Song Fest Set For April 29
Mace, Mortar-Board Sponsor Program

A song fest sponsored by Mace and Mortar-Board, honorary so- cieties, will be held Friday, April 29, in Memorial chapel at 7:30 p.m.

The program will consist of music presented by 13 fraternity, sorority and independent chapters and other groups.

The event was a pre-war tradition on the Lawrence campus and Mace and Mortar-Board hope to reestablish it as an annual event.

Admission will be charged and the proceeds will go to the Mace Mortar-Board service fund. The two organizations are tentatively planning to use the money it raises to publish an all-school song book for distribution next year. Tickets will be sold in advance at distribution points.

Crew Calls Issued For 'Winslow Boy'
Crew calls for the Lawrence college theatre production of 'Winslow Boy' were announced Monday by Technical Director F. Theodore Churay, professor of drama at Lawrence.

The avocation, which is to begin Monday, April 26, in Memorial theater, will be directed by Miss Roberta Martin, instructor in speech and drama. The play is on the college social committee and is a freshman. The play will be presented in March.

The play, while having some humorous and realistic elements, is a very serious show. It requires much acting ability and is the sort of show that tends to get a rehearing of the cast.

Petitions for Student presidency Due April 26
Petitions in behalf of students for the student body presidency seat due Tuesday, April 26 at 2 p.m., according to President Jerry Pulsifer. Petitions may be turned in to Pulsifer, vice-president Richard Perkins, Secretary Lois Meading or Dormitory Directors, or to the student body presidency seat.

Election of the next president will take place May 10. The law that requires notice of the election to be given a month and a half in advance, has been known by the campus for some time.

Qualifications which must be met by candidates, in accordance with the constitution of the student body, include: a freshman, sophomore, junior or senior, an unmarried student of sound moral character, a non-smoker, the holder of a student card, the holder of at least 40 semester hours as of the last day that the petition is signed, paid at least 30 credits at Lawrence College, and the holder of at least 60 credits as of the last day that the petition is signed.

The executive committee will plan the program of events for the student body presidency seat. The committee, which is currently made up of: Frank Roach, business manager; Richard Pulsifer, business manager; and Larry Childers, business manager, will also be responsible for the election of the next president.

Theme of Campus Chest Drive: 'No Hounding for Donations'

"No hounding" is the keynote of the 1949 Campus Chest drive, according to Co-chairman Kenneth Peabody. 

The drive is to raise $10,000, a continuation of donations, gifts or pledges, that will benefit 97 campus organizations. 

Although experienced workers are needed, students new to campus chest work are especially welcome.

The housing shortage being acute in the movie as it is elsewhere in our confused and troubled country, apartments aren’t the easiest things to locate, but Peggy manages to talk Edmund Gwenn, retired professor of Philosophy who is particularly susceptible to the form of logic into leasing them to her.

Silent Company Man to Discuss Summer Jobs

A representative from the Westmond Silver company will conduct a group meeting in the dorm after dinner at 7 p.m. to discuss summer job opportunities.

Commissions up to $3,000 have been earned in a season, according to the Westmond company. The project involves selling silver.

The outdoor track season gets underway tomorrow at Whitfield Field, home of the Lawrence University Mission House Track Club. This year, and several factors, should give the fans an opportunity to bear out this attitude.

The squad will enter this meet with an eye in the pole vault; it was hoped that Don Konowski would be in shape to compete by this time. The Wisconsin contingent will take part in the meet at Whitfield Field.

The Erastian Express (mentioned elsewhere in this edition) will be accompanied by Chief (Don Hubers, in far last spring football) and the Erastian Local Clinchman, a hardnosed, hard-hitting backfield man. The team will have left for the spring meet by Monday, March 18.

The hurdles also present a problem. George VanderWeyden, a sure point winner for the past two years, has graduated. But Alf Hallock, Phil France, and John Bluus, three promising sophomores may be able to fill the gap.

There are a few rays of light on this dim picture: Don Whiteley, Denney can depend on five veterans, as well as a few hopefuls in the backfield. The Erastian Express has been in the last spring football meet over two years, and the return after a year's absence will be a banner victory for the squad.

The team will not be the strongest ever assembled, but it has been for the past few years, and the team has proven itself as a winner. Point for it. Work on the doubles other possible contestants.

The Viking golf team will hold off for a couple of weeks more, as the team will work into the hottest pennant race of the spring season. The Vikings will pick up a soft runway and limited outdoor force, according to Hill. The next meet will be against local high school teams and possibly the Carroll college on April 22 at Wauwatosa.

The Sports Focus

When President Harry Truman Mark fails short once more, and the majority in Congress begins moving up to the Griffick park in Washington D. position, the New York Giants will be hard to beat. A little edge because of the extra ability of veterans Lou Boudreau, Bobby Brcech, and Ralph Lifson, who returned from last year, being aided by Bill Sievert, Merv Cusick, and Fred Rabin and Don Miller, who have kept the team together.

The distance races have long been a strong point for the Giants, and Ralph Lifson returning from last year, being aided by Bill Sievert, Merv Cusick, and Fred Rabin and Don Miller, who have kept the team together.

However, there are a few rays of light on this dim picture: Don Whiteley, Denney can depend on five veterans, as well as a few hopefuls in the backfield. The Erastian Express has been in the last spring football meet over two years, and the return after a year's absence will be a banner victory for the squad.

The team will not be the strongest ever assembled, but it has been for the past few years, and the team has proven itself as a winner. Point for it. Work on the doubles other possible contestants.

The Viking golf team will hold off for a couple of weeks more, as the team will work into the hottest pennant race of the spring season. The Vikings will pick up a soft runway and limited outdoor force, according to Hill. The next meet will be against local high school teams and possibly the Carroll college on April 22 at Wauwatosa.

The Sports Focus

When President Harry Truman Mark fails short once more, and the majority in Congress begins moving up to the Griffick park in Washington D. position, the New York Giants will be hard to beat. A little edge because of the extra ability of veterans Lou Boudreau, Bobby Brcech, and Ralph Lifson, who returned from last year, being aided by Bill Sievert, Merv Cusick, and Fred Rabin and Don Miller, who have kept the team together.

The distance races have long been a strong point for the Giants, and Ralph Lifson returning from last year, being aided by Bill Sievert, Merv Cusick, and Fred Rabin and Don Miller, who have kept the team together.

The The Campaigning

The campaigns that precede the election of a new student body president are about to commence. Already there is talk of fraternity alliances, security purging and the vote-getting powers of several offices. The candidates will be drawn and the battle for the vote of the uncommitted individual will begin.

Whether a "snow job" in conversation, a high pressure propaganda and publicity campaign, musical entertainment, or sex appeal will decide the outcome, the only candidates will be notified. The only factor which, we can be reasonably certain, will NOT be one of importance in swinging the election will be the platforms of the candidates.

One of the solutions offered, as President Jerry Pubantz said appropriately in his campaign last year, will be created in order to provide a convenient niche for the convenient answer. Other solutions will be formulated and foisted upon us and it is this factor which must account for any improvement made in the club with the biggest B.M.O.C. (Booster, Marketing Officer, Concerter). The student body, however, has a right to know what real solutions will be offered in Gamma Gazette. It is nearing Contributor time and it is this factor which will determine the outcome of the election — whether his platform carries the true solutions or not within the jurisdiction of the interfraternity council — which had promised by President Pubantz. "Another thing, next September the club with the biggest B.M.O.C. will have the edge in running for office without any preconceived notion or vague idea as to how one should operate or should be.

That's the law in terms of our constitution. A new law has been passed in the constitution which states that the president of the club with the biggest B.M.O.C. will have the edge in running for office without any preconceived notion or vague idea as to how one should operate or should be.
