Cadets to Report to Receive Arctic-Wear

All cadets in the Lawrence ROTC detachment have been ordered to report to the supply room in the basement of the Campus gymnasium to obtain their equipment and orders for their disembarking sometime next week according to the word received from Cadet Commander Dennis R. Odekirk.

These same reliable sources report overhearing President Eisenhower whisper to secretary of defense Neil H. McElroy that perhaps "detachment 935 should be activated by an executive order issued by President Harry S. Truman."

Although these three detachments were never actually involved in the conflict they entrained to an embarking point on the west coast near San Diego, California. However, with the Uniting for Peace Resolution passed in the United Nations on November 3, 1959, and the subsequent intervention of other forces in the world the three detachments were returned to their inactive status and the groups were returned to their colleges.

Lawrence's AFROTC detachment was not the only ROTC detachment activated. In all seven have been activated throughout the United States. McElroy also activated the Army ROTC detachments at The Citadel, Wesleyan College, VMI, Louisiana State University, and the University of Southern California. The two air force units beside Lawrence's were at UCLA and the University of Pittsburg.
Brubaker Announces New Library Hours

New library hours will go into effect beginning next semester, announced Mr. H. A. Brubaker, head of the library. The library will be open every day, all day, until 11:00 p.m., with the exception of Sunday. It will be open every Saturday afternoon except Homecoming and every Sunday afternoon except May Day.

Lawrentians will be able to use the library for 81 and one-half hours a week beginning next semester, as compared to this semester's 80 hours. Mr. Brubaker said that most Midwest colleges are open only 72 hours a week.

T-L-C-E-W-A-R-D NO TO TIBET!
Five Lawrence Seniors Take Woodrow Wilson Grants

Five Lawrence seniors have been awarded the Woodrow Wilson Grants to study mathematics at the University of Iowa and at Johns Hopkins University. Miss Binhammer will study zoology at the State University of New York, while Mr. Hansen will pursue the study of history at the University of Chicago. Miss Adams will study mathematics at Johns Hopkins University, while Mr. Young will attend the University of Wisconsin. The Woodrow Wilson Grants provide funds for graduate study. The program is national in scope, and the University of Wisconsin is one of the institutions where students can enter. All applications are reviewed at the University of Wisconsin, and the selections are made by a committee of faculty members.

The winning students are:

- **Miss Binhammer**, a junior at Lawrence College, will study zoology at the State University of New York.
- **Mr. Hansen**, a junior at Lawrence College, will pursue the study of history at the University of Chicago.
- **Miss Adams**, a senior at Lawrence College, will study mathematics at Johns Hopkins University.
- **Mr. Young**, a senior at Lawrence College, will attend the University of Wisconsin.

**Tous Celebrate**

March 17, 1959 marked the thirty-fifth anniversary of the founding of the Phi Kappa Tau fraternity. The occasion was celebrated with a banquet in the evening, attended by members and friends of the fraternity. The banquet was held at the University of Wisconsin, and was hosted by the Phi Kappa Tau chapter.

The assembled brothers and guests were entertained by music and dance, and held an informal discussion about the future of the fraternity. This concluded another Founders' Day celebration of Phi Kappa Tau.

**Quebec School**

The Quebec School is a leading university in the field of education. It is responsible for the award of the Phi Kappa Tau fellowship, which is given to outstanding students in the field of education. The fellowship provides financial support for graduate study in education.

The University of Wisconsin's Art Center is featuring Exhibits of New Medium and Wisconsin Prof

A one-man show by Aaron Bohrod, artist-in-residence at the University of Wisconsin, is featured at the Art Center. The exhibition is open to the public on week-days from 10 a.m. to 5 p.m., and on Sundays from 2 p.m. to 5 p.m. The show will be on display from April 3 to April 11, while the college will be closed on April 8 and 9.

The Art Center is located in the Student Center building, on the campus of the University of Wisconsin. It is open to the public and offers a wide variety of exhibitions, lectures, and workshops.

in a Friday night. no one o'clocks will be issued.

Faculty Names Contest Winners

Winners of the French poetry reading contest recently under the auspices of the Wisconsin chapter of the American Assoca-

have been announced by Bruce Granville of the Lawrence faculty.

First prize for the first year college level went to Judith Dotz, Sheboygan; while Robert Waterman, Fort Atkinson,

and Barbara Street, St. Louis, Missouri, received honorable mention.

First prize for the second year college level went to Bo-

san Lewis, Waukesha, Illinois. Ann Davidson, De Pio-

te, Illinois; Jan Hartkeme, Hance- ston, Michigan, Chicago, Illinois; each received honorable mention. Due to inclement weather, many students from local high

schools were unable to participate in the contest.

Former Art Students Return to Speak

A former officer of the Lawrence Art Association, now a full-time student, is returning to his alma mater to lec-

ture for the same group on his profession. Harry Patterson, Jr., Lawrence '60, will speak on

The Problems of Architecture at 2:30 p.m. Sunday in the Worchester Art Center. The program, which is open to the public, will be followed by dis-

cussion and informal instruments.

Following his graduation from Lawrence, Patterson served two years in the army and then en-

rolled in the school of architecture at the University of Texas. He received his degree there in 1958 and was also awarded the first prize in the national Student

Sculpture competition for a three-story health class plan. After graduation the Pattersons

decided to move to the former Drovers Inn, which is now the city's newest restaurant.

The Tokyo Tea is the name of the program which is open to the college level.

Viking Sports Welcome Spring: Three Teams Begin Early Action

Track

While snow still covered the ground, and signs of Spring were all but invisible, the Lawrence track team began their seventh-month schedule. Although the weather was unseasonable, athletes of the Vikes a chance to finish fourth in the North Central Re­lays and place second in their section of the College Eight-Leg Relay at the recent Milwaukee Journal games. Several athletes should provide the nucleus of the track team this year.

Viking track will again find their strength in the middle dis­

Tennis

Although the unusually long winter has delayed the start of practices, the Viking tennis team will soon begin practice on the campus courts. The team will have excellent depth with four inter­

Tears Will Flow At Parting Time

No military send-off is complete without sentimental farewells, and our boys are no exception to this rule. The women, with their blue-blooded status, of the Lawrence University family, have organized a fund-raising sale to help pay for the expenses of the boys who are going off to Tibet. They will hold the sale on Saturday, April 3rd.

Our Home Front Rallies to Aid

Lawrence organizations have been closely following the ROTC news, and determined to send their boys off to Tibet with as much of the home front support as possible. They are organizing a bazaar to raise money for the boys, and urge us to participate.

Comments Revealed On Tibet Situation

When informed of the activation of the Lawrence AFROTC detachment, informed sources quickly confirmed various information for their validity. These sources are the only ones with first-hand knowledge of the situation.

Mayor Frankin Igoe, commandant of cadets: "I only wish I could be going with them, but they need me at the Pentagon."

Mayor Raymond Gallagher, assistant president of the city: "Where's Tibet?"

Dean Alexander Cameron: "Well, well, well."

President Elwood Hintz: "It is only fitting that men from a liberal institution like our Lawrence be among the first to be asked to defend the principles of the individual in a far-off land."

Colonel Albert Bete, professor of air science: "The men are really impressed with how they have treated them at the ROTC detachment."

Sergeant Buntin Bunt, Flipper for the detachment: "I'm so excited."

Major Raynald Gallagher, assistant professor of air science: "Where's Tibet?"

Dean Alexander Cameron: "Well, well, well."

President Elwood Hintz: "It is only fitting that men from a liberal institution like our Lawrence be among the first to be asked to defend the principles of the individual in a far-off land."

Colonel Albert Bete, professor of air science: "The men are really impressed with how they have treated them at the ROTC detachment."

Sergeant Buntin Bunt, Flipper for the detachment: "I'm so excited."

To the Editor:

As a Lawrence co-ed, I feel it is my duty to publicly express my feelings, as I am sure that others feel the same deep feeling of gratitude and respect for the brave boys in our AFROTC detachment who are going off to Tibet to defend the American way of life and the Western culture.

As I write this, the church bells across the street are pealing and I can vividly imagine the bells of a monastery in far-off Tibet sounding the same message to our valiant men in the field. For, far, far better things they do than they have ever done before.

My lovely pony grows deep, and sudden, with traces at the thought of my thought of my life and country's future in the United States, and keep those awful Communists in their place so we hide our tears behind brave smiles and keep those awful Communists in their place so we hide our tears behind brave smiles and keep those awful Communists in their place so we hide our tears behind brave smiles.

Signed,

JOAN OF LAWRENCE

Dear Editor:

I know my constitutional rights. I know my rights as a Lawrence University student. They cannot, they will not prevent me from pursuing my work and carrying through my studies all my creed.

I demand that I be permitted to re-establish in my mind the right to act like a young man, to act for myself, to act like a young man. There is in every cadet's bunk. Officer number two. Our officers are in their place so we hide our tears behind brave smiles.

Signed,

BILLY THE KID
