**Lt. Rothwell Reveals Total Insurance Sold**

Sailors Donate 30.5 Per Cent of Pay

To Purchase of U. S. War Bonds

Lient, Angus B. Rothwell, commanding officer of the V-12 naval training unit at Lawrence college revealed Thursday that National Service Life insurance totaling $50,000 has been purchased by the officers, trainees and members of the ships company at the base here.

Lieutenant Rothwell further stated that trainees at Lawrence have donated 30.5 per cent of their $15,000 monthly payroll for the purchase of bonds. The greater share of trainees will purchase a $25 bond monthly.

"We are proud of the record that this unit has made in the purchase of National Service Life Insurance," Lieutenant Rothwell commented to the great pride of the men of the unit.

The group plans to purchase 1,000,000 worth of the bonds, with an additional $100,000 which was purchased by the 10 officers and members of the ship's company prior to their arrival at the Lawrence training unit stationed on the campus, has also been deducted from the monthly pay of the members of the group.

A break-down of the war bond figures shows that the monthly payroll of the trainees will be sent to the trainee's parents at home. Although they may also be held in the banks and if such an arrangement is desired.

**Board Issues Call to Girls For Knitting**

Nellie Horst about knitting a navy vest for her boyfriend in the war zone.

Is freezing her ears somewhere in the middle of the Pacific Ocean, Barbara Burkholder, who is chairman of this drive, was heard announce that the Red Cross needs all kinds of knitted articles for the welfare of the men overseas. The directions as well as skeins of yarn may be obtained through the local Red Cross chapter.

**Collegiate Famous Magician In Chapel Sept. 7**

Lawrence college will Tuesday morning, Sept. 7, present for its students and townsmen of this vicinity John Mulliholland, world renowned magician, in a performance that will include his internationally famous acts. The program will be presented in Memorial Chapel on the campus.

John Mulliholland is the only man in America to be listed in Who's Who because of his accomplishments as a magician. He is the only living magician who is a member of the American Institute. Mulliholland is an authority on magic and has written a series of articles on this subject in various magazines. He has lectured throughout the United States.

**Tested Are Schedules**

**Smith House Ghosts Are Abroad**

With Voss leading Eerie Notes

By JEAN WATSON

If you pass Smith house in the middle of the night and hear sounds of footsteps and whispered voices, you may not be imagining things. If you try to sleep soundly at night, you may be suffering from insomnia. If you have to get up in the middle of the night to get something from the pantry, you may be getting restless.

Smith House is one of the most popular haunts in the college. The ghosts are supposed to be the spirits of people who have lived in the house in the past. They are said to be very active and can be heard throughout the house.

The most common theory is that Smith House is haunted by the ghost of a young woman who committed suicide in the house.

The ghost is said to be very fond of the music room and can be heard playing the piano at night. She is also said to be fond of the kitchen and can be heard making food in it at night.

Naval Man Anticipates Training Union in 1999

Editor's Note: Professor Morse 2-4, an earnest and meticulous officer, who has worked with the Naval Training Union in the past, recently announced plans to distance the Naval Training Union from any possible errors. The Naval Training Union is a highly innovative organization that has been successful in creating a positive learning environment for its students. Professor Morse 2-4 is a highly respected and accomplished officer in the field of naval training, and his input is greatly appreciated by the Naval Training Union.

U. S. Naval Training Union—U.S. Naval Academy

SCHEDULE OF EVENTS FOR JULY

Monday, July 11:
- Opening ceremony
- Introduction to the program

Tuesday, July 12:
- Orientation to the campus
- Introduction to the training staff

Wednesday, July 13:
- Basic navigation
- Introduction to the naval vessels

Thursday, July 14:
- Basic combat training
- Introduction to the weapon systems

Friday, July 15:
- Field training exercise

Saturday, July 16:
- Cultural exchange
- Introduction to the local culture

Sunday, July 17:
- Rest day

Monday, July 18:
- Legal training
- Introduction to the legal aspects of naval operations

Tuesday, July 19:
- Leadership training
- Introduction to the leadership aspects of naval operations

Wednesday, July 20:
- Engineering training
- Introduction to the engineering aspects of naval operations

Thursday, July 21:
- Communication training
- Introduction to the communication aspects of naval operations

Friday, July 22:
- Field training exercise

Saturday, July 23:
- Cultural exchange
- Introduction to the local culture

Sunday, July 24:
- Rest day

Monday, July 25:
- Legal training
- Introduction to the legal aspects of naval operations

Tuesday, July 26:
- Leadership training
- Introduction to the leadership aspects of naval operations

Wednesday, July 27:
- Engineering training
- Introduction to the engineering aspects of naval operations

Thursday, July 28:
- Communication training
- Introduction to the communication aspects of naval operations

Friday, July 29:
- Field training exercise

Saturday, July 30:
- Cultural exchange
- Introduction to the local culture

Sunday, July 31:
- Rest day

Monday, August 1:
- Final examination
- Graduation ceremony

Function of Judicial Board

The function of the Judicial Board is to hear and decide cases brought before it. The board is composed of seven upperclassmen, who are elected by the students. The board's decisions are binding on all students, and their actions are subject to review by the administration.

The board is composed of the following members:

- President: D. Johnson
- Vice President: J. Smith
- Secretary: L. Brown
- Treasurer: T. White
- Member: A. Black
- Member: B. Gray
- Member: C. Green

The board meets weekly to hear cases and make decisions. Students may bring cases before the board, and the board has the power to impose penalties such as fines or suspension. The board's decisions are final, and students may appeal to the administration if they disagree with the board's decision.

The board is an important part of the student government at Lawrence College, and it plays a vital role in maintaining discipline and order on campus.

From the Editor's Easy Chair

HANKS, Navy men. Your decision to buy activities tickets will be a great factor in maintaining the active student program that you and all the other students have worked so hard to maintain. As the year passes you will discover abundant evidence justifying your decision, for the social activities of the year, sports, a concert, the play, and the naval games are all paid for through this fee.

Make full use of these activities whenever you have time, and you will find that the student fee is worth many times what you are paying for it. The all-college fest next week is an opportunity for you to get started in right. Come along for a fine time.

Friday, Aug. 20, 1943

Function of Judicial Board

N

OW that the all-collegial judicial board has started to function, and has had a chance to put its machinery to work, it is about time that all students and faculty members familiarize themselves with its activities, rules, and procedures. The board is composed of seven upperclassmen, who are elected by the students. The board's decisions are binding on all students, and their actions are subject to review by the administration.

Dearstyne Contributes First Faculty Article

This is the spring issue of a new column which will permit faculty members of the Lawrentian to write articles on any phase of Lawrentian life as long as it is decided by the faculty column editor that the article is of interest to students of Lawrent.

By Mr. Howard Dearstyne

Passing thru Columbus, on the way home from Green, we stopped to look at a house built by Louis Sullivan. "Fame Fullest-Follows-Fullume" Sullivan, great pioneer, starting small post and architect, who, having created some of America's finest buildings, died in poverty. The drugged next door faced wildly to look out of its window at the noble structure. He said, "Maybe, but I would not have sold the house for thousands!" Without doubt it was said because he served thru such lengths it was an archeological structure!—It would be a mistake to think in leisure or because we are people, etc. merely let them starve.

We made the acquaintance of Spring Green, a stone's throw from Taliesin. We think of Louis Sullivan's great pupil, Frank Lloyd Wright, who, we were told, would come back as soon as he had been through school in the city. It is said that Louis Sullivan admired his work. We could not see him because we felt his influence a stone's throw from Appleton to Spring Green.

Midshipman Rothwell Returns to Academy

Midshipman Rothwell, who will be a "ringer" or third cadet at the academy, leaves for a 3 week camping trip in the northern woods. He will return to the Naval Academy, where he is in his second year.

Music Sorority Gives Serenade For Navy, Quad

The trumpet call that summoned the men on Brooks was not that of Bob Welch, but that of Doris Quan­ton, and signified the beginning of "Blow, Gabriel, Blow." The first selection of the serenade by the members of Sigma Alpha Iota, national professional music sorority, was enthusiastically received and was followed by two serenade songs. By this time the fire escape was filled by applauding navy men, and noisily appeared at windows or dark­ened rooms. Cheers of appreci­ation followed the inclusion of "Bell Bottomed Trouser," in Ro­selia Jennings's arrangement of "An­other Serenade." The second song was entitled "Glad to Be Here" and was sung with equal zest.

Germain Club Sings Folk Songs, Hears Talk on Schubert

The German club met Wednesday evening, and the group sang several popular folk songs, but Barbara Rombach gave an interesting, as well as educational talk on Schubert. Following this the members listened to recorded German folk songs. The study of these will be of benefit in classwork.

Midshipman Bill Rothwell, son of Mr. and Mrs. H. G. Rothwell of Fond du Lac, will be a member of the Navy in the near future. The shipment of clothes will be present in the near future. The shipment of clothes will be present in the near future.

Mr. Gordon E. Hill, former public service men and I didn't know better, so we drove across the bridge and up the winding road to Spring Green. Taliesin, Wright's home, was built on a hill, and it was said that Wright planned to live on the back porch. The boys followed the serenade with play of eyes, but the Sigma's were on their way to the quad. A freshman, in his haste to open the window, al­

Good Food At Moderate Prices.

Tea Room and Restaurant

114 E. College Ave.

A Full Line Of Service Men's Needs— All Conforming to Military Regulations.

Duffel Bags ............ $1.00
Service Overcoats . $1.00

THE LAWRENTIAN

Page 3
School, City Will Compete

Seven Event Meet Scheduled for Sat.

Swimmers of Lawrence college have accepted an invitation to compete in a seven-event meet in the Neenah Municipal outdoor pool on Saturday morning.

Director Art Guild Denney, also director of the "Panicdrome" game last Thursday night, said that about the only strikers of the Neenah school who were in strengthened vocal cords were the ones who had played the season.

Some of the boys have been at it one or two hours a week at the pool, and they are expected to hop backwards on one foot or intra-mural games recently—Is there anything which might fit into the column?" Well, here's the answer from one freshman. "How should I know? I've never been to a week." The softball game may be named as such, but we think it ought to be hard ball. Ask Muriel Breton, who was a pretty stiff player this past year and is the captain of the team this year. Muriel will be allowed to place four men at the starting line in each race.

This is a chance for the fans to see their favorite athletes, the ones who have been best in their high school track and field activities.

Navy Golf Team Loses Third Meet

To North Shore

The Lawrence navy has lost their third golf match of the season to North Shore on the course at the Port of Lawrence. The Navy is now 18 and North Shore 41.

The programs are given from 7:30 to 8:30 each Sunday evening at the Laboratory Conservatory of Music, under the direction of Mr. Rothwell, commanding officer.

Elias is Scheduled

To Give Lectures

Mr. Charles T. Elias, amateur astronomer, will again, this year, conduct instruction and discussion sessions on astronomy at the University observatory of Lawrence college on Thursday evenings at 8:30. The informal discussions are for students and townsmen who are interested in learning about the stars and our place in the universe.

This is the first time that Mr. Elias, who is a member of the Museum of Modern Art exhibit now being shown in the library is one of the most significant shows of the year. It traces the development of modern furniture and the requirements of the human figure, using new materials such as steel, plywood and bentwood, and expresses the nature of these materials in the form of new and contemporary forms of our changing way of living. The Museum of Modern Art will be open to the public on Saturday and Sunday afternoons, and is free of charge.
