Leaping Inflation
Next Year's Fees Raised to $1800

$200 Increase Voted By Board of Trustees

"We are not trying to tax you for everything we can get; we are merely trying to set a reasonable minimum."
Thus Lawrence President Douglas M. Knight explained the new effective increase in tuition for next year in yesterday's convocation.
The cost will rise $200 for college students and $100 for members of the conservatory, thus equalizing the two fees at $1,000 yearly (the conservatory fee was formerly $100 higher than the college).

Knight explained the proposed increase before the semi-annual meeting of the Board of Trustees, held a night ago at the Milwaukee University Club, and it was voted in with his explanation.
The Board would describe this as the product of recent rising costs on the part of the university, and a desire to keep the cost of education at a reasonable level.

The increase in tuition will take effect December 7, at 7:30 o'clock.

The increase in tuition is designed to cover a part of the college's budget in the coming year, while at the same time maintaining the level of financial aid available to students.

The increase is necessary because the college has faced an increase in costs due to rising prices and other factors.

"We are not trying to tax you for everything we can get," Knight said. "We are merely trying to set a reasonable minimum."

The increase in tuition will take effect December 7, at 7:30 o'clock.

In his convocation address, Knight cited the college's budget and stated that outside benefactors "are providing more than a third of the cost of our educational programs." He added that, despite the increase, "the support of the people of Wisconsin remains a vital part of our financial base."
CONSTITUTIONAL REVISION

Election of Procedure for Vice-President, Treasurer, and all Executive Council Committees and Chairmanships.

REVISED ARTICLE V—ELECTIONS:

Section B—Election of Vice-President, Treasurer, and all SEC Committee Chairmanships.

1. The student body election of Vice-President, Treasurer, and all SEC Committee Chairmanships shall be held annually in one election during the spring semester.

2. The election of these officers shall be held by secret ballot and the candidate receiving the highest number of votes from the student body shall be the candidate to become satisfactory.

3. All petitions for Vice-President, Treasurer, and all SEC Committee Chairmanships will be submitted to the outgoing Vice-President for approval by the administration during a period of one week prior to the election of the Student Executive Council and end on midnight of the Tuesday following the election.

4. In the event of the LAWRENTIAN subsequent to the presidential election will appear the submitted petitions of the candidates for the following committees: Proprietary Student, Pep, Union, Polling, Coffee Hour, Handbook, Alumni Relations, and Athletic Representative.

5. In the issue of the LAWRENTIAN two weeks following the presidential election, the submitted petitions of the candidates for: Vice-President, Treasurer, New Student Welcome, Homecoming Committee, and Social Committee shall be published.

6. All student body vote for Vice-President, Treasurer, and all SEC Committee Chairmanships will be held on the Thursday following the student body presidential election. The length of all petitions shall not exceed 300 words, including qualifications.

7. There will be no computerizing election in 30 feet of the polling place. This includes the posting of signs other than those signed and posted at the time and place of the election.

8. All voting procedures shall be conducted in accordance with the provisions as stated in Article V, Section A, Part 5.

9. All returning committee chairmen shall be responsible for the proper filing and distribution of applications for committee chairmanships and an election of new officers shall be known as the Ballot. The president, vice-president, and treasurer shall be chosen by the Executive Council.

ARTICLE I—THE STUDENT BODY

Section B—Election of President, Vice-President, Secretary, and Treasurer.

The permanent office shall be a president, vice-president, secretary, and treasurer. The president, vice-president, secretary, and treasurer shall make application to the SEC. Appointment shall be a majority vote of the SEC members.

The following are the revisions that will go into effect if the above proposed revision for electing the Vice-President, Treasurer, and all SEC Committee Chairmanships is approved by the student body:

ARTICLE II—EXECUTIVE COUNCIL

Section B, reads as follows:

To elect a vice-president, treasurer, and SEC committee chairmen at the first meeting of the new Executive Council after the presidential election has been installed.

All students interested in the position of vice-president, and treasurer of the SEC shall make application to the SEC and treasurer shall be chosen by the Executive Council.

Provision B—Election of Executive Council.

The permanent office shall be a president, vice-president, secretary, and treasurer. The president, vice-president, secretary, and treasurer shall be chosen by the Executive Council.

The following are the revisions that will go into effect if the above proposed revision for electing the Vice-President, Treasurer, and all SEC Committee Chairmanships is approved by the student body:

If the proposed revision is passed then Section B, "Executive Council," of Article V, SEC would become Section C, with the revised method of electing the Vice-President, Treasurer, and all SEC Committee Chairmanships becoming Section B or Article V.
Christmas Serenades

Greens Blend Voices as Air Rings with Carols

By SUE BAKER

On the evening air over Lawrence College and the metropolis of Appleton has been filled with the music of Christmas carols. Before long voices will ring out beneath dormitory windows as another season of festivity and sorority Christmas serenades gets under way.

The first groups to initiate this year's Christmas caroling will be the Delta Gammas and Sig Eps. Carols being rehearsed for the Delta's program are "Silent Night," a special arrangement by Jim Boettcher; "The Christmas Song," and "The Twelve Days of Christmas."

Practically every evening of the last week before Christmas vacation has been reserved for serenades. On Sunday, December 13, Phi Delta and Pi Beta will sing two English carols, "Oxford Carol" and "My Dancing Day," in addition to "Silver Bells."

Under the able direction of Carter Johnson, the voices of the Delta and Theta will blend in harmony on Tuesday, December 14. Listed in their repertoire of Christmas carols are "Deck the Halls, "La Truite," "The Christmas Song," and a number yet to be announced.

On the following night, the Rho and Kappa Delta will join in song. This promises a novelty to all listeners as it is composed of one six-minute number which incorporates four different melodies: two carols, "What Child Is This?" and "An Olde Christmas," and an original composition to "Never Was a Child So Lovely."

The Phi Tao and Alpha Chi Omegas, who have set a date for their serenade, have selected the following carols:

Whatever night you hear carols emanating from chilly carolers, be sure to open your window wide. Most Lawrentians will agree that this is one aspect of college life at Christmas time that is truly significant and memorable.

Monthly Art Display

Features Two Shows

The monthly art display at Lawrence's Worcester Art Center during December featured two different shows. The first consists of some 35 paintings by artists who are members of the Wisconsin Watercolor Society. The second display in "Contemporary Paintings," with work representing several well-known European artists.

The Worcester Art Center will be closed during Christmas vacation from Dec. 15 to Jan. 5. In January, two Lawrence alumni, Cyntha Foster Cooke and Paul Eaton, will form an exhibit.

Carl Schwender All-Conference

Lawrence's Carl Schwender was honored last week by being named to the Midwest AA Conference first team. Schwender, a senior guard from Appleton, earned first team honors in the first team, Carleton placed 3, Ripon 4, Coe 5, Johnson-Cook 6, St. Olaf 7, Monmouth 8, Calvin 9, and St. Norbert 10.

Coe, this year's conference champions, had the most players on the first team, Carleton placed 2, Ripon 2, Monmouth 2, St. Olaf 2, and Lawrence 2.

Each year, the team is selected by the conference coaches. This year, the coaches were:
- Frank Keiser, Lawrence
- Dan Smith, Carleton
- Dan Rajcny, Coe
- Al Schaefer, Ripon
- Dave Black, Monmouth
- John Blackwell, St. Olaf
- Cary Jones, Lawrence
- Joe Ruml, Coe
- Chuck Shellen, Ripon
- Jim Simmons, Grinnell

The team was selected by the coaches, and the voting is done by the players and coaches.

**FIRST TEAM**
- FRED—Pete Kasson, Ripon
- GRIM—Dave Black, Monmouth
- BEPPY— Bruce Bland, Coe
- SCHUER— Elliott Eggers, Carleton
- CARL— Carl Schwender, Appleton
- BECK— Dave Simmons, Grinnell
- BACK— Al Schaefer, Ripon
- WALKER— John Blackwell, St. Olaf
- SCHAEFFER— Dan Rajcny, Coe
- NEUMANN— Mark Rodman, Lyman

**SECOND TEAM**
- EXE— Dave Robinson, St. Olaf
- GRIM— Jim Simmons, Grinnell
- BEPPY— Bruce Bland, Coe
- SCHUER— Elliott Eggers, Carleton
- BECK— Dave Black, Monmouth
- BACK— Al Schaefer, Ripon
- WALKER— John Blackwell, St. Olaf
- SCHAEFFER— Dan Rajcny, Coe
- NEUMANN— Mark Rodman, Lyman

**TACKLES**
- KASSON—Petee Kasson, Ripon
- BLACK— Bruce Bland, Coe

**QUARTERBACK**
- JONES— Cary Jones, Lawrence

**HALFBACK**
- SIMMONS—Al Schaefer, Ripon
- KASSON—Dave Kasson, Ripon

**FULLBACK**
- SCHWENDER— Carl Schwender, Appleton

**HONORABLE MENTION**
- FRED—Inos Beek, Ripon
- GRIM—Dave Black, Monmouth
- BEPPY— Bruce Bland, Coe
- SCHUER— Elliott Eggers, Carleton
- BECK— Dave Black, Monmouth
- BACK— Al Schaefer, Ripon
- WALKER— John Blackwell, St. Olaf
- SCHAEFFER— Dan Rajcny, Coe
- NEUMANN— Mark Rodman, Lyman

For the voting for all-conference honors was done by the players and coaches.

The Fall Sports Banquet was kicked off well Monday evening by a speech from Dr. Knight. He declared himself heartily in favor of the present athletic system at Lawrence, and gave special commendation to the coaches for their part in developing character and good teamwork. It was obvious to him, however, that each man on this year's football team had given his all for the cause, and that he declared that this was what really mattered most for a successful athletic program, even more than winning games.

Dr. Knight cited two real dangers to further existence of our kind of athletics. On one, there is the pressure toward paying athletes as hired gladiators, thus neglecting the more important classroom endeavors; on the other hand there is a current trend toward abolishing intercollegiate sports entirely. We must oppose these trends, he said, and retain our present amateur program.

The Rev. Sauvignon Defends French Disposition, State

By MARGUERITE SCHUMANN

"France is NOT a dying country and will eventually emerge victorious from this ordeal," declared the Rev. Guillaume de Berthier de Lawrence college has received a $1250 grant from the Research Facilities branch of the United States Department of Health, Education and Welfare toward the purchase of a controlled temperature room for Stephen Hall of Science.

Under the Health Research Facilities Act of 1956, the government will subscribe half the cost for a given project of research, if the local institution provides the other half. The controlled temperature room, which consists of an aluminum, prefabricated structure with insulated double wall, is four feet wide, eight feet long and seven feet high. It will contain 100 running feet of shelf equipment, equipped for 1,398 experiments and a durable and sensitive temperature control unit.

John H. Martin, University of Wisconsin Nuclear Physics Department, will be the principal investigator for this project.

The new room will make possible a number of research and educational projects for the State of Wisconsin. It will be used for teaching and research in the fields of nuclear physics, solid state physics, and applied mathematics. The facilities will be made available to other institutions and researchers in the region.

Spanish Group Gets Together to Talk, Have Fun

There have been some rumors that a Spanish Club has come into existence on the Lawrence campus, but there is no club as such. It is true however, that the Spanish-speaking student body, in common with other nationality groups, has been trying to effectuate a club. The club is to give speeches, to discuss Alaska generally, its history, as opposed to that of the United States and France the parties are as different as the physical and ethnical features — Celts, Iberians, Germans, Slavs, Arabs, and even Mongolians. There is no French race and the minds of some of her critics," declared the Rev. Guillaume de Berthier de Lawrence college has received a $1250 grant from the Research Facilities branch of the United States Department of Health, Education and Welfare toward the purchase of a controlled temperature room for Stephen Hall of Science.

“Santa” and Junior Pan-Hel Entertain Indian Children At Annual Christmas Party

Indian children from the Oneida Indian Mission were guests at a Christmas party sponsored by the Junior Pan-Hellenic Council. The party was held in the Viking Room of the Union from 1:30 to 4:30 p.m.

Tribune is going up all over. The most recent Midwest Conference advocates to announce increases were Ripon and Carleton, who broke the news to their student bodies just before the Thanksgiving recess.

In an article appearing recently in a small-town newspaper, was the suggestion that “This liberal arts college may be on its way to being an academ-ium.”

The Exchange...

From Western Illinois College in Macomb, here’s a report on the recent address by the president concerning “student intellectual motivation and the prospects of a period of heavy faculty turnover.”

The Commission on the College Student of the American Council on Education recently released its findings. It reported that “today’s college student is a much more mature and serious individual than his father was.” In addition it was revealed that only 55% are between the ages of 18-21. It was also pointed out that the socioeconomic across section is more representative, a high percentage of students are between the ages of 18-21. It was also pointed out that the socioeconomic across section is more representative, a high percentage of students are between the ages of 18-21.

They will be entertained with songs, games, and refreshments. Storytelling will be led by Karl Schmidt.

Loretta Schuder, president of the Indian Student Association, will be general chairman of the event. Committee chairmen are Penny Indians, selection of Santa Claus; Joan Lubitz, publicity; Chris Bogan, recreation; Cindy Hublin, gifts; and Carolyn Baker, refreshments.

climbed to twelve, which comes very close to giving appeared in the LAWRENTIAN, the cage roster has owned coach felt they "were n't ready" to come up with any answer to the question: "What is the true future of the University?"

The rumor that ballots will be distributed to each individual student is entirely false, because the Polling Committee believes that everyone should be able to get to one of the polls.

BASKETBALL BEGAN LAST TUESDAY evening as $1500,000 assignment that has very few adequate practices it acquired itself additional support with the heads of a highly-regarded team.

W A N T his education, not just for the four years he has been here.

in the interval since John Ross' basketball article has been published, the subject of the Lake level was altered. Next Monday the polls will be open in Main Hall from 8 to 12 and in the Union from 1 to 4:30 (for college students only) and there will be an all-day booth in the Conservatory.

The roller that ballots will be distributed to each individual student is entirely false, because the Polling Committee believes that everyone should be able to get to one of the polls.

The VISIT of SENATOR ALEXANDER WILEY (D., Wis.), on Wednesday was an interesting one to be sure, but it didn't live up to its billing. "Come and discuss current affairs with the Senator," the poster proclaimed, but the Senator evidently was not in a current-affairs mood.

He expounded with ease on his average day; but, suffering from the usual politician's malady of "I want to please everybody," he hedged on several questions—among them German unification, his opinion of Senator Proxmire's senatorial conduct, and a proposal from the floor that the Senate remove China on the U.N. Security Council.

For some reason, the date ran to pleasant, refined conversation it was an engaging and entertaining experience.

EACH GENERALITY I make which reeks of liberalism. But the objective is to divorce to a dependable person."

The Senator was, however, quite firm on his stand on the Chicago "water steel." He claimed that Chicago had an exchange program for which Wisconsin was paying, and that under Lake Michigan states were suffering. He claimed that the Lake level was so low because of Chicago water diversion and that more diversion was not the answer.

"It seems to me," he added, "that the Lake level was so low because of Chicago water diversion and that more diversion was not the answer."

"Perhaps the least fruitful of the questions asked were those on foreign affairs. The senator earlier claimed that he was not on farm or labor committees so he could not answer specific questions on those matters. However, his chairman of the Foreign Affairs Committee didn't seem to help him much either, nor did his former affiliation with the U.N. He would not answer directly any question posed on those matters.

The Senator was, however, quite firm on his stand on the Chicago "water steel." He claimed that Chicago had an exchange program for which Wisconsin was paying, and that under Lake Michigan states were suffering. He claimed that the Lake level was so low because of Chicago water diversion and that more diversion was not the answer. Questions about Senator Proxmire (whom he said was an accurate enough person) led to questions about the future of the Republican party. Quoting about the lack of light in a school, Wiley read the answers to questions which had been asked by a reporter earlier in the day. The Republicans must have the right answers to questions on the voters," he declared." "More contact with the voters through propaganda is needed, " is his conclusion.

He commented further that it was in the states where Republicans carried on extensive campaigns, talking more rather than personalities, that they won. "The bigPicture

campus comment

THEY'RE GOING TO TRY AGAIN! Next Monday there will be another vote on the college's constitutional revisions. They may be found elsewhere in this issue, in a form much improved (we hope) over their last appearance.

Due to an oversight (or so I have been told) in Monday night's SRC meeting, the amendment to the numbering article which has been published for this column recently—was not included in the plenum revision. There is still hope, however, that they'll get around to it soon.

On the brighter side, the Polling Committee announced at the marathon meeting that the voting procedure has taken in the next Monday the polls will be open in Main Hall from 8 to 12 and in the Union from 1 to 4:30 (for college students only) and there will be an all-day booth in the Conservatory.

The rumor that ballots will be distributed to each individual student is entirely false, because the Polling Committee believes that everyone should be able to get to one of the polls.
