Students Honored at Convocation

Fisher Selected as Outstanding Senior

The annual Honors Day Convocation was held on Wednesday, June 8, in the Lawrence Memorial Chapel. Students were honored for their contribution to the broader Lawrence College community. Awards included those for academic excellence, leadership, and participation in extracurricular activities. The Senior Essay Prize was awarded to four senior students: K. L. Longmuir, R. J. Flaherty, J. M. Blake, and E. A. Johnson. The Essay Prize is given to the senior who has demonstrated the highest level of scholarship during his or her senior year.

Felix S. Fisher, a senior, was selected as Outstanding Senior. Fisher is a member of the Phi Lambda Kappa honor society and has been active in the Student Senate. He is also the editor of the campus newspaper, the Lawrence Standard. Fisher was presented with the Senior Essay Prize and a gold medal.

The Traditional Honors Day Procession was led by the Lawrence College Band, and the program included a choral performance by the Lawrence College Chorus. The Ceremony concluded with the distribution of awards and the presentation of the Senior Essay Prize.

Lawrentian Embarks On New Printing Process

Eric Hansen Chosen Desk Editor

Lawrence College faculty will welcome a new editor to the student publication next year. Eric Hansen, a junior, has been chosen Editor-in-Chief of the Lawrentian, the student newspaper. Hansen, who has been active in the journalism program, will take over the reins of the newspaper, which is published weekly during the academic year.

STAFF APPROVED

Editor-in-Chief: Dr. James Moir, professor of English.
Managing Editor: Eric Hansen, junior.
Assistant Managing Editor: James Smith, senior.
Copy Editor: John Winsor, junior.
Desk Editors: James B. Ellis, senior; Dorothea Binhammer, senior; Barbara Sanborn, senior; and Robert Thurow, senior.

The Lawrentian is changing printers. This year's change is of greater importance than last year's, however, because the Lawrentian will be printed by an offset process, rather than letterpress. The offset process will enable the newspaper to have more control over the make-up of the paper for all articles, which will be typed and set by the staff, rather than printed on a machine.

the majority were exchanging dances; and the majority were having a real good time. The long absent exchange dance and step line again made an appearance on the Lawrence campus and their reception was one of considerable enthusiasm among both fellows and girls. The idea of going to a dance and remaining with one partner for the entire evening is not unique to Lawrence's campus. It has become a normal custom and it seems in need of vital re-evaluation. There is no reason why a college dance must require the same partner for an entire evening. There is no reason for bulletin boards to be covered with dance bids which are decorative but unused. There is no reason why both fellows and girls shouldn't feel honored to exchange dances.
