In the Spring a Man's Fancy Turns to Love; But It's Fall—Oh, Well!

If "Life" had come to our beloved Alma Mater this past week, we would have been called to a meeting of the "Life" society. The meeting would have been held at ten o'clock on a sunny morning. It would have been led by a clever young woman, who would have been known as Shirley. The purpose of the meeting would have been to discuss the merits of the fall season, and to plan ways in which the members could participate in the festivities that are associated with this time of year.

Miss Ruth Cooper, dean of women, will give a dinner at 8:00 P.M. in her suite of rooms at the house on October 16. The dinner will be held for theundeclared members of the Campus Club. Mr. and Mrs. J. H. Durbrow, Mr. and Mrs. E. H. Jennings, and Dr. and Mrs. L. W. Towle will be chaperons. Supper will be served on the lawn at 7:30 P.M., followed by group songs at the house after the outdoor festivities, followed by group songs.

On the table is a dish filled with potatoes, Mr. Green sits down at the end of the table. The potatoes are served, and Mr. Green begins to eat. Suddenly, he feels a strange sensation in his stomach. He reaches out—then remembers that this is Lawrence College. He vainly attempts to ease the tension with his fork. Wiping the gravy off his hand, he decides to defer the decision until the next day. The "harvest moon" is still shining, and the air is crisp. The "marvel" is that he is still alive.

On October 17, the Delta Gammas will hold a frost fry and hike on Sunday afternoon, before the members are to be entertained by a game of touch football. The houses are filled with guests, and the air is filled with the sound of laughter and music. The "spike rum" is not to spike rum or spirits, but to spike rum with a touch of humor. The "high heels" are not to be worn, but to be danced in by the ladies. The "high heels" are not to be worn, but to be danced in by the ladies. The "high heels" are not to be worn, but to be danced in by the ladies.

On October 16, the Delta Sigma Pilots will hold a dinner for Heads of Sorority Rooms, in their room at five o'clock on a sunny afternoon. Miss Dapp, Mr. Cumby, and Mr. Durbrow will be present for the dinner, and the members of the Campus Club are invited to attend the dinner. The dinner will be held at the house after the outdoor festivities, followed by group songs at the house after the outdoor festivities, followed by group songs.
GRIN AND BEAR IT

By Libby

"Just drain the ice-box."

The supposed purpose of Homecoming is the very meaning of the word: it is to be a time when alumni and old friends return to the Alma Mater to once more participate in college sport and activity. But if this is indeed the situation, why do we allow alumni and fraternity returns to alumni to return? Are they giving any actual advance notice as to the time of future Homecomings? Without a doubt, they are told what the program will be. Homecoming is in only two weeks from Saturday but little seems to have been done to attempt to have a reasonable amount of alumni back. Doesn't our Homecoming Chairman know what his program will be, or doesn't he think the alumni would be interested in knowing? Perhaps we would be pleasantly surprised by a small representation of Lawrence graduates if they merely receive Lawrence plans in which our chairmen outlined their new plans.

Maybe we are jumping at conclusions, but when we mildly infer that nothing is up to the Executive Committee to decide whether or not the privilege of doing it lie or no bookkeeping is worth the assessment it will probably bring.

The star performer for Beloit was Virgil MinKin, who led the attack while Virgil was over.

Bud MinKin was again responsible for the air and run up 5 touchdowns to tie for the third consecutive week.

Meanwhile, Carleton kept its slate clean in Midwest football, as Cornell buried Beloit easily, 13-8. The Big Ten and Big Six league meets a powerful North Dakota State outfit and holds but a slim chance of winning the Midwest football crown.

Temple Takes First in Inter-Society Archery Contest

William Pfaff's amazing ability to throw an4 a punt was on display once again as he intercepted a pass and galloped all the length of the field because of his running.

The kick was short. Novakofski, the star performer at the Chemical Lecture room in the Inter-Society Archery Contest, which took place Wednesday and Thursday afternoon.

Jean Temple, placing first in Individual scoring, and Marfa Jackson, placing second, have won the Inter-Society Archery Contest.

The first came when Lawrence recovered a fumble just short of the 20 yard line. Carleton held solidly for three downs. Still without a score, Carleton dropped back for a field goal, but the kick was short.

In a few minutes Novakofski, star of the game because of his running, returned a punt to the 43 for an extra 5. The lineup:

The School of the Air Returns For Ninth Season

National Education Association Will Assist in Broadcasts

The American School of the Air, the Columbia Broadcasting System, will return to the air for its ninth season on Monday, October 14, with an expanded program in which the National Education Association, representing three-quarters of a million teachers and administrators, will join to enter the schoolrooms proper for the first time in its history.

Another prominent organization, the Progressive Education Association, of some 30,000 teachers and administrators, has also accepted an invitation to take part in the development and presentation of another program representing a new departure in subject matter of radio education.

The School of the Air, founded by Miss Martha D. Fenton, director of the Columbia Broadcasting System, is an educational laboratory that includes broadcasts on the American School and other groups and a cooperation between the National Council of Teachers of English, the National Vocational Guidance Association, and Junior Educational Television, which are all devoted to improving radio presentations designed for the classroom.

Each day during the school term, evening classes will be broadcast. The American School, with over 100,000 members, will be heard on 222 to 2700 K. W. in the New York area. The School will also broadcast from the United States network from 2:30 to 3:00 P. M. on Tuesday.
