicated by Harvey G. Gilgiff, personnel director of American Knitting Mills, in addressing the convention of the National College Placement Agency.

"We have every sympathy for the boys who are finishing their formal education during times of economic depression and who cannot find a job," Mr. Gilgiff said. "However, these are not all of the cause. We make any valid distinction in the industries that the college and every industrial organization is anxious to see the cream of the college crop. Every large organization must train its own personnel, and we have to see that a boy is always ready to be filled.

"We have had from 15 to 150 college men on the waiting list at one time as students, and we classed them as students," he said. "Much of the actual work in the parking plant.

"We are needed primarily, the state of "dizzy rapport;" where the mental and emotional state of mankind. For the reason that state in which the wholeness of the universe becomes apparent. This experiencing of rhythm is what the poet knows as the music of the spheres. The realization of humanity. Here the needs of others come to "have meaning," and life becomes beyond the mere living of the individual. The realization of humanity. Here the needs of others come to "have meaning," and life becomes beyond the mere living of the individual.

"We have adopted a program for the student, he said. "They are a plan of systematic feasibility. We have adopted a program for the student, he said. "They are a plan of systematic feasibility."

The management of the Rinu co-responds to a four-four meter complete the program. Grace Moore, and the new opera, "The Little Mixand"

Mr. Gilgiff emphasized that get-ting into positions of importance. New, old, and prospective Lawrentian men are always a standard of measure is bigger.
Vikings to Meet Milwaukee Culls For First Time

Lawrence Has Several Injured Men

Vikings will take the field against the Milwaukee Teachers Saturday afternoon, the first meeting of the two. Coach Clapp has his boys in shape and should have no trouble against the Lawrence against his alma mater.

Both Lawrence and Milwaukee spotted the homecoming festivities of Ripon and Oakham Normal respectively last Saturday; the Vikings left for the 190-mile trip at 8 o'clock, and the team was assembled at 11 a.m. at Ripon College. The Blue and White are honorably represented by a large group of students, townspeople, and others from the Lawrence alumni.

The Green Wave has a first class professional football team, whose poorest kicks are 40 yards. Kapers has a great small ground wind, while Dick Ockey, the Lawrence center, and Milwaukee line men at past year's games. The Blue and White is expected to see Lawrence playing familiar territory. Lawrence will be playing in familiar territory, which will no doubt add to their advantage.整篇内容讲述的是文森特与里斯妮之间的故事，他们在这次旅行中经历了许多困难和挑战，最终他们克服了所有困难，走到了一起。

EDITORIAL

The Personality and Personnel stu-
dents have been running around admin-
tering some very personal tests. May-
be you've seen some. Since we rated
very badly, we're rationalizing that the
same was true of all the collegians. We
could do much better.

Answer the following by checking the
one which most nearly describes your
reactions. If the situation has not been
faced, do so.

1. If the professor in a class bores you, do

-- throw your book at him
-- write letters or find other amusement
-- go to sleep?

2. If you are C in a class in which you do credit your professor, do you

-- remonstrate with the professor?
-- say nothing to him but mutter in class?
-- look forward to a front seat and stop after class frequently?

3. If you see one of your friends leaving the card catalog muttering a number
does he go up and begin a jovial conversation?

-- always
-- occasionally
-- never.

4. If you find someone sitting in your carred seat, do you

-- remind him it is yours?
-- wait and flush stomping your feet?
-- quietly take the carred seat to sit?

If you are awakened by a fire-gong do you

-- calmly and collectively gather your things?
-- become panic and unable to find your shoes?
-- stay in bed and hope you won't be missed?

If something is served to you in the dining-room which you do not like do you

-- make amusing remarks about it?
-- turn up your nose?
-- eat it to keep it from starving?

1. At a dance do you (to be answered

-- by men)

-- who wish you had need enough to ask

-- to girls)

-- ask girls to dance even if you don't

-- look dumb and wish you hadn't spent your money?

2. At a frolic do you (to be answered

-- by women)

-- have been clear in spite of having to stand behind a wall of stage?

-- become envious of the oppos

-- see your temper and walk out?

-- in a chapel program do you find yourself

-- listening to a chapel speaker?
