DEBATE SQUADS LEAVE FOR IOWA CITY TOURNAMENT

Lawrence College Student to Submit Measure to Representatives

After months of preparation and practice, the Lawrence debate team left for Iowa City this week on an attempt to achieve recognition for the college. The debate tournament, which is being held in the old Capitol building at Iowa City, promises to be one of the most diverse events of the season. All the debate squads and representatives there. Among them are Southwestern Illinois College, Chicago, Minnesota, Michigan, and many others from the west and middle west.

The debate squad will be sponsored partly by the outstanding support of the university. The decision of the conference of the house of representatives will be in Iowa City.

Mr. Lawrence in Tournament

Mr. Lawrence is in the tournament proper which has been supplied by Mr. Lawrence. The program is arranged to have each team engage in two debates on Friday and two on Saturday.

The debate will be judged by three distinguished judges, one of whom will be the president of Lawrence, who will be chosen and the regular procedures of the conference of the house of representatives will be in force.

And a Faculty Member Does a Bit of Ribbing

Telephone conversations, when overhead, often prove enlightening— at least, such was the case in an interesting and amusing exchange I overheard between a young man and a girl friend and said: "Hello, Queenie. A Cappella Choir Presents First Appleton Concert

Interesting and Unusual Program in First Concert

The Lawrence A. Cappella Choir, presenting its first Appleton concert of the season last night, gave a very fine performance of a very interesting and unusual program. In listening to each A Cappella Choir, we have often found them monotonous because of the similarity in the style of the music which is sung. Mr. Waterson, however, secured a great deal of variety in the program, in the selection of composers and in the selection of music. Perhaps the most outstanding innovation in the concert was the use of the blackboard. The program was written on the blackboard and the chorus sang from there.

The program consisted of the following selections:

- "Rappe Alpha Piabra" by Cain, and the Pawnee Indians called Mr. Waterman to his stand several times for applause during the performance. The choir's interpretation of the music was outstanding and the audience found them highly satisfactory.

The Phi Delts entertained at a cabaret at the Hotel Northern on Friday evening. The Sig Eps held a cabaret for Mrs. Darling at dinner Thursday evening. The Kappa Alpha Thetas announced the election of the following officers:
- President, Gwen Crawford; vice president, Miss Martin; secretary, Miss Martin; treasurer, Alice Kinsey. The Phi Delta Thetas announced the election of the following officers:
- President, Helen J. Martin; vice president, Alpha M. Martin; secretary, Arthur Martin; treasurer, Alice Kinsey.

Another important event of the evening was the presentation of the Phi Delta Theta gavel to Mr. Adrian. This gavel is of considerable use for labora-

Vikings Win First Mid-West Tilt Saturday

Lawrence Downs Beloit Saturday

Break Nine Game Losing Streak to Win 32-30

Playing the kind of ball everyone has expected all year to see, the Vikings broke their nine game losing streak and downed Beloit, 32-30.

Whether it was the fact that Chuck Pfleifer carried Jack Samuel all over the center circle and sank five beautiful baskets; or that Dave Jones played the best all around game he has played this year, rolling up seven points before four fouls forced him out of the line near the end of the second half; or whether it was the magnificent guard play of Ashman and Brackett, the Vikings have brought home another major victory. Lawrence led, 11-4, at halfway and a sudden outburst on their part was followed by some ineffectiveness on the part of the Argiles to as who seem unable to bring the ball up the four hundred yards to the score 11-11 to the half ended.

Beloit rolled up a 15 point half when Pfleifer began scoring in overdrive and a barrage of buckets that supported his efforts. But just as the Vikes started to plant their feet and made good on four free throw points to bring them to a 25-25 tie, the game was renewed by the rally both Jones and Pfleifer left the game, taking a 27-25 edge for the last minute when J. Samuel pushed in a reverse bolt that sunk three baskets and tilted the game again at 30 all.

Whether it was the magnificent guard play of Ashman and Brackett, the Vikings have brought home another major victory. There were several outstanding performances. Pfleifer, center, and Brackett, guard, were doing such terrific work that in five minutes they had piled up a 25-18 lead. But just as the Vikes were about to hand the Vikes a two point lead, Kellogg went back into the game and tied the game again at 30 all.

With about 30 seconds to play, Samuel, center, drove in for two and made a free throw that tied the game at 31 all. The game was finished the last of all the Vikes, Vikes. The score at the end of the game was 31-25.

Most outstanding was Lawrence's splendid effort to control the ball, which a fast and shifty Lawrence team was carefully keeping from them.

The final score: Lawrence, 32; Beloit, 30.

Sports Shorts

We've always said that Lawrence has a swell basketball team; now the boys have proved it with two swell games, one against Beloit and another against Marquette.

Most outstanding was the game that sailed the 300 point mark in the game last Tuesday. We were talking to him after the game while he was partaking of his after game training diet of a chocolate malted milk shake, and he said that in Marquette's league the victor's pot is always the pot. If anyone deserved a pot he deserved the one last used. Only responsibility compelled the men to see that it didn't go to Ted Kramer almost broke his head in the galley on the last. Careful boy, with that while sweeter on volley. Kramer was the best man; it seemed... Most was more than on and his mates were feeding him so that he could make 500 points... and Billy Chamber didn't like it either. The boys looked mighty good in the preliminary to the Marquette game... Stick together, boys, and you'll have those three own way in State and Midwest competition in two years.

And the matter of the boys tact and Sportsmanship cannot go with the team. Lawrence are always out in front, a healthy boy, we state, "And there are those who grouped of activities, although they usually know little of that which they grasped about for these were of the stuff that talk and never act. Especially did they grip about the things which were never said that the land were often unwisely accorded. Lawrence, and there were their own, the critics of the activities; and they were hand."xDF

Beloit has won but one out of the two road games this season; against good in our minds the value of the Beloit game. From the December 4th to the December 17th competition in two years. And the matter of the boys tact and Sportsmanship cannot go with the team. Lawrence are always out in front. Good are those who grouped of activities, although they usually know little of that which they grasped about for these were of the stuff that talk and never act. Especially did they grip about the things which were never said that the land were often unwisely accorded. Lawrence, and there were their own, the critics of the activities; and they were hand."

Vikes to Close Season Tuesday

Play Carroll in Last Basketball Tilt of Year

On Tuesday evening when they play Carroll College at Alexander Gymnasium, the Vikings will bring to a close their basketball season.

The squad that will meet the Pioneers will be the same that Coach Denney has used so effectively against Beloit and Marquette and will be Osen and Jones at center, Pfleifer at center, and Brackett, guard, and a reserve half guard. On Tuesday evening when they continued playing the kind of ball every one expected, the Vikes will bring their nine game losing streak to an end by putting 32-25 over Beloit. In the game, the Vikes arranged the close of the game with the help of Osen, Jones, Pfleifer, Ashman, Brackett and Hauer. They will be hot by graduation.

The game, Charlie having been suspended for the team, will be ready to show the visitors more of the same territorially and defensively. The other team members shadowing the Vikes have no one to help them. Carrol on the other hand is a veteran team in his line and is expected to be very tough. The game is one to win for the Vikings and the Vikes will be among those playing their last game. “Live in the Present” advises Dr. Wriston

"Keep both your feet planted firmly on the ground of the present," said Dr. Wriston in his chapel speech on Monday. "Those who live in the past are either cowards or fools...", he said, "and those who think only of the future are deluding themselves and neglecting the present, the only time that we have to make or prevent a mistake."

Dr. Wriston voiced the opinion that several changes would have to be made before the band could function as it should. He advocated the beginning of practice for the fall season in the spring before the plan for the season could be formulated. "If we were set in the present, he said, it would not be possible to have the band in shape for the football season. Regular practice periods instead of the present unceremonious meetings were termed absolutely necessary.

Trouser Week at THIEDE'S

THIEDE'S offers a special selling of quality trousers at a splendid saving. These extra values are made possible by a fortunate purchase of desirable dress trousers for men and slacks for the young fellows—priced at $3.95, $4.85, $5.85.

In each range are dress trousers for men who need conservative, dress styles to help wear out a still good coat and vest. In the $5.85 range are suit trousers made by clothing houses and worth up to $9 per pair. In the $4.85 range are those desirable blue and oxford grey herringbone, cheviot slacks worth $8 or $6.50. Every pair affords a good buy. See a few in our window display.

Steidl Resigns as Pep Band Director

Lawrence Steidl, former director of the Pep Band, announced his resignation from that post Tuesday afternoon. Pressure of other work as well as difficulties within the band were given as the reasons for the resignation.

Steidl voiced the opinion that several changes should have to be made before the band could function as it should. He advocated the beginning of practice for the fall season earlier in the spring before the plan for the season could be formulated. "If we were set in the present," he said, it would not be possible to have the band in shape for the football season. Regular practice periods instead of the present unceremonious meetings were termed absolutely necessary.

Flattery is soft soap and soap is 90% lye—

So They Say

Since our chief organ of vituperation on the campus—The Student Senate—seems to have suffered a slight relapse, which appears to be something like the congress that never met at Vienna, for an indefinite period, I should like to express here a few sentiments concerning vital campus affairs.

I read in your last issue of four girls who have recently received recognition as the four most coveted senior women at Lawrence, and the term "best loved" raises quite a question in my mind. Furthermore, I assume that these rewards come as a climax to four years of social prominence in campus functions, and with a genuine appreciation of the character, morals, and ideals of each and every one of the girls. But on the other hand, was this strange tradition institutionalized as an honor society for those who can least inspire love, to be awarded councilor—rather than in view of your proposal on the refusal of the $1,000 scholarship gift of its alumnus, Dr. Hänstaengel, Hitler's aide.

From this department we would suggest that American students and educators must believe to be fundamental to universities and educational institutions that the best loved never land w here people are always beautiful, and gracious, and lovely. They played, we believed from the days of their childhood, that we were really beautiful and scientifically. Here is a psychological and physical laboratory with real life and ends that they sometimes lied to us. They believed us to laugh again; they made us dream and grow.

They are not so numerous as they once were. Carusius has made them scarce. Others have grown shy of our outward appearance of innocence. We must hold onto them gently but firmly, for only they can admit us to the Never-never land where people are always young.
