Commemoration Day
To Honor 210 Seniors

A four day program of events will climax in Lawrence College's 120th commencement on Sunday, June 10.

Delivering the principal addresses on that day will be the Rev. P. Parry Jones, pastor of the First Methodist church in Green Bay, and Dr. Charles E. Osgood, executive director of the American Council of Learned Societies, Washington, D.C., who will speak at baccalaureate and commencement respectively.

Jones is well known as a speaker in the Appenines area, for he has appeared at college religious programs, and last year was the main speaker for the race relations day sponsored by the Appenines council. His addresses have received national honors for their wide appeal and have established him as a member of the Governor's Commission on Human Rights.

"During the summer of 1908 he became a disciple of person centred conditions long popular under the title of "the subject on the subject." He is a member of the British navy in World War I, and he has been elected as the United States of Wisconsin and the German Re- 

At 9:00 Sunday morning, all students are expected for the picnic lunch at the Alexander gymnasium. The spotlight will be on the newly completed Memorial union from 3 to 5, and at 2:00 there will be a special dedication of the building, at which Alvin Lang, president of the alumni association, will preside.

Baccalaureate is the highlight of the morning, between 10:00 and 11:00, and at 2:00 to Open House and president. All books received will be sold, as they are relatively. The 10 cents for handling costs.

"We are not encouraging the disposal of books," stated Calvin Adlaim, student body president, in explaining the method by which students are asked to dispose of their books.

The book day will also enable many students to buy used books which are in good condition, thus avoiding the constantly rising price of new books.

Miss Brunswick went on to say "We make no guarantee on the condition of the books, nor do we wish to assume the responsibility for the books during the time they are in the possession of the students. It was pointed out, however, that all books received will be carefully checked, packed and placed on racks, off the floor, in the Memorial union.

Members of the used book committee, in addition to Miss Brunswick, are John Nestor, student body president, and Mr. DeWitt, president of the Student Senate. The used book sales will begin on June 5th and continue throughout the week.

The two classes of 1901, 1911, 1921, 1931, 1941 and 1951 will take place in Grant Hall at 8:00 to Open House and president. All books received will be sold, as they are relatively. The 10 cents for handling costs.

WARD BREAKS RECORD WITH 6'5 3/4" JUMP

Beloit college's underdogs broke out of midwest conference competition last week by surprising their third track title in as many years. The championship was clinched at Beloit in the final totals, with Lawrence's Vikings finishing third.

For the Bucketeers it was a fitting climax to an outstanding season. The champs had proven the power of their track squad in many contests in Indiana, Texas, Kansas and Iowa. However, the victory marked the championship race for the Bucs were beaten with injuries. Monmouth's Scots, as expected, gave the defending champs a real battle but the Illinois squad did not have the depth to win the title. Sid Ward, as expected, was the hero of the meet for the Blue and White. Mr. McCord

During a drill on the drill team, one example was, "Blank received a bachelor of journalism degree in 1950." To get in on the conversation, one student asked, "Do we give a bachelor of journalism degree here?" The teacher mapped back, "Yes, that's what you're working for, isn't it?" "I dunno," replied the student. "I'm just working to stay out of the army."
Some people say that the only solution is to straighten out American society. This is an enormous order to fulfill; easy enough to say, but difficult to do. How do you stop gambling when people enjoy it? How do you stop brutality when people like it? How do you stop racism when people use it for drink? How do you stop racial prejudices when people join the Ku Klux Klan? You don't! So long as Americans allow these things to exist, no law, no fine, no speech, no slogan, no measure of advertising will stop these evils. A man, under the pressure of society, security and pleasure for himself and his family, will never want to change his point of view about racial or even local problems unless they strongly affect him. Some people say the answer is to convince the people. These people are right, but most of them approach the problem through the church. How can a person respect Christianity? "Stop! Is there no solution to this problem?" It is now that real progress begins. Do we say again, "What is the cause of the presence of this society of men?" It must be what makes up the civilization, the people. Get rid of all the people and there will be no more problem. This is one of solutions.

The other solution is to start with the individual and reform him. Yes, that is what we must do. After solving our problems on the individual level, this is the hardest, the most impecunious; yet, the answer is "there is a golden rule, remember?"

We Lawrentians have a wonderful opportunity this summer, an opportunity we can not afford to neglect. During the next few months we have a chance to come in contact with the scholars, the leaders and athletes in our local communities. These high school students are seeking suggestions as to ways to continue their education, seeking advice in planning for a school like Lawrence and in this they tell themselves. This summer, as we have in the past, let us make sure that people in our home towns remember Partnership.

We Lawrentians have a wonderful opportunity this summer, an opportunity we can not afford to neglect. During the next few months we have a chance to come in contact with the scholars, the leaders and athletes in our local communities. These high school students are seeking suggestions as to ways to continue their education, seeking advice in planning for a school like Lawrence and in this they tell themselves. This summer, as we have in the past, let us make sure that people in our home towns remember Partnership.
