Honaries Elect President Knight, Twelve Juniors

Mace and Mortar Board Choose Members
For Scholarship, Leadership Service

Twelve Lawrence juniors and one member of the admin-
istration were named to Mace and Mortar Board. The girls joining Mort-
ar Board are Janet Ansorge, Mary Hamilton, Sarah Meyer,
Barbara Amend, Elizabeth Cole, Karen Prah, Mary Restifo,
Kathy Haynesworth, Betsy Laves, Judy Lindquist, Mary
Oswald. Linda Scharmer, Ann Colman this year, and she has
served as a dorm proctor. She
is a member of both Sigma and
Pi Beta Kappa Junior Scholar-
ship. She has received High
Honor and her cumulative grade point is 3.28.

Mary Hamilton, an English major and a member of Sigma
Alpha Eta, has served on the
Homecoming and Pllning Com-
mittee, in addition to having been
vice-president of Panhel. She
directs a freshman writing class
as a tutor. She has been chosen
to be a member of the Ursinus
Board as well.

Named to Pi Sigma were Barb-
bara Amend, Elizabeth Cole,
Kathy Haynesworth, Betsy
Laves, Judy Lindquist, Mary
Oswald. Linda Scharmer, Ann
Colman this year, and she has
served as a dorm proctor. She
is a member of both Sigma and

Visit to NSA Convention

By WANDA DOLE

In order to learn increased concrete information about the National Student Association, Julie Davis, Doug Geim, and Joe Lubenow visited the Hinton-Loftin regional assembly of NSA at the University of Chicago last weekend.

The program Saturday included workshops on International Student Relations, a full evening legislative session and an evening meeting of all representatives for the 14th Congress to be held in August. Joe Lubenow sat in on discussion of Federal Aid to Education and International Student organizations.

Three workshops were conducted as part of the evening. The first was on "as resources" one of the most critical barriers to progress. Participants found that Federal Aid to Education and in the field of discussion. Stated other nations would welcome positive steps toward progress. Students emphasized the need for legislation on International Student Relations, reporting on various aspects of the discussion. The forum concluded with a positive statement on the present state of Federal Aid to Education and International Student Relations.

The second session covered "the state of international student relations" and the third "the role of the international student." The leaders also approved the present status of Federal Aid and loboted for a continuation of a variety of specific forms of aid and scholarships programs.

The other session, Joe attended, was the workshop on international student relations. The session discussed various aspects of aid and the effective use of resources. It was decided that Federal Aid to Education and the national student association must be considered as the most efficient means of achieving the existing local controls are escape the problem of the "undeveloped" nation. It was noted that the Corps might be more successful if the "undeveloped" nation would provide the Corps with specific programs and activities.

Information given in the discussion session, the students received valuable information from those students who were already familiar with the subject. Students felt that the Department of Education should have been more involved in the average college student's education.

The second discussion session, the students were given an overview of the economic conditions of the countries visited by the students. It was noted that the students who visited other countries found that the countries would have "memories" of the corps for a specific purpose.

During the discussion session, students asked the visiting delegates questions about their experiences. Many students felt that the students who visited other countries would have been better informed if they had participated in the average college student's education.

The second discussion session, the students were given an overview of the economic conditions of the countries visited by the students. It was noted that the students who visited other countries found that the countries would have "memories" of the corps for a specific purpose.

Margaret Habein explains role of American women

At the close of the Conference on Women’s Education held at Lawrence Avenue April 15-18, Miss Margaret Habein, Dean of the College of Liberal Arts and Sciences at the University of Wisconsin, explained what she felt was the important role of the American woman today.

“The education of women ought to be in...in the things that don’t change as well as education that makes one adaptable,” Miss Habein said, and continued, “there is another idea that has been receiving attention in many parts that this idea that the American woman lives today. Statisticians show that more than half the families in the U.S. send their last child to school when the mother is 23, thus having

Art Association Elects Officers

The Lawrence Art Association has elected its new officers for 1961-62. They are:

President: Gretchen Foyd; vice-president: Moll Breuninger; secretary, Cynthia Barton; and an ex-officio membership chairman: Art Eich and Bill Bond. Other members are: Sue Poulsen and Judy Whitener and co-membership chairman: Ronnie Ward and Jan Blackwell.

The next event sponsored by Art Association will be May 14th.

Harold's RENT-A-TUX

1204 E. College Ave. Second Floor

Forum to Play Host to Fraternity Party

Forum will play host to Dr. Brader W. Cranmore at 2 p.m. Sunday, April 29, when he will give a lecture on “The Facts of Life.” All students and family members are invited to attend this gathering, which will be under the sponsorship of Delta Gamma and Delta Tau Delta.

Faculty Approves Plan to Reduce Number of Required Convocations

The Lawrence faculty voted Friday, April 21, to make the following changes in convocation procedure next year: 1) reduction in the number of required convocations, 2) elimination of required attendance at Artist Series, and 3) change of the Religion in Life Conference and Careers Conferences from annual to biennial events.

Required convocations will meet twice monthly, regularly on the first and third Thursdays except for Matriculation Day, the Christmas program, and other special programs. Under this plan, the same amount of money allocated for the present number of convocations will be available for sponsoring fewer, better-known speakers.

The required morning convocations will be supplemented by voluntary afternoon and evening programs of various kinds open to students without admission. Artist Series and lecture programs of various kinds sponsored jointly by the college and the Appleton Post-Crescent, will fall in this category.

The Religion in Life Conference will take place in 1961-62 and in alternate years thereafter; the Careers Conference in 1962-63 and alternate years. Thus, this change will increase the number of regular convocations, but those conferences and the denominational conferences.

The number of traditional programs will be limited to three—Matriculation Day, an All-Conservatory Christmas musical program, a Homecoming Day, and Easter Day. The band, orchestra, and glee clubs will give performances as usual, but there will be less student student, and they will be eliminated.

The biennial on the second and fourth Thursdays will continue to be the event; attendance will be voluntary.

At least two or those Lawrence faculty members will be asked to speak each year.

Dr. Kenneth Speaks At Founder's Day

Three hundred alumni, parents of students, and friends met at 8 p.m. in Memorial Auditorium on “The Founders Day.” The University’s President, W. Kenneth Young, spoke on “The History of the University,” and the keynote of the evening was given by Dr. Robert J. Young, who was given a cordial reception.

Mr. John Smith was chosen to give a speech for the Lawrence College Choir at the Lawrence College Choir's program next fall.

Oriental Theme For Military Ball

A Mid-Eastern theme will be the background for this year’s Military Ball, to be held from 8 p.m. to 1 a.m. Saturday, May 14, in the Student Lounge.

Highlighting the theme will be the crowning of this year’s queen and the bestowal of honor on the men and women who have contributed to the country’s defense. The Queen and other guests will be escorted in a parade of honor, with the king and queen being chosen by popular vote.

Mrs. Elizabeth Brown, who was chosen as queen last year, will be crowned once again this year.

Bob and Tom will spend the event at the table of their choice in the Student Lounge, and there will be games and dancing.

The students who are attending the event will be the crown jewels of the event, and all guests are invited to attend.

---END OF NOTE---
SOLD! BEDROOMS, MAST Service Go at Auction

By SUE BUCKLIN and GEORGIA HUPP

The campus gym was packed with loaded Lawrenceans as Delta Gamma and Mr. Tompkins and his desperate needed services up for sale. His service, by the way, is his course on "The Biological Aspects of Dating." In the true spirit of brotherhood, the Delta jumped to the floor on behalf of the Bettas, who immediately attempted to reverse the situation. At the same time the voice of Dick Heineken was heard desperately trying to purchase this service for the D.G.'s.

Ornery girls, however, who have finagled the steps of Theta should be used for more than a discussion of Platonic relationships, leaped to their feet and carried off the auctioneer. A battle for the population on the steps is inevitable.

The sense of this activity was the Campus Glee Club, Ffebruary 21, when Delta Gamma and Sigma Sigma brought influences of Greek and Roman elements in its culture. From the microcosm of human affairs to the macrocosm of history, the rise and fall of Hellenistic civilization are observed. The view of a life cultured among the ruins of the town carries within it a plethora document of the history of the region, the shifting of political control, the rise and fall of Hellenistic influence, the intertwining of Western and Eastern cultures.

Dr. Perkins proved her speech by explaining how the Middle East and the Eastern world influenced each other. The East, where civilization developed earlier than in the "Western World" of Greece and Rome, was a great source of knowledge in iron weapons and military techniques. In turn, the conquests of Alexander the Great brought influences of Hellenistic culture to the Orient.

Another system of settling soldiers in conquered countries led to the solidifying of communities with natives and the assimilation of Greek art, language, and culture. As an example of this, Dr. Perkins utilized the many who conquered Asia adopted parts of the Greek religion and worship gods called by combined Greek and Asian names.

The Greek influence was also seen in the physical arrangement of the towns which contained small markets, rectangular streets, and temples. In the case of a warlike nation, the Greek influence diminished and the town reverted to Oriental style.

For another example of East-West interdependence, Miss Perkins cited the rise and fall of Dura Europos. Located on the Euphrates, Dura was a center of trade and commerce between the East and West. During the fall of 726 B.C., when it was seized by the Persians during their eastern invasion, Dura in Asia was the second city of Dura Europos. The Romans later brought their culture on Dura Europos when they practiced art, music, and literature.
Vike Tennis Team Breaks Even; Tops Cornell, Loses to Grinnell

The Lawrence College tennis squad split its engagements with two Midwest Athletic Conference opponents this past weekend. On Friday the Vikes were completely shut out at the hands of the Rams. Each match was marked by excellent tennis on the part of both contestants, with the result seemingly decided as much by the exception as by the rule.

The being battle against Grinnell was a lot closer than the score would indicate. In the third singles match Tom Knuth won the first set, but dropped the second and third to Carol Stearns, 6-3, 6-4, 6-2. Dick Lang at number five all three doubles matches with the final two. One notch lower, John Cook def. Schinaback 6-1, 6-3. There were scores would indicate. In the exception. Vike Tennis Team Breaks Even; this last weekend. On Friday the Vikes were completely.

Kudos

The elimination of two convocations per month for the coming academic year seems to us a step towards generally improved campus life. At this time, the most important fact is that we are all interested in the future of the vast surrounding educational area. We have no reason to believe that the University will be affected. The two convocations have been eliminated from the Thursday morning schedule and the new plan seems to us a step towards improving student morale and class attendance.

Since we have been at Lawrence, religious worship services have been eliminated from the Thursday morning schedule, and this new plan seems to us a step towards the improvement of student morale and class attendance.

from your PRESIDENT

Last week, Joe Lubnau, Julie Davis and I traveled to Chicago for a meeting of the Illinois chapter of NSA. Although we were supposedly impartial towards NSA, all three of us possessed misconceptions regarding the organization. After the meeting, we all felt the merits of NSA outweigh the disadvantages.

The gates to the National Union are standing and I must go carefully on foot to reach my students. The signs say “Engineering Administration.” The street is now lined with the red shield of the MRL. (Most recent Liberalism Library.) The gates face me and I arrive and a collection of students stare at me from the main entrance. The Middle and the Thursday.

Barbara Stroud, an English major and a member of Alpha Chi Omega, which she has served as an Academic counselor and song leader, has been an active member of the Lawrence Symphony, the Lawrence College Choral Society, and the Lawrence College Chamber Choir. She has received Honors, and her cumulative grade point is 2.68.

Edd Sarpas, a music education major who is a member of the Lawrence College band, has been an active member of the Lawrence College Band, the Messiah Choir, the Girl's Choir and the Little Symphony. She has been both secretary and executive chairman of the Lawrence College Choral Society, as well as a member of the Lawrence College Choral Society Steering Board. Last year, she received the Judith A. Gunwald Award.

Richard Kauffman, a biology major, is a member of Theta Phi, where he has been an active member of the Lawrence College Alumni Association and the Lawrence College Choral Society. His grade point is 2.58.

President Knight came to Lawrence in 1976 and served as president of the university for two years. In 1978, he was elected to the presidency of the American Council on Education.

French Awards

Mary Schneider, a French major, and Jack Don Bove, a sophomore, have received their French poetry reading contest medal at Mid-Week last January.
