VIKE ELEVEN MEETS DE PAUW TEAM

Lawrence Boasts Points to Second Win

Lawrence winds up pre-conference warm-up play tomorrow afternoon at Whiting Field, the Vikings are host to the DePauw Tigers. DePauw first met Lawrence in 1984 when the teams battled to a 19-19 tie. This year the Tigers have looked up to 19-19 tie, the open the Midwest conference at Whiting Field in the final pre-conference game. The Lawrence football squad served notice on the other teams in the Midwest conference that it will be in strong fighting for the Midwest conference championship when the Vikings powered a good Carroll game, 19-0, even without the services of star back Carl Giordana.

When Giordana was injured, the Lawrence hopes for 1943 took a big nose dive but it didn't take Lawrence long to get this crew steered up into gear. It was the chance to prove that Lawrence had a team, and every man wearing the Blue and White uniform came through.

Actually, the game appeared closer on the field than it looked on paper. At Holke, Carroll's great back, it always a threat, and if he had been able to get away just once, it might have been a different story. As it was, Lawrence can't be happy. The 1943-12 schedule at Waukesha is averaged.

With all the traditional rivalry that a clash between Lawrence and Carroll arouses, one would expect some pretty tough stuff on the field of battle, but the game was remarkable thin. Neither team was penalized at all, and the only display of bad sportsmanship occurred when John Wagner, Carroll end, seized an opportunity to knock Holke down. Wagner was wrangled away.

On the other hand, at Carroll, Lawrence glossed up and got a few yards here and there in a few short gains. The chief of these passes and averaged more than 10 yards a gain were made by the reserve strength that Carroll possessed.

Carroll entered up four first down, in the initial quarter but the only yardage gained was 25 yards on the far end of the field, and after the first Lawrence touch, Carroll had gained but 15 yards to that point.

Carroll called signals and kept Vike defense throttled any and all business, and after the first Lawrence touch, Carroll had gained but 15 yards to that point.

Lawrence lost on the 40 schedule to a 19-19 tie. This year the Timers staged a football game, 19-0, in the season's football tryout opener at Whiting Field Saturday. The victory was an especially sweet one for Coach Horstelt in the opening match with DePauw this week so many of the Vikes will start at end for DePauw. Conference Lays Plans

Careers Council Engages Speakers

Spurred by summer plans, the Lawrence Student Council is formulating the second stage of preparations for the annual Career Conference, scheduled for October 31. Nancy Gray, of WTMJ in Milwaukee, and the National Association of Colleges and Employing Agencies have been engaged to participate.

Inspiration for the day came originally from the successful conference held on the University of Wisconsin campus. For three years Wisconsin has been associated with the national conference in Denver and the training necessary through this medium. Now Lawrence is following in the footsteps of the universities.

Once in planning came last spring with the setting up of committees in grade publicity, invitations, display, program and affairs. Later Kate Wallinger, Nancy Gray, Philip Lawrence, John Kuehn, and the Student Council in the afternoon. The conference is followed by a day on the Wisconsin campus conferencing with the conference group there.

This summer Miss Wallinger wrote to outstanding women whose work is connected with the major career interests of Lawrence women, or attended a survey taken last spring. The faculty, Wisconsin campus, and prominent careers conferences have been contacted as possible speakers. To date, most of the speakers have been selected.

Stage one will be the setting up of publicity displays on campus and in the Asphalt, education for conference attendance, the Lawren- tion, setting up the program, and obtaining a banquet and tea for the speakers.

Excerpts From Classes

It is expected that all women will be given an opportunity to attend the meeting of the First Methodist Church on the topic of "Careers," to be held on October 22. A good deal of the work is connected with the major career interests of Lawrence women, or attended a survey taken last spring. The faculty, Wisconsin campus, and prominent careers conferences have been contacted as possible speakers. To date, most of the speakers have been selected.

a note to the freshmen

Welcome to Lawrence!

For more than a week now you freshmen have been greeted with this welcome so often that it may sound trite by now. We hope it doesn't and the "Lawrentian" offers briefly and with a firm handshake for the students, faculty and alumni of Lawrence college.

You freshmen are an extraordinary class. You are intelligent, interesting and active and have fine school connections.

You have chosen your school well. We, who have known Lawrence for many years, are convinced that a Lawrence education is tops. If not, we hope you will find it so soon.

The "Lawrentian" is a student-managed and controlled publication with a good national rating. Our editorial policy is formulated by a board of eight campus leaders and in this way is more apt to be on the ball if one person were to set the policy. As student voters in a democratic school government you can voice your opinions along with appearance in the "In The Day" column.

Since Lawrence offers no journalism courses, the "Lawrentian" fills the need. As a freshman, you can try out for the paper by signing up at our first meeting on Wednesday night. Our news editors will give you trial assignments and will correct your written copy and return it to you. Then, in a few months, a permanent reporting staff will be formed.

If you are interested in journalism as a hobby or a career the "Lawrentian" will give you the training you want and will need, in administrative as well as in routine jobs.
