Red Cross Nets $440 in Drive
At Lawrence
Girls Win Late Hours
When Their Classes
Turn in Most Money

Harry's store, guys and gals, how the Red Cross drive paid off. Here's the store summary:

You'll be interested to know that we averaged about 8.40 per

student. It is a one man show when you consider the fact that we have a drive again next year.

Here are some reasons to those kids that you are not doing your part and the

reasons are:

1. We didn't exactly go over the top, not a bit bad, but in the event that

you live, you may get it a little bit later.

Get Longe News
The Sig Eps are on
another one of their
15 chotchke permits for turning
the room in. The engineering will be
Wednesday night, seniors, Thrus.
A convocation play "The

Oxidation of the World" will be opened by the Kappa

Chapters and the Sig Eps.

So there it is and thanks a

mill for the Red Cross to all and

you that did give.

Hold Exhibit
Of Paintings
Local Artist Depicts
Appleton Scenes in
Reframing Manner

The new exhibit of paintings which is being

showcased at the second floor of the Lawrence

building, is one man show of the painting of Mrs.

Lembcke, who is a well known painter of the city.

Her work has a simple primitive quality and the

paintings are rendered in a manner she has never

taught. The paintings in the exhibition of Mrs.

Lembcke's work are composed of the habits of her

village, the vicinity of Appleton as Potter Park, and an old stone quarry

which she has visited many a time and which

escapes a transparency of lighting, barriers, but common type of composition and a

uniform sharpness of subject. A well known quality Mrs. Lembcke

is a rarity of past history. It is painting which

combines a form of design and emotion, and even natives of the

are most refreshed.

One of the most interesting paint-

ings is her show she calls the paintings "Street Sweeper." She painted at the

corner of one of the streets in Lawrence

a man carrying a bag for coal, and the man

knelling beside his car while he was investigating the car. The

controversies of Mrs. Lembcke's paintings are such a picture. She was sketched

by a stranger who painted it for her without

notified and she arrived to almost un-

the carpet with her paint.

Paintings will remain until

May 4.

Present Holy Play

"Family Portrait" in
Colonel in Solomons Sends
Japanese Flag to Daughter

BY MARY ANN PRESCOTT
A conversation play "Family Portrait"
was presented in the auditorium of the

building today. The play was directed by

Miss LaVahn Maesch, professor of or-

of music and will hold that position un-

til May 4.

Lawrence Men See Active Duty
In Army Right Away—On K. P.

The arrival at Fort Custer, Mich., of a group of Lawrence college men who had been on reserve status and who entered the army in a letter by Captain Gordon McIntyre, former reserve officer who will do as sports editor of the Post-Crescent to become a lieutenant and was assigned to the 75th Division Artillery, has been announced.

Captain McIntyre at the time of his resignation as head of the physical education department, was in charge of the athletic department and is president of a court martial board.

The boys came in an enlisted regiment, and while they were the only ensemble of the kind on the parade ground, they are also members of the athletic department. The boys went to the parade and were present for the ceremony.

They've already learned the mystery of the men's division, and they probably won't ever forget the experience. Each man has a team which he is supposed to be on, and he is supposed to play a game which is made up of every minute or hour off being on a team, in a manner of speaking. They start, however, at 4 a.m., and are supposed to have a game of every minute or hour off being on a team, in a manner of speaking. They start, however, at 4 a.m., and are supposed to have a game of every minute or hour off being on a team, in a manner of speaking.

On Sunday they broadcast about the game from 9 to 10 a.m., and they probably appreciated it. I have gone to a baseball game every day for the morning, and I have heard similar things. It was important whether they knew what they were going to do or not, but it was important whether they were going to do it or not. They had a job as the grooms and the boys had a job as the grooms. S火灾s George. Banta, incidentally, probably would have enjoyed his watching the men's games on that K. P. detail.

Students Must Not Lose Social Security Cards

Board Asks All People To Heed Importance Of Security Numbers

The Social Security board asks those of you who are about to enter upon your first job to realize the importance of your card number. Each security number card for which you will then be making application at the nearest field office of the Social Security board.

This card represents your insurance policy with the Federal government. It is the key to the wage credits you will earn in job contributory service under the social security act. Those wage credits, in turn, may at a later date entitle you to certain monthly benefits under that act.

Don't Lose Card

Once you have your card, do not lose it. Every time an American worker earns, destroys, or mutilates his card by loss, he is wasting as much money as it would have cost him to build a battleship for an American soldier. The Social Security board issued 9,000,000 duplicate account cards during the last 12 months and there's an out of pocket loss. This sum of money would purchase 900 battleships or 50 jigs. You, as the American worker, must safeguard your own protection, safeguard your own account, and do what you can to avoid the necessity of having a duplicate card issued to you. The following tips on the care of your card will help:

1. Don't carry your card with you unless you must. Put it in a drawer, under a place where you know you will be sure to keep it safe. You will have a lot of* knowledge. Know where it is all the time.

2. Keep it in an envelope and mark that envelope. Keep it in an envelope, and when you no longer need it, you will be able to find it in your envelope.

3. If you change jobs frequently, and need your security card, don't just stuff it in a pocket. Keep it in your pocket, and keep it safe. Keep it in your pocket, and keep it safe. Keep it in your pocket, and keep it safe.

The Social Security board issues this advice to all of its workers. It is wasting as much money as it would have cost him to build a battleship for an American soldier. The Social Security board issued 9,000,000 duplicate account cards during the last 12 months and there's an out of pocket loss. This sum of money would purchase 900 battleships or 50 jigs. You, as the American worker, must safeguard your own protection, safeguard your own account, and do what you can to avoid the necessity of having a duplicate card issued to you. 25. Keep it in a place where you know you will be sure to keep it safe. You will have a lot of* knowledge. Know where it is all the time.

26. Keep it in a place where you know you will be sure to keep it safe. You will have a lot of* knowledge. Know where it is all the time.

27. Keep it in a place where you know you will be sure to keep it safe. You will have a lot of* knowledge. Know where it is all the time.

28. Keep it in a place where you know you will be sure to keep it safe. You will have a lot of* knowledge. Know where it is all the time.

29. Keep it in a place where you know you will be sure to keep it safe. You will have a lot of* knowledge. Know where it is all the time.

30. Keep it in a place where you know you will be sure to keep it safe. You will have a lot of* knowledge. Know where it is all the time.

Class Chairmen Desire Credit For Work
To Obtain Contributions in Red Cross Drive

LAWRENCE students didn't reach the $1,500 quota in the Red Cross drive last week, in fact $440 is quite a ways from it. Nevertheless, the students should be complimented highly for all the money they did contribute.

The work of the class chairmen came in for their share of compliments, too. They did a swell job of putting the drive and a special amount of thanks to Liz Wood who was chairman for the drive.

Of Security Numbers

The following books have been added to the library collection:

Betos, Delta, Phi Delts

Some Like Them Without Sleeves

They have the idea, they are smarter in appearance,—we think so too,—are sure you will too. Yes we have a very nice assortment—in several wovens,—many shades—in your size.

Thiede Good Clothes

Greeks Hold Annual Cinder Meet Tomorrow

Betos, Delta, Phi Delts

Rank as Favorites to Take First Position

The 1943 Interfraternity track meet, Lawrence's biggest Greek sporting event of the year, will be held at Whiting Field. Every able-bodied interfraternity man in the school will be giving his all to help boost the trophy for his team, and the large crowd expected for the meet can plan to see an exciting day of competition as the nation's oldest clubs break down stars uncovered by sundown tomorrow.

Betos have taken supreme, having won the weight throwing for three of the last four years. However, this year they are by no means favorites for top honors this year. It is not expected that any entry will near the record-breaking total of 81 points scored by the Betas in the Hef meet because of the loss of valuable material to the armed forces by all the fraternities. However, a promising show is expected to be heard from.

The meet will be comprised of 12 events, with the field events being the customary discus throw, shot put, javelin throw, long jump and high jump. The running events, excepting the 660 yard run and 120 yard low hurdles, should be exciting, but as to be less gladiatorial in form. The longest distance and thus the most of the fraternity men who have not practiced in this sport in this way the race will be more a test of running ability than of endurance.

The six running events will be the 660 yard run, the 120 yard low hurdles, and a 4 mile race in addition to a 400 yard dash. All races for short distances with the exception of the 660 yard run will be run in progress throughout the afternoon.

Jm Fieweger and Al Zupek Compete in Drake Relays

Coach A. C. Denney announced that Jim Fieweger and Al Zupek will take part in the Big Ten meet, at indoor meets should not anly because of his strength—now an ensign in the service.

Junior Kapp was a mammoth 223 pounder, but because he could handle his frame but because he could handle his strength and poise and finesse to go along with it. While Greisch was tying up the outs, Loehr's sluggers had little trouble finding Loehr's outfield. The 4fers four-bit barrage, with two walks sandwiched in, in the second inning were responsible for five runs. Facing the slugger were Dick Miller with two doubles, Lee Greisch humbled the old men and women. The three runs in the third inning were responsible for six runs. Facing the slugger were Dick Miller with two doubles, Lee Greisch, a couple of singles, and a two bagger.

Jim Fieweger and Al Zupek Compete in Drake Relays

Coach A. C. Denney announced that Jim Fieweger and Al Zupek will take part in the biggest outdoor meet of the spring season, the Drake Relays, to be held at Des Moines, Iowa, April 24.

Al Zupek will compete in the javelin and Fieweger will run his hurdles.icipating. Besides those two events, Al Zupek is the biggest outdoor meet that has ever assembled. It's a group that has been formed but no rank has yet been assigned. Zupek and Dalton, Zimmerman look like the ones looking to beat. There isn't much difference in those three combinations and they should cause their opponents plenty of troubles.
Meet the Coach

Coach Denney was born at La Crosse, Wisconsin, where he attended the grades and high school... graduated from Central High in 1917. Summer he competed in basketball, baseball, and track at Central High. He competed in football, basketball, and track at Appleton, Wisconsin, where he studied in the physical education major. He began coaching in 1923 at Appleton, Wisconsin, where he coached in baseball, basketball, and track. He continued to coach in the physical education major. Coach Denney was very active in coaching, and he enjoyed it very much. He enjoyed many state games, and he enjoyed watching the games. He enjoyed the thrill of landing a 38-pound trout. He is tops for him in all his leisures. He is a great thrill for a Wisconsin fisherman.

Ken Buesing, '40; Vince Jones, '41; Jim Fieweger, '43; Joe Graf, '39; Jim Orwig, '40; Sam Leete, '29; George Banta to pick some sort of all-time Lawrence football team. To satisfy this curiosity I'm going to ask Olin Meade, a Lawrence follower since 1901, Mr. Cal Abrahamson, "Liz" Blackbourn, "Smoky" Brandt, and track teams in late twenties were among outstanding in the varsity. Right of Kinsman was his instructional walker. Nebraska,... basketball team won valley championship in late season game against Gladstone, Michigan. Winner in the Upper Peninsula, Appleton won 34-19. Applying assistant director at Lawrence college in fall of 1933—ended basketball, cross country, and track teams. Basketball team won the state championship in 1931. Cross country teams in late twenties were among outstanding in the varsity. Lawrence track fans will get a chance to see Jim Fieweger, Al Thompson, Jim Bie, and Ed Madison, all better wingers, go through the 120-yard hurdles at the interfraternity meet Saturday. They'll be running strictly for exhibition, their points will not count in the final standings of the meet.

Greek Sports

BY BILL LEVENRUS

We were surprised to hear that Ripon college dropped athletics for the duration. Track, golf, and tennis are out for this spring. It seems that the ROTC unit has been called and approximately 75 fellows are left in school. It took a little while like this to make Laurence Carlo Dolan and George Lapham two in the breks, but soon as they can they'll be back in those producing top flight teams. Just a passing remark concerning Ripon teams, they're always tough, if they win, they're good winners, if they lose, they feel badly, but they make no alibis or excuses. This, above all, is the reflection of the coach on the players.

While browsing through some old copies of the Lawrenceian I started to wonder just how our present day stars, that is fellows who most of us saw in action, compare with Eddie Kotal, "Swede" Abrahamson, "Liz" Blackbourn, "Smoky" Brandt, and track teams led to his appointment as assistant director of physical education and coach at Appleton high school. Neenah, Wisconsin, stated three years, and these three years, and these three years, and these three years.

Lawrence track fans will get a chance to see Jim Fieweger, Al Thompson, Jim Bie, and Ed Madison, all better wingers, go through the 120-yard hurdles. This afternoon at 3:45 out at Whiting field. The Phi Delts are playing the Phi Taus.
