**Oriental Garden Theme Of Annual Spring Prom**

The Memorial union will be transformed into a Japanese garden tomorrow evening for the annual Spring Prom. The prom king and queen will reign over the events of the evening. Candidates for the royal position are Ken Harfmann, the photography editor Bill Robbins. Students may vote for their choice today in Main hall.

The six 1954 Beauty Queens, selected by an all student vote in the fall, also will be presented at the dance. The coronation of the prom king and queen will be the highlight of the evening. Candidates for the royal position are Ken Harfmann, the photography editor Bill Robbins. Students may vote for their choice today in Main hall.

**Twelve Lawrence Seniors Get Awards for Graduate Study**

Twelve Lawrence college seniors have chosen to take advantage of opportunities to further their education and will be in graduate school next year.

Largest of the awards are two for foreign study — the Rhodes scholarship won by Elmer Pfeiffer, and a Fellowship at Oxford University in England; and a Rotary Fellowship won by Michael Hammond for study in India. Another of national importance is a Woodrow Wilson fellowship, awarded to Roger Christiansen for graduate work at the University of California at Berkeley. All three awards were won in national competitions, and are considered among top scholarships in the country. Pfeiffer is a psychology major, and Hammond a philosophy major.

**Accept Applications For Judicial Board**

Applications for membership on the student judicial board will be accepted until Monday, May 17, according to Student Body President Ken Fisk. One sophomore will be elected to serve on the board next year. Applications should be submitted to the Student Body president. The names of candidates for the judicial posts will be posted in Main hall and in the conservatory.

**Villa Room Will Be Used for Prom**

The prom will be held in the Villa room. Women will have refreshments served at 10:30, Thursday to come to the Villa room at 11 o'clock in the evening. There will be an orchestra in the lounge and a combo in the Viking room. Men will arrive between 10:30 and 11:00 for the event. Janet Willauer and Harry Grombolen, SEC co-social chairmen for this year, will assist by Paul Klone and Barbara Randall, who were recently elected to head next year's social committee. Committee members are Bobbi Burn and Roland Vogel, publicity; Tom Roberts, lights and bands; Mrs. P. Mesang, Nasa, invitational; Alana Kliner and Louise Linke, invitations; Ken Krueger, supplies; Vernita Anderson, programs; and Irene Houser, freshman representative on the committee.

**WRA Banquet**

The annual WRA banquet will be held Wednesday evening, May 26, and not May 27, as it was incorrectly stated in the invitations. The announcement was made by the group's publicity chairman, Jeanne Jacobsen. The event will be held in the dining room of the Sage hall.

**Institute of Paper Chemistry Celebrates 25th Anniversary**

This year marks the twenty-fifth anniversary of the Institute of Paper Chemistry. On May 20 and 21 more than 300 top management men of America's pulp and paper mills will meet to celebrate the occasion at the Eighteenth Annual Executives' conference. At the meeting, the institute will discuss the history of the Institute, which dates back to 1929, when it consisted of a few student-organized student groups which lead to a Ph.D. degree. The Institute has accepted students from about 120 colleges in 28 states, plus a few foreign students who do not attend on a scholarship basis. After two years, they are granted a master's degree, and after four years, they are granted the Ph.D.

Many people wonder just exactly what the connection is between the Institute and the college. The college grants its degrees to the Institute students upon recommendation from the Institute faculty, and there are some 21 more than 300 top managers of America's pulp and paper companies. The students are the technical directors, and two students. It began as an experimental program started by five paper companies in Wisconsin.

**Exhibit Exciting Water Colors at Art Center**

**BY MARY MARGARET WEST**

Those who visit the Worcester Art Center this weekend will be delighted with the picturesque watercolors of local painter Marjorie Culver. Culver's paintings are done in the style of "natural derivation," and they are painted with care, precision, and artistry.

Among the works exhibited are scenes of the lakes and forests of northern Michigan, a favorite subject of the artist. Culver's paintings reflect a deep appreciation for the beauty of nature, and they are considered some of the best in the area.

The exhibition, which runs through Saturday, May 8, will feature a variety of watercolors, including landscapes, still lifes, and portraits. Visitors can expect to see a stunning array of colors and textures, capturing the essence of the natural world.

The Art Center is open from 10 a.m. to 5 p.m. on Saturdays and Sundays, and from 10 a.m. to 9 p.m. on Wednesdays. Admission is free for all ages, and all are welcome to attend this exciting exhibition.

Knight Names New Teachers

Two appointments to the Lawrence college faculty for next fall have been made by President Douglas M. Knight and approved by the executive committee of the board of trustees.

Dr. W. E. Huisley will come from the faculty of Brown university to be assistant professor of physics, and Warren H. Caryl, now a graduate student at Columbia university, will be instructor in modern languages.

Huisley

Huisley fills a vacancy created by the resignation last summer of Robert Eittermeier, who was replaced for the second semester only of this year by the temporary appointment of Arthur M. Book. Caryl's appointment is an expansion of the regular language staff, which has been occasioned by new graduation requirements for both B.A. and B.S. All students at Lawrence are now required to take two years of a foreign language. Caryl will teach classes in French and German.

Dr. Huisley received two degrees in economics—the B.A. from the University of Texas, and the M.A. from Columbia university, before shifting his interest to physics. During the war he was instructor in radio and radar for the army signal corps, and the navy, and was 'provisionally commissioned in the USNR, and taught radar at the naval training station at M. I. T. Returning to the classroom as a student himself, he obtained the M.S. and Ph.D. degree in physics from the University of North Carolina, with spectroscopy and cosmic rays as his research field. He has been at Brown university since 1939 as an assistant professor, and in that time has contributed to the American Journal of Physics and read several papers at professional meetings.

Caryl

Warren H. Caryl is a native of Maine, and did his undergraduate work at the University of Vermont. He took his master's degree at the University of Wisconsin. During the year 1942-43 he studied abroad at the Université de Paris and École Supérieure, and traveled extensively in Western Europe. At the end of the year he returned to Brown university on the Eliot Fellowship, doing work toward his Ph.D., and has completed his work except for preliminary examinations and thesis.

Announce Reading Skill Laboratory Schedule On Cleveland Campus

A summer reading laboratory for college students who want to read better and faster will be conducted by Western Reserve University's Reading Improvement Service on the Cleveland university's campus from June 28 through July 31. Sharpening reading skills and improving study methods is the purpose of the laboratory, according to Mrs. James A. Me-Cubbin, head of the University's Adult Reading Center. Students in similar programs have frequently doubled reading speed while maintaining or improving comprehension, she said.

The laboratory method will permit each student to work on his individual reading problems as well as to participate in group work.

Classes have been scheduled in two sessions, day and evening, to permit those with summer jobs to enroll. Day sessions will be held Monday, Wednesday, and Friday from 11:30 to 1:30 at the Adult Reading Center, 2029 Adelbert Road. Evening sessions will be conducted at the same location on Monday, Wednesday, and Friday from 6 to 8 p.m. Tuition for the six-week program will be $30 per student.

Apply for registration forms in writing or by telephone to Adult Reading Center, Western Reserve University, 2029 Adelbert Rd., Cleveland 8, Ohio.

What Makes a Lucky Taste Better?

"It's Toasted" to taste better!

A Lucky tastes better for two important reasons: 1. Lucky Strike means fine tobacco...light, mild, good-tasting tobacco.

2. That tobacco is toasted to taste better. "It's Toasted"- the famous Lucky Strike process—tones up Luckies' fine tobacco... makes it taste even better—cleaner, fresher, smoother.

That's why a Lucky tastes better. And naturally, better taste is why thousands of college students prefer Luckies to all other brands.

So, enjoy better taste. Be Happy—Go Lucky!

LUCKIES TASTE BETTER cleaner, fresher, smoother!
**Announce Sharp Increases in Draft Quotas**

The selective service system recently announced that monthly draft quotas on a national basis will increase sharply. This means that a high percentage of those who will graduate from engineering schools this spring will be drafted into the armed forces. The objects of the program to utilize these personnel who have had scientific and professional training will be utilized in military duties related to their training.

**Vikes Good Bet for Confab Golf Title; Have 5-1 Record**

Coach Bernie Nawrotzki's University has had a busy week, winning four matches in the last seven days. The Vikes defeated Oshkosh at Oshkosh on May 4, 19-15, for their fourth straight win and beat Ripon on May 6, 9-4. On May 8, they travelled to Ripon to defeat Ripon again, 24-4. Finally, they returned home to take Rockford on May 10, 19-14, respectively.

The week’s four victories bring the Viking dual meet record to 5-1, the only loss was a 1-24 defeat by Marquette University in the first match of the year.

**Aquatini Club Spring Show Set May 21**

The Aquatini Club will present their annual spring aquatic show, "Seasons of the Year," tonight in the gymnasium. The show, members of the club will perform, will be presented at Alexander Gymnasium, Friday, May 21.

"Seasons of the Year" has been chosen as the theme of this year’s performance. A group of Angelo high school swimmers will also participate. Coaches are John and Joanie Jacobson.

**Vike Netters Victorious In Stevens Point Clash**

Despite the rain and snow, the Lawrence college tennis team managed to emerge victorious over Stevens Point on Tuesday, May 4. The Vikes had only one win and a tying a 3-3 victory.

A match with Wisconsin on May 5, 1954, was delayed because of rain, and again washed out. Wisconsin won leading 3-2. The completed matches were tenants.

**Bets Undeunted In Softball Race**

Orthopedic Institute Softball Tournament

Bets Red Flies 11-1, Delta 5-3

Where the varsity wasranked one against Wisconsin at home, the Viking reserves travelled to Oshkosh and took a 14 victory on the Oshkosh State title.

Walt Lillie's Delaware bowling team continued on their winning ways by defeating the second place Phil Tutt 9-7 to 7, while the Big Eyed defeated the Delta. By 10-5. The Phil Tutt drew a bye.

The Vikes has almost a perfect season when catcher Bob Nolan was out in the third inning. As he was filling the plate with the Vike team and not giving the Vikes any chance to score, so will be ready for this event.

All games on Tuesday were cancelled because of a conflicting track meet held at Whiting field.
Marine corps officer procurement under the officer candidate's program is currently in progress. The program requires a ten-week course at Quantico, which is scheduled to convene in November. Applications for marine officer instructors, and marine officers in training, are being accepted by the recruiting stations. Upon successful completion of the course, applications will be considered for the officer candidate course.

General Lemuel C. Shepard, Jr., Commandant of the Marine Corps, states that the Marine Corps is actively recruiting officers from their local marine corps stations. College seniors and graduates have an opportunity to become marine corps officers through the officer candidate program. The program has been completed for marine corps officers; government officers and marine officer instructors at N ROC'T in the conference program, according to General Lemuel C. Shepard, Jr., Commandant of the Marine Corps. Plans have been completed for marine corps officer; government officers and marine officer instructors at N ROC'T units to accept applications from May 1, 1954, to July 1, 1954, for the eleventh officer candidate course which begins in November, 1954, at the marine corps schools, Quantico, Virginia.

Applicants for this course must be at least twenty years of age and not over twenty-seven years of age July 1, 1954. They must be seniors or graduates of an accredited college or university and hold degrees in fields other than medicine, dentistry, veterinary medicine, nursing, or law. All candidates enrolling in this program are subject to serve three years of active service after appointment to commissioned officer status.

Accepted candidates will be ordered to a low-cost course at Quantico. Upon successful completion, candidates will be commissioned and assigned to one of the special fields of the marine corps officer training in this school. Candidates who are interested in this commission and who are interested in individual field trains will be scheduled to convene in November. Marine corps officer procurement, and marine corps recruiting stations.

Weather May Keep Lawrence From Conference Golf

Old-time weather may keep Lawrence University in the conference in the singles competition last season. John Penn was the No. 2 man. He has turned in both as a singles and very good scores. Number 3 spot has not yet been decided between John Brunswik, Chuck Peters, and Cornell Larson Young.

Noted Lawrence Graduate Dies

Prof. Ernest Albert Hooton, 67, former professor of anthropology, died Monday, April 13, 1954, in Cambridge, Mass. Hooton was born in 1887 in Indiana. He is survived by his wife, Lucille, and daughter, Sarah, of Cambridge. Hooton was a member of the American Anthropological Association and the American Academy of Arts and Sciences. He is survived by his wife, Lucille, and daughter, Sarah, of Cambridge.
from the editorial board

ACTION ON BELLOT

One of the outstanding items of unfinished business on the agenda for the annual meeting of Midwest Conference college presidents will be the final decision on Beloit College readmission. Beloit, a small liberal arts college of about 1,100 students, was rejected in 1951 by the Midwest Conference for athletic reasons. Since then Beloit has made vain supplications for readmission.

The delegates were impressed by our campus, and, of course, especially by our Union. It took them not only a little longer than usual to vote on the matter, but also they decided to divide by mail. The final vote will be announced to the room at the next meeting.

There is no question about whether Beloit belongs in the same conference as Lawrence, Ripon, Coe, and the others, this year. Our presidents should have the courage to readmit Beloit college, in the course of time and if that is desirable, to the Midwest Conference.

Beloit, a small liberal arts college of about 1,100 students, was rejected in 1951 by the Midwest Conference for athletic reasons. Since then Beloit has made vain supplications for readmission.

The dog rose laboriously to his feet. The Park was a large island, floated as we walked: we trailed the red poppies behind us. The Park was crowded, a lot of people were walking on the grass.
