LOTTE LEHMANN, SOPRANO, famed as an interpreter of German art songs, will appear March 17 in "Walking" will be heard in a community artist series concert at 8:30 Saturday evening, March 17, at Memorial Chapel.

Interfraternity Ball Will be March 23
Richard Bergmann is in Charge Of Decorations

Alexander gymnashum will be the sponsor of the interfraternity ball to be held March 23 from 8:30 to 12:30. With Richard Bergmann in charge of decorations, the ball has been completed by the committee.

There will be unusual programs presented to the girls on the night of the dance. They will be able to get some out of them other than just putting them on their bulletin boards.

Each of the fraternity's will effect a facade, and they will be presented at eleven o'clock the right of the dance. The decorations of each of the fraternities will simulate the different queens of the various fraternities. The number of the girls selected will not be released until the evening of the ball.

The decoration committee will feature a facade of the German army theme. Before the season just arrived, Richard Bergmann will have a crew of twenty men to help him with the decorations.

The music will be furnished by Richard Keit, of Milwaukee, who has played at the Wisconsin Red Garter and has played and is playing for many dances at other college in the vicinity. His orchestra consists of eleven men, and a first string.

Members of the interfraternity committee are Jerry Davis, Richard Bergmann, Jerry Hall, Wally Mullen, Bob Taylor, Phi Tooe, and Bob Black. The famous singer knows success in many arts

Lotte Lehmann, world famed opera singer, is to appear in a 6:00 Saturday evening in Lawrence college chapel in the last attraction on the community artist series this season, is one of the most versatile singers now before the public. Not only is she the renowned as among the foremost interpreters of German music, but has won a handsomely endowed "First Lady of Song," but her portrayals of operatic roles from Montez in Wagner, to the tragic heroine in the opera of Nibelungen and most recent, is found in her role as Miss Lehmann has also met with national success in the other arts. She has written three books, one of which, "My Life," was an international best seller, and several others, published in 1868, and published a monthly column of music criticisms, and numerous short articles, poems and fiction are among Miss Lehmann's writings.

In the field of criticism, which she has studied for four years, she has written numerous articles and recently completed a group of water colors inspired by the works of Van Gogh, which has been produced as a publisher to be republished as a dance edition of the cycle. While on tours Miss Lehmann has frequently as an concert tour. Miss Lehmann's operatic appearances includes:

At least six copies of the New Testament are needed by the church. Anyone who has any of these books, please bring them into the Bob Wilson.

Casting of “Alice in Wonderland” Has Various Experiences

With each passing week, Alice in Wonderland Thursday afternoon rental program Alice in Wonderland is further advanced toward ‘the manhole.” Yesterday the script was still. The director of the program team, section, said, “We have considerable planning. Last night 2 Am looking for a White Rabbit in the first meeting was heard as the Conus. Herbert Lehnberg, who was formerly the Owl was now the Fish Footman, Maurice Brown who played the parts in last week’s production of the Irish Gardner and Bill the Lizard, now got the part and Phyllis Spiegelberg was in the part of the White Rabbit.

Animal and human sounds have been produced by the production staff, according to members of Miss Day’s freshman radio laboratory. Janie Levey was the crying baby heard on last night’s program. Norbert Sabin perceived the pig while the cafe’s mouse, daydreamed, and based on his theory of having the last bit of bread. Just when they made a dash for it, he told them to hold back. With wild arms ruthlessly flung out of him, he was heard as having the list being held of this last bit of bread. The little patter of masculine shoes were handed by student volunteers who were to be on the scene for each role. Each role was heard to be filled by student volunteers who were to be student volunteers.

Presenters’ Place Stage for Union Drive

Legion members and students are invited to participate in a two-hour stage show in behalf of the current campaign for the Memorial Union, according to announcing was made for a special election committee composed of S. Rose Plowman, Phyllis O’Hara, John Parmer, and Bob Nolan. The meeting date for the show is Friday, May 17. All phases of the projection of the year’s goals and program and preparation work for each role should be handled by student volunteers who are trained to handle student volunteers.

The success of this production and its contribution to the Memorial Union Fund will depend on the enthusiasm, interest and effort put forth by the Legion. The show will give all the students an opportunity to demonstrate their talents to the public and reveal the Laura Gratz excellent work of the show. The show will be presented in fol.-

Science Students Will See Movies

The Biology Club at the University of Rochester will have its monthly meeting Wednesday, March 20, from 4:00 to 5:00 in the service room. Although the last Friday of every month has been set aside for this group, the meeting has been postponed because of a conflict that will coincide with the meeting. The film to be shown is “The Story of Britain” an educational film produced by the BBC. It will be shown at 7:30 p.m. The film will be shown in the service room of the University. The showing will be presented in the service room of the University.

The men worked with him on the activities in Northern China, and the reason that captured Japan was always so willing to surrender was that they could see through it. They could understand the Communists in Northern China, and the reason that captured Japan was always so willing to surrender was that they could understand the Communists.

Ted Cloak describes his work in Washington.

The pause that refreshes

There was an important meeting of the “L” club in the “L” club room on the main floor of the Union Building, at 2:00 p.m. on Tuesday, March 17. All University club members and their guests are expected to attend the first meeting of the club since the war. An initiation ceremony of new members will be conducted by a group of local alumni members of the club, under the leadership of John Reeves, '29. An election of officers will be conducted later in the session.

There will be a meeting Mon­
day, March 17, at 12:00 in the lounge of the office of Newcombs. The group will vote on the inclusion of the Red Cross women's unit, which has been appointed to the Red Cross women's unit, which has been appointed to the Red Cross women's unit. A Need for Making All Library Facilities Available on Sunday

We wonder if it wouldn’t be possible to have all the facilities of the library made available to everyone so that the library could be open on Sunday.

At present only the north and south reading rooms are open. The stacks are closed and none of the books on reserve can be used. As long as the library is open on Sunday and a member of the staff must be present, it should be possible to put the reserve books and the stacks on reserve in the books. We wish it could be reserved to find an extra person from the staff present to take care of the work.

At least one of our classes has been unable to get any new textbooks this semester. Some of the students are all of their studying for certain classes from the texts on reserve. Be able to check the reserve books out of the library during the library weekend doesn’t solve the problem. Only a few students are able to use them Saturday and Sunday. If the books in greatest demand which are checked out on Saturday had to be returned during the time the library was open on Sunday, not only would other members of the class be able to study from the texts there during the weekend, but someone else would be able to check out books for Sunday evening study.

Opening the stacks would also please many who would like to be able to browse through them when they have a free Sunday afternoon.

Stargazing

With Sarah

Everyone has a birthday, that’s something all have in common. And almost everyone is interested in what his birthday means to him. Besides birthday parties there are special occasions.

This week we have to say we’re generally pleased with the action between February 18 and March 21. The sun will be in the sign of Pisces this week.

First of all, we have it straight from the books. Girls, boy that’s something we all have in common. And almost everyone is interested in what his birthday means to him. Besides birthday parties there are special occasions.

We wonder if it wouldn’t be possible to have all the facilities of the library made available to everyone so that the library could be open on Sunday.

**Warren Beck's Novel Is Published in England**

**"Final Score" Receives High Acclaim**

The opportunity of being in England at the time his first novel, which was published in that country, was experienced by Warren Beck, professor of English at Lawrence University, who recently returned from six weeks teaching at the university in England.

Beck's book, which last March received the "Poultry of American Authors" award as outstanding piece of Midwestern fiction for 1945, was set for publication in England as "The Light of the World." The book was written in England in 1942, and its plot is said to be closely identified with the fate of England during the war years, as well as with the lives of the people of England.

Whether or not you carry a football, whether you wear your hair in a "lump on top," and answer to the name of Michael Patrick Beck, you will find yourself inside the novel. The book is a fascinating account of the experiences of the Beck family during the World War, and particularly during the fall of 1943. It is a story of emotions and adventure, of the struggle for personal freedom, and of the ultimate victory of the human spirit.

Beck's book is a remarkable achievement. The author has taken the experiences of his own family during the war years and has created a book that is at once a personal memoir and a broader commentary on the human condition. The book is written in a style that is both engaging and thought-provoking, and it is sure to be enjoyed by readers of all ages.

---

**Dollars for Destiny" is WSSF Slogan**

"Dollars for Destiny" is the current WSSF slogan. The organization is making a major effort to raise funds for the students and faculty of the university.

One of the ways that WSSF is trying to raise funds is by holding a dance. The dance will be held on the evening of January 15th, and it is open to all students and faculty members. Tickets for the dance are available at the WSSF office, and all proceeds will go towards the support of the university.

---

**My Pal and I**

Socially conscious, this book reports the story of a young man's experiences with poverty and the effects of the Depression on his family. The book is written in a style that is both engaging and thought-provoking, and it is sure to be enjoyed by readers of all ages.

One of the themes of the book is the importance of education and the role it plays in the lives of the poor. The author does an excellent job of portraying the struggles of the characters and the challenges they face.

---

**At the Conservatory**

A new production of the opera "Porgy and Bess," composed by George Gershwin and based on the novel "Porgy" by DuBose Heyward, will be presented at the Conservatory this weekend. The opera is a classic American work that tells the story of a community in the South and the struggles of its members to overcome poverty and injustice.

**Woo! What a Tornado won't do!!!**
Schedules For Tennis, Track, Golf Announced

Teams Go Outside on April 20

Last Tuesday morning after it had been approved by the faculty board of athletic control, the inter-spring sports schedules for the Lawrence golf, tennis and track teams were announced. It is the first complete schedule announced for these teams since the spring of 1941.

Lawrence Coed Enters Swim Meet

Dorothea Schwartz, State Record Holder, In National Meet

Working daily in the pool under the leadership of gurus at Lawrence college is Dorothy Schwartz, who will enter the national AAU swimming meet in Louisville, Ky., March 25. With the 100 yard freestyle as her specialty, the Lawrence freshman could do better in her record of sixth place in that event last year at Chicago. Starting serious training four years ago at the age of 12, Dorothy has added to her work under and racing under the coaches of the Kenosha YMCA Foundation. She is the only girl interested in competitive swimming when she began, she did not know how to swim.

In Kenosha she held the 40, 60, 65, 70, 77, and 78 yard freestyles and is tied for the 80 yard backstroke. She also holds permanent possession of a Kenosha record in the 65 yard freestyle in Kenosha one meet for two consecutive years.

The 50 yard freestyle state record is held by Miss Schwartz, as is the swimming in the 50 yard backstroke. She has captured in the Chicago Tribune Oceanaclous swimming meet even since she won the 100 yard freestyle and 80 yard backstroke in 1940. She placed third in the 88 yard breast stroke in 1940 and 1941 and also placed third in the 100 yard breast stroke.

Meet which Dorothy will enter during the next months will be the high point of the season for the Lawrence team. Plans have been made to begin practice after spring vacation.

Lawrence AAU Fraternity Standings

Phi Delta Theta, Sigma Chi, Kappa Delta Rho, Phi Gamma Delta have the expenence with Phi Delta Theta and Sigma Chi leading by Phi Delta Theta.

Girls’ Varsity Team Chosen Have Sophomores as Largest Class Team

Basketball Varsity and Class Teams have been chosen following the close of the recent girls’ interscholastic tournaments. Figures were chosen in the meets during which they were shown in the tourney, and were voted on by the varsity and class captains.

The Largest Class Team has as its coach Lawrence’s tennis team last spring, for the season in Jackson, who in 1942 had two men from last year’s team, to the spring season. Coach A. C. Denny last Tuesday announced letter winners for the current basketball season. Four ot seniors, 41, 42, 43, 44, and others. Coach A. C. Denny announced letter winners for the current basketball season. Four ot seniors, 41, 42, 43, 44; Leele of 46, 47, 48, 49, 50. Leele of the spring season. Coach A. C. Denny last Tuesday announced letter winners for the current basketball season. Four ot seniors, 41, 42, 43, 44; Leele of 46, 47, 48, 49, 50. Leele of the spring season.
The above three men, Jim Krejci, Larry Clark, and Fred Thatcher, veterans of last season's cleaver squad are helping Coach Denney build a potent squad for the coming indoor and outdoor meets.

**Phi Delt, Sig Ep and Delt Teams Victors**

Town Team Is Victorious On Forfeit

The Phi Delt house, Delt house, Tommy's, South Lane and Sig Ep house cage teams were all victorious in intra-mural contests played during the past week. The Sig Ep house on Monday night. The Phi Delt house on Saturday but Phi Delt, Sig Ep and Vander Weyden, defeated the Lawrence house, led by center George Van. In Saturday's first game the Delt house was the 39-11 victim of the Phi Delt house. Deh house 39-11. In this game Bill Earl, Phi Delt forward, potted fifteen of his team's total on seven baskets and six free throws. The above three men, Jim Krejci, Larry Clark, and Fred Thatcher, veterans of last season's cleaver squad are helping Coach Denney build a potent squad for the coming indoor and outdoor meets.

**Snow Keeps Vike Track Squad Home**

The Vikes were deprived of entering the North Central Invitation Track meet last Saturday because of the lightning storm which swept Wisconsin Thursday and Friday. All through track meets were delayed, and as a result the proposed trip by bus was cancelled. In its place, however, Coach A. C. Denney concluded arrangements for a meet with Milwaukee State Teachers college in Baker Field house at Milwaukee March 27.

**All School Handball Tournament Starts Soon**

Mr. Redon and the intramural staff have arranged an all-school handball tournament designed to give all who are interested a chance to compete in that sport. There is no connection between this tournament and the house or interfraternity sports program. This tournament has been arranged for intramural purposes and for the benefit of all, whether singles or doubles. Everyone interested should immediately sign their name on the intramural list Tuesday afternoon. Notice of events will be posted on the gym bulletin board. Coach Denney has arranged to have several life guards present.
Management Informed

**OPA Power Must Last**

**BY NANCY RESHIELD**

During the war, American consumers vastly increased the demand for many items and were forced to accept inferior goods or substitutes for other items. Most of us did little complaining and lost big post-war dreams. We have been in the postwar era for seven months or so and believe still remain empty. The Civilian Production Administration announced last month that production is lower now than it has been at any time since the spring of 1941. What is the cause of this unfortunate state of affairs? The answer is twofold: labor and management. The strikes in many key industries have seriously limited the output of many products. The tie-up in the steel industry curtailed the production of many items. The General Motors strike has contributed directly to the discrepancy between the expected production of several hundred thousand passenger cars and the actual production of 38,250 cars in January. Strikes in individual plants throughout the country sharply production of many more civilian items.

Although labor unrest has contributed to a great degree to the shortage of consumer goods, there is another culprit who is equally to blame: the manufacturer. There is considerable suspicion on the part of the public as to why the output of many items, including automobiles, has been cut. Despite labor problems, it seems to the average American that more goods should be available. Although there are naturally no figures to substantiate the theory, many Americans believe that production is deliberately restricted by manufacturers in hopes that price controls will be removed and that rampant production of many more consumer goods, particularly those of immediate necessity, will lead to rapid inflation, which in turn, will lead to extreme profits.

The outlook is not very cheerful and there is a way out. If the prices that can be controlled and we can reach a high level of prosperity without fear of a disastrous depression. The immediate question then is: "What can be done to increase production?"

If business can be shown that the O. P. A. is not going to lift price controls at any time in the near future, production will be resumed, because failure to produce will not have the power to raise prices. If the O. P. A. remains in power, business will have to content itself with good profits, rather than tremendous profits.

I submit that the prospect does not please at the present. Avoidance of a vicious "spiral" of inflation and deflation depends a great deal on public awareness of what is going on. But there is a way out. If the prices
