String Quartet Is Presentation Of Artist Series

Stradivarius Group Is Second Program for Academic Year

It is generally conceded that the amount of musical performance so far as chamber music is concerned, was attained by the famous ‘Flemish String Quartet’ in its furthest career which terminated several years ago. Without question, the Stradivarius Quartet of New York, which has been secured as the second number of the current Artist Series, to appear at Lawrence Memorial Chapel on Thursday, January 13, at 8:00 P. M. deserves to be acclaimed an equal to its illustrious forebear, both in excellence and in performance.

Lawrence Campus Shows Old Time Fads Return

They are good old-time screensters, and they are feeding off our campus.

Fiddle-dee-dee (that’s from Gone With the Wind.) I have been heard to grin.

“Just tell me,” he said, “that’s not new. Why this is old news. Why it was old news five years ago.”

What worries me is that this rejuvenation of old errors should be to mean something. Everything always seems to happen in sort of a body sort of a body sort of way. Nothing ought to be able to make a grab at something that you had a chance to make a grab at before. I am afraid that it is a dead that you have a chance to make a grab at. That’s why we are so far away.

“Wish it was you,” I always say, “that college fads are coming. They are bound to be old fads. They are bound to be old fads. They are bound to be old fads. They are bound to be old fads. They are bound to be old fads. They are bound to be old fads. They are bound to be old fads. They are bound to be old fads. They are bound to be old fads. They are bound to be old fads. Carleton Swimmers to
Meet Vikes in Prelim
Carleton will bring down swim­
ing, squash, and handball teams to­
compete with the Vikes this after­
noon before the basketball game.
Last year Carleton's swimming team
won the Mid-West title with
Lawrence finishing second. Vike
swimmers will be Kenneth West­
berg, Robert Van Notred, Robert
Arthur, William Holsten, Robert
Purdy, Jack Beziance, James Craw­
dford and Thomas Gettelman. Joseph
Grof and Westberg will perform in
the diving board against the Main­
es.

Carleton, says assistant coach
Jim Murphy, will try to keep a tight
pace against the Vikes this after­
noon.

Carleton will try to defeat a team
that has been beat almost every year
by the Vikes since Grof and Westberg
joined the lineup. The Vikes still seem
to be fighting an uphill battle in the
mid-West.

Treasie Tells Lions'
Club of T. V. A. Work
Mr. Frederick W. Trezise, asso­
ciate professor of mechanical en­
gineering, spoke before the Appleton Lions' Club at their meeting last De­cember 28 at the Conway Hotel.
Mr. Trezise, a member of the TVA, brought his
experience last winter while serv­
ing as an engineer for this proj­
et. He emphasized the new
margin of two million people joining the Car­
ton basin from the Tennessee Valley, which
will bring the total to six million people living
in the Tennessee Valley. Lawrence will be a part
of this new project.

The Lawrence-Southwest Missouri
cooperative weather project will be
available to everyone in the valley, who will
be able to receive it through the Lawrence
basin. The project will be a joint
venture between the Lawrence-Southwest
Missouri cooperative and the National
Weather Service.

Cornell will try to defeat a team
that has been beat almost every year
by the Vikes since Grof and Westberg
joined the lineup. The Vikes still seem
to be fighting an uphill battle in the
mid-West.
Interfraternity Council Continuity

Continuity is one of their principal concerns. Since the Interfraternity Council is the chief student body organ which represents the different fraternities, this continuity of contact is essential to the smooth running of the College. The coming academic year will bring changes to the Interfraternity Council, but the new and the old are determined to maintain the spirit of continuity which is necessary to the smooth running of the College. The new officers have already made plans to keep the continuity of the old officers, and the officers of the past have promised to work with the new officials. This continuity of contact is essential to the smooth running of the College.

Interfraternity Council Meeting

At the meeting of the Interfraternity Council the problem of providing for continuity in the membership was discussed. As a solution to the problem of continuity, it was suggested that each fraternity be represented by a representative on the Interfraternity Council. This representative would be chosen by the fraternity, and the representatives would be chosen by the Interfraternity Council. The representatives would meet once a month, and in the meantime, the representatives would keep in touch with their respective fraternities. This continuity of contact is essential to the smooth running of the College.

Vikings Upset Lake Forest by 22 to 19 Score

Burton, Oven, Falseide Star

In Lawrence Vict.

The Lawrence College Vikings upset the Iowan Northwestern and defeated the Lake Forest Forest on December 18, by a score of 20 to 19. The lead changed hands several times, the game being tied at the half and the Vikings pulling ahead during the third quarter. It was a non-conference game for the Vikings.

The Vikings played the entire game with the most successful line-up. The forwards, Burton, Oven, and Falseide, were outstanding. The center, the Vikings were outscored 13 to 11 in the first half, but they were able to come back and win by a score of 20 to 19.
