Campuses Monday afternoons between 3 and 4 p. m.
Lawrence college will be on the
annual meeting of the central
Association of University and College Business Officers at Madison
May 11-13.
President Thomas N. Barrows
of Lawrence will deliver an address at the luncheon meeting on
Monday, May 12. At the suggestion
of Ralph J. Watts, Lawrence college business manager, a former
president, who is present, has been
invited to address the students and
members of the Institute of Paper Chemistry.

Monday is Deadline
For Applications
Monday, May 12 is the deadline
for those who wish to apply for
scholarship. C. O. Cost, pro-
curricular coordinator, states that
the applications should be in
completely before seeing Millis.
All applications for financial aid
must be filled out and com-
mpleted at the time of the scholar-
ship interview. All applications for financial aid, regardless of source,
will be mailed to the applicant at
least two weeks prior to the date
of the Commencement exercises.

Lawrence Symphony Will Present
Concert Monday
The Lawrence Symphony orches-
tara under the direction of Dr. Per-
son will present their spring con-
cert at 8:00 Monday night, May 11, at Memorial chapel.
Soloists for the public concert
will be Robert Williams, French
horn player, and Ruth Wil-
mot, violinist.

Borrowing in the public concert
be invited to attend.

Complications Arise

With Honors Course

C O M P L I C A T I O N S resulting from the new honors course have popped up during May registration. The difficulties are chiefly in the chemistry department, but could easily occur in other fields.

The complication is this: if a student takes an honors course, he has 36 hours in one field and can take the honors course by giving only part credit for the course, but this in no way solves the problem.

It seems that the administration is considering combining non-honors and honors courses, granting credit in this department so this will not occur, but if Lawrence is to form a chemistry study local society accredited list, all of the courses now offered must be included. Hence, it will be impossible for work in chemistry also want and need all of the courses now available.

This is not the end of the struggle. If the student cannot take the honors course, he will have to钞$ another of the non-honors courses. A student majoring in chemistry naturally takes all of the chemistry courses he can and when he gets to his senior year, he finds he has to take half of the honors course without credit or not take it at all. Something is wrong here. A solution which has been suggested is that the honors course not be included in the 36 hour limit. This would solve the whole thing and not decrease the effectiveness of the chemistry department in any way.

THE UNION FOREVER

SOMEBODY's always knocking the Union, but no one has ever accused it of an absence of imagination. It's a peculiar institution. It's fly in the eye of the storm and it's rain. That the Union is Lawrence college, 'South Sea Bubble,' it's hall of unscientific. It's a super vision. It's fly in the student and women over the top and now pay the price with Burrow's Coke Bottle Upholstered. It's a conglomeration of people, it's an eye-opener, it's an eye-opener, it's an eye-opener, it's an eye-opener.

I'm speaking from the standpoint of a chemistry student, who has been asked to write an essay on the Union. The Union is Lawrence college, 'South Sea Bubble,' it's hall of unscientific. It's a super vision. It's fly in the student and women over the top and now pay the price with Burrow's Coke Bottle Upholstered. It's a conglomeration of people, it's an eye-opener, it's an eye-opener, it's an eye-opener, it's an eye-opener.

At 2:00 p.m. The Lawrence team probably be decided upon the last events, and Lawrence's hope will be Fieweger. Colvin and Oliver should show their team strength in the dashes and two miles run. The field events will be well taken care of by Vince Jones and Capt. Jim Orwig, while not showing up well m the scoring punch for the first week, hope to show their team balance to the fullest extent on Saturday. The main weaknesses in the scoring punch for the father will go after their dual meets. Two weeks ago the team was officially opened Wednesday, May 7, with games between Betas and the Phi Taus. The day was featured by the upset of the favored Delta team who fell before an aroused Sig Ep team by the score of 8-4. The Sig Ep, combining an unexpected hitting attack with the two hit pitching of Chuck Belpit, finishing third in their own relays, will bring around standing team to winning field. The winning team will be expected to be a quartet and broad jumper, Griff Tatum, with the first, second Bascom and Cardin, high jumpers, and a good 4 x 1 mile relay team. The meet will probably be decided upon the last events, and Lawrence's hope will be in piling up enough points on seconds and thirds.

Postpone Track Meet

The Lawrence track meet scheduled for last Tuesday afternoon was postponed until Tuesday, May 15, due to inclement weather. With weather permitting the Titans will attempt to keep a clean slate in regard to dual meets. Two weeks ago the Lawrence team defeated Carlow by 150-50 and last Friday our boys proved the Titans are the boys in the competition at the Beloit Relays. Belpit, finishing second in our meet, Kevarn will again produce a quartet and broad jumper, such as Griff Tatum, which is being shown on fourth floor of college. From here the exhibit will be sent to the Los Angeles City College.

As You Like It
Lady with Red Hair
BY GORDON SHEWLEFF

T HOUGHT it is one of the best films of the season. Lady with Red Hair misses the first it could and should have had. It tells the story of Mrs. Leslie Carter, and deals with one of the most interesting groups of characters it has been our fortune to see on the screen in quite some time. The orchestrate part is in the usual Hollywood tradition: the characters are whitewashed, simplified and simplified until it is all Miriam Hopkins and an excellent can to do give them the life they really possess.

The production lacks the imagination and vitality which it should have; but one feels that the virility of the characters is coming through in spite of the production instead of because of it. In Miriam Hopkins, Hollywood has one of its finest and least appreciated actresses; in Mrs. Carter she has the part for a sparkling good time. Sounds like fun, doesn’t it? Saturday night the Big Eyes are having another steak fry. They plan to have one every Sunday until exam.

Definitely untried is 1941, a comedy, never did.

Lady with Red Hair is one of the most dismal attempts to provide many moments of laughter and a story, and deals with one of the most interesting groups of characters it has been our fortune to see on the screen in quite some time. The orchestrate part is in the usual Hollywood tradition: the characters are whitewashed, simplified and simplified until it is all Miriam Hopkins and an excellent can to do give them the life they really possess.

The production lacks the imagination and vitality which it should have; but one feels that the virility of the characters is coming through in spite of the production instead of because of it. In Miriam Hopkins, Hollywood has one of its finest and least appreciated actresses; in Mrs. Carter she has the part for a pooling good time. Sounds like fun, doesn’t it? Saturday night the Big Eyes are having another steak fry. They plan to have one every Sunday until exam.

Definitely untried is 1941, a comedy, never did.
