Also Honor Wilcox Saecker

Wally Chardell and Dorthy Hur have earned the highest academic honor an undergraduate can attain.

Both have made Phi Beta Kappa, with respective grade points of 4.24 and 3.50. Besides scholarship, character is a prime factor in the decision made by the local chapter of Phi Beta Kappa at which Mr. Chardell is the president.

In addition to these two selections revealed in Thursday's convolution at the chapel, two other awards were also made.

Eugene Wilcox received the Freshman Scholarship award at the hands of the men who endorse the highest grade point during his freshman year.

Upper Scholar was presented to the Phi Beta Kappa scholarship award which goes to the person who, in the first two years of college maintains the highest record and best represents the ideals of the society.

Miss Hur, a member of Delta Gamma, is majoring in physics. She is doing honors work, a critical and experimental study of the behavior of the "topping" which may lead to a satisfactory explanation of its apparent defiance of the law of gravity.

She was a member of Sigma freeman woman's honorary, and as a junior was recipient of the Phi Beta Kappa scholarship. Mr. Chardell is a member of Phi Delta Theta. A math major, he is doing honors work in the field of modern algebra, especially as it pertains to the theory of games.

He received the Phi Beta Kappa scholarship award when a sophomore.

North House Starts LUC Rolling

North House boys started off the LUC drive by a complete original move last week.

They spent Monday and Tuesday afternoon on the hills behind Coleman Hall and along the river bank. They assisted the grounds crew in cleaning up those areas.

For these eight hours of labor, each volunteer thus earned five dollars, which he then consented "to get the 1957 Lawrence University drive picture." The John Hur will speak at the Law rence University Friday night at 7:45 in the Physics Hall. Each Lawrence is invited in twenty minutes of devotion.

"I hope that this will work the drive off on the right foot, showing the student body the importance of the drive," stated Bunny Bennett, "60, instigator of the project."

The first Fraternity Forum of the year will be held Sunday, November 5, at 3:00, in the Union Lounge. The subject will be space satellites, their development, and their effects on various aspects of modern life.

Bright Spots

Also revealed was another significant lack: the total absence of any academic coverage material which would have shown the college in action as a whole.

On the other hand, the divisional pages were highly praised as were the end sheets.

As "Second Class" lies midway on a scale of five possible ratings, the 1957 ARIEL was thus awarded an average piece of work.

Editors of the book were Sharon Drash and Jim Brandt, both of the class of 1957.

Frosh Vote for Officers

With the field narrowed to three candidates for each office, the men of Brookes Hall elected the officers who will lead them during the freshman year.

The final election on Monday, October 28 was held after an earlier elimination election. The following men were elected to their respective offices: Arthur Ullman - President, John Trolley - Vice President, John Hanson - Secretary, and Richard Cusick - Historian.

LUC's annual charity drive began Thursday, October 22, and will continue for two weeks. The purpose of the drive is "to give Lawrence students a chance to give." Every student on campus is contacted through the drive and is given an envelope which must be returned.

Contributions vary according to each individual's interest and financial condition; however, the average contribution last year ranged from two to five dollars, and LUC is hoping to maintain or improve on that average. The LUC drive is intended to be a sort of "education drive" from the student to the people.

Lawrence United Charities sponsors the only charity solicitation on campus each year. All of the money goes to the two charities chosen for this year: Reverend Ye's church clinic in Korea and the World University Service.

Reverend Ye's church clinic in Seoul, Korea, was one of the charities receiving money from the LUC drive last year. With the money LUC hopes to raise this year, Reverend Ye will be able to finish the clinic. Reverend Ye was a Lawrence student several years ago so LUC feels that this charity is particularly "American." The World University Service is a charity for students and schools all over the world. It provides money for books, clothes, and so forth for needy students the world over and it also gives money to building drives as an incentive for further expansion.

Heading the LUC drive this year are: Chuck Fisher, Dave Smith, head solicitor; Bill Bye, treasurer; Duncan Burdick, assistant treasurer; and Wally Allen, secretary.

Members of the LUC board are: Marilyn Lowe, Sally Cantwell, Frank Gaylord, Kim Elliott, Helen Buscher, Dick Lintvedt, Bill Mac Arthur, Ted Steck, Fritz Lintvedt, Arno Hiett, and Barbara Benware. "I hope that this will work the drive off on the right foot, showing the student body the importance of the drive," stated Bunny Bennett, "60, instigator of the project."

The Executive Committee is sponsoring a record concert Sunday, November 5, from 8:00 to 9:30 in the ARIEL office. In order for a picture to get in the ARIEL it must be taken at this time.

Conversations continue Thursday, Thursday, November 5, at 7:45 at the Union Lounge under the supervision of Jeff Bowen and Jack Cooper. The selections played will include "Manhattan Tower" by Gordon Jenkins, Brahms Symphony No. 2, and Gershwin's Piano Concerto. It was also announced by the Committee that the records in the grill can once again be checked out for use in the Lounge.

Kappa Delta sorority wishes to invite the whole school to their pledge formal being held in the Union Lounge this Saturday, November 2, from 9 - 1:00.

Lawrence United Charities is an organization of the entire student body.

It's purpose is to offer Lawrenceans the opportunity to give, not only from their pocketbooks, but from their hearts; to give of their time, their efforts, and their talents; to sacrifice a little for the sake of giving others a little.

This is accomplished not only by the one campus-wide charity drive, but by the sale of Christmas cards to help support foreign students on campus; by taking groups of students to week-end work camps in Chicago and Milwaukee to help the underprivileged; by sending student talent out to nearby hospitals and mental institutions to present varied shows and by other projects around the community where good can be done.

This is our way of showing what's in our hearts. U. L. C. belongs to us, the student body.
Greeks Meet, Talk With Pres. Knight

"We are building for college generations to come," was the way President Douglas M. Knight opened an informal meeting of some 21 Greek representatives in the Union lounge last Tuesday evening. "But where are we going?" he asked.

Knight noted that he had been prompted to suggest the meeting by "things that have been happening at colleges and universities all over the country, and right here at Lawrence." He emphasized that these are rapidly changing times, and that increased pressures are being brought to bear on Greek groups by such factors as agitation against racial and religious discrimination and the increase in college admissions.

Following the President's introductory remarks, the "radical" viewpoints "raised various problems and challenges," according to the Greek-system group. Among the points mentioned were the individual's relationship with his group, the success of the groups in attaining their ideals, and the benefits possibly missed by the individual in having a relationship of local chapters to their national organizations.

Referring to discriminatory practices at colleges, he said "— in many national constitutions and in the broader base of representation which Lawrence will have in the future."

Knight also mentioned "Things are said to be a little out of shape, we don't know if they will be good or bad, but we have to try to evaluate them."

The session concluded with some indefinite plans as to the future of the discussion of Greek problems. It was suggested that the groups select from those present at the meeting two or three members to meet at a later date and get down to the specifics of the situation. Neil Lear, president of the Inter-Fraternity Council was appointed to head the informal head of the project.

LWA Chooses 2 Applicants

From Seventy

Judy Schwedner and Carol Fobie are the two new members of the LWA Judicial Board, as announced this week.

A recent amendment to the LWA constitution provides for two upperclasswomen representatives to be chosen by the LWA Board from applications submitted to the Judicial Board. Out of seven girls who applied, Fobie and Schwedner were selected to a slate of eight that was presented to the LWA Board.

LUC Backs Charities

This year Lawrence United Charities has chosen to support two charities — the WORLD UNIVERSITY SERVICE and REY YUN-HOS CLINIC in Seoul, Korea. Its goal is to stimulate awareness among American students of their membership in the world university community, to present an effective challenge and a concrete opportunity for DEMONSTRATING FELLOWSHIP WITH STUDENTS IN OTHER LANDS, and to meet the material needs of the American university community by helping to break down the barriers of isolation.

THE WUS FUNDS ARE SPENT GIVING ADD TO REPRODUCERS, PROVIDING SCHOLARSHIPS, MEDICINES, AND FOOD, AND CONTRIBUTING TO THE OPERATION OF AN INTERNATIONAL CENTER offering rest cures in Europe, Asia, the Middle East, Africa, and in the Americas.

The funds are also used to BUILD AND SUPPLY LIBRARIES, LABORATORIES, AND DORMITORIES IN THESE COUNTRIES. Once again the Lawrence United Charities has chosen to aid the Reverend Ye Yun-Ho to establish his church and clinic in Seoul, Korea.

REVEREND YE WAS A STUDENT AT LAWRENCE COLLEGE, and it was through his presence here that LUC became acquainted with his church work. The accompanying picture shows Reverend Ye and his youth group outside his newly built church in Seoul.

Sophs Bolster Cheerleaders

Three new cheerleaders were added to the squad October 21st giving the group a full membership of eight girls. The new members are Sue Mosher, Mary Law and Judy Ash. The girls were elected by the veteran cheerleaders and representatives of Pep Club and "L" Club.

Dragners were the thing for Lawrence college's 1957 Homecoming. Pictured above is the first place house decoration of Beta Theta Pi, and the Phi Gam monster which garnered second place in the fraternity house decorations.

Of the first three Viking runners have been beaten by an opposing team this season, and not one of the first five Vikings has seen more than two rival runners come in ahead of him.

The depth of this year's squad was well demonstrated last Saturday when three Viking equaled or lowered the record for the Reid course set by Ted Sutherland last year.

Defending-coach Carleton's thirteen straight dual meet victory, however, to see the Blue and White come back after the initial momentum and outplay Carleton for the remainder of the game.

In the final analysis, it was the long distance running of Carleton that gave the Carls the edge, and a point scored with a touchdown gave a team a big psychological lift.

After winning the second conference leaders on successive weekends, the Viking gridders are not un-}

Carleton is the best-conditioned team in Wisconsin to be named in the Conference. Some Vikings think the conference title. Some Vikings think the conference title. Some Vikings think the conference title.

The football series in inter-

The football series in inter-

Fraternity sports is coming down to a very exciting finish with the Phi Delta having tremendous momentum and a hope of tying or even winning, the latter being highly improb-

In the most exciting game of the year so far, the Phi capital-

In the most exciting game of the year so far, the Phi capital-

ized on one more break than the Betas to gain a 20-0 win over them last Friday. All the scoring was in the third quarter, and the Betas did their moving in the final half to hold a 14-0 lead at halftime. An early interception was run all the way to the Beta 2-yard line, from which the point was an easy matter. Another interception brought the Phi Delta again deep into Wapsie territory, and again the score was set up. The Betas' only interception on the Phi goal line, gave them inter-

In the only other action of the year, the Betas swamped the Phi Theta 29-6, moving them toward a third place tie with the Big Nine. On Saturday, October 28, they followed up this victory with another easy win, this time whipping the Phi Gamma 21-6. As of this writing, the Phi Gammas were 4-0, with a third straight victory and strong effort of the year, holding the Phi Gams to a 7-0 lead, the Betas moved into 3rd with them. While this was going on, the Betas were forced to stay on the edge of the Phi Gams, and only a 1-0 upset had the Phi Gams at the top of the Phi Fraternity Standings.

The Betas had one more crack at the Phi Delta this week, and the results of which game were not ready at time this report was written. Phi Delta's victory in this tilt would probably be a key factor in determining if the Betas will participate in the conference title or not. As it is not likely that either team would lose another game. In today's games, the Eye is scheduled to meet the Betas, the Phi Delta opposes the Delta's, and the Fijis are to meet the Phi Triad. The Betas, having lots of action this week, are also sche-

Next week we will see the final results of football, and the key head-on at the sports coming up. The football teams are listed at the Present: Phi Delta Triad 7-0

Beta Theta Pi 7-0

Beta Theta Pi 7-0

Delta Tau Delta 3-4

Phi Gamma Delta 3-4

Phi Kappa Tau 6-6

EDITOR-IN-CHIEF ........................................ James Beck

from the editorial board - -

we conclude the

The fly is over, but the way in which the recent epidemic was handled seems to us to tell much about Lawrence College, much which transcends an ordinary attack of acute sickness.

It is the choice of its particular program of "action," the Administration showed itself alert, judicious, and thorough. The specific way in which activity was curtailed, namely, the restricting of athletics, studies, and social life in approximately equal amounts, shows that a good balance is maintained between all phases of liberal-arts-athletic-scholastic life.

It may be recalled that this shows what can be done when we were so very needy for building a small clinic for the shorn people here in Seoul. I had been praying for this project . . .

When I was on campus Lawrence gave me fine, humble work for the week and the least. I have no word to express my gratitude and appreciation toward our many friends at Lawrence. Very soon we will start to build our clinic with the precious gift.

It would be almost half the total expenses for building. I will send you a picture of the clinic house when it is built.

With warm regards, I am
Humbly yours,

Ye Yun-Ho

It is my opinion that the president's responsibility to tap student attitudes, to act as a weather vane for campus opinion, and to accurately represent this opinion . . .

—Joe Dunbeck, Election Eye, spring 1957

Melting Pot

During the next two weeks the Lawrence community will be participating in the annual Lawrence United Charities drive. Since the LUC project is the only appeal for charity made to the student body, I feel that it merits our special consideration.

I had the pleasure of talking with Dr. Rao, a professor from India, who represented the World University Service in a recent visit to Lawrence. I was highly impressed by the projects the group is sponsoring and by this charity was an excellent choice by the LUC board.

In a very real sense the LUC appeal presents both an opportunity and a responsibility. To our land of plenty we are too often prone to forget that other areas of the world do not share our immense opportunity and prosperity. We have a responsibility to aid those by our gifts of charity. On the Lawrence campus, the instrument by which we may do our part is Lawrence United Charities.

Certainly the slogan used by the Development Fund can be applied with equal propriety to the Lawrence United Charities, for this appeal is definite — "Worthy of Your Support."

RIO THEATRE

STARTS SUNDAY

Dragon Meets Drastic End

First! Fire! Ornithologists on Fire! This evil went through the halls of Ornith last Monday night. The first indication we had we were on fire! Having been taken down earlier in the day, it was lying on the grass in front of Ornith.

The origin of the fire is unknown, and putting it out was quite a task. Two fire maidens, Fritz Ruff and Corre Willi, Rounded two fire extinguishers, and then back in the fire. Three ladies-in-waiting started passing out fire extinguishers.

This was one of two heroic knights, Fritz Ruff and Corre Williams. Their efforts were futile, and the fire was getting worse, so the maidens called in the fire department. They arrived and the fire was out.
