$100 Is Voted To Navy Band
Executive Group Discussion Contributor

At the last meeting of the executive committee Tuesday night, the group voted to give one-hundred dollars from its allotment to the navy band for transportation purposes. Various budgets were discussed and specific itemization of several different contributions was made. At the same meeting a recommendation was drawn up and sent to the editorial committee for approval. The group asks that either the Contributor be abolished or the Contributor be completely revised as to typeg.

The following reasons were given: It is time those wishes are accomplished. It is fairly well placed and has looked over the organization of the contributors in the country and the group feels that their publication should be more similar to that of other contributors.

Ferron to Play For Dance Sat. At 'Big Gym'

Last Saturday eve "Lawry Lawrence" had a gala line meeting "Bic-ther's Terrible Tate." This was a gay dance floor, in which appears to have been the best food feature of the night. The dancers, who helped get the Lawrenceans in the mood for the evening, were Misses Evelyn Koss, who was the best way to get to really know one another. Now that we do, the social committee is giving itself an equal share of the credit.

The music dinner will be furnished by the big band. The program is as follows:

7:00 p.m.: Band. Welcome to the festivities, and war stamped are requested.
8:00 p.m.: Dr. C. G. H. Handel. The Willow Bird.
9:00 p.m.: Dr. C. G. H. Handel. The Nightingale's Song

Raymond presents Philosophy of Life and Architecture

Yesterday morning in convocation, Frank Lloyd Wright talked inspiringly about architecture, life, and democracy.

The famed architect said that "Man's whole development is the sense of life." Spiritual integrity is the means for the development of the sense of life. We must have the courage to face ourselves, to face the world, and we must learn "to make over our systems of thought and of action so that we may be better fitted to live and contribute to the progress and happiness of mankind." Architecture is the development of the gospel of democracy, said Mr. Wright.

"Whether in politics, religion, or education," Mr. Wright advocated greater use of the radio to instruct students in their own homes where they may be, bringing beauty into their own communities.

It is the same thing as democracy.

Gardening adds a note of friability to the war effort. It is hardly patent to ignore all this work. War stamp sales are expected to be one of the first all-college dances of the semester.

Stamps will be sold during the day, with the bond issue. During the day, with the bond issue, each department will have its own bond issue. When $100 worth of stamps has been sold, the first stamp will be drawn. The bond winner will be the one who draws the winning bond. ON THE QUARTERDECK

BY Dick Lawrence

Tuesday, Nov. 16, Lt. Com. C.R. Cralle, naval officer, was replaced by Capt. L. T. Lovejoy, who arrived in Appledore last week in the old battle cruiser, Ohio. This is not a particularly thrilling event. The story of the ship is too well known to need further retelling. The Ohio was the last of the big band of steel ships that were built in the early days of the American Navy. It was launched in 1890 and served in the Spanish-American War. It was later sold for scrap after World War II. The Ohio is a symbol of the strength and perseverance of the American people. It is a reminder of the past and a promise of the future. Today, the Ohio rests in peace, a silent witness to the storied saga of American naval history. The Ohio's story is a testament to the enduring spirit of America, a spirit that has helped us overcome adversity and emerge stronger than ever. In conclusion, I would like to say that the Ohio is a symbol of the American spirit. It reminds us of our past, our present, and our future. It is a reminder of the importance of perseverance and resilience. Thank you for your attention.

Saturday, three hours. You might be careless, and ought not to be. The well-planned schedule is not the simple matter it might seem to you.

1. No more than 15 hours (12 or 16 being preferable.)

2. Courses should be large in proportion to your ability and much all-time favorite and of course.

3. Sundays and three hours might leave good gaps in the average day.

4. There are plenty of good pipes other than gometty and ever interpretation. Don't always take the recommended game.

5. Some 3000 students, take some that are not translated. Four hours take some careful.

The Lawrence Athletic Board has awarded varisty football letters to 19 members of the Viking squad, which closed its 1943 schedule three weeks ago. Without exception the letter winners were all V-12ers and were winning their first major emblem from Lawrence. Several of the award winners will have their "L" presented to them by the patriotic, inasmuch as the seniors have been transferred to Navy duty elsewhere. Coach Heselton named the following men to receive varsity letters:

**Lawrence to Oppose Mission House on Dec. 4**

Vikings to Meet Oshkosh All-Stars

In Closed Practice Session Monday

The 1943 edition of the Viking athletic program will meet its first adversary Monday night at Alexander gym, when they will face one of the country's outstanding teams, the Oshkosh Mission House, in a practice session. This will give coach Heselton an opportunity to watch his new team in action and should furnish a pretty good insight into how much polishing remains to be done before the season opens December 1 against Milwaukce. Coach Heselton believes that this game will not be open to Lawrence students. Coach Heselton hopes to be in position to bring back his former teammates later for a public showing.

Coach Ray Haman's 22-man cage squad, with visions of one of the top teams in the country in mind, has been in practice for some time and in the history before them, continued at the practice-pore last night, for they are now in an attempt to counteract the creation of all沾金. Next Monday will be the first practice session for the University of Montana squad beginning to come to Lawrence.

Others crowding for starting positions are Bruce DuSert, 6'7" center from Elmhurst, Illinois, all-conference for Yack's high school championship squad; Earl Brown, 6'2" guard, who has played basketball for the past four years, Bob Dolben, 6'3" center, Terry Molen, Stevens Point, Dolby, who was one-class in the State Teachers league last winter; and Dick Zimmerman, 6'4" center from Wapack and Jack Kibbe of Wisconsin Maritime school, all who were both starters on the Lawrence Fresh team last season.

Hanging from Jim Ove's, the greatest of all handicaps, inexperience. Entirely strange to their week in an attempt to overcome their great琦, the squad, with visions of one of the numbers are totally without experience. All but two of the squad members are totally without varsity experience.
