Vikings in First Victory Over Beloit in 18 Years

The Lawrence Vikings scored their first victory against Beloit in 18 years. Shown are Joe Lammers, Loren Wolf, Jim Raumausen, and John Van Meter.

RLC Opens With Speech On "Impact of Christianity"

Mr. Frank Bessac of the Lawrence anthropology department, opened the 1960 Religion in Life Conference with an address on "The Impact of Christianity in China." Mr. Adenwalla introduced him and presented him with a brief summary of the main religions in China. There are two main religions in China, Taoism and Buddhism, which include Mohammedanism and the great religious which includes all neo-Mohammedan religions in China. The great religions have many more followers than the little religion. In three principal faiths are those of Buddhism and Taoism and ancestor worship. Those who believe in two parts, Chao composed of a few monks, and Confucius which includes all the lay members. The clergy has less functions,offering at funerals and sitting in relationships with the supernaturals. Pilgrimages to holy places and many groves to the gods are the main way in which the people gain the favor of their gods.

Greeks Elect Delta Tau Delta and Phi Delta Theta, two new sororities, as in full bloom for the coming year. The first are headed by Mr. Smith, president, Fred Sherman and Duve Brown of the Taper Institute, and the second are headed by Mr. Smith and Dr. Suzuki, secre­tary, Rick Ramsey; vice-president, John Collins; rush chairman, Dan Brink; recording secretary, Gary Larson; and membership chairman, Fred Sherman and Dave Brown.

Carnivalogy 1960 Spectacular

Here is a chance for ALL Lawrence students to display their talent, hidden or otherwise. On March 12, the SEC Social Committee will present a huge variety show. Some tickets will be provided by Lawrence students, others unannounced in being offered at the door. The bidding is a chance to come to the "Transportation Theatre" in the Union on the evening of the show to see the performance of the year.

A team of Lawrence's most creative and talented writers and actors will take the stage and "imagine" the show. The success of it, however, de­pends on each member of the student body. Patrons variety shows at the box office starting at the night of the show. The proceeds of the show will be divided and the remainder of the funds will be turned over to the SEC Social Committee.
National Defense Fellowships Available For Graduate Study

By SARA MEYER

A recent announcement by the United States Department of Health, Education, and Welfare has alerted Lawrence faculty and student members to the availability of 1,500 National Defense Graduate Scholarships. The purpose of the announced program is to assist graduate students who are preparing themselves to teach in the nation's colleges and universities. The Fellowships will normally be three-year awards, providing a stipend to the individual of $2,000 for the first year, $2,200 for the second, and $2,400 for the third, plus an additional allowance of $400 a year for each dependent.

Students planning to teach in institutions of higher education will be given preference in the nomination for Fellowships. In order to be eligible for these Fellowships, a student must: 1) have completed at least one full-time course of study leading to the B.B. or similar degree; 2) sign a statement of understanding which affirms his intention to remain in this country; 3) be accepted for admission to the institution as a full-time student; 4) have completed the bachelor's degree of his institution; 5) be eligible for admission to the fellowship for the academic year 1960-61, which is available for graduate students in their third and third year of graduate work.

Certain institutions have been allotted a definite number of Fellowships for particular fields of study. A list of these institutions is available at the faculty office of secretarial services in Main Hall.

J-Board Acts In Three Violations

Meeting to consider three cases on Tuesday, the all-college Judicial Board tried two cases of destruction of college property and one case of dormitory entrances in violation of college rules.

The offenders in the vandalism case were required to make restitution by twenty hours of non-pay work for the college in one instance and suspended for two weeks in the other. The illegal dormitory entrances were punished by dismissal of all involved for a period of one semester.

PETITIONS FOR SEC OFFICES DUE FEB. 15

Petitions for the position of president of SEC are due at midnight on Monday, February 15, to Doug Molander of 214 Hall. Student members must be eligible for the office of vice-president, according to the requirements of the National Defense Graduate Fellowships. The peti tions should contain a statement of qualifications.

The election will be on Saturday, February 20, and Monday, February 22.

Petitions for chairmanship of the various SEC committees, vice-president, and treasurer are due on Monday, February 22. Petitions for chairmanship of a committee should not be submitted if the candidate or members of the committee have been convicted of a crime.

The LAWRENTIAN staff will greatly appreciate any information concerning graduate students which faculty members may call to our attention.

RLC Panel Illuminates the Relationship Between Religions

In an attempt to illuminate the problem of the relationship between religions, a discussion was held Thursday night. "What religions are there?" was the question addressed in the program Thursday night. "What is the problem of the relationship between the various religions of the world?" Dr. Horace Smith, Dr. Kaye Lee, Mr. Brown, and Rabbi Swarsensky presented their views on the problem in the RLC Panel Discussion which was held Thursday night.

Religious panelists brought the discussion to the point of comparing religions with one another. Acceptance, understanding, appreciation of others, and the right of the group to exist was discussed. Dr. Lee, too, set up a comparison which gradually brought the point that in order to be able to propagate their beliefs, religions must be able to propagate their beliefs; that is, you really love someone, proper to be able to propagate your beliefs. The only way to do that is by love.

Rabbi Swarsensky concluded his remarks, usually speaking tand in further discussion which was considered to be no describing an ideal situation, not a probable one or even a possible one, the best effort to solve the problem would be to "probably create some type of United Nations of Religion." Bev. Lee, too, set up a comparison, which gradually brought the point that in order to be able to propagate their beliefs, religions must be able to propagate their beliefs; that is, you really love someone, proper to be able to propagate your beliefs. The only way to do that is by love.

Perhaps Lawrentians—faculty, students, and alumni—should try to approach each other in some way.

Mr. Brown contended that all religions are so far as he was only describing an ideal situation, not a probable one or even a possible one, the best effort to solve the problem would be to "probably create some type of United Nations of Religion." Bev. Lee, too, set up a comparison which gradually brought the point that in order to be able to propagate their beliefs, religions must be able to propagate their beliefs; that is, you really love someone, proper to be able to propagate your beliefs. The only way to do that is by love.

Perhaps Lawrentians—faculty, students, and alumni—should try to approach each other in some way.

We all know that in most universities, books and magazines which have been provided for the use of ALA, students, and faculty are available. These materials are readily available in our library; the assumption behind having open stacks and self-service is that everybody has the right to look at any of the materials which it was left. The two cases involved a first offense, cutting a graph from a 1944 bound copy of a magazine, and a second offense, tearing toward the offense—replacing the damaged magazine, paying for the rebinding, putting it in 26 hours of work in the library. The second offense was a second offense of the same nature that, of, destroying educational materials, books and magazines which have been provided for the use of ALA, students, and faculty. There are readily available in our library; the assumption behind having open stacks and self-service is that everybody has the right to look at any of the materials which it was left. The two cases involved a first offense, cutting a graph from a 1944 bound copy of a magazine, and a second offense, tearing toward the offense—replacing the damaged magazine, paying for the rebinding, putting it in 26 hours of work in the library.

Exciting things are to be seen regularly at Alexander Gymnasium. One such event is the regular conference basketball games and other events such as wrestling.

Three briefly-shots show what is in store for those who make the noon-long trek out for the gym for athletic events. For the two spots of course, there is always the best!
Sculptor to Give Lecture, Exhibit

Sunday, February 21, at 3:00 p.m. at the Lewisohn Armory, the Art Association is sponsoring Ted Kraynik, a contemporary American sculptor, to give a lecture entitled "Space Concepts in Sculpture." The lecture, in conjunction with an exhibit of Kraynik's work, will begin at 3:00 p.m. and will be followed by a welding demonstration at 4:00 p.m. The exhibit will be on view until March 11.

Kraynik is a graduate of the State Teachers' College, Milwaukee, and received his Master of Fine Arts from the Cranbrook Academy of Art. He has taught at Stephens College, Missouri University, Kishmish Coast School of Fine Arts, and the Michigan State Teachers' College at Kitchigami. He has given several grants by the Menominee Tribal Council and has exhibited in Chicago, Detroit, and at the museums of various places.

The lecture will be given in the auditorium of the Kishmish Coast School of Art, and the exhibit will be held in the Art Association's gallery on the second floor of the Armory. The exhibit will be open to the public daily from 10:00 a.m. to 5:00 p.m. and will remain open until March 11.

DUAL FILTER DOES IT!

Filters as no single filter can for mild, full flavor!

Here's how the Dual Filter does it:
1. It combines a unique inner filter of ACTIVATED CHARCOAL with a special filter paper to make the smoke of a cigarette mild and smooth.
2. With nothing to clean up, as with any other smoke, they bring you the convenience and economy of a two-ply cigarette filter.

New Dual Filter Tareyton

Educator Smith, RLC Speaker, Is Noted

As Expert In Comparative Religion

Mr. Smith is the assistant professor of art at the University of Wisconsin in Milwaukee. He is unique in being the only sculptor today who is fabricating and welding his own aluminum sculpture. He has been given several grants by the University of Wisconsin for sculpture, and he has exhibited in Chicago, Denver, Birmingham, and at the museums of various places.

As Expert In Comparative Religion

Mr. Smith has organized the First National Conference on Comparative Religions at the University of Wisconsin in Milwaukee. At present he is the director of the Kishmish Coast School of Art and is the assistant professor of art education at the UWM.

Kraynik is a graduate of the State Teachers' College, Milwaukee, and received his Master of Fine Arts from the Cranbrook Academy of Art. Vikas To Entertain Redmen; Team Subdues Buccaneers

On campus next Wednesday the Vikings will go after their second straight victory against the Redmen. Earlier in the season the Vikings bopped Ripon a 65-58 setback on the Ripon floor, but the Vikings will be favored to repeat their first win. Ripon, like many conference schools, is in the process of rebuilding. The Vikings are small and have sophomores. The only senior, Bob Spangler, a returning letterman, was dropped from the squad earlier in the season. Dick Papke and Bruce White, both sophomores, are their main scoring threats. This game will be the last home appearance against a conference opponent for the Vikings this year.

Coach Don Boy's revamped offense came off in its own last Saturday night as a solid team display against the Ripon College’s men's basketball team. The Vikings put up a strong effort and kept Ripon to double figures with 38 minutes. A milestone day this was for Lawrence as it was able to give the Vikings more conference victories than the entire previous season combined, but also broke the jinx in the Redmen over the past years.

The Vikings opened the game with three fast points and a successful floor play. Wolf, playing his first game, was playing perhaps his finest floor game and a tremendous effort. Above all, however, credit must go to the Vikings for constantly changing their defense, which had kept them in the game for five minutes and had allowed them to score points to hand.

The game itself revolved around the beans of Frank, Murray and the defeat. The Vikings turned through the efforts of Bob Redmond and Mark Moser, who never were again joined in 5. Students of the Redmen, however, scored 2 of Lawrence's 12 points. Lawrence doubled the help with the help of Jim Runseme and Lawrence, who added 3 points each. Lawrence's 2 points took the game over for the Vikings.

eyes Lawrence; Poor Shooting Hurts Vikas

On Friday, February 1st, the Lawrence Rams were led by Bob Rasmussen and Lawrence on the Ripon floor. The Rams were able to shoot 57 percent of their shots during the entire game and they were able to take as much as a full minute to execute a shot. However, Lawrence was shooting well from outside. The Rams led at the intermission 39 to 34.

Lawrence caught fire early in the second half. Wolf scored seven points in the first 3 minutes, and the Rams added a first five minutes. Lawrence turned the tables on the Rams, but they were able to find nothing else to work with as the game was tied at 9, 15, 19, 25, 31, 34, 36, 39, 42 to 42.

The Rams defense was blocked by the appearance of a new star, Bob Rasmussen. Although the Rams had a lead, they were not able to find the elusive basket even after the error was made. When the gun sounded for the last time, it was Lawrence 78-58. The game was the best point producer for this game, with 6 points.

Cornell Buries Lawrence; Poor Shooting Hurts Vikas

The Vikings were able to make Lawrence look silly over the past years. New Lawrence was the best point producer for the Rams as the Rams handed Ripon a 65-58 setback. Cornell Buries Lawrence; Poor Shooting Hurts Vikas

Cornell defeated the Ripon Rams to avenge the Rams' defeat of the Lawrence Rams over the past years. Cornell is in the process of rebuilding. The squad is on the Ripon floor. On their own floor, the Vikes will be looking to score their first five minutes of the second half.

The Vikings were able to make Lawrence look silly over the past years. New Lawrence was the best point producer for the Rams as the Rams handed Ripon a 65-58 setback. The Vikings were able to make Lawrence look silly over the past years. New Lawrence was the best point producer for the Rams as the Rams handed Ripon a 65-58 setback. The Vikings were able to make Lawrence look silly over the past years. New Lawrence was the best point producer for the Rams as the Rams handed Ripon a 65-58 setback.

Frosh Athletes Resume Action

In the second half the Vikings continued to play the game. The Rams were able to find nothing else to work with as the game was tied at 9, 15, 19, 25, 31, 34, 36, 39, 42 to 42. The Rams defense was blocked by the appearance of a new star, Bob Rasmussen. Although the Rams had a lead, they were able to find nothing else to work with as the game was tied at 9, 15, 19, 25, 31, 34, 36, 39, 42 to 42.

Students In Ninth Recital

Kay Gunematsu, clarinet, and Lawrence Birxley, Frenchhorn, presented the ninth recital on January 22, 1960.

The program for their recital included:

Variations for Horn

On Paganini's Caprice No. 24

by J. Brahms

Premiere Rhapsodie—

Claude Debussy

Sonata for Horn and Piano

by B. Hindemith

Production Cast Chosen

The next major production of the drama department will be Bertolt Brecht's "The Good Woman of Setzuan," which will be presented on March 2, 3, and 5. Rehearsals have already begun, with students cast in major roles. Among these are Judy Shattuck as the dealers' wife, Judy Slocum as the grandfather; Sue Slocum as the niece; John Bueholz as the man studies lecture Tuesday.

To write a competent paper, Mr. Schneider declared the student must first get a good topic, one that is neither too broad nor too narrow. As examples of what subjects as mysticism, the doctrine of forms, and democracy in America.

from the editor's desk...  

As the old saying goes, the first one is always the hardest; but to us, that is not the case. The first issue of LAWRENTOUPT put out this year without the guidance of the J-Board members. We wish to present to you the student body, those for whom we publish this newspaper, parts of our series which we will begin to cover in this next year. We want you to know our purposes and ideas, the things which we will keep before us during this next year.

PURPOSE: As editors, to promote a thoughtful policy—to present the news and to analyze it. The LAWRENTOUPT cannot merely report the news because students must be stimulated to think about current problems and to analyze the news behind the news.

IDEAS: We plan to continue the basic policies of the LAWRENTOUPTS of the past two years; changes come in the area of mechanics.

1. Enlarge the scope of the Desk Editor position. We plan to put each of the Desk Editors in charge of a specific area of paper: music, articles, and reviews. Other editors, who will be furnished with experience before going to the printer.

2. Create the position of Head of the Reviewing Boards. This person will be in charge of reviewers for each play, concert, artist, and the like. This person will have final say for the benefit of those who were unable to attend, as well as for the company. The Reviewing Board will be granted a charge from the section. The Desk Editor must read each varied play, and have a final say over the company, before going to the printer.

3. Minimize a style sheet for all reporters, editors, and contributors. This will insure a uniform style throughout the paper.

4. Send complimentary issues in September to all 1900 graduates, and to those former students of the college who have been granted library cards. We hope to have up to five complimentary versions of this newsletter, and that subscriptions will follow.

5. In our hope and expectation that we will live up to the fine reputation that Ray Sherman's work has given the LAWRENTOUPT. As a result, we shall have a clearer, more consistent policy. The areas for which we publish this newspaper will be in the area of mechanics. We hope to have each edition carefully involved with his work, reflecting his co-editor's pride in the purpose and accomplishments of the LAWRENTOUPT.

campus comment

Recent attacks on the all-college Judicial Board require us to look very closely into the nature of the criticism and to determine if such criticism was justified. An examination of the most recent case by Lawrence staff members makes it impossible for us to qualify the decision itself. The factors considered by the board in making that decision are, in our present situation, relatively unimportant. The board considered the case and made their decision. It is the feeling of the board that two cases of destruction of school property is in that particular case, no two-week's dismissal from the college and an irrevocable blot on the student's record. Certain other sections of the student were not considered, it is stated.

It is not to be denied that destruction of educational materials is a serious thing—but it is an important threat. That some sort of action should be taken against this case is not to be doubted. It is our firm belief that the only reason for such action, there may be grounds for certain other actions of the Board's actions, however. It is the feeling of many that such a punishment should be directed at the total situation of the individual offender and that it in some way attempt to solve it.

Undoubtedly the individual concerned in this case will have a chance to express himself, both to the board and to the student body. He has a chance to explain his reasons for committing the offense.

As we are aware, the first step is always the hardest, but to us, that is not the case. We wish to present to you the student body, those for whom we publish this newspaper, parts of our series which we will begin to cover in this next year. We want you to know our purposes and ideas, the things which we will keep before us during this next year.
