WSSF Surpasses Goal Thru Spontaneous Student Help

Since over $500 was tallied in the WSSF drive this week, it appeared that the $5000 goal might actually be met. 

The remainder came from individual contributions.

Without the help of the Physical Education staff, the $500 dollars realized in the WSSF fund drive would not have been possible. The help of several students and faculty members has been invaluable to the success of the drive.

The drive was a success because of the spontaneous student help and the cooperation of the Physical Education Department.

The drive was centered around the idea of providing funds for a scholarship for the benefit of a student of the college. The drive was conducted by Ralph J. Watts, business manager, who organized the drive and directed the efforts of the Physical Education Department.

Dorm Closure Threatened

By City Fire Department

Fire drills last week found Bro­ ward and Sagemoor completely un­ prepared. The fire engine, trained by the fire department, was forced to crash through the dormitory doors before the firemen could reach the fire. Only 20 per cent of the junior and senior men were on their floors when the drills were made, and threatened that if things were not taken to improve the dormitories, they will have to rise from the dormitories.

New Book Locked in Safe for Protection

A new five-volume edition of the "Philosophy of Failure" by Dean, has been received by the library. In the new edition, Professor, in addition to a four-year presentation of the old three-volume set, will acquiesce the interests of the bourgeoisie. The moment of the book's arrival in Appleton will give a complement of Lawrence college's reserve officers, commanded by Captains Gerald deMots and Paul Badenoch, the Burlington terror. This trip is in accord with a new Mi Hayworth's chapel address. Miss Hayworth's chapel address.

Through... The Donut Hole

Which English teacher, whose initials are D.W., has suddenly left college? What group, earnestly known as "Red Wing, Incorporated," cast its lot with the "Laping," or "The adulterated," in planning May Day festivities at a local university? What newly elected pop chairman correctly hung his hat — better suited in whose closet in Sage?

Editor Throws All Left-Over Ideas into the Final Stew!

Perhaps my faithful readers think that it is too much of a good thing for an editor to end his regime with a long personal statement. Perhaps they are right. But several former editors and various college authorities all say that there is an unanswerable reason behind my decision to leave the Laurentian editor. One of them likened the editor of your journal to a Don Quixote, buffeting the winds in vain. Good-bye and good luck, Mr. Moos-McCall, all of you.

The "in vain" part of the comparison is much harder to refute than the "buffeting the winds in vain." In quixotic times, this year's Laurentian is due in no small degree to the commentaries and open correspondence of those who helped in various ways. Thanks are due to Ken Davis for his fine co-operation and the student managing, Shirley Harman, for her wise and honest good sense. Nancy Moran, for her copy work and appreciation. Janet Foxherd for her three years of hard work and gaiety. Janice Russell, Bill Donald, Bill Dees, and Ralph Ito for their fine co-operation and encouragement. Thanks last of all to Dr. Pusey for all of his valuable help and to Audrey for her cheer and good nature.
