PROMISING YOUNG PIANIST — Eighteen-year old Leon Flisheotes, one of the most promising young artists of our day, will appear in the Lawrence Memorial chapel November 13 on the Community Artist Series.

Pianist Leon Flisheotes Appears Wednesday

The second attraction on the Lawrence college artist series is Leon Flisheotes, who will appear at the Memorial Chapel on Wednesday, November 13.

When he was 18 years of age he made his first guest appearance with the San Francisco Symphony Orchestra. He has since performed with this orchestra, with the New York Philharmonic, and at the Chicago Symphony. He will appear at the Metropolitan Opera in New York where he resumed his studies.

He has sent three winners to England. Four candidates for study in each of the other several districts of the United States were selected for the scholarship.

In addition, a varied program of entertainment has been planned by Phyllis Koss who publishes a note—by "Master" Abrahams, a beautiful decorative program entitled "The Golf Lesson" by Beth Lathem, and several secretaries selected by Nancy Chamberlin.

New College Band Will Present Concert

Organized for the first time in the past several years, the Lawrence college band, under the direction of the dance, and independent study, will offer a concert of original compositions.

Two Students Will Try For Rhodes Scholarship

Two Lawrence students may study next year at Oxford University in England. Lawrence and Jim Wallman were nominated this week to petition for Rhodes Scholarships and if either one of them qualifies as a candidate, he will enter Oxford next fall for two or three years of study.

Two finalists in each of the categories will represent Lawrence in competition with candidates from Michigan, Illinois, Kentucky and Minnesota later in the month. Four candidates in each division will be announced from this district to an area consisting of the other seven seven districts of the United States.

Under the scholarships instituted by Cecil Rhodes, British citizens, depending on the last century, the United States won, thirty-two men to England each year. Each winner receives a stipend to study for the scholarship and the winner returns to his home country to work for the benefit of his country. The student must qualify intellectually, morally, and physically, and show promise in some field of endeavor.

Twenty-six years of each year are spent on the Oxford campus and the remaining time is spent in research and independent study. When they return to their home country, they report on it and work upon their scholarship.

In the last forty years Lawrence Western men have won at Oxford. The recent war disrupted the plan which was reconstituted the year after it was established.

Gay Celebration, Awards, Made Busy Weekend

Ripon and overcast skies threatened to dampen the festivities of centennial homecoming last weekend. The spirit was not pep prevailed, however, and the weather only succeeded in postponing the election and judging of house decorations from Friday evening to Saturday morning. The pep rally, burning of the roth, torchlight parade, float parade, gom and dance went ahead as scheduled.

The rollers were rung by cheers, spirited music was provided by an enlarged pep band at the mass pep rally in the chapel Friday evening. A Lawrence victory over Ripon was predicted in speeches made by head football coach Bernie Heseltine and co-captain Dick Miller, and entertainment was provided by the freshmen girls' pajama parade.

Brewed in Perkins and carrying the sign "Perkins Don't Wear Pajamas," "Chick" Pederson, Lynn Hilt and Nancy Chamberlin won first prize at the parade. After Elio and Billis dressed in black and white and representing one person placed second; Janet Wranke as "grandmas" placed third.

The tall burning and torchlight parade followed the chapel ceremony.

Crowds lined both sides of College Avenue Saturday morning to watch eleven colorful and picturesque floats pass by. A contingent of riders on homemade floats paraded the parade, followed by the pep band. President Nathan M. Forney and Maurice Robert L. Reiner riding in a convertible preceded the floats.

A crowd of more than 2,000 alumni and fans watched Lawrence emerge victorious in the battle with Ripon Saturday afternoon. Between halves, co-sponsors of homecoming, "Marty" Ritter and Phyllis Leverenz were named to reign at the homecoming dance Saturday night from nine to one o'clock in Alexander gym. Ritter and Leverenz were crowned in the usual coronation ceremonies.

Tired but happy Lawrenceans and guests danced to the music of Jan­ney Palmer at the Home­coming dance Saturday night from nine to one o'clock in Alexander gym. Lawrenceans were encouraged to assemble for a full calendar of activities for the week­end except for the Merton Board alumni breakfast Sunday morning.

Students Try for Rhodes Scholarship

Paper Juggles
Staff Positions

Editors Reorganize
For More Efficiency,
Quality on Lawrentian

There has been a shakeup in the Lawrentian's staff.

In the line of promoting greater efficiency, more adequate coverage and a higher caliber of reporting, the editors have applied the lessons learned during their recent attendance at the Collegiate Press convention in Chicago.

New staff appointments include: Patricia Hamar as co-student editor, Bill Karter as co-administration editor, Phyllis Okene as rewrite editor and historian. Additional berths will be assigned soon.

In the future, all reporters will keep files of their published work and the staff will institute the number of inches printed by "string"—a chart showing the reporters' progress.

Deadlines for all future feature material falls on Monday, approximately all news material and columns on the same day, and the staff will be gathered late on Tuesday and early on Wednesday.

Feature writers will be instituted as a feature of student life and student government. "Lawrentian" style, headline writing and development at a recent meeting. "Lawrentian"-style. Additional berths will be assigned soon.

Next Friday afternoon the delegates will meet in discussion groups, panels, and small er conferences to discuss various aspects of student life and student government.

In addition to revamping the content of the paper, the editors plan to change the makeup. The initial steps were taken with the changed name plate.

Quality on Lawrentian Staff Positions

Hold Student Government Conference

On its campus at Grinnell, Iowa, Grinnell college will host this weekend's student government representatives from all colleges in the Midwest conference.

Miss Lawrence student body, and Lillian Jones, representing Lawrence women, are attending as our representatives.

These delegates will meet in discussion groups, panels, and small er conferences to discuss various aspects of student life and student government.

Debaters Plan First Meeting Next Friday

Debaters and forensics students will get their first practical work with a practice scrimmage next Friday afternoon (sweet and low and otherwise), the novel which won an award in 1944, and the English section.

Beck Addresses Teacher Group

Mr. Beck will speak at the state teachers' convention in Chicago and make his selection for "Final Score" the novel which won the award in 1944.

Announces
the Opening of
The 'Teen 'n Kollege Shop

on Second floor

Specially for you...this wonderful new department! Beautifully remodeled, redecorated, refinished...you'll love the fresh, exciting atmosphere...it makes "trying on clothes" a pleasure! And oh, the fashions! They're smarter than you hoped to find anywhere...teen-age clothes that are hip to the whims and fancies of s-m-o-o-t-h slick-chicks...and coed fashions that are bound for straight-A's...strictly collegiate, definitely smart!
Miss Franane Felsenthal Gives Lecture, Demonstration for '75

Over seventy-five students were present at the first artist series of the Lawrence Art Association to hear and see Miss Franane Felsenthal, an artist and sculptor of Chicago. Felsenthal, whose work is on display in the library under the name of "The Orange-arched Column," recently gave a demonstrating and enlightening lecture and demonstration on the graphic arts.

The main point she stressed about cubism, non-objective art, is that the student should enjoy instead of trying to understand, or as she said, "don't try to be profound when brushing your teeth.

Without revealing the tricks of the trade the student should enjoy instead of trying to understand, or as she said, "don't try to be profound when brushing your teeth."

For those who believed that cubism, etc., was something new that came to the mod," the teacher brought along the fundamentals of the graphic art, and as the American Indian enjoyed bright, pure, and clear colors, she brought along the art of lines, value, and texture and illustrated her points with a slide show.

And as the American Indian enjoyed bright, pure, and clear colors, she brought along the art of lines, value, and texture, and illustrated her points with a slide show.

The result, then, depends upon the students. If students are wise, they can fill the hole that they make in the paper with the "whys" and "wherefores" of photography from the clock of the shutter to the finished print. To educate this interest, either for amusement or seriously, would be the aim of the club.

Students Evaluate Work of Quarter

We are at the quarter mark. Grades are out Monday, homecoming is Saturday, activities are at their peak, and the football team moved into the championship position Saturday and we need to evaluate our past moves and access the future goals for the future.

Take grades. Or maybe you don't want to. That's no good for me. The group of students, lower than last semester and discouraging. Courses are competitive, competition is a bottom line, and barely is the student and the fads with the unhappy realization that "something has to be done!"

This "something" means setting up a rigid regimen of study, an unrelenting contemplation, and the constant practice of the art in your own language. It is the lesson of college and continues to practice life; applying it in your conversation and action with the aid of lines, value, and texture.

And the "arty" spirit she instilled.

At school. Then he loses more than half of the taken Saturday classes for six years. She has the Kxhibit of International Water-color, and the Library of Congress Printin show. However, with class assignments deadlined, with work in progress, and the student that you hesitate to take two weeks at the maximum.

The result, then, depends upon the students. If students are wise, they can fill the hole that they make in the paper with the "whys" and "wherefores" of photography from the clock of the shutter to the finished print. To educate this interest, either for amusement or seriously, would be the aim of the club.
Sage Housemother Tells of Visit to Italy

BY SHIRLEY HANSEN

Have you ever wished you could go to a foreign country and belong to the society of its upper class? Well, I can tell you about the housemother of Sage, who once spent several months in Italy studying at Rome.

"I was able to live with a colony of Rus­

sian exiles in a very interesting house," she said. "There were three young mornings after which they had taken over the house from Marconi, the Italian inventor.

Miss Wiegand has a great interest in languages, as is shown by her fluency in housemothering duties, she teaches Italian, Latin, and Greek.

"Alas!" she says, "but the smallest is my Greek class. I have only one student!"

Appleton is not new to Sage's housemother, for before gaining her MA and Ph.D. at Colgate, Miss Wiegand taught at Lawrence and at Willowbrook, and has written a book about the school at Willowbrook, which is in the process of being bought back by a private group because it serves as a model for the teaching of English, which is a second language to them. She has also taught at Milton college, which is in the process of being bought back by a private group because it serves as a model for the teaching of English, which is a second language to them.

Miss Wiegand has been the house­
nother of Sage for eight years.

She is not arms race advocate or Cen­
tralist, but she feels that her presence and being with young people who are interested in language can be a help to them.

She now teaches a meeting of the extra work the two jobs entail.

The group decided to form an alum­
nae association aided by several

many more students than she would

in another country herself, Miss

Strong Viking Eleven Repeats
To Capture Conference Title

Lawrence college clinched the Midwest conference title Saturday by downing Ripon 34-13 after Carl Giordana flashy left halfback, raced 85 yards on the kickoff to score, and added two more touchdowns in the last half while leading the Vikings to their second successive championship.

More than 5,000 fans, probably the largest crowd in Lawrence history, braved threatening weather to watch the title tilt, and a fitting climax it was to a weekend of homecoming activities in celebration of Lawrence's 100th birthday.

Both teams were obviously "up" for the contest, and while the game was featured by vicious blocking and tackling and hard play on both sides, it was one of the most sportsmanlike contests ever played at Whiting field.

But for a fellow named Teddy Scalissi, the battle might have been a repetition of other Midwest games at Whiting field this season. The speedy halfback accounted for over half Lawrence's gains on the ground, and his passing set up the first Redman score.

Ripon came back strong and better when power scores in the third quarter, and the Vikings started another drive McClellan picked up 18 through center and Moriarty snugged Giordana's pass for another first down on the 36 yard line. Burton, who played a whale of a ball game, couldn't quite stop Giordana's pass on the 5, but Lucht caught the next one for another first down on the 19. After a penalty and on 3 yard line, Ripon took over on downs on the 16. Giordana and Bartosic rolled up three first downs and Giordana made his second touchdown early in the third period to give the Vikings a 20 point lead. But before Scalissi took over, returning Miller's kick 30 yards to the Ripon 45. Carrying the ball for gains of 18, 18 and 19 yards, the speedy halfback returned it to the Midwesterners' 30 yard line to make it 26-6. The kick was missed.

defensive line was out of this world.

46-13. The game ended as Scalissi ran to the Lawrence 30 after an ex­

Lawrence Football Squad Goes To Beloit For Its Final Contest

Seeking their sixth consecutive conference win, the Lawrence college Vikings will travel to Beloit Saturday for their annual Dad's Day celebration. Lawrence, which is attempting to close their season with another victory, having already wrapped up the Midwest conference title. Beloit, victim of a terrific pre-season buildup, has suffered a let-down of sizeable dimensions during the past few weeks, and now rests in sixth place in the standings. After starting out with a resounding 20-0 whipping of strong Cornell, Beloit dropped a hard-fought 28-19 battle to Knox, and then sank before Knox and Carleton on successive Saturdays.

However, it would be foolish to regard Beloit as a pushover for tomorrow. With Lawrence sporting only a mediocre showing on the road this season, and a host eleven that is striving to get back into the good graces of its supporters, Lawrence is likely only a slight favorite to win tomorrow, and no upset should be too big a surprise either. After winning so consistently last week in the big home game, Lawrence is likely to suffer a breakdown, and the psychological advantage Bob will have.

Great West Play

Joe Green, who was the team's leading scorer this season, has been selected as the team's leading scorer. He will lead the team in scoring against Beloit on Saturday. Green is also expected to make a contribution in the game.

Delta Tau Delta amassed the championship in the Inter-fraternity Football league by virtue of decisive victory over the Phi Deltas and the Betas. Showing a terrific display of power, they beat the second place Phi Deltas.

The Betas clinched their championship when they blanked the Phi Delta 28-0 in the final game of the season. Playing again in championship form, they pushed across three scores, two by Rasmussen, and one by Nameth. Despite the fact that Phi Delta and Theta Pi tied back the Phi Theta 23-12, Ripon, Beloit, and Carleton in all conference games.

Both the intramural and university football teams have played well this year, and the team's good fortune most of them "stuck it out."
Shikari Club Makes Plans For Outing

Highlighted by a winter roast and celebration, the final meeting of the season will be held at the homes of Betty Schaal. Hitting the highlight will be the annual squash tournament. The event will be a social function as well as a tournament.

The Delta Gammas emerged victorious in the league due to their ability to keep their opponents from scoring. Since they had to win their league and battle the Phi Phis, winners in their league, three games were played to determine the championship. After each team wins one game, the third game was won by the D.Gs. The Delta Gammas are 6-1-1 season.

The Pi Phis scored first in the second period. The goal encouraged the squad to work for the second half. The Delta Gammas finally scored in the second half and the game ended two to nothing in favor of the Pi Phis.

The third game ended in a scoreless tie. Betty Schaal, hitting the shot attached to the posters by Wednesday evening. A fee of one dollar per person will be collected to cover the cost of food and transportation. Students will be back on campus by 5:00 p.m.

The Delta Gammas ranged around the Pi Phi cage most of the first half, but the second time the Pi Phis were near the D.G. goal, they hit the half, in which they had been shut out. The Pi Phis were shut out of the first half.

The half ended without a score. Nancy Biter, D.G., made the first goal of the day. The Pi Phis scored in the first half, and the Delta Gammas emerged victorious in the league. The score was two to one.

Congratulations to Gloria Walton and Nancy Biter, D.G. for their outstanding performance.
