Give Debate Against Lawrence in Chapin Chapel

David Austin and Gerald Grady represented Lawrence against members of a negative team from the University of Wisconsin on March 7. The University took the affirmative side in a debate on the question: ‘Resolved that the nations of the western hemisphere should enter into a permanent union.’

Grady spoke first emphasizing the fact that the Fascist desire of western hemispheres is something that we can see and that such an union would be impossible because it would bring about war. He brought out some plans that the nations of the western hemisphere would have to make in order to increase their chances of success. He pointed out that a union would be formed, the United States would have to dominate it, the other nations would be subordinated. He asserted that the United States would be the controlling state and that the plan would not work. He compared the people of the United States with them and said that he was not interested in their differences as to governments, religion, and the like.

Austin then said that the union would break up as a result of the Good Neighbor policy in which the United States were not interested. He pointed out that the people of the United States might consider their own problems and that it would be more advisable for them to be more interested in their own union. He said that the United States might have to pay taxes to the United States for the upkeep of the union.

Rinkiet pointed out that a union would be formed, the United States would dominate it, it would be less expensive, and the other nations would subordinated. He pointed out that the United States would be able to dominate the other nations and that the plan would not work. He compared the United States with the other nations and said that there would be no reason for the other nations to be interested in their differences as to governments, religion, and the like.

Hemisphere

The western hemisphere union was set up to avoid war. Then still later, when there would be war, Hitler is attacking us! Austin continued. "Get it up on a permanent basis, it's the only thing that will work for us."

The affirmative side in a debate on the question: ‘Resolved that the nations of the western hemisphere should enter into a permanent union.’

Exhibition of Sculptures Ends Friday

Campus Interest Is Promising for Future Exhibits

The sculpture exhibition, which began after Christmas vacation, comes to an end on March 23. Wallace Baldinger, associate professor of art, asserted that this exhibition has been of considerable value in class work and that similar exhibits may be secured again because of the wide interest aroused by this one.

The dedication ceremonies only ten days off will be a significant event in Lawrence history. A splendid program has been planned which will fully realize the idea of every one who has subscribed to in making the program the one which the most outstanding the alumni and trustees ever had. We certainly owe it to them.

Squad Makes Impressive Showing Despite Standings

A FTER a flash start the Viking basketball team ended the Midwest conference in a tie for last place. The squad made a very impressive showing despite the low standing in the league, however. Every last game was very close, and the boys were doing their best at all times. Complete reports in a prep program early in the season that we should not expect the shock to continue, and in his prediction he was correct. We should feel proud to have a team that did not give much with its inexperienced players.

Next year the squad ought to finish the season well up near the top of the list of the fraternities into moved their new quarters a week ago. These are now in house in one of the finest quad.

Aloofness Toward Conflict Is Impossible for America

BY WALLACE S. BALDINGER

America stands alone from a combat spreading through three continents in the way to prepare the impossible if we wait.

At the present crucial moment, however, and under our existing domestic conditions, the only remedy is to move at once to better our condition. The time for preparation is small and American nationalism against the war is the business of the moment. The United States must play a program directed towards economic nationalism, which is the answer to the American standard of living. One-third of our foodstuffs may still be ill-supplied, ill-clothed, ill-fed, the other two-thirds to a level which would bring either revolution or war. The average American will not understand the fact of this.

The fact of the matter is that the war is not of our making, but it is our concern. We have, as have all the other nations of the world, been helpless for the last war, whether it be true or not. Our country has been a nation of slaves and has been does not have a choice in its own direction.

What can we do about it?风电

Perhaps we can serve our country better if we try to prepare for the next war, instead of waiting for it. Perhaps we should not wait. Such an attitude, if true, is in the best interests of the people.

As You Like It - Victory

By Gordon Shurtleff

THE YORK picture was written about that has come our way The Pennsylvania Daily. In view of the recent songs - Chad Hanna, Kitty Foyle, Arizona, Go West, Tall Buck and Handover, Madison's Bay, and Becomes the Wranglers. -We do not like the picture because we do not like it. We feel that the picture is more of a sensation than a picture. We do not mean to say that the picture is not entertaining, but we feel that it is not as good as it could be. We do not think that the picture will last very long, but we feel that it is worth the money to see it. The picture is well worth the money to see and we recommend it to all who are interested in the picture.

Crossett Is On Second All Conference Team

Award Wes Morris Berth on Honorable Mention Team

New form grace the Midwest conference basketball team for 1941-42 as it was revealed as the nine coaches' votes were tabulated here recently. The first team was chosen for the first time, although Steve Krcmar of Ripon, named as a guard, was named to the second team last year. Huber of Monmouth, champion at center, received the most attention and thus earned the honorary captaincy. A teammate, Don Dunlop, was chosen as a guard. Jerry Lenox, of Knox, who led the conference in scoring by averaging just under 15 points per game, was the only sophomore named to the first team. Forward spot was earned by Gene Peisner of Grinnell, in a close choice. Patterson, also of Grinnell, Peisner, Moss, Krcmar and Dunlop are sophomores, while Lexim was a nomi­nee.

Patterson captures the second team at forward with Huber of Monmouth as a running mate. Cres­sett of Knox is the center and Johnson of Ripon, who exchanged places with Krcmar, and Fort of carpet were chosen as guards. Bubick and Peisner, also of Grinnell, are sophomores.

Forwards are alternates, including business forwards.

Vike Swimmers Place Third in Midwest Meet

All but Two Records are Broken in Conference Meet

TEAM SCORES:

British 44
Carleton 31
Lawrence 21
Loras 18
Monmouth 4

The Lawrence college swimming team rose from sixth place in last year's Midwest conference swim meet to third this year. Ev Turley came through to knock three sec­onds off the backstroke record in a meet that saw all but two records fall and one of them was tied.

Captain Miles Hench swam a good race in bowing to Beloit's Morton and Carleton's Saliba for a third in the fifty yard free style. Hench is the only senior on the Lawrence squad and scored the Vikes lone point in last year's meet.

Liebich and Frankman e.m. through with a third and a fourth respectively in the 200 yard fre­estyle. Walter Pick was two places better than first in the 100 yard freestyle as Morton broke his second record in the afternoon.

Summation:

Shayard style free: (1) Morton, Beloit; (2) Saliba, Carleton; (3) Holoway, Beloit

Not to you or just one night at a mad house party? It was a marvel, folks, just a phenomenon! The patriotic type, Brritts, nob, Napoleon, and even the flight of ideas were there—there you know, flight.

Rock of the Fort—hug, hug, hug... who called me a jail bird!!... Mama can you get me? Anyhow, I think the Big Eye really threw a fit on Saturday night. The boys were eating the sign in the hall, and they did their best to get it off and fail on the alimony they had to pay. If you feel... I'm going crazy.

The Delts were a hit last conference this week. There will be a Sunday... Girls... this is too much!... Chapter went to church (again) on Monday night there will be an Alpha West next week.

Wednesday they had a buffet supper; (1) Zeigler (Lawrence); (2) Mowbray (Lawrence); (3) Zeigler (Lawrence). But two of the nine teams in the Midwest conference basketball non-division finished above .500 percent, and those two, Coe and Grinnell of Iowa, share the title with ten wins apiece. Lawrence placed.

Ripon 6-6, .500 415 398
Beloit 6-6, .500 407 409
Grinnell 10-2, .833 442 470
Iowa, share the title with ten wins each. Coe, with 909, averaged 45 points per game, while Grinnell had the best defense, allowing 32 points to be scored on 16 per game.

The wrestling team made a fine showing at the Midwest wrestling meet at Beloit last Saturday. All but one Lawrence who entered scored.

Bill Diver wasn't able to wrestle in the 155 pound class because of a twisted knee which he received at the Wisconsin meet last week. The coaches agreed that the Lawrence team captain would probably have won his division which would have put the Vikes one man in first and four men in second place with Carleton. 153-pound class: (1) Preston (Coe); (2) Monbroy (Lawrence); (3) Statkis (Carleton). 136-pound class: (1) Isenberg (Carleton); (2) Reynolds (Beloit); (3) Ziegler (Lawrence). 165-pound class: (1) Bishop (Coe); (2) Pape (Beloit); (3) Hall (Carleton). 175-pound class: (1) Torquig (Coe); (2) Mose (Beloit); (3) Ruden (Lawrence). 195-pound class: (1) Delaney (Coe); (2) Halldorson (Coe); (3) Hall (Carleton). 220-pound class: (1) Jay (Coe); (2) Tula (Beloit); (3) Estabrook (Coe).

To the victors of the Midwest conference basketball non-division. Congratulations to Marjorie Olson, head of the Student Radio Department of the Lawrence University Broadcasting Station, for her recent award of the Dexter Memorial Scholarship. The prize is awarded annually to a senior in the field of broadcasting.

Congratulations to Margaret George, a student at the University of Wisconsin, who won first prize in the national collegiate debate at Harvard University. The first prize was a trip to New York City to attend the summer session of the American Institute of Banking.

Campus Squash Tourney Yields Semi-Final Stage

The All College squash tournament has simmered down to the four ranking semi-finalists: Diver, Frederickson, Kimberly and Powell. The first two play each other and the winner will play the winner of the Kimberly and Powell match in the finals. The squash champion will receive the gold medal for this event and manage the faculty champion, F. E. Foster, in an exhibition match on Wednesday. Of the group mentioned, Diver is especially handicapped because he will have to compete against his teammate, Powell, after his demanding tennis season. The other three players have been interested in playing the best of the undergraduates in exhibition matches. This rivalry is stimulating the undergraduates to form a team which may challenge a similar faculty team to a series of matches.
