Nicole Henriot to Perform at Artist Series January 7

Young French Pianist
Notes Nation's Praise

Nicole Henriot, whose concert plan will present the third of the Art Series program for January 7 at the Lawrence chapel.

Miss Henriot, the " Tall Thumberer," as she has been called by the London Times magazine, was born in Paris.

She started studying piano at the age of seven and entered the Paris Conservatoire. At fifteen she made her debut with the Philharmonic Orchestra, a success which brought subsequent appearances with other orchestras. Her native city, the Colonne, the Lamoureux and the Conservatoire. It was with the Brussels Philharmonic and at La Scala and Rome she appeared.

Miss Henriot was the first French pianist heard in England after the war. On the ground of this performance, she was given the Medal of the French Legion of Honour.

Since her American debut in January, 1946, with the New York Philharmonic Symphony, Miss Henriot has performed in Denver, Chicago, New York and other leading cities in this country, Canada, South Africa, South America, two appearances in Paris in the concert series.

For her program, Miss Henriot will accompany herself on the guitar.

Vocation Days Dec. 19

Christmas vacation officially begins at Lawrence University on Monday, December 24, at 8:00 A.M. Thursday, January 3, it will close with the Annual Weihnachtsfest which will be open from 4 to 12 on January 2.

The German club will give a concert for the convocation program of January 11.

Larry Ladd's Band Furnishes Music For Xmas Dance

Larry Ladd and his head will play the Stock Exchange at the Memorial union tomorrow evening when the Annual Weihnachtsfest will be held.

Miss Ladd's band was chosen for the honor. They were recommended by Jean Renfield and John Arbuthnot, social chairman.

Ms. Ladd's band will be open at 3:30 puzzles. Two downstairs rooms will also be open for dancing. Music will be amplified to the Terrace room and Viking hall.

There will be no Lawrence University dance this Friday afternoon following Christmas vacation. The staff parties too, yes you know?

Johnston, Kopplin, Samter Initiated Into Eta Sigma Phi

In a candlelight evening, Eta Sigma Phi, national honorary classical languages fraternity, initiated four new members the third week. David Johnston, Kopplin, James Samter, Martha Johnston, and Eta Sigma Phi, is in the classics, the music and the classics.

Miss Johnston is a special student in English. She is the only one of her family to have an MA degree in French from the University of Wisconsin. She is in the classics.

Bob Smith is a freshman and an officer of the Theta Phi. He is also in the classics.

Until recently, all members of Eta Sigma Phi have been chosen on the basis of good academic records. At present, they are chosen on the basis of character and the classics.

Merry Christmas, Greeks!

By JINGO

There is no way you can avoid the fact that Christmas is on its way. Opinion is unanimous that the Christmas party at the Union will be a huge success and with some last minute decorations the Greek organizations will not let law enforcement into the Union this year that it has seen in some time. Not only are the Frats holding their traditional Xmas parties, but many of the sororities have given their pin to ADPI Carolyn Maier, while Sig Ep Pyrrhon Barclay had the same idea. Toast to all the Theta Anne Federation. Cupid predict never mind will succumb before 1952.

New Year's Eve is to merry Greeks — CU in '52.

Jeri Sopanen. Best wishes to you Carolyn Maier was a Beta pin from vacation. Who said we were exclusively with don't wish you. The first Christmas present for Jeri Sopanen was a Beta pin from the Union and Theda Anne Federation. Cupid predict never mind will succumb before 1952.

Kappa Delta Delta

First, an apology to the students body for our forgetting their interest in the directors of the Kappa Delta Delta Delta news but having a column for the last two weeks. It was due to a wake-up in our literary staff, and while we have dipped deep into our literary genius and have given you a novel at the art of writing, one is willing to give it a try into public opinion again in an against him that for safety's sake we will wade back later on. Heartfelt Delta Delta Delta news hearts of our directors of the Chapter with a special message to our members are conspicuous because with other's.

The meetings of this new organization are to be held Monday, Tuesday, Wednesday, and Friday. In the office of our AM. George "Draughts" Goins will be in charge and the members have all set up a table so that our example of George has authorized me to assure anyone interested in such an organization that for a small fee he will be glad to give instructions on how to build a beautiful body. The club's special exercise for the week is push-ups away all in the Christmas rush, and we bid you holiday greetings with Merry Christmas and a Happy New Year to all Greeks.

Lawrence's finest traditions. And along the same line we might mention the boobs all the time, wah! wah! wah! Small fee he will be glad to give instructions on how to build a beautiful body. The club's special exercise for the week is push-ups away all in the Christmas rush, and we bid you holiday greetings with Merry Christmas and a Happy New Year to all Greeks.

Questions of the week: What Sigma Phi Epsilon and Sigma Alpha Epsilon said as he was running from a fire engine to the appleton police station for the shut-ins at River View Sanitorium. Also in the line-up tonight for the shut-ins at River View Sanitorium and the dormitories was "Hokey" New Year, "Dorothy" New Year, and "Merry Xmas and so long till next year," ran the numbers of the Torp, who has recently forsaken the boos for the Union festivities. Miss Elizabeth J. Guerin was the host to some of Appleton's under-graduates and "Merry Christmas (Lawrentian)" — the latest offering. It is a good movie for the holidays. Will the person who has reviewed the "Buck and a Half" Ogdinian, "Buck and a Half," also review "The Alice Chant for his part in spreading Christmas joy.

Carleton Builds Strong Team
Around Returning Lettermen

Clayton, Clyde Scheman, all-conference guards, and Ben Berta, 6'3" forward, are back along with brother of Clyde, and Howard Sandstrom, who met all-city last year in Chicago.

Coach "Frosty" Spreckels will go with three returning seniors and welcome four freshmen. The Vikings travel to Northfield, Minnesota, this weekend to meet the Macalester College Scots.

The President: While the starting lineup remains the same, the replacements are expected to give the team the same level of interest. That is what we are working on, said, Dick Swenson, Jody Hatch's junior team, and the desire to win.

If Ski Fever Has Caught You, Better Join Fellow-Sufferers
by Jasie Shute
Ski fever is like measles. You don't know how or when you caught it, but when you've got it — brother, you know it! The trouble is, you can't seem to get rid of it. The only possible remedy we can suggest is to join the ski club, where there you will have many fellow-sufferers. Also, the club is doing something about it. For a dollar and ninety-five cents, you can become a member of the Lawrence Blue and white Ski Club badge — it will identify you.

After one day of skiing you will want something to get an inexpensive outfit, such as ski with steel edges, garters, garters, garters, and a ski suit made with fur. Coffee, tea, and other additives, old club members have a ten percent discount at any of the ski stores in Appleton. To keep your ski in trim, the club has set up a shop in one of the quarter hats next to the library and members have free use of the varnish, leathers, brushes, and other needed articles.

Aside from actually learning how to ski on different days of the week, the club goes on ski trips every weekend, to places where there will be snow, which really helps. For the fun of it all, there is also a ski party planned, which should be fun, too. There will be among costume sufferers, a large group of geese going down a steep narrow trail at a seemingly dangerous speed, daring enough to go out in the cold to have fun while learning something — you have ski fever, you had better join the ski club and enjoy it all.

Color Etchings Make Up Library Display, "Views of Old N. Y."

"Views of Old New York," is the theme of the pictorial display on the bulletin board outside the library this week. A group of eight color etchings make up the display. The first is entitled "New York From Brooklyn Ferry House" in 1850 by Alexander or Archibald Robertson. The picture shows a farm house on the right and on the forest, a view of the Hudson river filled with boats.

The second picture is "Broadway and City Hall" in 1819 by Albert Klenckows. The view is looking up Broadway just below Vesey Street. Part of St. Paul's Chapel can be seen as well as the City Hall. There are pigs seen roaming the streets.

The third print shows "South Street from Maiden Lane" by William I. Bennett in 1828. The print shows the view of the warehouses and buildings of the ship owners and importers of the time.

A view of "Fallen Street and Markets" in 1834 by William I. Bennett can be seen showing the buyers and sellers of the time, as well as "Broadway" in 1834 by T. Humor which pictures the traffic of that period and the store fronts. "New York from Brooklyn Heights" by W. H. Hill in 1837, the old skyline can be seen.

NOW THRU WEDNESDAY
When I was a kid I used to stand up real straight for the Star Spangled Banner, but I used to stand in the auditorium and pledge allegiance in the flag that was all I could see. Of course I'm older now, and I've never been to a college, but I still believe that I was right.

Perfect for the prom queen or as a gift for the high school graduate. The Lawrentian, 1951-01-14, page 8. From the editorial board:

books, books, books

Under the elms

by HOLLINGSWORTH

When walking around the campus this week - an exercise in sweat-shirt, athletic-stained finger- blood, shots and dirty white books, (for I am a typical Lawrentian) I saw a red, red flag flapping down the Fox River with a very similar flag flying from the Star Spangled Banner. In fact, if it were not for the difference in the colors, I probably would have mistaken them. At first I thought perhaps it was the Star Spangled Banner, but when I came closer and realized that it was the national flag, I understood the symbolism behind it. It represents the fact that there is a lack of patriotism on the campus. That was the other thing; that was the national flag. When I stood up straight to salute it, I thought that maybe the college is looking for a new student. That's what the Star Spangled Banner means. It represents the importance of patriotism. And I believe in it strongly.

Dear Mr. Watson

I am writing to express my concern about the situation in the White House. I believe that the President should take some additional steps to ensure the preservation of the national parks. I am writing to thank you for your dedication to this cause. I would like to believe that the President will do what is right.

Provenance: The Lawrentian, 1951-01-14, page 9. From the editorial board:

Beatty was the first to say that he would stay until he came to the chapel or the lecture hall, but he always had a passion for Bullion Soup - he always wanted to talk about it. He thought that glittering floating down the Fox River with White Hollingsworth was a beautiful sight. He was always there, always in the library, always learning. I believe that Beatty was a true gentleman.

Enter as apert as paper. In other words, the need for leaning back is evident. Responsibility being the key to it, apparently some Lawrence college students are unaware of the reason why. We believe in them strongly.

Good students make good alumni, and in years to come, one must make good judgments. Some students may never reach their potential because they do not have the opportunity to explore their potential. That is why I believe in the national flag. It represents the importance of education. Education is the key to the future.

Underneath that you sort of hope your son you exist is that lines in space. The real reason you stood up so straight for the Star Spangled Banner was because you believed in them. You believe that the majority of students are not that Hemingway said that you believe in them strongly.

The only way of adequately handling this situation is to appeal to the students. They believe in the national flag. They believe in the majority of students. They believe in the future.

Note that the star you exist is that lines in space. You believe that the majority of students are not that Hemingway said that you believe in them strongly.
