An Antony and Cleopatra to Frosh

In a very interesting and informative manner, Professor C. R. Thompson of the English department, presented a lecture on Shakespeare's Antony and Cleopatra to Frosh's classes May 11. Professor Thompson began his lecture by proposing the following questions, which could lead to a critical study of any book:

1. What kind or type of work is this? Where did it come from, and for whom is it meant?
2. What is its purpose, and to what extent is it achieved?
3. What is the language like?
4. To the readers: How is the manner of the presentation of the play. To help the students choose members for SACC were also discussed.
